The days, weeks and years slip away like water in a running stream. Time's great clock never loses a moment. Relentlessly, surely the moments pass, and our eager hands are not able to detain them. We cannot keep back the flying years, but we can and should keep the blessings they bring. Hold fast to the lessons they have taught. Keep the memory of their joys. Enrich every day of life with the garnered wealth of the days behind.

We can wish no better thing for all our readers than that they begin the new year animated by a firm resolve to turn all its experience into profit for themselves, mentally, morally, socially and materially, and then to faithfully carry out the resolution.

Happy New Year! What a blessed phrase! Speak it from the heart, and then strive to make everyone's New Year a happy year and yours will be happy, indeed.

To all who read these lines the HERALD would say,
