### TOWNVILLE NEWS.

Special to The Intelligencer. Townville, Feb. 25.—Rev. W. B. Hawkins filled his regular appointment at the Baptist church last Sunday morning and evening, Rev. W. S. Meyers at the Methodist church last Sunday evening and Rev. W. T. Hollingsworth at the Presbyterian church in the morning. We have services here every Sunday.

We are glad to see Drs. S. R. Heller and W. T. Hunt able to be out and resume their work after their recent illness.

We are very glad to receive news from W. C. King, who is stopping in Florida, that his health is very much improved and that he expects to return home soon.

Those who attended the State Sunday school convention which met at Anderson were: Rev. W. B. Hawkins, Mr. and Mrs. Earle, Mr. and Mrs. J. D. Babb, Mrs. Amanda Campbell, Messrs. J. P. Ledbetter, T. B. Jones, J. R. Bruce and Albert Hawkins.

Several interesting talks were made here at the Baptist church last Sunday by those who attended the convention. The talks made by our superintendent was much enjoyed.

Mrs. E. C. Anbill has as her guest this week her sister, Miss Peterson of Laurens.

We are pleased to learn that Mrs. E. M. Brown who is in the hospital in Columbia is much better.

Dr. Wideman, a noted physician of Anderson has recently located here.

PREMIUM OFFER—Any one who will send us three yearly subscribers at \$1.50 each will receive a year's subscription free to THE PIEDMONT MAGAZINE, Anderson, S. C.

In the future Chicago aldermen who refuse to pledge their opposition to bills inimical to the motion picture industry will be able to have the name flashed on the screens in film houses throughout Chicago, if a plan proposed at a recent meeting of the Amusement Protective League of Illinois, is carried out.

### Electric City Sparklets

Items of Interest and Personal Mention Caught Over the Wire—less On the Streets of Anderson.

#### Better Stock for Anderson.

The farmers of Anderson county are as ready to grasp an opportunity and as wide awake to recognize a chance for advancement as any class of people on the earth, and they have been quick to heed the teachings of J. T. Watt of Clemson college regarding better live stock. Mr. Watt has succeeded in impressing upon the people of this section that "more and better live stock" is the secret of success for the farmer, and as a result a called meeting of the Anderson County Live Stock association will be held Tuesday morning at 11 o'clock in the rooms of the chamber of commerce. At this meeting Mr. Watt will discuss with the planters the question of taking a trip through the western states in an endeavor to buy some high-grade stock for Anderson farmers.

#### The Snow, the Snow

The heart of the small boy and girl—and, truth to tell, their fathers and mothers, in some instances—were made happy yesterday afternoon when snow began to fall about 1 o'clock. The fall was still continuing last night and the ground was covered to a depth of several inches, this being a greater fall than had been recorded in Anderson for this winter. Many excursions after rabbits will today be staged and bunny will fare badly. The coal and wood men of the city were glad and several of them figured on some business investments they had been hoping to make.

#### WH! Supplement

Important Committee. Secretary Whaley of the chamber of commerce said yesterday that he plans to supplement the important canvassing committee of that body, which will today take up its duties. The present committee is composed of A. S. Farmer, M. M. Mattison, W. W. Sullivan, G. H. Bailes and Pierce Browne. Several other well-known business men of the city will be added to this list, and the work will be completed as speedily as possible.

#### Canvass Today

A canvassing committee of the Anderson chamber of commerce will today make an onslaught on the people of the city, visiting the business houses and securing their pledges of support to the institution for the coming year. Secretary Whaley said yesterday that the business men of the city were now evincing great enthusiasm over the work being done by the Anderson Booster association, and the committee anticipates but little trouble in securing pledges today.

#### Day by Day

Growing Better. "I have been taking this paper ever since it was known as the Gazette," said Edwin Whitten of Pendleton, Route 1, "and I certainly intend keeping on with it as long as it continues to improve." Mr. Whitten, who was in the city yesterday, said that the people of his section are of the opinion that every issue of the paper is an improvement over the last, and that they are well pleased.

#### Drug Store

Makes Improvements. The Owl drug store has just installed one of the handsomest soda fountains ever brought to Anderson. The new fountain is of modern construction and adds a great deal to the appearance of this popular store. Together with that fact it is absolutely sanitary and conforms with every sanitary principle. The fountain is quite an expensive fixture.

#### Maybe It Is the

More Merrier. T. E. Howard, the well-known and efficient manager of the Western Union Telegraph company in Anderson, has announced that he would be delighted to accept the appointment as postmaster at this place. In other words, Mr. Howard yesterday said that he was going after the job.

and that he had great hopes of being able to land it. He has a large circle of friends, who will put forth every effort to help him.

#### Boy Bitten

By Bulldog. Having attacked the small son of L. N. Geer and done him serious injury, a vicious bulldog belonging to a negro named Reece was yesterday killed by Patrolman Stuart of the police force. The dog showed no signs of having rabies, but it was thought best to kill him in order to prevent a repetition of this occurrence.

PREMIUM OFFER—Any one who will send us three yearly subscribers at \$1.50 each will receive a year's subscription free to THE PIEDMONT MAGAZINE, Anderson, S. C.

### BIG TIME FOR THE SHRINERS

Anderson Men Will Attend the National Gathering to Be Held in Atlanta.

In all parts of the United States members of the Mystic Shrine are preparing to go to Atlanta in May to attend the Imperial Council.

South Carolina is to send a great delegation, and in this state's party will be found many members from Anderson.

Concerning the plans which are even now being completed for the trip, the Spartanburg Herald says:

"Spartanburg will be the point of mobilization for the Shriners of the state who will visit Atlanta, where the meeting of the Imperial Council Nobles of the Mystic Shrine will be held from May 10 to 14. The special train over the Southern Railway bearing the Shriners will leave Spartanburg about 10:30 o'clock Monday night, May 11, reaching Atlanta about 5 o'clock the morning of the next day. Returning the 'special' will depart from Atlanta about midnight, Tuesday, May 14, arriving in Spartanburg about 6 o'clock the next morning. While in Atlanta the Pullman cars composing the train will be 'parked' and will be used as sleeping quarters by their occupants.

The Southern railway is desirous of making the special from this city the largest to be parked in Atlanta during the meeting. The train will be in charge of R. C. Cotner, city passenger and ticket agent, who will look after the comfort of the passengers. Delegations of Shriners from Yorkville, Chester, Rock Hill, Columbia, Sumter and other points will meet in Spartanburg and take the special train, which will nick up the Anderson and Greenville Shriners at Greenville."

### FORTY THOUSAND TAKE PART IN MOBILE'S MARDI GRAS

Mobile, Ala., Feb. 25.—On the second day of the Mardi Gras celebration in Mobile, representatives of the four railroads entering Mobile estimated the number of visitors thus far at 40,000.

The general masking opened at dawn and the real carnival spirit prevailed. The features today were the parade by the Knights of Revelry, whose floats represented "Music of the Ages," parade of the King of the Mardi Gras, Emperor Felix, 3rd, and the comic cowboys. The carnival comes to a close tonight with a pageant of the Order of Myths.

### LEAVE FOR RICHMOND.

Rock Hill, Feb. 25.—President D. B. Johnson and several members of the Winthrop faculty have gone to Richmond to attend the meeting of the department of superintendents of the National Educational association. Dr. Johnson is on the program for an address on "Rural School Improvement," while Prof. C. E. Weeks will also talk on this subject. Prof. Weeks will also talk on "School Gardening in America."

### SOUTH BLANKETED WITH SNOW AND SLEET

Records for From Eight to Twenty Years Broken.

### TRAFFIC HINDERED

Some Places Have First Snow of Any Consequence Recorded for Past Twenty Years.

Atlanta, Ga., Feb. 25.—The South and the Southeast tonight shivered in the grip of a general snow storm, which blanketed the Atlantic seaboard as far south as Southern Georgia, and reached to the gulf States. Weather bureau records for from eight to twenty years were broken. Falling temperatures accompanied the storm in many sections, the snow turning to sleet.

While no serious interruptions of traffic were reported early tonight, many trains were behind their schedules in localities where the snowfall was heaviest.

The heaviest snowfall was reported in Georgia, Louisiana and Mississippi and North Carolina and South Carolina. At Macon, Ga., the precipitation reached a depth of six inches while an almost equal amount was reported at Augusta and Savannah. In Louisiana and Mississippi the snow began falling about noon and at midfall it had been recorded from a trace in the extreme south to six inches in the northern section. Thermometers at New Orleans, Mobile and other gulf points hovered about the freezing point and the snow melted as it fell.

In addition to a heavy snowfall in South Carolina, the country around Charleston was covered with a coating of ice and sleet. Snow changed to sleet late in the day causing progress on the streets of the city to be difficult, both for pedestrians and traffic.

Birmingham, Montgomery and other Alabama cities were affected by the snow storm. More than four inches fell in the former city.

While snow fell in the southern part of North Carolina, low temperatures in the northern part of the State as well as Tennessee and Virginia showed the precipitation to be light.

West of Mississippi.

Memphis, Tenn., Feb. 25.—While the Southeast and Central Gulf States today shivered, with some sections experiencing their first snow and sleet storms in years, fair and comparatively mild weather prevailed west of the Mississippi river. At Oklahoma City, the weather bureau station thermometers recorded 42 degrees above zero late today. Shreveport, La., reported the weather "pleasant"; and throughout Texas the weather was moderating after a few sensationally low temperatures in the extreme southern portion of the State last night. For the first time in years the mercury dropped below the freezing point during the night at Corpus Christi and Galveston reported the heaviest snow storm in twenty years.

Heaviest Fall in Recent Years.

Charlotte, N. C., Feb. 25.—Beginning at 5:30 p. m., snow has been falling here steadily and at 8 o'clock had reached a depth of two inches. This is the winter snow fall fair to be the heaviest for two or three years. The mercury, however, is around thirty degrees.

Coldest in Forty Years.

Lynchburg, Va., Feb. 25.—The weather bureau thermometers here registering nine degrees last night, Lynchburg today experienced the coldest weather on February 25 since the establishment of the government record in 1871. There was no snow here today.

Sleet and Rain in Charleston. Charleston, S. C., Feb. 25.—Two inches of snow today fell here. The snowfall was followed by a sleet and rain storm and the city tonight is covered with a glass coating of ice. The snowfall was the heaviest in 27 years.

Heaviest Since 1864.

Birmingham, Ala., Feb. 25.—Four

inches of snow today, the heaviest since 1904. The snow began at 5:30 a. m., and continued without ceasing until 4:30 p. m.

Revival of Sleigh Bells. Knoxville, Tenn., Feb. 25.—The jingle of sleigh bells was heard in Knoxville tonight for the first time in years. Snow which began falling this afternoon continued tonight. The temperature is mild tonight and conditions seem good for a fall of several inches.

Worst Since 1893 in Savannah. Savannah, Ga., Feb. 25.—Weather such as not been experienced here since the blizzard of 1899, hit Savannah this morning and, accompanied by sleet, snow and cold north winds, covered the city with an icy coat.

Macon, Ga., Feb. 25.—The weather bureau stated that six inches of snow had fell in Macon at six o'clock. It is still snowing and indications are that it will continue for another 12 hours. All records here have been broken.

All of the county schools are to be closed tomorrow because of the snow. It was stated tonight.

Jackson, Miss., Feb. 25.—Mississippi today was covered with a mantle of snow. It began falling at 4:30 this morning and lasted until noon, covering the ground generally throughout the State to a depth of two inches.

### THE DAY IN CONGRESS

February 25, 1914

#### Senate

Met at noon.

Secretary Bryan discussed treaties and Mexican affairs before the foreign relations committee.

Debate was resumed on the post-office appropriation bill.

Adjourned at 5:25 p. m. to noon Thursday.

#### House

Met at noon.

Interstate Commerce Commissioner Meyer testified on the Sims bill to regulate the issues of railroad securities.

Louis D. Brandeis discussed interlocking directors before judiciary committee.

Henry Vollmer, of Iowa, Democrat, sworn in as representative, succeeding the late Irvin S. Pepper.

Adjourned at 5:25 to noon Thursday.

#### Walker-McElmoyle News.

"Education is the birthright of every child." This was in the mind of the citizens of this community when Walker-McElmoyle school was established. The school, we believe is doing its best to accomplish the purpose for which it was founded.

The principal this year is Miss Josephine Hickson of Rock Hill. She has proved herself to be a teacher of fortune. The trustees have indeed been fortunate in securing the services of one of such experience and capability. The tenth grade, this year, is doing excellent work. There are in the class of '14 only two boys and two girls, but smallness in numbers does not denote smallness in other respects. The young people of this class show signs of ability and if after they have finished the course here they pursue their studies in schools of higher rank we see nothing to hinder the development of educated men and women—citizens who will be of some service to the community in which they live.

One of the most interesting features of the school is the athletic league, which the young men of the school have organized among themselves. There are boys in the league who promise to be good athletes. The School Improvement Association which was organized under the direction of Miss Garlington is under full way. This organization is a source of great benefit to the school. On the evening of the 27th, beginning at 8 o'clock, the association will entertain at an order supper at the school building. For the benefit of those who are not "specially fond" of oysters another course will be served. The object of this supper is to raise money for school improvement. All are cordially invited to come.
