\$1 A WEEK PAYS FOR IT.

Must be sold quickly to make room for a carload of the famous Kimball Organs.

You know there are some parts of most everything that last years after other parts become worn. This is particularly true of organs. We take out every worn part in the instrument, replace it with a new, tested part, and when the organ leaves our repair shop, so far as playing quality goes, it is as good as new.

However, we do not have to buy and finish the wood for the expansion cases, and in this way we are enabled to sell these Rebuilt Organs at a very low price, as compared with their value as musical instruments.

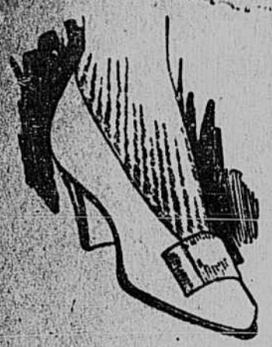

Don't Delay

If you do the very Organ you want may be sold. Come and select yours. We arrange terms to suit you.

MR. CARTER MAKES STATEMENT

Mr. R. L. Carter who is a candidate for Alderman from ward 6, has furnished The Intelligencer with the following statement of the position he takes on matters pertaining to his ward, and affecting his people and the city. He is, Mr. Carter, whose card in the issue, has been a jealous worker, and his record will show that he has striven to serve his people to the best of his ability.

His statement follows:

I desire to submit the following statement for the consideration of the voters in ward 6:

1. I am opposed to the collection of sanitary tax anywhere in the city. The resident having sewerage does not pay this tax, and I do not feel that it is right for those who do not have sewerage to be thus taxed.

2. I am in favor of the city taking charge of the streets in ward 6, and keeping them in good condition or in as good condition as any other streets in Anderson.

Other matters I expect to discuss in the campaign. My record for the two years I have served as alderman of ward 6, is open to the inspection of any person interested. I stand upon the record made, and ask to be re-elected, assuring the voters that I shall continue to safeguard their interests as I would my own.

Respectfully,
R. L. Carter,
Candidate for Alderman ward 6.

ELECTRIC CITY SPARKLETS

Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

Suggestion Has Met With Favor.

The suggestion made in The Intelligencer yesterday that a museum be established for the purpose of preserving the relics of the War between the States seems to have struck a popular chord in Anderson. Many members of the committee suggested yesterday and all seemed to be heartily in favor of attempting the scheme. It is said that Camp W. W. Humphreys of the Sons of Veterans may possibly take hold of the proposition and endeavor to have the museum here. It will be responsible for many relics coming to light heretofore unknown to the general public. People of all the county will be heartily in favor of making a try for the establishment of such a museum and there will be sufficient support forthcoming if it is tried.

School Trustees Will Meet Friday.

The Anderson school board will convene next Friday for its June meeting, this being the day for the regular monthly session of the body. At this meeting the board will hear the reports from the various schools and will consider the work done in Anderson's institutions during the session, which closed Friday. The most important matter to be taken up at this meeting is the selecting of one more teacher for the high school. When this instructor is secured the faculty for the next session will be complete. Superintendent McManis says that there are a number of applications for the position and the board will have a hard time making a choice.

Baseball Meeting Is Held Tomorrow.

Several Anderson baseball fans will go to Greenville tomorrow to attend the meeting which is to be held at the Imperial Hotel. At this conference plans will be discussed for organizing the Interurban Baseball League. It is presumed that the league will be composed of the towns of Spartanburg, Greenville, Anderson and Greenwood and it is barely possible that some other towns may be admitted in order that the league may have a six-cent affair. "Tommy" Stouch says that the success of the venture is now almost assured and he believes that the league will be formally organized at the meeting held tomorrow. Anderson fans are anxious for the league and it will be supported if started here.

Sacred Concerts At North Anderson Today.

A series of concerts for Sunday afternoons during the summer months will be inaugurated at North Anderson this afternoon. Music will be furnished by the 2nd Regiment Band and will begin promptly at 4:15. Only sacred music will be rendered, and the reputation of the band will insure a large crowd. Mr. Linley announces that plenty of comfortable seats will be arranged for the crowds and ice water provided for those who attend. Cars will run every half hour, leaving the square on the hour and half hour.

Mr. Welch Catches Another 'Possum.

Mr. A. L. Welch is achieving quite a reputation in his community as a hunter of 'possums. Mer Welch lives in East Orr street, and while this is in the heart of the city he enjoys splendid sport catching 'possums in his little steel trap. Asked how he could account for the presence of these animals in the city, Mr. Welch stated that the close proximity to the Brisky Lumber yard doubtless was the cause as the piles of lumber furnished shelter and protection.

Saturday Was Very Dull Day.

Yesterday was about the dullest day from a business standpoint that Anderson merchants have experienced in some time. There were almost no visitors in the city for the day and the sales last night were far from satisfactory. It is the general opinion that almost everybody in the county came to Anderson either on Wednesday or Thursday, while the reunion was in progress, and did not care to make the trip back yesterday. The merchants of the city are planning special bargains for next Saturday and it should prove to be a banner day.

Pullman Service Will Begin Today.

Pullman service over the Piedmont and Northern lines from Spartanburg to Atlanta will be inaugurated today. Anderson people are well pleased over the fact that this service is to be provided at all but they would have vastly preferred having the Pullman direct from this city to Atlanta. As the arrangement is planned the car will run over the P. & N. from Spartanburg to Greenville, from there to Greenwood and will then be attached to the Seaboard and on on into Atlanta. This will be a great convenience for the traveling public.

Dr. C. A. Patrick Died In Charleston.

Mrs. J. P. Trowbridge is expected to return to the city today from Charleston where she was called some time ago on account of the serious illness of her father, Dr. C. A. Patrick. Dr. Patrick died last Tuesday morning. He was 60 years of age and is survived by his wife and four children. Accompanying Mrs. Trowbridge to Anderson for a short stay will be Mrs. Patrick, Miss Rita Patrick and Casimer and C. S. Patrick, Jr.

been purchased for the home and the Elks from other cities will be surprised when they see the magnificent place in this city.

Another Jeweler Arrived Yesterday.

H. J. Shafer, arrived in the city yesterday to accept a position with Walter H. Reese & Co., one of Anderson's best known jewelry firms. Mr. Shafer comes to Anderson from Decatur, Ind., and will fill the position with Mr. Reese of watchmaker and engraver. He is said to be an expert in this line of business and the work he has already done since he reached Anderson has been fine. Mr. Shafer is a young man of pleasing address and he will doubtless make many friends in Anderson.

Planters in the city yesterday from the Neale's Creek section brought the news that G. W. Webb, a well known planter of that section had suffered a stroke of paralysis. While some hope is entertained for his recovery it is said that his condition is critical.

He has friends in all parts of the county and these will hope that he may soon begin to recover.

Pleasant Supply Of The Beverage.

Anderson policemen evidently believe that if you can't see a thing it is best to smell it out. Yesterday two of them detected a very suspicious odor around the premises of Pat Gillman, a white man, and they proceeded to investigate. They discovered five pints of the oil he joyful and took the beverage in hand, bringing it to the police station. Gillman has not been arrested.

Motion Pictures Here This Afternoon.

The manager of the Palmetto theatre has consented to the use of his theatre for this afternoon by the Associated Charities of Anderson and from 5 o'clock this afternoon until night pictures will be shown in the fight being waged by the Red Cross on tuberculosis.
