

Will You Help Me Move For \$10,000.00?

Then come on. I am going to give the people about that much to help me and I want you to have your share of it. So come with your wagons and teams, cars, carriages, market Baskets, and what not, ready to carry a load, but be ready to carry full loads.

Here's the proposition: I have to move the 10c Store to 220 South Main Street. But I have there the stock of Groceries formerly owned by J. T. McCown's Sons. I cannot move the 10c Store in on top of the Groceries. I must make room first; so to make room quick and move at the same time; I will give away, absolutely free to those who help me move it, one-fourth of the entire stock, consisting of:

General Merchandise at the 5c, 10c and 25c Store, about	\$ 30,000
Groceries at 220 South Main Street, about	10,000
Total, about	40,000
Your Share 1-4 of It Is	\$10,000

Here's the plan. You come into the 10c Store, 112 East Benson Street, or to the Grocery Store, 220 South Main Street, and select all the merchandise you are willing to carry and pay for. What ever amount you select and pay for at the regular price we will give you a check for one-fourth that amount on the other store at the regular price, to be delivered to you absolutely free of cost. That is: Every 4c purchase at one store gives you 1c free at the other store, and every \$1 purchase at one store gives you 25c free at the other store. A \$100 purchase gives you \$25 free and so on and on and on.

You say, 'Mr. Minor, how can you do it?' I say, 'Mr. Johnson, I just do it to move.' You say, 'How long?' I say, 'Till the stock is moved.' It may be a week or two weeks, but I am going to move and move fast. So don't be late and don't be slow; I want you to do your share and get your share of the pay. Remember, everything is spot cash and an amount equal to one-fourth your purchase is absolutely free to you at either store on everything but special sale items at the 10c Store and at the Grocery Store 1-8 free on Hay, Oats, Corn, Sugar, Flour, Meal, Hams and Bacon. Sale begins Wednesday, July 29, and continues until stock is moved.

NEWBERRY VOTERS HEAR CANDIDATES

CONGRESSIONAL ASPIRANTS ADDRESS VOTERS YESTERDAY

EVENLY DIVIDED

Congressman Aiken and Dominick Have About Same Support at First Meeting

(From the Daily Mail.)
Newberry, July 27.—A large crowd filling the court house here heard the congressional candidates today, all of them being present, Wyatt Aiken, of Abbeville, the incumbent and Fred H. Dominick, of Newberry, F. S. Evans of Greenwood and John A. Horton of Belton.
There was no special feature. About 250 voters were present and a dozen women.
Mr. Aiken was attacked by the other three for his voting against the president on the tolls exemption bill, but he defended himself by saying that he was following the national democratic platform.
The hearing, of which there was very little, indicated that the crowd was pretty evenly divided between Aiken and Dominick.
Everything passed off in good humor.

BEVERAGE IN THE COUNTRY

One great problem peculiar to the rural districts is that of the proper disposal of organic refuse and similar waste matter. In the cities such matter is completely and satisfactorily taken care of in the modern sewerage systems, and thus the city is enabled to preserve a cleanliness which is of greatest aid in fighting disease.
When such matter is allowed to stand in the open, as every rural resident knows, it becomes a warning place for flies and a hot bed for disease germs; it pollutes the soil and the drinking water, and is always an unsightly and embarrassing nuisance. Such conditions are generally the cause of sickness and disease.
The sanitary Septic Tank, especially designed along improved lines for use in the rural districts, and manufactured by Weston & Brooker, Columbia, S. C., completely solves the problem of sewage disposal for the rural homes. It is of small size, made of reinforced concrete, simple to install, never gets out of order for needs attention, except just beneath the surface, and connected with the house by a short pipe

line, it securely keeps the poisonous organic waste matter enclosed until by natural process, it disintegrates, and then seeps out into the ground, harmless mineral matter and water. There is no odor, no soil pollution. Approved by health authorities.
Its cost is small. It affords all the conveniences and the full protection of the city sewerage system. It is well worth your while to know all about this Septic Tank and you can do so by simply writing to Weston & Brooker, Columbia, S. C.

STARR NEWS.

Starr, July 25.—The Stephen D. Lee was pleasantly entertained on Friday afternoon by Mrs. B. J. Pearson and Miss Eileen Heron at the home of the latter. Miss Eva Heron served refreshing nectar on the piazza as the guests arrived. The party business was planning for the veteran's dinner in September, after which the following program was given: Instrumental solo, Miss Edna Pettigrew; recitation, Miss Eva Heron; reading, Mrs. J. L. Singleton; duet, Mrs. Bowie and Mrs. Thompson; solo, Miss Mabel Jones. An interesting little contest gave lots of erring guessing, several ladies vying for the prize. Cream and cake were served after which Mr. R. W. Mathews invited the chapter for August. Miss Annie Simpson, of Clinton, is visiting her sister, Mrs. Harve Pruitt.
Prof. Abrams the efficient superintendent has moved his family to Anderson to the regret of his many friends here.
Miss Mary Bowie is visiting friends in Dus Wee.
Mr. and Mrs. Darwa Reed and Miss Margaret Reed of Sandy Springs are visiting Mrs. B. J. Pearson.
Y. H. Hamble, Starr R. F. D. 2 was in Anderson on business Saturday.
J. W. Moore of Starr R. F. D. 1 was in Anderson Saturday.
A large store house on the farm of Mr. W. H. Sexton about two miles east of Starr burned about 11 o'clock Friday night. The stock of general merchandise was entirely lost. Mr. Sexton had \$75 insurance.
My God! Politically there are we at! Honestly and truly, politics is so rotten, corrupt, low, mean and disgraceful, that when it comes to knowing who to vote for we are betwixt the devil and the deep sea.
Today we can see our way clear as who to vote for and tomorrow, politically, we are in the heart of the great Rocky Mountains, with no guide to show us the way out.
One day we know what to do and the next day we are wool-gathered.

huffed, "bumfoozled" and crazy as a bat.

If we knew that the New York Sun, the Wall Street Journal, and the New York Times were supporting Smith as charged and if we knew that Smith joined the Haaskellites in 1890 we could not and would not support him.
If we knew that Blease was fishing for that dago, blind tiger vote of Charleston as is charged we would see him in his place before we would support him.
On the other hand, if we knew that Jennings and Pollock were in this race in order to split the vote as is also charged, we could not support either of them. We are lost, yes, sir, we are lost.

We sometimes pick up our pen to riddle, as best we can, the pardoning record of Gov. Blease in seeing aside the verdict of so many good men by freeing so many rascals, but about that time we pick up a newspaper and see where some judge has set aside the verdict of good men by suspending the sentence during good behavior, on the guilty party and so there we are again in the middle of a bad fix.
We feel that we have followed Gov. Blease to his political death and that we would not be showing any disrespect if we should refuse to go to the burying.

We must say that it takes a man of grit and courage to come out for compulsory education as does John G. Clinkscale, knowing that it has been fought so hard and is so unpopular with a great many people. But John G. Clinkscale is right. It makes us sick enough to "throw up" our socks to hear some people oppose compulsory education on the ground that it would force the negro children into the schools. Let it be said to the credit of the negroes and to the discredit of some sorry white men over this state that it doesn't take law to force the negro children into school. Give the average negro kid a "hunk" of corn bread and a quart of buttermilk and a school within four miles of him and he will do the stunt of going.

It is said that there are two sides to a thing like that and it is found out would mean for every man in the state with a spark of manhood in him to resent a thing like that by doing everything possible to defeat Blease and such disreputable lawlessness.
Of course it stands to reason to believe that a friend of Smith, Jennings and Pollock would also be a friend of Dr. McIntosh, consequently it is unnecessary to believe that this dirty work came from that side.
The crime is as black as hell and those who are responsible for it ought to go to the changing for the remainder of their days let it be who it may.

If we ever needed rain worse than now it was in 1845, when the creeks and springs all went dry.

Miss Leisa Bailey, of Anderson, is spending a few days with her cousin, Miss Mattie Robbins, and her Septus friends are glad to see her.

Mr. James Moore and Misses Bessie Moore and Ruby McAllister are visiting at the home of Mr. Charley Kay at Oakway.

Miss Lucy Patterson of Ninety-Six is spending this week with Septus friends and relatives.

If Governor Blease considers his official record as governor to be straight, all right and above reproach, why does he not stay on the speakers' stand with it while Jennings and Pollock are holding it up to scorn? When the man who makes the record will run from it we think it time for every body to get into the woods.
We have never heard of Senator Smith talking to his heels. Now we are not censuring the governor for running but we are sorry that he seems to think that his record is such that he can't stay with it while it is being shot at.
