Small Cruiser Sunk.

Berlin, Sept. 15.—It is officially announced that on the morning of September 15th the small cruiser Hela was sunk by a torpedo boat from a hostile submarine. Almost the whole of the crew was saved. The German cruiser Hela was a small protected cruiser of 3,040 tons. She was 122 feet long and carried

a crew of 178 men. Her armament consisted chiefly of light guns. It is notable that the Hela was sunk by a submarine just as the British cruiser Pathfinder was sent to the bottom by a German submarine and it is probable that in reprisal on the part of the British for the loss of the Pathfinder. It is not announced where the Hela was sunk.

FARMERS UNION WAS LARGELY ATTENDED

FAVOR "BUY-A-BALE" MOVEMENT

A GOOD MEETING

Almost Every Section of County Was Represented at Meeting Held Here Yesterday

(From Wednesday's Daily.) The meeting of the Anderson county farmers' union, held in this city yesterday, was one of the best this city has ever had the pleasure of entertaining. The meeting convened with more members in attendance than had ever been present at a previous meeting and additional members came in after the meeting began. Every one present seemed to be keenly interested in the topics up for discussion and took part in the consideration of the questions.

The meeting was called to order by the president of the local union at 11 o'clock yesterday morning, the meeting being held in the city hall on account of court being in session in the court house.

The following resolution was unanimously adopted:

Resolved: That the Anderson County Farmers' Union, in session in the city of Anderson, does heartily endorse the "buy-a-bale" movement and moreover we urge every one to participate in this movement and to lend their best assistance.

Following the adoption of the resolution, a general discussion was engaged in relative to the merits of this plan, and a committee was appointed, headed by S. A. Burns, president of the Anderson County Livestock Association, to co-operate with the Anderson chamber of commerce in furthering the "buy-a-bale" movement. The other members of this committee are: J. Belton Watson, T. T. Wakefield, H. C. Summers and W. A. Watson.

Members of the union said yesterday after the meeting had adjourned that they were well pleased with what was accomplished at the session and felt that the farmers' union would rise in this emergency and do its duty nobly.

BUYING HORSES FOR FRENCH GOVERNMENT

LARGE NUMBER PURCHASED IN ANDERSON

FOR USE IN THE WAR

Two Dealers Came To This City and Selected Many Mounts For the French Artillery

Over 500 horses from Anderson and surrounding counties will be shipped to France within the next few weeks for use in the French artillery. Two well known horse dealers representing the French government, came to Anderson yesterday and purchased a large number of animals, paying anywhere from \$10 to \$200 per horse for them all. The gentlemen stated that the horses would be shipped from this city to Canada and then to France.

Some time ago two horse dealers, Coggins and Wilson by name, advertised that they would be in Anderson today but they did not state why they desired the horses. Their advertisement merely said that they would be in the market for good horses.

Upon the arrival of the two dealers yesterday they announced that they were acting as agents for the French government and they purchased every horse offered weighing between 600 and 1,000 pounds.

All told, the horsemen purchased about 500 horses in Anderson and Greenwood county and the mounts will probably be shipped within the next few days.

BELTON FAIR IS BEING BOSTED

Automobile Drivers of Belton To Make a Second Trip In Interest of Coming Event

So well pleased were they with the success of the first "booster excursion" run in Belton automobiles for the purpose of advertising the Belton fair, that people of that enterprising town have decided to conduct a second excursion of the same kind, except that a different route will be followed on the second expedition.

The boosting party is to leave Belton for the second trip at 8:30 o'clock on the morning of Thursday, September 17, and it is said that between 125 and 150 people will compose the party. They will go to Abbeville by way of Antreville and from Abbeville they will go to Greenwood, then to Hodges, Shoals Junction, Donalds, Due West, Flossie Path and back to Belton.

The Belton brass band, which is easily one of the best bands in the state, will accompany the party riding in the Belton Coca-Cola plant's automobile truck.

The fair is to take place on Wednesday, October 21, and everything points to the day being a grand success.

NOTICE

All persons are hereby warned not to harbor, hire or give support to Cliff Magaha, my 17 year old son, who left my home without provocation. This notice applies over to communications on both sides W. A. Magaha, Flossie Path S. C.

BEAUTIFUL HOME WAS DESTROYED BY FIRE

SAMUEL MOORE LOST HIS HOME

SOME INSURANCE

Kerosene Oil in a Closet Was Responsible for Blaze Which Destroyed Very Handsome Home

An alarm of fire was turned in yesterday morning at 9:10 o'clock and within 30 minutes after that time the handsome home of Samuel Moore on River street, just opposite Beuna Vista park, was in ashes. The entire building was burned to the ground and almost all of the house furnishings went up in smoke. The piano, a trunk or two and a few small articles were taken from the building but the loss was almost complete.

Mr. Moore went into a closet yesterday morning about 9 o'clock to search for a pair of shoes and struck a match. When he did so a part of the match dropped to the floor and struck a kerosene can and in an instant the entire floor was in a blaze. Mr. Moore hurriedly shut the door and tried to extinguish the blaze with a wet blanket but to no avail. He then turned in the fire alarm but before the department could answer the blaze was beyond control.

The house was a pretty structure, costing over \$4,000. Mr. Moore carried \$2,000 insurance on the building and \$1,200 on the furniture but this hot began to cover the loss.

Some weeks ago Mr. Moore lost a home in Southwest Georgia by fire, the building being valued at more than \$6,000. Mr. Moore said yesterday that he had made no plans as whether or not he would replace the house but it is probable that another building will be erected on the site of the burned building.

"Better be safe than sorry"—Willet P. Sloan, Insurance.

EXTREME CRUELTY

Continued From Page One.)

sacred. "They pillaged the whole town. The following morning they took one man out of every three whom they had arrested the previous evening, and leading them outside of the city, shot them." Among these were the burgomaster of the town, his 15 year old son and his brother.

"Then they compelled the remaining villagers to dig holes to bury their victims."

"For three whole days they continued to pillage and set fire to everything in their way."

"About 150 inhabitants of Aerschol are supposed to have thus perished."

"The largest part of the city is destroyed. Five times the Germans tried to set fire to the church, having sacked the interior of its contents. The town records were destroyed or carried off."

clare that they, themselves, had set fire to their homes.

The Destruction of Louvain "The German army penetrated into Louvain after having set fire to the surrounding towns and villages."

"From the moment of their entrance into the city, they requisitioned lodging and food for their troops. They entered every private bank and looted its reserve. They entered private residences and sacked and pillaged them and indulged in orgies of every description."

"They took hostages; all the prominent men of the city were detained. Women and children were outraged and ill treated by the soldiers."

"Previous to the German invasion the whole city had been warned repeatedly not to offer any resistance to the German troops, or to oppose hostilities acts. More than that, all arms belonging to the civilians, down to fencing tools, had been ordered deposited several days previously in the city hall, and there was not a weapon found on any civilian."

"On August 25, an engagement took place in the neighborhood of Louvain, between the German and the British troops. The Germans, repulsed and pursued by the Belgian troops, retreated towards Louvain in full panic. Many witnesses testify that at that moment the German garrison in Louvain was erroneously informed that Belgians were entering the city. Immediately the German garrison, stationed at Louvain, withdrew towards the station where they clashed with their own troops, which were being pursued by the Belgians. Everything seems to point to the fact that a contact took place."

"From that moment, pretending that the Belgian civilians had fired on the German troops, the Germans began bombarding the city. At the place where the affray started, not a single body was found of a civilian, proving that the population had not participated in the shooting."

"The procedure of the Germans now seems to be the same everywhere—first of all they requisition food and drink of which they partake to the point of drunkenness. Then they begin to shoot wildly from the windows of the abandoned houses, declaring the inhabitants have fired on them. Then the firing and shooting scene begins and murder and especially pillage and acts of bold cruelty are witnessed, and neither age nor sex is respected. Even where they claim to know the perpetrator to the deed they allege, the Germans do not content themselves with executing summarily the culprit—they wreak their vengeance on the whole town. After a massacre, somewhat at random, they shut the men into the churches and order the women to go back to their homes and leave the door open."

Sympathizing With Roumania.

Rome, Sept. 15.—It is stated here that Roumania is making advances to Italy for common action towards Austria and that Roumanian politicians are expected to arrive here shortly to arrange a concrete understanding between the two countries.

The radical party today passed a resolution of sympathy with Roumania, and the radicals sent greetings to the radical party in Roumania and expressed the hope that Italy and Roumania would proceed together for the triumph of Latin civilization.

Wilson Endorsed.

Madison, Wis., Sept. 15.—Wisconsin democrats pledged themselves to help re-elect President Wilson in resolutions adopted in their convention tonight.

Resolutions approved the federal income tax, the Wilson currency and banking reform bill act. Add trust regulation plans. Disapproval of a pending constitutional amendment for the initiative referendum and recall was expected.

HGW FRENCH PEOPLE CURE STOMACH TROUBLE

A household remedy of the French peasantry, consisting of pure vegetable oil, and said to possess wonderful merit in the treatment of stomach, liver and intestinal troubles, has been introduced in this country by George H. Mayr, who for twenty years has been one of the leading down-town druggists of Chicago and who himself was cured by its use. So quick and effective is its action that a single dose is usually enough to bring pronounced relief in the most stubborn cases, and many people who have tried it declare they never heard of anything to produce such remarkable results in so short a time. It is known as Mayr's Wonderful Stomach Remedy and can now be had at almost any drug store. It is now sold here by EVANS' PHARMACY Anderson, S. C.

BIRTHDAY WAS GREAT SUCCESS

Friends of J. S. Fowler Gathered Last Night at Country Home and Celebrated 60th Birthday

(From Thursday's Daily.)

The country home of J. S. Fowler was the scene of a happy dinner party last night, the occasion being the celebration of the 60th birthday anniversary of Mr. Fowler. The spacious dining room and the tables around which gathered the guests—at least one for every year of the life of this staunch, successful and progressive citizen of Anderson.

Mr. Fowler gave such a delightful dinner last year, and this last evening was a kind of encore, except for the fact that the second occasion was, if possible, more pleasurable than the first.

The dinner was sumptuous, being served in courses, and "kid, lamb, shote and country fried" showed the kind of farmer and the kind of host that Mr. Fowler is.

At the conclusion of the dinner Mr. Fowler was made the recipient of a very handsome and elaborate cut glass set, water pitcher, decanter, waiter, etc., a testimonial of love from many friends of Anderson. Delightful short talks were made by many of the friends and neighbors, all showing in their earnestness their high regard for this splendid citizen of Anderson. One of the most affecting of these talks was by Capt. J. T. Busbee, who in his plain way told of the neighborly and brotherly kindness of Mr. Fowler. Others who were called upon were Gen. Bonham, J. J. Fretwell, Judge Geo. E. Prince, R. E. Ligon, C. S. Sullivan, H. H. Watkins, K. P. Smith, Ernest F. Cochran, E. B. Gossett, Dr. Halley of Hartwell, G. A. William Banks, T. Frank Watkins, Mayor J. H. Godfrey, J. D. Hammett, Capt. P. K. McCully, A. S. Farmer and others, the good night toast being left to Capt. Wm. Laughlin, who responded eloquently.

Mr. Fowler was much affected by the remarks of some of his friends, and responded fittingly in receiving their felicitations.

LADIES' DAY AT ELKS HOME

Lady Members of Elks' Families Are To Be Welcomed At Spacious Home One Day In Week

The ladies of Anderson are well pleased over the announcement made by the local lodge of Elks to the effect that the ladies of Elks' families are to be welcomed at the Elks Home, corner of Sharp and McDuffie streets, every Friday. Official notices have been mailed out to this effect, which say:

To the Lady Members of Our Brothers' Families, Greeting:—

It is our pleasure to announce the following resolution adopted by Anderson lodge B. P. O. E. No. 1206 at its regular session on the night of the 10th inst.:

Be it resolved: That Friday of each week be known as Ladies' Day.

"That on these days the privileges of this home be extended to all ladies who are members of the immediate families of Elks."

"And, further, that such ladies may entertain other ladies whom they may desire to invite."

"And, further, that the home shall at all times be open to a lady when accompanied by an Elk."

"Further be it understood that the above privileges do not extend to the men's grill room or private dining rooms without special permission of the home management."

"It is the desire of the local lodge that the ladies will avail themselves of this invitation and help us to make our home a 'home indeed.'"

"We have a piano, Victrola, pool table, reading room, lunch room and every convenience and you are welcome to them. On Ladies' Day, our servants are at your disposal."

L. M. COCHRAN, Secretary. By order of the lodge.

World's Darkest Moment

The darkest moment is said to be just before dawn. This is not discovered not to be so. The darkest moment, relatively speaking, is when the noonday sun shines. That is, that living things on the earth are blinded by the glare of the sun and fail to recognize the light that never sets out in space.
