MONEY TALKS

As time checks off each day one by one, build a Bank Account with dollars one by one

This is the steady, sure way to competency and success, and you increase your rate of progress the longer you travel.

You will never know how true this is until you start a bank account, and we will help all who have ambition to travel this prosperous and hopeful way.

You can begin with one dollar.

Interest paid on savings.

The Bank of Beaver City
F. LAUGHRIN, Pres. JAS. H. CRABTREE, Cash.

DEPOSITS PROTECTED BY DEPOSITORS GUARANTEE FUND

BETTER LAWS FOR WOMEN.

Three laws have been signed by Louisiana's Governor that will directly affect the women of the state. One statute will enable women to dispose of their separate property without the consent of the husband; another will permit husband and wife to testify against each other. The third bill proposes the amendment of Article 210 of the constitution so as to enable women to serve on boards of educational and eleemosinary institutions.

MUNITIONS AND WOMEN.

Perhaps, after all, the British army will owe its prowess to women as well as to men. Six hundred and sixty thousand women are making munitions alone. If these should remain in their homes instead of going into factories, what would become of the British army? Don't you think that women who help preserve the country deserve the vote?

DO YOU

Think dog muzzling cruel and then Marvel at the spread of rabies?
Carefully select your brand of liquor and then
Feed your children unpasteurized milk?
Repeat the Golden Rule add then Sneeze in somebody's face?
Go camping for your health and then Place your toilet so that it drains into your water supply?

W. G. Stranathan was so unfortunate as to break a front wheel on his car on his return trip from Englewood, last Sunday.

RED RIBBON WOMEN.

The insignia of the Legion of Honor is a beautiful red ribbon. The recipient is entitled to the name "Chevalier." More than one hundred women have received this red ribbon in recognition of their eminence and labors in all the professions. They have qualified as writers, artists, actresses and scholars in various schools. Upon what flimsy excuse can these superior women be denied the right to vote that is so unreservedly, and sometimes unreservedly, conferred on men?

M. E. CHURCH NOTES.

Work in repairing the north wall of the church has been completed. This makes the wall practically new.

The Second Quarterly Conference business session was held at the parsonage last Friday night. Rev. H. E. Stipe, pastor of the M. E. Church at Minneola, Kansas, came representing our District Superintendent on this visit. On Sunday night Rev. Stipe preached at the church.

Next Sunday night there will be a special Temperance service. At that time the pastor will preach a special temperance sermon, "Norman, Blackstone and Booze."

A cordial invitation is extended to everyone not in regular attendance to be present at the various services of the church.

CHAR. D. NORMAN, Pastor.

Miss Lulu Sims was up from the Kiowa the first of the week. She returned home Wednesday, accompanied by Misses Lenore Long and Elisabeth Young, who will spend the week end at Mr. Sims's pleasant home.

PICNIC PARTY.

A picnic party, composed of the families of James Crabtree, F. C. Tracy and Dr. Long, together with Mrs. Young, sister of Mrs. Long, and Lee Ow, motored down to John Sims's splendid ranch the first of the week for a day's outing. They were joined at the ranch by Mr. and Mrs. Alex. Young, Mrs. Olympus Young, son and daughter, Miss Rubottom, of Texas. Mr. and Mrs. Roy Brown and the Sims family, of the Kiowa neighborhood. This congenial company enjoyed a splendid dinner and a restful day in the shade of the big trees, and bathing in the cool waters of the Kiowa.

Anyone so fortunate as to be a guest of Mr. and Mrs. Sims knows just how royally the crowd was entertained and what a delightful day was spent on this occasion. So pleased were the guests that they were loath to leave the charming company, but lingered until after supper, returning home in the cool of the evening.

Lenore Long and cousin, Elisabeth Young, who had been spending the week-end with Miss Lulu Sims returned to Beaver with the crowd.

FOREIGNERS OR NATIVES.

Congress has been asked to appropriate \$50,000 for disseminating information regarding the education of foreigners. This seems a large amount in contrast to the meagre sum appropriated for the Children's Bureau. Our public schools are open to foreigners who seek their privileges, and politicians solicitously attend to the procuring of citizenship. Wouldn't it be better for Congress to appropriate \$50,000 to disseminate information regarding the education of native born American women on the proper use of the ballot for the advancement of American homes, and safety of American-born children, and so stimulate foreigners to imitate these.

PRESIDENT WILSON A SUFFRAGIST.

The woman suffrage plank in the Democratic platform was written by President Wilson. Several other endorsements of votes for women were suggested, but, after long discussion and deliberation, the President said: "I shall support its principles with sincere pleasure. I wish to join with my fellow Democrats in recommending to the several states that they extend suffrage to women on the same terms as to men."

This is not a recent stand of the President, for during the last election in New Jersey he voted for the woman suffrage amendment. Its defeat at that time was due to the personal activity of New Jersey politicians, who were not only hostile to woman suffrage, but violently antagonistic to Mr. Wilson.

Jim Geren, whose home is in Reynolds county, Texas, but who was working with a threshing crew near Knowles, was stabbed in the left lung while engaged in an altercation with another member of the crew Thursday night of last week. He was thought to be fatally wounded at the time, and was brought to the Beaver Hospital the following morning. Upon examination Dr. Levi found the wound to be four or five inches long, with a part of the lung tissue hanging from the cut. Young Green was operated upon, the part of the lung removed, and the wound closed with several stitches. At the present time he seems to be recovering nicely, and indications point to a full recovery.

YOUR BOWELS SHOULD MOVE ONCE A DAY.

A free, easy movement of the bowels every day is a sign of good health. Dr. King's New Life Pills will give you a gentle laxative effect without griping and free your system of blood poisons, purify your blood, overcome constipation and have an excellent tonic effect on the entire system. Makes you feel like living. Only 25c. at druggists.

Martin Quinn left Tuesday for Dees Moines, New Mexico, where he will visit his sisters, Mrs. Nora Quinn and Mrs. Jennie Fox. From there he will go to Canon City, Colorado, to visit his brother Joe and family. Martin will then return to his work in California.

Theodore Pruitt, County Attorney of Caddo county, accompanied by his family, arrived here this week for a visit with his brothers, Levy, at Elmwood, and Oliver, at Beaver.

Monday was Lee Ow's birthday (?) and he was very pleasantly surprised with a picnic supper in Allen's Grove. Those present were the McCune, Cole and Crabtree families.

Will Quinn and family motored over to Guymon the first of the week. They were accompanied home by Miss Lois, who has been visiting at Guymon for a few weeks.

UNIQUE DISPLAY AT MILES'S GROCERY.

J. O. Miles, the popular and genial grocer, whose place of business is located next door to The Herald office, has had a giant coffee pot on display in his window for the past week. It is a complete coffee pot in every particular and will hold something like ten gallons.

This mammoth pot is on display as an advertisement for Sunshine Coffee, which is packed by the Johnson-Layne Company of St. Louis, Missouri, and which brand Mr. Miles has recently added to his already large and complete stock. He says that he has satisfied himself of its quality and healthfulness by drinking this ten-gallon pot full—or empty—at least it is empty now. So he can recommend it to his customers as not only the best-flavored but also as the least harmful, even when drunk in ten-gallon quantities.

CHRISTIAN CHURCH SERVICES.

Attendance and interest is keeping up each Lord's day at the Christian Church; in fact, notwithstanding the extremely hot weather, with a great many away on vacations, we are having record breaking attendance for this year. Last Sunday all the services were well attended, beginning with a Bible School attendance of 190.

Next Sunday morning, promptly at 10:00 o'clock, we will have a story for the little folks, subject, "Nails." Then follows the Bible School session. We offer a good, live Bible School, with something doing all the time.

Morning service at 11 o'clock. Subject: "Not Ashamed of the Gospel."

The evening service, which begins at 8:15 o'clock, will be held on the church lawn. Good, comfortable seats; also space reserved for those who have automobiles. The subject will be: "An Eventide Invitation." Special Song Service, led by the choir. A cordial invitation is extended to all.

L. L. SHAW, Pastor

J. C. ELLIS, Musical Director.

FIVE GIRLS DECORATED.

Wonder what our girls will do next? Five of the Camp Fire Girls of Spring Lake, N. J., heroically prevented a forest fire. So remarkable were their efforts that the Department of Conservation and Development awarded them badges of Merit. Surely these sensible and courageous young women will have intellect enough to vote in the near future, and if the State of New Jersey doesn't wake up to the value of its women's opinions, there are states, like California and Illinois, that probably estimate the opinions of young, practical women. Go to a suffrage state, quintette of splendid young women, where you will have a chance to give your votes as well as your services to the welfare of society. If a few of the irresponsible men of New Jersey could hand their voting privileges out to some of the sagacious women of the state, political bosses might take to the tall timber, or handle a pick and shovel for a decent living, instead of grafting on the public and debauching government.

N. D. Neff drove to Luverne, Tuesday with his brother, Alva, where the latter took the train for Cameron, Mo. We are sorry to report that Alva has been losing in health for some time, and at last decided that he would have to make a change of locality in order to regain his health. Alva's friends—and that includes everybody in Beaver and vicinity—are very sorry that his failing health compels him to leave us, but all feel confident that as soon as he recovers his health he will return to us again. The young boys especially will miss Alva Neff, for he has been their kind guide and guard on many fishing trips, and the mothers were always willing for the boys to go on fishing excursions if he went along to care for them. We all hope that he will soon be among us again, healthy and happy.

A DOCTOR'S REMEDY FOR COUGHS.

As a cure for coughs and colds Dr. Belle Pine-Tar-Honey combines these remedies in just the right proportion to do the most good for summer coughs or colds. A trial will prove the value of this splendid cough medicine. Dr. Bell's Pine Tar-Honey soothes the irritation, stops your cough, kills the cold germs and does you a world of good. A 25c. bottle will more than convince you—it will stop your cough. At all druggists.

The game of base ball which was to have been played at Beaver Wednesday, between LeVerne and Beaver, was postponed until Saturday.

H. P. Williams and family started Saturday for Kentucky, via motor, and will be gone several weeks visiting among relatives and old friends.
