The happy couple have the congratulations of many relatives and friends who wish them a long, happy and prosperous journey through life.

POULTRY EXPERIMENT.

The following statement will show something of the possibilities of poultry raising even on a small scale. The statement was furnished by Mr. J. B. Newberry as actual results from his experiments:

| | | | |
|----------------------|-----|-----------|--------|
| No. eggs used | 604 | Doz Value | \$6.62 |
| " sold 30 " | " | " | 5.00 |
| " set 36 " | " | " | 3.62 |
| 99 chickens sold | | | 16.17 |
| 113 " used in family | | | 14.85 |
| Total: | | \$40.24 | |

Deduct from this the value of 96 dozen eggs set and there will appear a balance of \$42.61 gross profits received from 24 hens in the course of one year. By considering the cost of feeding and attending to the poultry, there will appear a reasonable profit, with the hens still on hand.

FROM HAZEL.

As I haven't seen anything from this place recently I will try to give you a few dots.

Impress your many readers that the nineteenth century is past and we are now entering the morning of the twentieth, and as I fully believe at its ending up judgment day will be at hand, let us make the present century brighter and more pleasant than the old one for we will never see another.

About twenty-one years ago, Mrs. Nancy Wooten (nee Pressley) got a corn stalk stuck in her right leg below the knee, making her a cripple and ever since she has had to go on crutches. About four weeks ago inflammation set in and after much suffering she passed away on the 10th inst. She was almost 75 years of age and a consistent member of Antioch Baptist church. She leaves a son and two grand-children with a host of friends to mourn her death. Her remains were interred today at New Friendship cemetery, the funeral services being conducted by Rev. John T. Lewis.

Farmers are giving attention to their creek and branch banks getting them in nice order. Spigot sowing is at hand and we look for an early spring.

Mr. and Mrs. W. E. Curtis and family of Dalton, postoffice, were guests at A. T. Winchester's last Saturday and Sunday.

Mr. and Mrs. R. P. Prince of Pindor visited Mrs. Daniel Winchester last Saturday and Sunday. Mr. W. H. Gilstrap visited his daughter at Piedmont last week. Mr. Thomas Walker who has been living with Mr. Silas Hinkle on Cano Creek the past 27 years will live on the Oolenoy next year.

LIBERTY
Work in the factory and other enterprises progressing very slowly weather will permit.

Among the many visitors here during the holidays were Dr. W. R. Hollingsworth, Mrs. John Hendricks, Mr. Pressley, Will Majors and others of Texas, who are visiting the scenes of their younger days.

Lagrippe is abroad in the land and many of our citizens are struggling in his clutches. They say he grips quick enough but is exceedingly slow in relaxing his grip on his victims.

There was more moving around during the holidays than over in this section among the tenant class.

Among the changes in town we note the following. W. S. Parsons and R. F. Shore occupy the Joe Hunter house, he having moved to Greenville. Job Smith jr. has bought and now occupies the Chapman house vacated by W. S. Parsons. Tom (Blue) Smith has built and moved to town. S. O. Skelton has moved to his new residence. A. O'Dell has moved to town. Berry M. Whorter has bought the old T. N. Hunter residence and moved in it. Thomas Hunter of Twelve Mile side has built a dwelling on his lot near J. D. Smith and has moved in. Palmer Grear, John Gault and F. F. Boggs are to start today for Macon Ga., where they go to take a business course in the Georgia-Alabama college.

A TEXAS LETTER.

To The Journal.

Valley View, Tex., Jan. 6, 1901. I will write The Journal a short letter as I promised.

After leaving Greenville on the 12:30 train, I reached Atlanta about sun-set; my Chattanooga train was just pulling out, but I made a good run and caught it, then for Nashville. I reached Memphis the next evening about 4 o'clock and had two hours stay there. I reached Fort Worth at 11 o'clock the second night and slept five hours and got ready for my ride 45 miles over the Santa Fe and Topeka R. R., and glad to state to you all I found my family all well, and kissed my baby boy and distributed the nice presents to my wife and little ones. My wife ate the cake that Misses Minnie and Bettie sent her while I played the Arkansas Traveler on my violin, and rejoiced to be at home once more with my loved ones. Good-bye until next time.

Golfing Thin

is all right, if you are too fat; and all wrong, if too thin already.

Fat, enough for your habit, is healthy; a little more, or less, is no great harm. Too fat, consult a doctor; too thin, persistently thin, no matter what cause, take Scott's Emulsion of Cod Liver Oil.

There are many causes of getting too thin; they all come under these two heads: over-work and under-digestion.

Stop over-work, if you can; but, whether you can or not, take Scott's Emulsion of Cod Liver Oil, to balance yourself with your work. You can't live on it—true—but, by it, you can. There's a limit, however, you'll pay for it.

Scott's Emulsion of Cod Liver Oil is the readiest cure for "can't eat," unless it comes of your doing no work—you can't long be well and strong, without some sort of activity.

The genuine has his picture on it, also no other. If you have not tried it, send for free sample, its agreeable taste will surprise you. SCOTT & BOWNE, Chemists, 409 Pearl Street, New York. 50c. and \$1.00; all druggists.
