## THE SECOND RACE IS DETERMINED Richards, 26,954; Manning, 25,289; Cooper, 24,983

**COLUMBIA, Aug. 27.**—Richard I. Manning of Sumter and John G. Richards of Liberty Hill Will Make the Second Race for Governor of South Carolina. The Second Primary Will Be Held September 8th. The Complete Report Follows: Richards, 26,954; Manning, 25,289; Cooper, 24,983. This Is Not the Official Report From All Counties, But Is Complete and Is Accepted As the Result of the First Primary. The Figures Will Not Be Changed Materially, and the Relative Standing Will Remain.

Columbia, August 27.—This has been a day of many variations with reference to the votes received by the respective candidates for governor, and their incoming returns from county democratic committees brought changes of fortune which caused much excitement. First it was Robert A. Cooper who was in the lead and then Richard I. Manning, and with each report there would be another change until finally it was seen that nothing could change the lead gained by the man from Sumter, and at midnight it was announced positively that he would be the candidate to go into the second race with John G. Richards.

Nothing else was decided by the returns received except that Peoples is returned as attorney general and that Wyatt Aiken will have a second race with Dominick for congress in the third district. Senator Smith has won, with more than 16,000 votes to spare. Wyatt Aiken and F. H. Dominick will make a second race for congress in the third district. All other congressmen have been rejected.

There were many celebrations in South Carolina tonight because of the defeat of "Bleasiam." John Gary Evans, chairman of the state executive committee, has called the committee to meet in Columbia Tuesday at noon to hear contests and protests and to canvass the returns and to declare the result. No contests have been reported.

The governor has made no statement. W. P. Pollock and L. D. Jennings today received hundreds of telegrams from friends throughout the state. Some of the Barnwell democrats sent the governor a fine steel curry-comb. It is said that he refused to receive it. No name was attached to the gift.

### A MERCHANT ASSAULTED

Only Fight Reported From the Recent Primary in Columbia.

Columbia, August 27.—The only disorder during the election in this county was when Bill Waites a noted bad man, assaulted J. B. Peuland, a grocer in the city, who had driven out to a suburban box with some candidates to see how the returns were going. Peuland's nose was broken. His statement is that he was talking with some gentlemen when Waites came up and after some casual conversation inquired: "Are you a Bleasiam?" and I answered, "I haven't said what I am. Then he said, 'Over there is the city line and I advise you to get back across it.' I smiled and said, 'I don't see why I can't stay out here as long as I like.' He made no answer, but hit me one the nose, knocking me down, and he struck me while I was on the ground."

### FOR CONGRESS

It has been a matter of doubt as to whether or not Congressman Aiken had been returned in the first primary or would have to run over. The official returns show that Mr. Aiken is short of a majority by just 321 votes. The Intelligencer stated yesterday that Mr. Aiken had more than enough to go in on the first ballot, but it appeared later that there had been an error in the count and instead of Mr. Aiken having 3,308 votes in Anderson, he had but 3,216. The reported vote for Dominick in Abbeville was much smaller than the official vote.

The official figures as compiled were as follows:

Counties	Aik.	Dom.	Ev'n's	Holt.
Abbeville	1,140	648	90	258
Anderson	3,216	3,333	51	1,012
Greenwood	1,170	698	571	283
Newberry	1,498	1,484	29	468
Pickens	1,788	1,164	54	469
Oconee	1,812	540	75	548

The change of 161 votes from his opponents would have put Mr. Aiken in on the first primary.

### MANNING GOES AHEAD

Columbia, Aug. 27.—Manning is in the lead at this time, and will be in the second race with Richards. Practically complete returns received from the county chairmen today give to Richards 26,954; Manning 25,000; Cooper 24,983. News and Courier reports showing practically complete returns give to Manning a lead of 400 over Cooper.

### SMITHS' PLURALITY

Columbia, Aug. 27.—United States Senator E. D. Smith's majority for renomination is 12,312. His plurality over Governor Cole L. Blease, his chief opponent, is 16,344.

### THE PEOPLE WILL

is a Plain and Simple Document. It is stated. Paris, Aug. 27.—A Rome dispatch to The Havas agency says the will of the late Pope Pius, written clearly in his own hand on white paper covers three pages. His Holiness began by recommending his soul to God by invocation to the Virgin. The will then stipulated some legacies, the fulfillment of which he recommends to his successor. The testament will be published as a document in honor of the Pope and to show his disinterestedness in earthly things.

### MEXICANS ASSASSINATED

Washington, Aug. 27.—Dispatches to the Constitutional agency reported the assassination of Ramon and Rachael Cabrera, brothers of Louis Cabrera by members of the 214 Federal Twenty-ninth regiment at Puebla yesterday. General Huerta, formerly commanding the regiment.

## CONFLICT OF MILLIONS; MOST TITANIC BATTLE IN WORLD'S HISTORY NOW IN PROGRESS

Two Hundred and Fifty Miles of Battle Front Between Millions of Men of Determination and Unquestionable Courage, Armed With Deadly Weapons and Intent Purpose; When All Is Over Will Have Caused To Be Added to the Already Long List of Great Battles, the Bloodiest Page in the World's History.

The French and British armies on a battle line 250 miles across still are strenuously opposing the advance of the German forces across the French frontier. The British troops are reported to be occupying a strong position and are supported by the French on both flanks.

While the Germans have occupied the French cities of Lille, Valenciennes and Roubaix, the official report from the war office described hopefully, from the viewpoint of the allies, operations to the east. Apparently the French troops in the Vosges district have resumed the offensive and have forced the Germans to retire on the St. Die side.

Former ambassador at Berlin, Sir William Edward Goschen, in an official report published by the government in the form of a white paper, tells in an interesting way of his interviews with the German minister for foreign affairs, Herr von Jagow and the Imperial German Chancellor, Dr. von Bethmann-Hollweg, at the time of the British ultimatum, demanding that Germany should cease violation of Belgian neutrality. According to the official report Herr von Jagow deplored the step which Great Britain was about to take as he saw the end of his policy and that of the imperial chancellor, which had been to make friends with Great Britain and then through Great Britain get closer to France.

Similarly the imperial chancellor was taken back. He declared Great Britain's action was "terrible to a degree" and declared that his policy, by this step, "was tumbled down like a house of cards." He held Great Britain responsible for all the terrible events that might happen and asked if the British government had thought at what price the compact to defend Belgium's neutrality would be kept.

The French commander-in-chief, General Joffre, in a communication to Field Marshal Sir John French, commander of the British forces, pays high tribute to valor of the British army, which, he says, "did not hesitate, but threw its whole strength against forces of great numerical superiority."

It is reported that British marines have occupied Ostend to prevent the Germans from getting a foothold on the English channel. The German steamer Kaiser Wilhelm der Grosse has been sunk by a British cruiser off the west coast of Africa.

The situation between Japan and Austria is described in Tokio as "a rupture of diplomatic relations, not war."

London, Aug. 28.—1:10 a. m.—The conflict of millions at last appears to be in progress. Even the sinking of the German steamer Kaiser Wilhelm der Grosse pales besides news of the Titanic battle and the realization that the allies are fighting to block the road to Paris, with the Germans hardly farther away than New York is from Philadelphia.

Meanwhile the Russian host is drawing nearer to Berlin. Not even during the first great struggle between Europe and Asia on the far Manchurian plains was the enormous battle fought in such impenetrable silence as far as concerns the outer world. Only the vaguest generalities are given to the people of Great Britain and France by their respective governments. Probably the German people know a little of what their armies are accomplishing. All the information the public ob-

Wireless Report.  
London, Aug. 27.—10:30 p. m.—The Marconi Company tonight received the following German official wireless dispatch:

Field Marshal van der Goltz, who has been trusted by the emperor with the administration of that part of Belgium in the possession of Germany, has left Belgium to enter upon his duties as governor general.

The civil administration has been entrusted to the president of the government board at Aix-La-Chapelle, Baron von Sandt, on whom the title of excellency has been conferred. He will be known as the chief administrator.

"The King of Bavaria," the dispatch continues, "has left for the western theatre of war."

The former consul general at Tangier reports that the bulk of German residents in that city have fled to Cadiz, Spain.

German aeroplanes today passed over the frontier forts at Antwerp. Attacks upon them were without result.

Berlin, Aug. 27.—The German admiralty has issued the following: "The light cruiser Magdeburg ran ashore in a fog on the island of Odenburg in the Gulf of Finland. Owing to the thick weather, the German warships in the vicinity were unable to render assistance and all efforts to float the vessel having failed, the captain has decided to sacrifice the ship as a superfluous naval force was preparing to attack."

Under a heavy spring of the Russian fleet, most of the cruiser's crew were saved by the German torpedo boat V-26. Seventeen men were killed and twenty-five wounded, and 85, including the captain are missing. The Magdeburg was blown up. The survivors reached Germany today.

Wounded Arriving.

London, Aug. 27.—A German official wireless dispatch was received tonight by the Marconi Company reading: "Emperor William has received the following telegram from the Emperor of Austria: 'Victory after victory, God is with you. He will be with us also. I most sincerely congratulate you, also the young heroes, your dear son, the Crown Prince and the Crown Prince Rupprecht, as well as the incomparably brave German army. Words fail to express what moves me, and with me and my army, in these days of the world's history.'

They Will Give Jennings and Pollock Loving Cups.
