

BEGIN SEARCHING FOR THE VETERANS HOMES

AT LEAST 600 VISITORS MUST BE CARED FOR

COMMITTEE PLANS

City Has Been Divided Into Districts and Workers Will Canvas House to House

Dividing the city into four districts, known as the southeastern, southwestern, northeastern and northwestern and appointing four strong teams each composed of ladies and gentlemen, members respectively of the different chapters of the Daughters of the Confederacy and the chamber of commerce, the housing committee of the chamber of commerce having in charge the securing of from 600 to 800 beds for Confederate veterans, got down to real business at the joint meeting held yesterday at the chamber of commerce, and attended by all of the members of the joint committee. The committee feels sure that the people of Anderson will take care of the veterans, and see that they are entertained and they anticipate little trouble in securing homes for the veterans during their two days short stay here.

The committees named for the housing canvass and which will begin work Monday morning are as follows, appointed by Leon L. Rice, general chairman and Miss Eubank Taylor, assistant general chairman:

Northeast section, North Main to East Whitner, inclusive: Mrs. Theo Watson, chairman, Glenn A. Evans, Miss Nellie Barton, Miss Bertha Casland.

Southeastern section, East Whitner to South Main inclusive: Miss Eubank Taylor, chairman, Jno. Frank, C. C. Langston, Miss Mab Brown.

Southwestern section, South Main to West Whitner, inclusive: Mrs. J. M. Sullivan, Jr., chairman, Mrs. Raymond Fretwell, Miss Vina Patrick, W. L. Brissey.

Northwestern section, North Main to South Whitner, inclusive: Mrs. W. J. Muldrow, chairman, W. A. Speer, Mrs. L. O. Dean, Mrs. Rosa McCully.

These four general section committees expect to make a thorough canvass of the city on or before Wednesday next, and will meet in a special joint session at 6 p. m., Wednesday, May 13th, at the chamber of commerce when a general report will be made. Chairman Rice said he sincerely hopes that no Andersonian would refuse to take at least one veteran. "The co-operation of all our people," he stated, "is necessary, in order to provide for the many veterans who will come to Anderson."

HOW TO AVOID WHITE PLAGUE

Eminent Specialist Gives Facts To Public in Talk Before Leading Practitioners

Washington, May 8.—Two kinds of operation are proving effective in the treatment of tuberculosis, according to Dr. Edward Archibald of Montreal, who read a paper on pulmonary surgery before the Clinical Section of the National Association for the Study and Prevention of Tuberculosis here today. The first method explained by Dr. Archibald aims to produce a collapse of the affected lung through compression, effected by introducing into the chest cavity outside of the lung a certain amount of nitrogen gas. By means of this compression, the tuberculosis lung, being set at rest and prevented from filling its natural function, is more readily healed than it could be under normal conditions. The second method which he advocated was the removal of the ribs, or portions of them, so that atmospheric pressure may act upon the lung through the soft yielding structure of thoracic muscles, or that the ribs may be allowed to fall in upon the lung beneath and so exercise compression. In either case the movement of breathing are checked, and the lung is put out of function. Of course, he said, such operations were of value usually only in cases where one lung was affected, the other remaining practically sound. He said that the German and French physicians had reported good results in using the second method. "Great care must be taken, however," he added, "in either method to treat only those cases where X-ray examination and other tests have shown before hand that good may result, since such operations are fraught with great danger."

NEW STAMPS ARE SOON TO APPEAR

Anderson Postoffice is Expecting First Shipment of New Stamps To Arrive

It is expected that the 1914 series of postage stamps will soon be available to mail patrons here. The postmaster general has announced that the department at Washington is prepared to issue five new denominations of ordinary stamps. The new stamps are the same size and shape as the present two-cent stamps and are the seven-cent, nine-cent, twelve-cent, twenty-cent and three-cent kinds, black, pink, maroon, light blue and vermilion respectively. The new "seven" bears the head of George Washington in profile, from the obverse, looking to the left. This border design is the same as that of the first six denominations of the current series. The new "nine," "twelve," "twenty" and "thirty" bear the head of Benjamin Franklin in profile, from the obverse, looking to the left. These four denominations have the same border design as the current series for eight cents to a dollar. These new stamps have just been finished and the department will begin issuing them tomorrow. They were originally intended for use on the parcel post packages, but will be valid for postage on all classes of mail.

AGED CITIZEN DROPPED DEAD WHILE WORKING

P. D. CRAFT SUCCUMBED TO HEART FAILURE

HAD LONG HISTORY

For Years Ran the Famous Craft Ferry Between Anderson County and Georgia

(Friday's Daily.) One of Anderson county's best known citizens passed away yesterday afternoon when P. D. Craft dropped dead at his home in the Orr mill village. Heart failure is ascribed as the cause of his death.

Mr. Craft lived at No 16 Hammet street and for the past year he had been devoting all his time to gardening and other occupations around the premises, being unable to do any heavy work on account of ill health.

The deceased was 63 years of age and came from a family known in all the records of Anderson county. For ten years he had been making his home in this city but, for 30 years he conducted the famous Craft's Ferry, across the Savannah river and for years all those going from Anderson and other South Carolina points to Georgia made use of this ferry. His face was familiar to many a traveler in this section.

About 3:20 o'clock yesterday afternoon Mr. Craft came into the city to purchase some plants for his garden and securing these he at once returned to his home. He went into the garden about 4:30 o'clock to set out the plants and that was the last time he was seen alive. A few minutes before 5 o'clock a negro at work next door changed to look over the fence and saw the body in the garden. He gave the alarm and when assistance arrived it was found that Mr. Craft was dead.

Although no final arrangements have been made about the funeral it is understood that the interment will take place this afternoon in Elbert cemetery, Georgia, at the Rock Branch cemetery. Mr. Craft was a native of that county and has many relatives there, as well as in Anderson county.

The following are the children in Anderson surviving him: Richard W. Frank, Mrs. Bessie Smith, Mrs. George Moss, Amos Craft and Goldie Craft.

USUAL SPEECH OF THE GOVERNOR

Advised Hearers to Kill Any Doctor Trying the Medical Inspection Bill

Greenville, May 7.—Governor Pleasants made one of his usual speeches here tonight before a crowd of about 2,000 people. The address was heard at Monaghan mill and good order prevailed throughout.

The chief theme of the Governor's address was the medical inspection bill and he advised his hearers that if any doctor attempted to inspect their children, to shoot the doctor and there would be another pardon ready. The Governor said that if he had a daughter and Superintendent Frank Evans of the Spartanburg schools tried to have her inspected he would warn him one time and the second time he would kill him. The crowd went wild when the Governor arose to speak and it was some time before he could be heard.

John L. McLaurin was another speaker and made probably the best speech of the evening but it clearly fell flat with his audience. They did not appreciate it, notwithstanding the fact that he made it evident he was an enthusiastic supporter of the Governor. He expressed himself as being bitterly against any reform of the election laws.

Sam J. Nicholls of Spartanburg, candidate for Congress, made a good speech and it took well with the crowd. He said that he had been thrown with mill people until he felt like he was one of them and this seemed to make an impression.

Representative Fortner of Spartanburg, a candidate for re-election, made his plea upon two topics, the fact that he was a Bienville and the Fortner bill in regard to negro education.

The special decoration committee of the chamber of commerce, planning for the great parade of veterans which is to take place here during the Confederate reunion, yesterday placed an order for 1,500 Confederate flags and the streets of the city on either side will be lined with children enthusiastically waving these flags, as the veterans pass by when the parade takes place.

Over 1,500 of these flags will be shipped at once to the chamber of commerce. They are 6x9 in size and will be lined up on each side of the city supplied with the veterans and it will be a glorious sight and a sight to be seen but once in a lifetime. R. B. Webb, who assisted with the idea, are being complimented on every side because of the happy thought, which is a modification of the idea suggested in The Intelligencer last Sunday.

It is planned to have as many children as possible ready for the parade and they will be lined up on each side of East and West Main streets.

R. H. King, grand marshal for the occasion, has appointed six assistant marshals, for the event and these gentlemen will have charge of placing the children and directing the parade started and will also direct its course.

The officers of the chamber of commerce have completed arrangements for securing the local bands and the music will be real "home-made" stuff when the great opening finally rolls around.

Secretary Whaley said last night that the housing committee would probably be able to finish its work by Monday and would be ready by Wednesday to report that homes have been secured by all veterans. This will then mean that everything is in readiness, two weeks ahead of the event, for giving the veterans the biggest time they have ever had.

SELECT TEACHERS WITH GREAT CARE

J. B. Felton Writes to School Trustees Of Anderson County On An Important Matter

A letter will be addressed to the various trustees of the schools in Anderson county by J. B. Felton within the next few days, in which Mr. Felton will say:

"To School Trustees: Many of the country schools are closing now and the question of teachers for another term is before the trustees. I hope that you will make an honest effort to get the very best teachers possible for the next season. Much of the school fund is insufficiently used in the rural schools and the trustees could to a certain extent avoid it. They wait until the last of the summer to employ teachers. All the good teachers get positions early in the summer, so if you are really interested in the welfare of your school and community, please begin early to look out for teachers."

"If you have a good teacher in your school, by all means try to keep her for another season. Increase the salary if necessary, in order to retain her services. Not even a good teacher's work can realize a good result if she stays there only one year. There are some good teachers in Kershaw County this term, and I hope to see them in the same positions next term. Possibly we may not have the same conception of what is meant by a 'good teacher.' Here is my understanding of the term: (1) One who loves her duty and is enthusiastic over it. (2) One who is master of the situation, so that even a little school trouble may seem to be a mere trifle which she will handle with a cool head and a firm hand. (3) A progressive teacher
