LACK SOLUTION FOR MEDIATION

HITCH FIRMLY IS LODGED OVER CHOICE OF MEXICAN PRESIDENT

REPLY FOR REBELS

Carranza Told War Must Cease In Order That His Men Be Heard At Niagara Falls

Washington, June 15.—Government officials admitted tonight that there was a crisis in the Mexican mediation conference at Niagara Falls over the selection of men to represent the proposed provisional government. They however, still seemed confident that conditions presented would be met. Late in the day word came from Niagara Falls that the South American mediators had replied to the recent note from General Carranza, chief of the Mexican Constitutionalists, stating that his offer to send delegates to the peace conference would be accepted only if he agreed to cease hostilities against Huerta. That Carranza would not consent to such a condition had been repeatedly asserted by him and all his representatives. This development, therefore, caused no change in the diplomatic situation, in so far as the United States was concerned. It was stated officially that the United States had been proceeding with the mediators at Niagara Falls on the basis that there could be no solution of the Mexican problem unless the warring factions would be brought to terms. Developments in the Mexican internal conflict during the last few months, it was pointed out, had made apparent that the Huerta government could not survive irrespective of the mediation, and that there could be no provisional government worthy of the name which did not recognize the revolutionists. To satisfy the Constitutionalists the Washington government was declared to realize that the man to succeed Huerta pending a Constitutional election must be one in whom the Carranzistas would have confidence. With this position as a basis, it has been revealed, the Washington government suggested, through its representatives at Niagara Falls, the names of several men for provisional president who would be acceptable to the Constitutionalists. Among these was Pedro Lescurain, who was a member of the Madero cabinet. Representatives of Huerta at the peace conference have not acquiesced in these names, but have proposed in turn men who have not been identified with the Constitutionalists movement. These names have not been acceptable to the United States, so far as can be learned here. While this situation would seem to precipitate a deadlock, it was reported here that the Huerta delegates were prepared to suggest a compromise candidate and that, in any event, they would take the initiative in breaking off negotiations. According to this report, the Mexican delegates compromise candidate was General Fernando Gonzales. He has not been identified with the Huerta regime, but is declared not to be acceptable to the Constitutionalists. President Wilson and Secretary Bryan were in communication with the American delegates at Niagara Falls early in the day. A message outlining the position of this government relative to suggestions for the provisional government made by the Huerta delegates was sent to Justice Lamar. Its contents were not divulged.

Huerta representatives in Washington, among them Charles A. Towne, a New York attorney, have asserted that the Huerta delegate would not accept a Constitutional list for the provisional presidency. Mr. Towne has been seeking a conference with President Wilson, but the president did not meet him today. At the White House it was said that there would be no such conference.

MILITARY CAMP PLANS ANNOUNCED

Charleston Band Will Be On Duty At Asheville Station—Other Arrangements

Washington, June 15.—Plans for the student military camps to be held at Bullington, Va., Luddington, Mich., and Asheville, N. C., have been completed by Capt. R. O. Van Horn, of the general staff of the army, and the war department has ordered organizations of cavalry and infantry to proceed there from July 6 to August 7. More than 150 colleges and universities and high schools will be represented by some 1,000 students. A number of specially instructed officers have been detailed by the war department to give students attending the camps a comprehensive short course in military instruction, including drill, tactics, and the national rifle association of American has offered special medals for excellence in target practice. All students and graduates of colleges or high schools between the ages of 17 and 20 years are eligible for the training course. The military organizations detailed for duty at the Asheville camp are Troop K, fifth cavalry, Fort Meyer, Va., commanded by Captain Clarence R. Day, and the first coast artillery corps, based from Charleston, S. C.

PARIS STREETS CAVE IN DURING A STORM

Taxicab Engulfed, Lives Are Lost and Terror Is Created In The French Capital

Paris, June 15.—A thunderstorm of phenomenal violence tonight raged over Paris for three hours. It caused loss of life and enormous damage to property. The rain flooded the streets and caused the bursting of sewers. In the central fashionable quarter of the city a street caved in, engulfing several pedestrians. The number of victims is not known, owing to the danger of approaching immense pits resulting from the collapse of side walks and roadways. The police estimate the victims at seven at least.

The most serious cave-in occurred at the junction of the Rue Le Boeuf and the Faubourg Saint Honoré. When the storm was at its height five hundred square feet of the road sank carrying with it a number of persons who had taken shelter under the awning of a cafe. Water spouted from the broken mains, and added to the torrents from the sky, converted the whole district into a veritable river. Gas mains telephone wires and the electrical supply were broken off. The quarter was crowded and large squads of police were hastily summoned. President Poincaré sent a number of his military household to the scene and troops were ordered to aid the police and firemen in their efforts to rescue.

About the same time a large section of the roadway in the Place Saint Augustin suddenly collapsed. A passing taxicab was engulfed. Eye witnesses saw a woman's hand waving from the vehicle, and the head of the chauffeur as the taxicab disappeared. Almost immediately a great block of stone fell upon it. A large wagonette just missed the same fate.

Almost at the beginning of the storm the roadway at the junction of the Rue Tronchet, the Rue Auber and the Boulevard Haussmann one of the busiest sections of Paris, disappeared. Police kept the people away from the roadway, which continued slowly to subside. Suddenly a sheet of flame shot up to the housetops, with a terrific detonation. Gas from a broken pipe had caught fire, and the crowd, seized with a mad terror, sought safety in the surrounding houses.

Laurens, June 15.—Judge Gary overruled the motion by the defense to continue the case against Joseph G. Sullivan, charged with the murder of John B. Cannon and the case will be called Thursday.

Under Civil Service. Washington, June 15.—After twice reversing its action, the Senate today finally voted to place under civil service regulations the new commercial attaches to be assigned to the embassies and legation abroad.

Benefit War Veterans. Washington, June 15.—A bill to make all persons honorably discharged from either army during the civil war from the age limitations on fourth class postmasters when they possess sufficient business capacity for appointment was introduced today by Senator Hoke Smith.

Organization of the new national banking and currency system, entered its last stages today when President Wilson nominated the five men, who serving with the secretary of the treasury and the comptroller of the currency ex-officio, will constitute the Federal reserve board.

Charles S. Hamlin, of Boston, was nominated for two years; Paul Warburg, of New York, for four years; Thomas Jones, of Chicago, for six years; W. P. G. Ha Jing, of Birmingham, Ala., for eight years, and A. C. Miller, of San Francisco, for ten years. Thus, eventually, all appointments to the board will be for ten year terms, the term of one member expiring every two years. President Wilson will select one of the men named today to be governor of the board. It is generally expected that Mr. Jones or Mr. Hamlin will be designated.

Says American Guns Were Used

(By Associated Press) Mexico, City, June 15.—General Ignacio Morales Zaragoza, who commanded the federal expedition which evacuated the seaport of Tampico, said in an interview here today: "All the foreign consulates at Tampico, but American ones were friendly toward the federal troops. From the Victoria hotel, where a large number of Americans resided, some shots were fired on my soldiers. A search of the building produced eighty-three rifles and a large quantity of cartridges. "I have proof that the rebels intended to retreat from Tampico, but this was not accomplished because some American gave the word to the rebels that the federal ammunition was exhausted. "When General Pablo Gonzales attacked Tampico he used two field pieces that I know belonged to the American warships anchored in the harbor."

MADE DEATH PLANS BEFORE FOUND SHOT

Captain Ernest West Appears To Have Attempted Suicide—May Recover

Atlanta, Ga. June 15.—Enclosed herewith are certain biographical data which I request you to retain on file for such use as may appear. Two hours after this note, signed by Ernest E. West, former navy and marine corps officer, and accompanied by an autobiographical sketch, was received in local newspaper offices from Chattanooga, Tenn., that West had been found unconscious in a hotel room there with a bullet wound in his forehead. A man recently was dismissed from the marine corps, where he held the rank of captain. One of his notes referred to his dismissal as follows: "The court which recently tried me, at first acquitted me; but on some specious reasoning which I never saw, it changed its decision and Daniels, with his new policy finished me. I lost the income of \$50,000 and in my state of broke could be reinstated."

Dismissal of Captain West from the marine corps followed a separation and divorce from his wife, whom he married here, and further difficulties which arose in connection with Mrs. West's possession of their 9 year old son. Relatives of Captain West were notified here and in Rome, Ga. of his condition immediately after the finding of the body and hastened to Chattanooga, Meigs county, where today said that he had a chance of recovery, although he might be blind as a result of injury by the bullet to his frontal bone.

Supreme Court Adjourned. Recessed for a Week Without Finishing Business. Washington, June 15.—The Supreme Court of the United States today recessed until June 22 without announcing decisions in the Interventum case or other important cases. The court recessed because of the recessed opinions in the forty nine cases awaiting decisions and that another week was needed. Never before has the court remained in recess as late as June 22. There was definite statement from the court that next Monday will be the last decision day of the term, but it was believed, however, that the court on that day would adjourn until next October.

THE MARKETS New York Cotton New York, June 15.—There was a sharp break in the cotton market today under liquidation by July longs and more or less general selling inspired by reports of good rains in the eastern belt over Sunday. July contracts sold below August for the first time on the movement. Closing prices were a shade up from the lowest on 13 of 18 points net lower.

Grain and Provisions Chicago, June 15.—Wheat prices glided downward today, influenced by the fact that Kansas and Oklahoma had escaped a wet harvest. The close although steady, was 3 1/2 to 3 3/4 off. Corn showed a decline of 3 1/2 to 3 3/4. Oats finished 1 1/2 off to 1 1/4 a 1 1/2 up, and provisions at an advance of 50 to 25c.

Money On Call New York, June 15.—Close: mercantile paper 3 1/2 a 4. Sterling exchange steady; 60 days, 4.86 50; demand 4.88 75. Commercial bills, 4.95 7-8. But silver 56 1-2. Mexican dollars, 4. New Orleans Cotton New Orleans, June 15.—Prices weakened in the cotton market today under selling based partly on improvement in weather conditions over the belt and partly in anticipation of a favorable weekly crop summary from Washington tomorrow. Stocks and Bonds New York, June 15.—The judgment of the speculative community was held in abeyance today and the stock market-price movements were narrow. No progress was made toward clearing up the questions which block the way for bulls and bears alike. Reports of serious difficulties confronting the Mexican revolutionists made little impression. Just when the rate case decision will be announced remained as much of a puzzle as ever. The shorts sought to make a bear argument out of Washington advice setting forth President Wilson's insistence on putting through at the present session of congress the administration's trust program, but the market was not affected greatly. The drift was downward, but the movement did not attain proportion. The lowest stocks in the list were the shares of the Gould roads. Both Denver and Rio Grande common and preferred set low records for a long period of years. Missouri Pacific sagged at times and a few of the specialties more than a point. Steel was heavy lost ground.
