

FERTILIZE YOUR CROP

In fertilizing your cotton and corn, care should be taken to apply at least 600 pounds of high grade fish, blood and bone fertilizer to the acre for the best and most lasting results. Where less than 600 pounds of fertilizer is used to the acre, it acts as a stimulant only, and the crop takes more plant food from the soil than it furnishes, and your soil runs down, but where you use 600 pounds of more of fine fertilizer to the acre, you furnish the soil with more plant food than the crop takes from it and your soil improves. And besides, the more fertilizer you use, the faster your crop grows and the quicker your land is shaded and you know that is an advantage. And then with heavy fertilization you have larger stalks, more limbs and leaves and bolls. This gives you more vegetable matter for the soil humus is like leather without oil, its usefulness is greatly impaired. And then heavy fertilization makes more bolls and this makes more bales, and there is where you make your money in farming.

The difference in cost of fertilizing an acre with 400 pounds and 600 pounds of fertilizer is around \$3 an acre, the difference in the crop will be at least 100 pounds of lint cotton and at present prices that is a little the rise of \$13.00. That is how it pays. There is no doubt of its paying and 600 pounds to the acre will pay better than 400 pounds or 300 pounds. Unless the ground is in an unusually high state of cultivation we doubt if it will pay to use more than 600 pounds to the acre for cotton or corn. If your lands are red our 8-3-3 or our 9-3-3 or our 10-3-3 is about what you need.

If your lands are gray use our 8-4-4 or our 10-4-4. If you are a little late in planting, use our 10-3-3 or our 10-4-4, as the extra percentage of phosphoric acid will hasten the growth and maturity of your cotton. If you don't care to use 600 pounds to the acre on all your crop, try it on half and see where you make your money.

We are getting out a fish, blood and bone goods that has no equal, and farmers using it this year will have an advantage in crop making that people who are deprived of it will not understand. We hope you have noticed the analysis of our goods this year, issued by Clemson College. Not a single sample has fallen down, the analysis of every one of them stands up like a little tin soldier. Where the price is the same, get the best.

ANDERSON PHOSPHATE & OIL CO.

J. R. Vandiver, President. D. S. Vandiver, Manager.
P. S.—If you have bought other goods try some of this anyway.

MARCHING THROUGH GEORGIA IN 1914

Not Sherman's Sumner Mystic Shrine of the van of the Nobles of the Mystic Shrine of the United States

Atlanta, Ga., April 8.—Atlanta will be so filled with the music of brass bands, the sound of marching feet upon the asphalt and the roll of drums early in May that old timers will rub their eyes and think Sherman's army is back again. The announcement of the program for the Shriner's convention beginning May 11 promises a show bigger than P. T. Barnum ever dreamed of—and it will be free.

Parades nearly every day, a grand ball every night, motorcyle races at the motorodrome, a special train journey to Savannah and back, feasts and feuds, races and regattas, all times set on the bill for the week. And Atlanta will offer only a part of the show—the rest will be furnished by the visitors. For instance, the El Paso, Texas, shriner's plan to stage a Mexican evolution on the streets, coming with Mexican costumes, a dozen gaudy guns for salutes and all the noise necessary. The Californians have engaged the whole Kimball house, renamed it "Hotel California" for the week, and

promise to spend \$75,000 to get the next convention for San Francisco. The official program opens Monday afternoon, May 11, with the arrival of Imperial Potentate Will Irwin, and his escort to the grand ball at the auditorium. Two bands will play constantly and there will not be a moment's break in the dancing.

The first great parade, four and a half miles long, will be held Tuesday morning. Between 50 and 60 bands and 100 patrols of shriners in uniform will be in line. Tuesday evening at 7:30 o'clock the great parade in evening dress with the brass and horn bands will be pulled off. On Wednesday there will be exhibition drills and a great banquet to the officials. On Thursday the visitors will see the sights around Atlanta and that night a few thousands of them will take special trains to Savannah for a day on the beach. These are but the bright lights of the week. There will literally be something doing every moment, night and day. Atlanta folks are sleeping twice hours at night to catch up beforehand.

In that auto wreck of which the Columbia papers printed so much, I did have a wreck, but the car was not ruined. Webster K. Coleman, of the Chester office of the Texas Oil Co., who is on a visit to his father, G. N. C. Coleman.

It would put the Anderson mill into the hands of a receiver to put in a sewer system. It would be cheaper for us to move out into the country. We will do all in our power for the health and comfort of our people, we want to do this, in the first place, and in the second place the welfare of our people is an asset of our enterprise. Jas. D. Hammett, president of the Anderson Cotton Mills.

I and the pleasure of a social visit to the mill hall Saturday night when Secretary Burnett gave his illustrated talk and I want to say that I am proud of the fine community and intelligent people of Riverside and Toxaway. —E. E. Gossett, president.

LIGHTNING STRUCK THE TOWNSEND MILL

DURING STORM YESTERDAY MORNING \$500 DAMAGE DONE

Fire Extinguished in Splendid Manner By the Mill Fire Department

Lightning struck a ventilator over the dry kiln at the Townsend cotton mill yesterday morning at 3:25 o'clock, setting fire to the place. The alarm was given by the night watchman, who discovered that the place was on fire shortly after the building was struck, and the fire department of the mill did splendid work in extinguishing the blaze, having it completely smothered in a few minutes time.

Many Anderson people heard the loud clap of the thunder at this hour of the morning and they surmised that something within the city had been struck.

The lightning entered the ventilator over the dry kiln in the dye house and caused all of the interior of that department to burst into flames. Had it not been for the well trained fire department maintained by the mill the entire plant might have been destroyed. As it was all of the men answered the call at once and easily gained control over the flames.

It was estimated last night that the entire loss, including the damage done to the building and the loss of time as well would not exceed \$500 and it is possible that it may not amount to this much.

A large force of men went to work on the place yesterday morning and throughout the day they made such progress that the plant will start up again this morning and will be ready for business by the usual hour.

There was no insurance carried on this part of the mill and the loss will be entirely upon the mill.

Frank Moody Coming

Missionary Conference at Baptist Church Friday

Mr. Frank Moody, who is connected with the Missionary Education Movement of the Baptists Church will come here Friday for a Conference with the local pastors and all religious workers. He will bring with him Dr. T. B. Ray, and other noted speakers. The hour of the conference will be 11:00 o'clock, and the Baptist Church will be the place of meeting. All Sunday School superintendents and teachers, Women's Societies, members, all pastors and all other interested in religious work are invited to be present.

VETERAN DIED OF PELLAGRA

J. P. Looper Answered Last Call Yesterday Afternoon When He Succumbed

J. P. Looper, a Confederate veteran, aged 68 years, died at his home in the Brogan mill village yesterday afternoon at 3:15 o'clock. Pellagra is given as the cause of his death.

Mr. Looper was well known in Anderson and had a number of friends in all parts of the city. He is survived by his wife and several children.

The interment will take place at Silver Brook cemetery this afternoon at 2 o'clock.

Sold Liquor From His Cell

Gaffney Negro's Popularity in Dumas Via Wine Not Destroyed at First

(By Associated Press) Gaffney, April 8.—On Saturday afternoon the police force of the town arrested one Cephus Littlejohn, under the charge of selling whiskey. He was jailed together with two other negroes. They also raided a certain negro blind tiger and as a result captured 35 pints of booze. The whiskey was in a box near the door of the cell in which Littlejohn was confined, though not quite within reach. An accomplice from the outside handed him a piece of wire with which Cephus pulled the box near enough to be reached, and during the day disposed by sale and otherwise 15 pints of the whiskey.

A great crowd was around the county jail during the whole day, but it was not discovered until this morning that Littlejohn had been supplying the thirty inmates with the "G-B-Joy-rol." In the mayor's court this morning, Littlejohn, with another negro, was fined \$100.00 or thirty days. A negro woman was also convicted and she drew fifty dollars or thirty days.

Promoted for Worthy Man. Knoxville, Tenn., April 8. —R. E. Simpson, who in 1882 began his railroad career as a water boy, will become general superintendent of the Northern District of Southern Railway on April 15, it was announced here today. His headquarters will be at Greensboro, N. C.

MR. SULLIVAN HURT IN AUTO ACCIDENT

C. S. SULLIVAN DROVE CAR INTO TREES

BLINDED BY LIGHT

Mrs. Sullivan Sustained Cut Across Her Forehead and Other Occupants Bruised

Blinded by the lights from the approaching automobile of R. S. Ligon, C. S. Sullivan of Sullivan's Hardware store last night at 8 o'clock drove his touring car into a tree at the corner of South McDuffie and John streets, painfully injuring Mrs. Sullivan, while he also sustained a severe shock. The occupants of the tourney, Miss Bewley, a niece of Mrs. Sullivan and the three Sullivan children were not injured.

Mr. Ligon was driving his car in one direction while Mr. Sullivan was going the opposite way. When quite close together the lights from Mr. Ligon's car blinded Mr. Sullivan and he ran into one tree, just off the sidewalk and a little way in the road, sideswiping it with his machine. This tore part of the fender and running board of the automobile but before the driver could bring the machine to a stop he had run head-on into another tree. The impact of the machine with the tree threw Mrs. Sullivan forward from the seat beside her husband and her head crashed through the glass windshield. Mr. Sullivan was stunned by his being thrown against the wheel. E. K. Chapman, who heard the noise of the machine striking the tree, ran out into the street and assisted Mr. Ligon and others in getting Mrs. Sullivan out of the glass and they then carried her into the house of Dr. B. A. Henry at 414 South McDuffie street. Dr. Henry was not at home at the time but he was hurriedly summoned and Mrs. Sullivan's wounds were dressed. It being necessary to take two stitches in her forehead. She had also sustained some painful bruises. Following the medical attention administered by Dr. Henry Mrs. Sullivan was taken to her home at 1034 South Main street and last night was said to be doing well.

The attending physician says that Mrs. Sullivan's injuries are not serious and that within a few days she will be completely recovered. Mr. Sullivan experienced but little ill effect from the mishap and he did not need the care of a physician. The car is badly battered up as a result of the affair and will have to be sent to a garage for some extensive repairs.

RICHARD I. MANNING SPEAKS IN ANDERSON

COMING HERE ON SUNDAY, MAY 10 FOR MEMORIAL DAY

Robert E. Lee Chapter of The U. D. C. Has Secured Splendid Speaker for Anderson

Announcement was made by the Robert E. Lee chapter of the United Daughters of the Confederacy yesterday that Hon. Richard I. Manning of Sumner, had accepted an invitation to deliver the address here on Memorial Day, which comes this year on Sunday, May 10. It is particularly fortunate that Memorial Day for 1914 should fall on Sunday because of the fact that each year there are numbers of people desirous of attending these services who are detained by other affairs. This year it will be possible for every one in the city to attend the exercises and take part.

In all sections of South Carolina arrangements are being made for covering the graves of the veterans and child in Anderson should this year avail themselves of the opportunity to place an offering of flowers on the mounds wherein lay the men who fought and died for the south.

The officers of the Robert E. Lee chapter feel that they have been fortunate in being able to secure Mr. Manning and the public of Anderson will concur in this opinion. Mr. Manning is one of the best known men in the state and a fluent speaker, and his heart is full of love for the south and for his native state. He will have something to say for Anderson people and his coming here will be looked forward to with much pleasure on the part of the public in general.

The exercises will take place in the court house.

ALL PRISONERS WERE TO ESCAPE

Planned to Overpower the Guard and Let Henry Lee Release Them From Jail

Henry Lee, the negro captured Tuesday after he had escaped from the county jail, was brought back to Anderson from Iva early yesterday morning and put back in Sheriff Ashler's custody. Needless to say he will not have another opportunity to get away.

In discussing the matter yesterday Sheriff Ashley said that to his mind it was clear that a wholesale release of all the prisoners had been planned and that it would have been executed had Lee had the time in which to prepare for it or had not lost his nerve. Sheriff Ashley said that in his opinion it was planned that Lee should knock Jailer Williams senseless when the opportunity presented itself, and then take the keys off his person and liberate all the prisoners in the jail. Since Lee was coccoiled in the bathroom, outside the tier of cells, it would have been a simple matter for him to take Mr. Williams unaware.

As soon as the negro escaped Sheriff Ashley offered a reward of \$25 for his return and Policemen White and Hamby at Iva immediately set out on a search for them. When he wandered into Iva at a late hour Tuesday night he was at once seized by the officers and locked until Sheriff Ashley arrived at which time he was brought back to Anderson.

Was Intimate Friend of Stonewall. Winchester, Va., April 8.—Rev. Dr. James D. Graham, pastor of the Kent street Presbyterian church here, for more than 40 years, and intimate friend of Stonewall Jackson, died today. He was 81 years of age. During early part of the civil war, Stonewall Jackson made his home here with Dr. Graham.

SENATOR UNDERWOOD RECEIVED THE CONGRATULATIONS OF FRIENDS OF "A REPUBLIC OF THE SOUTH"

The following telegram over the wires to Washington last night to the senator: "The distinguished senator-elect from Alabama, Hon. Oscar Underwood, Washington, D. C. We can furnish your house with Sloan's or Hardwick fine Wilton rugs in all sizes from 22x36 in., to 11 3-4x15 foot sizes, and we can save you from \$10 to \$20. We sell more Curtain Goods, Window Shades, Rugs and Art Squares than any store in the City. We succeed by selling the greatest volume at the lowest possible percentage.

The Bee Hive

G. H. BAILES, Proprietor.

"To my mind there are only three fundamental principles in advertising, namely, be honest, be sensible, be persistent. I say be honest because every advertiser should remember that advertising doesn't create value, it merely tells of it. The value has to be in the article itself. I say to be sensible because the majority of people who read copy are endowed with good common sense. I say to be persistent because you have to keep everlastingly at it. People soon forget and unless we keep persistently at advertising we had better not begin at all"—Hugh Chalmers, Pres. Chalmers Motor Co.

The New Edison Diamond Disc Phonograph

marks the attainment of Mr. Edison's determination to produce an instrument which would perfectly reproduce the exact character and quality of the finest music and the richest voices. It is the result of many years of experiment and investigation.

All mechanical timbre is eliminated. All sounds are recorded and reproduced with absolute fidelity to the original and every shade of volume and overtone is preserved.

The reproducing point is a genuine diamond and is never changed. Needles are never used. The disc record itself is a material new to chemistry. The powerful motor is governed as accurately as a chronometer.

This instrument opens to music lovers for the first time the great store of fine music which has heretofore been impossible of reproduction.

Call and hear it, or let us come and demonstrate it some evening at your home. Will be glad to do so.

C. A. Reed Piano & Organ Co. 115-119 North Main St.

After the annual installation of officers tonight of Anderson Lodge No. 1200, B. P. O. E., the following resolution was signed by the following members: That we celebrate with Bro. C. W.
