CROSSLEY BROTHERS

An Oiling System That Can't Be Beat

BESIDES needing only one adjustment for perfect operation, the Primrose separator has a splash oiling system—the best method of oiling in use today. A quarter turn of the handle sends a plentiful supply of clean, fresh oil to every bearing, including the neck bearing. A window in the side of the frame tells you when the oil is at the correct level, and—here is the most important feature of all—an new oil is poured in, the used oil is siphoned out into the waste can so that the oil in a Primrose separator is always a good, clean lubricant.

Where can you beat that system? Good, clean oil, supplied to every bearing at the start—no chance to ruin your machine by forgetting to turn on the oil—no danger of running with dry bearings—no chance for oil to get into the milk bowl, or to leak through the frame, or to come out anywhere except into the waste tank.

The Primrose is a real cream separator. Come in and let us show you why it is the best machine on the market today, bar none.

TRADE BRIEFS OF INTEREST

American wallpaper is popular in Scotland.

Spanish dealers have asked about American agricultural machinery, motor trucks and touring cars.

A sulphite pulp mill, capable of putting out 30,000 tons a year, is being built at Karhiara, Finland.

India's indigo acreage for 1916-17 is estimated at 625,900 acres, 142 per cent more than last year.

Sierra Leone's exports of palm oil in 1915 amounted to 481,578 gallons, valued at \$225,101. Most of this went to the United Kingdom.

Flows are needed in Italy. There is at present an exceptional opportunity to introduce American agricultural implements in the country.

Plans for the establishment of an electric lighting system in the city of Kaying, China, are being discussed. The plant will have a capacity of 3,000 lamps.

Oil will be used as fuel on the locomotives of the Northern railway in Costa Rica. It will be supplied by an American corporation from fields in Mexico, the New York Sun says.

GROUPS OF THREE

Three things to work for—profit, profit, profit.

Three things to fight for—honor, country and home.

Three things to govern—temper, tongue and conduct.

Three things to think about—life, death and eternity.

Three things to love—courage, gentleness and affection.

Three things to hate—cruelty, arrogance and ingratitude.

Three things to delight in—frankness, freedom and beauty.

Three things to avoid—idleness, iniquity and flippant jesting.

Three things to wish for—health, friends and a cheerful spirit.

Three things to admire—intellectual power, dignity and gracefulness—Canadian Sunshine.

AROUND THE WORLD

Ireland has a coal shortage.

Irrigation is practiced in Siam.

Siberia is to have a paper factory.

Irish coal fields are to be developed.

Pianos are now made in New Zealand.

Glendale, Ore., has installed electric street lighting.

Mexico permits free importation of most food products.

Brazil is starting to export lumber to the United States.

FLASH LIGHTS

Many a man has been knocked flat by a stunning widow.

A real gentleman is one who is accustomed to having money and has ceased to brag about it.

To seek to reform others is a grand project; to reform oneself is equally so and a great deal harder.

Appearances may be deceitful, but somehow or other we'd rather take our chances with the fellow who looks honest than the one whose eyes don't ever light anywhere.

NEW THINGS UNDER SUN

Of German invention is a bicycle tire made of steel wire that is closely coiled.

Bristles are set in the ends of a new coat hanger so it can be used as a brush.

To save labor in building roads a cart has been invented that spreads stone evenly as it is dumped.

A spoon with a strainer in its bowl to hold butter has been invented to butter corn on the ear neatly.

The annual production of sulphur in the United States has increased from a few more than 2,000 tons to more than 220,000 tons in the last ten years.

SAYS THE OWL

Men who have nothing to do are kept busy doing it.

Some people are so rich they don't have to support a dog.

People who raise objections are always sure of a bumper crop.

What's the matter with your bottom dollar as a fortune foundation?

The seraphine was a keyed musical instrument, now obsolete, which preceded the harmonium.

During a recent thunderstorm in Lansford, Pa., lightning struck a telephone pole three times.

Seventy-five per cent of the women employed in the German metal trades work ten hours or more a day.

Harrison Walton, age seventy-four, of Philadelphia, has completed fifty years of service as a public school teacher.

Silk manufacturers in Japan are now receiving, for the first time, orders from the United States for silk neckwear.

President Poincare of France has made a collection of photographs of English soldiers who have won the Victoria cross.

In Ceylon the largest pearls are worth \$200 to \$250; in Europe and America they sell at more than three times this price.

Oil obtained from seeds of Brazilian rubber trees has been found an acceptable substitute for linseed oil by British paintmakers.

An Arkansas man was recently bitten by a mule with fatal results. This merely shows that the mule is dangerous at both ends.

An internal combustion locomotive of German invention that uses crude oil for fuel frequently attains a speed of 60 miles an hour.

With but a slight increase in size, a watch has been provided with a dry battery and electric lamp so that it can be read at night.

German tests have shown a scarcity of good cattle fodder does not decrease the fat content, but only the quantity of milk produced.

HOMEMADE PHILOSOPHY

Give us liberty of body, mind and soul, or else we haven't any liberty at all.

Once invasion was the nightmare of the nations; now it's evasion—dodging of taxes.

Laid-up treasures are generally sweet, because they are generally the stolen fruits of labor.

Nobody can tell what a baby's going to be till it gets whiskers. Some of them are enigmas even then.

Do more than your duty, if you would do good to others. Doing one's duty is generally for self-benefit, or self-satisfaction.

Difficulties are steps leading over the mountain of success. Some gain so much self-esteem while climbing up one side that they stumble and fall down the other side.

FILIPINO FANCIES

A sweet lady among thorns—Pineapple.

If you chop it it bleeds at once—Water.

When held it goes, when let loose it lies down—Pen.

I saw two boats, only one person was aboard—Shoes.

A slender tree which bears only one leaf—Lighted candle.

There are two princesses who live on the two sides of a mountain; when one cries both cry—The eyes.

His words are difficult to understand; when you look in his face you understand what he says—Clock—Pittsburgh Gazette-Times.

SAID BY THE SAGES

The most unhappy man in the world is he who is not patient in adversity.

The heart soon becomes tired of much gaudy. Pleasure seeking is a very laborious occupation.

Except in cases of necessity, which are rare, let your friend learn unpleasant truths from his enemies; they are ready enough to tell them.

You are never entitled to say that the work you are engaged upon, if you are putting your best into it, is a failure. There is no failure in good work. Many a seemingly lost battle is won in the end.

WORDS OF WISE MEN

A man's good breeding is his best security against other people's ill manners.

If there be aught surpassing human deed or word or thought it is a mother's love.

Habit is a cable; we weave a thread of it each day and it becomes so strong we cannot break it.

Those who are quite satisfied sit still and do nothing; those who are not quite satisfied are the sole benefactors of the world.

For Weak Women

In use for over 40 years! Thousands of voluntary letters from women, telling of the good Cardui has done them. This is the best proof of the value of Cardui. It proves that Cardui is a good medicine for women.

There are no harmful or habit-forming drugs in Cardui. It is composed only of mild, medicinal ingredients, with no bad after-effects.

TAKE

CARDUI

The Woman's Tonic

You can rely on Cardui. Surely it will do for you what it has done for so many thousands of other women! It should help. "I was taken sick, seemed to be..." writes Mrs. Mary E. Veech, of Madison Heights, Va. "I got down so weak, could hardly walk... just staggered around... I read of Cardui, and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when run-down. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.
