# FERTILIZE YOUR CROP

In fertilizing your cotton and corn, care should be taken to apply at least 600 pounds of high grade fish, blood and bone fertilizer to the acre for the best and most lasting results. Where less than 600 pounds of fertilizer is used to the acre, it acts as a stimulant only, and the crop takes more plant food from the soil than it furnishes, and your soil runs down, but where you use 600 pounds or more of fine fertilizer to the acre, you furnish the soil with more plant food than the crop takes from it and your soil improves. And besides, the more fertilizer you use, the faster your crop grows and the quicker your land is shaded and you know that is an advantage. And then with heavy fertilization you have larger stalks, more limbs and leaves and bolls. This gives you more vegetable matter for the soil this vegetable matter furnishes humus for the soil and soil without humus is like leather without oil, its usefulness is greatly impaired. And then heavy fertilization makes more bolls and this makes more bales, and there is where you make your money in farming.

The difference in cost of fertilizing an acre with 400 pounds and 600 pounds of fertilizer is around \$3 an acre, the difference in the crop will be at least 100 pounds of lint cotton and at present prices that is a little the rise of \$13.00. That is how it pays. There is no doubt of its paying and 600 pounds to the acre will pay better than 400 pounds or 300 pounds. Unless the ground is in an unusually high state of cultivation we doubt if it will pay to use more than 600 pounds to the acre for cotton or corn. If your lands are red our 5-3-3 or our 9-3-3 or our 10-3-3 is about what you need.

If your lands are gray use our 8-4-4 or our 10-4-4. If you are a little late in planting, use our 10-3-3 or our 10-4-4, as the extra percentage of phosphoric acid will hasten the growth and maturity of your cotton. If you don't care to use 600 pounds to the acre on all your crops, try it on half and see where you make your money.

We are getting out a fish, blood and bone goods that has no equal, and farmers using it this year will have an advantage in crop making that people who are deprived of it will not understand. We hope you have noticed the analysis of our goods this year, issued by Clemson College. Not a single sample has fallen down, the analysis of every one of them stands up like a little tin soldier. Where the price is the same, get the best.

### KRESS BUILDING STARTS BY MAY 10

Representative of the Company in Anderson Yesterday, Made This Statement

A. I. Wilson of New York city representing the Kress Company, spent yesterday in Anderson looking over the site on which will be erected the splendid Kress building, to go up in this city, and making a few arrangements in regard to the beginning of the work.

When seen by a reporter for The Intelligencer last night, Mr. Wilson said that he did not know of anything he could say in regard to the matter now, except that the building operations would most certainly be under way within the next 30 days, work beginning somewhere around May 10. Mr. Wilson said that any statement in regard to the company's plans at this time would be a little premature. The first plans drawn for the building did not meet with the entire approval of Mr. Kress and so many changes had to be made in them that it was found necessary to draw a complete set of new plans. This work is going on now and until it is completed it will hardly be possible to make any definite statement in regard to the building.

### President Right Says Henry White

Washington, April 14.—Henry White, formerly ambassador to France, and secretary to the American embassy at Great Britain at the time the Hay-Pauncefote treaty was negotiated, told the senate inter-oceanic canal committee today that it never was his understanding, nor that of any of the other negotiators for Great Britain that the United States ever contemplated exempting shipping from Panama canal tolls.

### MORE SPINDLES; MORE CONSUMED

**Cotton Statistics for the Present Season As Compared With Last Year**

Washington, April 14.—Cotton consumption and distribution statistics for March was announced today by the census bureau as follows: Foreign cotton equivalent 599 pound bales consumed 496,777, compared with 554,550 last year. This year, 18,176 foreign bales included.

Cotton on hand March 31st at manufacturing establishments 1,704,344, compared with 838,468. In independent warehouses 183,977 compared with 1,770,583 last year.

Imports 39,846 compared with 37,889 last year. Exports 698,395, compared with 472,973.

Linters consumed 24,716 compared with 31,160. Linters on hand March 31st in manufacturing establishments 325,471 compared with 53,583. In independent warehouses 57,328 compared with 40,780.

Active cotton spindles 31,127,904 compared with 30,575,025.

### PERSONALS.

A few hours in the city yesterday of business.

Mrs. T. S. Purts and children returned yesterday from Charleston where they have been spending some time with friends and relatives.

This city's largest game in 37 years last year valued at \$140,000,000.

# SPORTS

## TY COBB A HERO ON HOME GROUND

Won the Opening Game For His Club in a Fiercely Contested Game

Detroit, Mich., April 14.—Bonfires were flickering through the haze in center field in the last half of the thirteenth inning today when Ty Cobb drove a triple which counted two runs and a moment later he finished with the tally which enable Detroit to take the opening game of the season from St. Louis, 3 to 2.

It was a pitcher's battle from beginning to end. Neither team scored until the final inning when good, bad and reckless baseball gave St. Louis two runs and inspired a Tiger rally. For twelve innings the struggle was anybody's. Each team threatened again and again to score. In the eleventh, Cobb risked a broken leg in an attempt to decide the struggle; in the 13th Agnew scored the second run for St. Louis by a backless slide and was carried off the field with a spike wound in his foot. Score: St. Louis . . . 000 000 000 0—3 2 0 Detroit . . . 000 000 000 3—3 2 5 Batteries: Wellman, Jensen and Agnew; Crossin; Dubeck, Daus and Stanga. Time 3:03.

### A SLIGHT MISTAKE

"Rube" Benton Did Not Throw Away His Arm At All

"Rube" Benton, pitching for Cincinnati yesterday in the opening game of the season, let Chicago down with one hit and beat the aggregation from the Windy City by a score of 10 to 1, which reminded an Anderson fan of a game Benton pitched in Columbia some several seasons ago. Benton had just started to pitch baseball and came to Columbia with the Macon crew. He was sent to the box for the opening game of the season and straightaway began to corral the Angora of the Columbia team. The Anderson fan remarked to the brilliant scribe at that time holding down the position of sporting editor of a Columbia paper, on the "wonderful pitching being done by the 'green' hand in the box, whereupon the wiseacre remarked: "Yes, but he will blow up before a month or the season is gone." That sink is no longer writing baseball and "Rube" is still hitting them over the plate in fine style.

### Baseball Notes.

Brooklyn Federals and Pittsburgh went to 10 innings yesterday in Brooklyn in the presence of an immense crowd. This was the only game in the Federal league. Score—Brooklyn 1; Pittsburgh 0.

For six innings, Walter Johnson held

**JOHN J. M'GRAW,**  
Manager of New York National League Baseball Team.

## ALEXANDER.

Photo by American Press Association.

the Boston Americans hitless and won for Washington handily, 6 to 0.

Chicago Americans and Cleveland had a hot battle up to the 7th inning when Daly, a recruit, drove in the winning run for Chicago.

There was a great surprise in New York when Frank Chance's New York Americans defeated the Athletics, 3 to 2. This is the first time in years that the New York Americans have opened the season at home with a winner, McInnis pitched.

Philadelphia ran away with the New York Giants. Alexander pitched for Philadelphia and Marquard and Fromme for New York. Marcs of Philadelphia got two home runs and a single and walked once, driving in six runs.

Wingo caught in the game in which his St. Louis club defeated Pittsburgh, and the pitchers that assisted to win the game were traded last summer to St. Louis by Pittsburgh. It was a close game.

Gov. John K. Tener of Pennsylvania, head of the National league, pitched the first ball in the game at Brooklyn between that club and Boston. The Brooklyn team was pitched to a beautiful victory by Reulbach.

### AMERICAN LEAGUE

At Boston 0; Washington 3.  
At Chicago 5; Cleveland 2.  
At New York 8; Philadelphia 7.  
At Detroit 3; St. Louis 2. (13 innings.)

### NATIONAL LEAGUE

At Cincinnati 10; Chicago 7.  
At St. Louis 2; Pittsburgh 1.  
At Brooklyn 8; Boston 7.  
At Philadelphia 10; New York 1.

### MR. SULLIVAN IS INVITED TO SPEAK

Assigned to Topic For State Meeting of S. C. Building and Loan Workers

G. Cullen Sullivan, one of Anderson's best known attorneys, has received an invitation to deliver an address in Rock Hill on June 24 when the Building and Loan Association of South Carolina will be gathered in its annual session. Mr. Sullivan is a splendid speaker and there is no doubt that he would make a fine speaker upon the association should he see fit to accept the invitation tendered him. The subject assigned to Mr. Sullivan is "Rentment—Not To Be Overlooked in the Conduct of Institutions."

M. W. Goldsmith of Greenville is president of this association while J. A. Morse of Aboite is the first vice-president.

### CHAS. S. WELLES IS FREE

Chas. S. Welles, former President of the Beas Vol. Firemen's Association, died here today of the marriage of the Wesleyan Methodist Church on south Main street, from Tuesday until Sunday week.

### BILLY BURKE MARRIES

New York, April 14.—Announcement was made here today of the marriage on Saturday at Hoboken, N. J., of Miss Billy Burke, actress, to Francis Fitzgerald, Jr., theatrical manager. The couple plan to call for a honeymoon in Europe at the close of this spring of Miss Burke's present New York engagement.
