ADDITIONAL FEATURES FOR TRADES DAY HERE INTEREST AMONG FARMERS FARMERS OF COUNTY

FINE ADDRESSES Two Additional Speakers Secured Yesterday to Appear Before Farmers Next Tuesday

Following the announcement of the program for the coming Trades Day, which is to be held next Tuesday, Secretary Whaley of the Anderson Chamber of Commerce said yesterday that the farmers in all sections of the county seemed to be taking a lively interest in the meeting. Mr. Whaley noted that they were well pleased with the program arranged and said that they would be better pleased to learn that two additional features have been provided. These will consist of an address by W. J. Sheely, agricultural agent of the Southern Railway, with headquarters at Charlotte, an address by D. J. C. Mitchell, city meat and milk inspector of Anderson.

Mr. Sheely will speak on the subject "Farming Up to Date" while Mr. Mitchell will discuss "Hygienic Milk Production." In addition to these addresses the following program will be carried out: Cream Day—Ground Preparation Day. 9:30 A. M.—S. A. Burns, president. Invocation—Fred M. Burnett, Secretary. Y. M. C. A. Methods of Handling, Selling and Production of Cream—V. A. Hooper, Hillside Cream Co., Columbia, S. C. Agricultural Outlook in Anderson—Porter A. Whaley, Secretary Chamber of Commerce. "What Cotton Now Means"—J. W. Rothrock, Agricultural Demonstrator. N. B.—Immediately after the meeting tea cream will be served free to all who attend the meeting, complete secretary of the Hill Side Cream Company of Columbia. Mr. Hooper will explain to all who attend how to produce, handle, ship and sell cream and butter. A special invitation is extended to the members of the Anderson county Live Stock Association to be present, and all farmers and their families in Anderson and adjoining counties.

GAFFNEY HAS RAISED HALF NECESSARY SUM

CHANCES ARE TOWN WILL ENTER THE LEAGUE BE DECIDED TODAY

Ed. DeCamp Says That Chances Are Good For His Town Taking Birth in New Association

The Intelligencer learned last night from Ed H. DeCamp that half the sum necessary had been raised for Gaffney to enter the proposed Piedmont baseball league and that a last effort will be made to secure the remainder. Mr. DeCamp, who is one of the best known baseball enthusiasts in this State, says that he has been making every effort to get the money needed and that he has in hand a little over one-half the sum that Gaffney will have to have if she is to put a team into the field. The Gaffney man was not entirely optimistic last night over the outlook but he believes that there is a fair chance of getting the money together today and says that he hopes to see Gaffney have a place in the league when the first ball is pitched next Monday.

When Greenwood dropped out of the league the matter was up to Mr. DeCamp and he has strained every nerve in his efforts to get the Gaffney fans into the association. He has contributed liberally himself and if he will make one more effort today it is believed that Gaffney will come across. In the event that the money is raised, Gaffney will be able to put some sort of team into the field next Monday and the negotiation can then be strengthened within a few days.

Conditions in Anderson from a baseball standpoint are growing better every day. Mr. Garvin announced last night that he has three splendid pitchers already in camp and he is expecting another to arrive tomorrow. "Red" Childers, well known to the baseball fans of this section, has been signed and will report before the season opens. Red will play either second base or short stop. On the whole the Anderson aggregation looks good and it is a sure bet that they will be found playing when the first game comes to a close. The first work-out for the recruits takes place this afternoon when Garvin's bunch will tackle the Y. M. C. A. The game will be played at 4:30 p. m. at the Buena Vista Park and it is expected to be a good exhibition. The game is expected to come out and look the same over. This game was scheduled for yesterday but had to be called off on account of rain.

Anderson people were pleasantly surprised yesterday when they received invitations to the marriage of Miss Bertha Georgiana Helms and Ottaway Samuel Maret, which is to be a society event of interest in Atlanta, Ga. Mr. Maret once made his home in Anderson and he has a number of friends here. He was very popular and Anderson people will wish him all good fortune. The following is the invitation: Mrs. Bertha Mountford Moreton Helms requests the pleasure of your company at the marriage of her daughter, Bertha Georgiana to

Mr. Ottaway Samuel Maret on Wednesday, the twenty-fourth of June, at high noon. Eight Hundred and Twenty Piedmont Avenue, Atlanta, Georgia.

PROPOSE A LINE TO AUGUSTA, GA.

Anderson People Want Toll Line From Here to Augusta and to Points Between the Cities

Anderson people have submitted a proposition to the Southern Bell Telephone Company to build a toll line from Anderson to Augusta, Ga., touching at intermediate points. This has been desired for some time and the Anderson telephone users, having decided that the idea is not only feasible but much desired by the telephone officials, have placed the matter before them.

The telephone people yesterday advised Secretary Whaley of the chamber of commerce that they looked upon the proposition with favor, provided they could be convinced that the tolls from the line would be sufficient to warrant its being built. They also advised that a survey would be made of the route within the next few weeks, estimates made of the cost, an investigation conducted into the matter of how much revenue would be derived from the new line and then they will announce their decision. At present in telephoning to Augusta it is necessary to use the Columbia line and there are a number of towns between Anderson and that city where a long distance line would be of great benefit. If the present plans go through a pay station will be established on the new line at every point between the Charleston and Western Carolina railway between Anderson and Augusta.

GREENVILLE CONCERN TO ERECT BUILDING

LIGON & LEDBETTER AWARD CONTRACT YESTERDAY

ONLY FIVE BIDS

Fiske-Carter Company of Greenville Secured Contract at Figure of \$25,919

Bids were opened yesterday by Ligon & Ledbetter from various contracting firms, on the erection of their handsome new building on Main street, and it was finally determined that the contract goes to the Fiske-Carter Company of Greenville. That company's bid was \$25,919 for an all fire-proof building.

It was announced that the work of erecting the building will begin at once and will be rushed as rapidly as may be possible. All told there were five bidders, four of whom bid on the construction of either an all-fire proof building or a partially fire-proof building. C. M. Quest of Anderson did not submit a bid for an all fire proof building but bid on the construction of a partial fire proof structure. His bid on such a building was \$21,861.54.

The following is a list of the bidders, with their two figures for the two kinds of buildings: Fiske-Carter Company, \$25,919 and \$22,925; Felt & Lowe, \$26,600; Evans Brothers Construction Company, \$25,925 and \$25,200; C. M. Quest, \$21,861.54. When completed this will be one of the handsomest business buildings in the city and will be complete and modern and up-to-date in every respect.

Ornaments of the Oyster. A kindergarten teacher, after explaining to her much interested class that birds have feathers, bears have fur, sheep have wool, etc., asked the question: "Now, who can tell me what oysters have?" A bright little girl, very eager to recite, answered: "Crackers."—National Monthly.

Laughter Aids Digestion. Laughter is a most healthful exertion; it is one of the greatest helps to digestion with which I am acquainted; and the custom prevalent among our forefathers, of exciting it at table by jests and buffoons, was founded on true medical principles.—Hufeland.

Right Spirit. Fond Mother—"Well, Tommy, what are you going to do for me when you grow up?" Tommy—"If I can afford it I'm going to send you to some high-toned establishment where you will get a fine education."

PLAN FRIDAY FOR THE CONVENTION

Elks Hold Regular Sessions Tonight But Meet Friday To Complete Associations Plans

The Anderson lodge of Elks will meet in regular session at the home on Whitner street tonight but this meeting will be cut short on account of the municipal campaign speaking, which is to take place at the court house. At tonight's meeting nothing will be done to ballot on candidates. However, another meeting will take place Friday night, at which time several candidates will be carried across the hot sands and admitted to the order and plans will also be discussed for the meeting of the State Association, which convenes in Anderson next Wednesday.

Practically all plans have been completed for the meeting and little now remains to be done. The contract for the barbecue has been signed and Parker, one of the most famous 'cue experts in the South will come from Augusta, Ga., for that purpose; the contract for the decorations has been signed and the Atlanta firm will have a force of men in the city Monday for the purpose of stringing the banners across the streets and decorating the stores.

The handsome new home on the corner of Sharpe and McDuffie streets has been completed and will be furnished by the time that the fire delegate arrives in Anderson for the State Association.

The Anderson lodge plans to show the visitors a thing or two in the way of entertaining and it is believed that Anderson will get much valuable publicity as a result of this convention.

SCHOOL BOARD HELD MEETING

Decided Yesterday That Work Would Begin At Once On Replacing Burned School

The Anderson board of trustees of the city schools met yesterday afternoon at 4 o'clock in the office of E. C. McCarts, superintendent of schools. This was a call meeting and was held for the purpose of considering plans for rebuilding the Glenn Street school, which was destroyed by fire a few days ago. At this meeting it was definitely determined that the building would be rebuilt, work to be started at once.

After considerable discussion on the question, considering the probable cost and other matters relative to this school, the board appointed a committee to have charge of rebuilding the school. This committee consists of J. A. Brock, J. M. Paget, J. P. Duckett and W. P. Wright.

It was decided that the architect, J. J. Baldwin, be asked to submit plans for the new building, together with an estimate of the cost, to the board at another special meeting which will be held Friday. He will also be asked to provide for two additional rooms, making this school ten room school building instead of eight as it was before the fire. Notwithstanding the fact that the school had been in operation only about three weeks when it was burned, it had already become evident that it was too small and for this reason the trustees have practically decided to add two more rooms.

No other business was attended to at yesterday's meeting.

PENDLETON VOTERS SIGN THE BOOK

Old and Young Are Getting Ready To Vote Under New Registration Law

Pendleton, June 10.—Special:—The books of registration for Pendleton have been received and were opened yesterday afternoon. Quite a large number of voters registered, and seemed very much interested in the new form. All express themselves as well pleased with the new rules and no objection to filing out all the blanks was offered. There was every range of voters from an aged man, to the youngest enrolling for the first time. The oldest to register during the day was W. R. Rowland, 80 years of age, and the youngest was H. R. Foster who is just 21 years of age. The committee in charge of the registration is Messrs. H. C. Summers, Sec. J. E. Wofford, enrolling clerk, and Sam'l McCravy, executive committeeman.

VERMILLION DYING

Man Hurt in the Due West Accident is in Critical Condition. Greenwood, June 10.—A special to The Journal from Donalds says that Furman Vermillion, who was seriously injured at Due West some time ago when the gallery in the auditorium of the Due West Female College collapsed is in a critical condition and is not expected to last many days. Mr. Vermillion has a wide circle of friends who will learn of his condition with the deepest sorrow. Miss Bearden and a number of others, who were injured in the same accident are improving steadily.
