**A Good Part of the Offering are Bred for Early March Litters; 27 are Bred to Big Stilts; 5 are Bred to National Sensation. As Good as We have are Going in This Offering.**

You will have an opportunity of buying sows that are bred for show litters. You will have a chance to buy foundation stock for breeding purposes. It is my desire to help satisfy the demand for real Durocs, so I am offering in this sale the best we have.

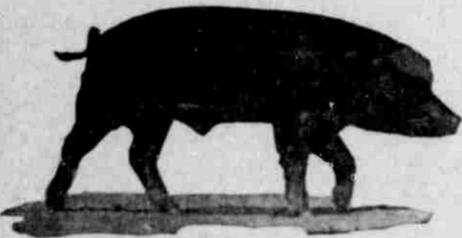

Such individuals as Princess Cherry Dream 5th sells safe with pig by Big Stilts. She was Grand Champion of our County Fair, also of the Tri-County Fair at Guyton, last fall. Orion Blossom sells safe with pig by National Sensation. Offspring from above sows will sell also, safe with pig.

Any customer can procure new blood not related to what they previously bought in my sales as I am selling Orion Cherry Kings, Sensations, Colonel's and Defenders bred to Big Stilts and National Sensation.

**This Entire Offering Is Bred Early Enough So You Can Get Another Fall Litter If You Wish**

Why grieve with cheap kafir, maize, barley or corn when you have a chance to buy big boned, stretchy, prolific, easy feeding Durocs? We will never get a reasonable profit out of our grain as long as we sell it to grain speculators to ship and pay high freight on it to some distant market. The better way is to sell a finished product and get some profit ourselves. Thirty-cent kafir and 7-cent

hogs is argument enough. Good purebreds are none too good for the feeder either, and the chances are they can be bought much cheaper now than later. So Farmer, Breeder or Feeder, come to this sale, spend the day and we will try to make it worth your while, whether you wish to buy or not.

**NATIONAL SENSATION #24425, HERD BOAR**

That I purchased of Ed M. Kern at the National Swine Show last October. He is sired by Great Orion Sensation, and we predict he will be a real breeding boar. If you do not know who Great Orion Sensation is just ask anybody.

**GUARANTEE:**—All bred sows safe with pig. Should any prove otherwise and notice is given within thirty days of sale they will be re-bred free. All the offering are guaranteed breeders, provided notice is given within thirty days of sale and we have a fair trial or re-breeding.

## Service Our Business

When we say we're here to serve you we mean more than just looking at your battery, putting in a little water and saying goodbye.

Service, the way we say it, means doing everything we possibly can to see that you get every last mile and fraction of a mile out of that battery. *That's our business!*

Never mind if your battery isn't a Willard. We'll look after it just as faithfully as if it were. We want you to know what service at Battery Headquarters is like!
