ELECTRIC CRY SPARKLETS

Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

To Hold Train

T. B. Curtis, of the Charleston & Western Carolina railway announced yesterday that his road had consented to hold passenger train No. 21 at Iva tomorrow afternoon, for the convenience of those who will attend the Saluda Baptist association. The train comes from McCormick via Iva at 2:30 P. M., reaching Anderson at 3:45 P. M. On this particular afternoon, it will be held at Iva until 4 o'clock, reaching this city shortly after 5 o'clock. Mr. Curtis said that this was necessary because of the fact that a great many Anderson people will desire to remain in Iva until after the conclusion of the afternoon session and it would not be possible for them to do this if the train left on its regular schedule. People in charge of the preparations for the Iva meeting of the association say that they are very appreciative of the railroad's kindness in the matter.

Families Are

Fast Cooling In.

Anderson is growing day by day and new families are moving to this city with very pleasing regularity. Furman Poole, a well known young man of Westminster, arrived in the city yesterday and announced that he would make his home here. Mr. and Mrs. F. P. Calvert have moved back to Anderson and Mr. Calvert will resume his duties as one of the overseers in a local mill. They have been living at Belton. P. C. Wootton and family, who have also been living at Belton, have returned to Anderson, and will make this their home in the future.

Pretty Bungalow

Now Being Built.

An Anderson Real Estate & Investment Company yesterday placed an order for material for a pretty bungalow which this popular company will erect on one of its lots in College View. This is fast becoming one of the most popular residential sections of the city and people living in College View say that there is no place like it. The plan of the Anderson company is to build these houses and then dispose of them as quick as they are completed. It is said that their system is meeting with popular favor and that there is a demand for all the houses which they have erected.

Now In The

Fall Market.

Miss Dora Geisberg and Mrs. Kate Elliot left last night for New York and other Northern markets, including Baltimore and Philadelphia, where they go to purchase fall goods for the firm of D. Geisberg. While away Mrs. Elliot will take a course watch and make her a full fledged corsetiere and when she returns to the city she will be even more valuable to this well known concern than ever before. Their plan contemplates the purchase of a very extensive line of the most handsome and most up-to-date fall goods.

Postmasters Are

To Meet In October.

Postmaster Cochran of the Anderson office has received advice from L. G. Young, of Union, president of the South Carolina postmasters association to the effect that the next annual convention of postmasters of Delaware, Maryland, Virginia, North and South Carolina, will be held in Washington some time during October. This is annually a great gathering and in all probability the Anderson postmaster will attend and take part in the meeting.

Stevenson Family

Will Have Reunion.

The annual Stevenson reunion is to be held on Saturday, August 1, at the home of Mr. J. A. Stevenson, two miles south of Townville on the line between Anderson and Oconee counties. This is a particularly appropriate place to hold the reunion, since a member of the family live in each county. The gathering of the friends and relatives of the Stevenson family for this occasion will be one of the largest yet.

Candidates Are

Coming Thursday.

The four candidates for congressman from the Third Congressional district will reach Anderson Thursday and will address the voters of the county. It is understood that the meeting will take place in the court house and as Anderson people seem to be taking more interest in the race this year than they have for sometime past, there will probably be a large attendance. The Congressional campaign in this district was opened at Newberry yesterday.

New Convenience

In A Local Bank.

The Bank of Anderson has installed a new convenience, in this the convenience being a new one as yet unknown by Anderson people. It is a money carrier which is made in the shape of a long, brass tube, and which carries money from one end of the bank to the other. It is a compressed air arrangement, and forces the bags of coin and the parcels along through the tube to their destination. It will save the employees of the bank from taking many and many a step.

Two Orders

Will Battle.

The biggest event of next week in Anderson will be a baseball game at Buena Vista Park between the Anderson Knights of Pythias. Both teams are now engaged in arranging their line-up and it is said that the use of Dr. Sloan's ointment has been invoked in order that some of the older fel-

lows may become supple by the time the day for the same arrives. "Villum" Banks, Sport Cochran, Tom Maxwell, Keys Gilmer and Gus Hudgens will be among the stars for the Elks while the Knights of Pythias refuse to divulge the membership of their team. Bets are even that no one on either side will be able to last throughout the entire game, but all indications are that the affair will be the richest ever staged at Buena Vista park. The Mother Hubbard uniform which Gene Watson will wear will be quite a feature. The day for the game is soon to be announced and a small admission fee will be charged, the receipts to be turned over to charity.

Will Start On

Making Road.

It was announced yesterday that Anderson county, through J. Mack King, the county supervisor, has now agreed to mark all the roads leading into the city and the work will soon be underway. The Intelligence said a few days ago that the county officials looked on this proposition with favor and that it would probably be ordered within the next few days. It will be remembered that Col. E. J. Watson, commissioner of agriculture, recommended that the county take such action, as it is sometimes almost impossible for strangers to find their way into the city. The placing of the markers along the road will be a great help, especially at this season of the year, when dozens of tourists are passing through the city every day.

Free Candy

For Tomorrow.

The Owl drug company announced yesterday that every customer of their establishment calling at their store tomorrow will be served a specially fine candy, absolutely free of charge. The home office of the company is sending Mrs. L. B. Holland to Anderson and this lady will demonstrate the many superior qualities of this famous candy, at the same time seeing that every customer during the day is supplied with some of the delicious wares. Doubtless the Owl drug store will be more popular tomorrow than it has ever been before and dozens of visitors will probably call to inspect the large display of candies, fresh from the factory in Atlanta. Mrs. Holland is to be here for only one day.

Praising The

Summer Schools.

A number of Anderson county teachers have been attending the summer schools which have been in session in this State with Winthrop College of Rock Hill and the University of South Carolina at Columbia, since the close of the college sessions. The teachers have written home telling of the wonderful progress they have made along certain lines of study and they say that every teacher attending either of the schools has been greatly benefited and he will be able to render much better service during the coming school session. J. F. Foran, county superintendent of education, said yesterday that he was glad so many Anderson teachers availed themselves of the opportunity to attend these schools and he only regretted that more of them could not go.

Will Fight The

Closing Orders.

Gut Antonikos, proprietor of the Piedmont Cafe, says that he is far from pleased over the order which the Mayor has issued, to close the cafes of the city to close before midnight and said yesterday that acting upon legal advice, which was to the effect that the city had no right to force an eating house to close, that he would stay open and give the officers a chance to arrest him, following which he will take the case to a higher court and have the question settled once and for all, whether or not the city has a right to make the people go hungry. Gus said that the tourists coming through the city on the first night that he was forced to close were long and loud in their complaints over having to spend a supperless night.

Many To Play

In Tournament.

The announcement that a tennis tournament is to take place in this city next week has precipitated a lively discussion over who is the best tennis player in the city and over the question of who has the best chance of winning. It is conceded that some of the Y. M. C. A. members will have the best look-in at the cups, since they have had more practice than any one else, but on the other hand several of those who are to enter claim that they have not touched a racket this year. The affair is being staged by the Y. M. C. A. and the tournament will be played on the courts of Anderson college. Prizes will be offered for single champions and there will also be a prize offered for the best mixed champions. It is said that a great deal of friendly rivalry has already been kindled and this afternoon will witness the first real work-out of several of those who hope to cop a cup. The young ladies of the city are taking a great interest in the coming event and the ladies championship games will be even more interesting than those arranged for the gentlemen.

Last Call For

Ward 1 Voters.

A notice was issued yesterday by C. Eugene Tribble, of Ward 1, to the effect that all voters of his ward desiring to enroll call upon him today as this is the last day for a voter to get his name on the club rolls. Mr. Tribble said that for the convenience of the voters he will endeavor to be in his office for the greater part of the day today but for the benefit of

those who desire to be sure of finding him, he will remain in his office from 5 o'clock to 7 o'clock this evening. No voter should neglect to take advantage of this opportunity to get his name on the club books.

Anderson Is

Minus Ministers.

For the next three weeks the only place that the church requesters in the city of Anderson proper will be the First Presbyterian church. The Central Presbyterian church has granted a vacation to Rev. J. Witherspoon Dodge, in order that he may celebrate the arrival of William Henry Dodge, who made his appearance at the home of the minister last Sunday. Rev. J. W. Speake, pastor of the St. Johns Methodist church, has gone to Antreville to conduct a series of services and later he will go on his vacation and Rev. Dr. John F. Vines, pastor of the First Baptist church of Anderson has gone to Tennessee, where he will be joined by Mrs. Vines and they will go to Chautauque Lake, New York, for a stay of several weeks. This means that the Anderson people who are not overfond of going to church will have a good long rest, unless they care to attend the services of the First Presbyterian or some of the other churches of the city.

Weather Wasn't

No Warm At All.

After experiencing days when the mercury hovered up around 104 and 105 it seems that Anderson people have learned what real warm weather is. However, they did not, because Sunday dozens of people were heard to insist that the weather was warmer than it had been in this section. And again yesterday the same thing was heard, until the rain came up late in the evening and cooled things off. Just to see what the weather man had to say about the thermometer, a reporter for The Intelligence interviewed H. H. Russell, the official forecaster for the city and that gentleman showed figures to prove that the official register for Sunday was 102 and for yesterday was 100. This is very comfortable weather, after some that Anderson has swallowed through since the Summer began.

Mr. Felkel To

Build A Home.

F. W. Felkel, a well known Anderson insurance man, yesterday purchased a lot in the College View section from the Anderson Real Estate and Investment Company and announced that he will start at once the erection of a handsome \$5,000 home. The house will be one of the most modern and up-to-date to be found on Woodrow Circle and will be finished in gray stone, with steam heat and other modern appliances. Woodrow Circle, said to be the only exclusive terrace in town, will soon be among the most popular of all the building sites.

OFFER RATES

HOME COMING

Railways Cooperating To Make Reunion at Clemson a Great Success

Everybody and everything seems determined to join in making home coming week at Clemson College a big affair and a successful affair and not the smallest factor in getting the crowds of old students back to the campus of their alma mater will be the low rates offered by the railroads of the state. These rates, just received by President Riggs, are believed to be as low as any excursion rates ever granted in the state.

The home coming rates are not based on any rule which could easily be stated. The following examples will, however, enable one to make his calculations. From a point from which the one-way fare is \$1.00, the round trip fare will be \$1.45; from a point from which the one-way fare is \$2, the round trip fare will be \$2.65. Other rates similarly arranged are as follows: One way fare \$3, round trip \$5.45; one way fare \$7, round trip \$9.05; one way fare \$5, round trip fare \$8.25; one way fare \$6, round trip \$9.45; one way fare \$7, round trip \$10.65; one way fare \$8, round trip \$11.85; one way fare \$9, round trip \$13.05.

These rates are from points within South Carolina, and from August 2. Tickets will be on sale on August 25 to 30 and will have a final return limit of September 2.

All former Clemson men who have not yet answered the invitations sent to them and who intend coming are requested to notify Dr. Riggs at once if they expect to have accommodations arranged for them. All who have answered their invitations will receive in the next few days a letter from Dr. Riggs giving further details as to program, rates, etc.

Clemson College now has in South Carolina scattered from the mountains to the coast, between 5,000 and 6,000 corner students. These men are to be found among the leaders in all lines of endeavor and are wielding a large influence in the agricultural and industrial affairs of the state. Home coming week will give them an opportunity to spend a little time on the campus of the alma mater to which they are loyal and to replenish the fires of this loyalty and affection for Clemson.

MARRIED IN ABBEVILLE

Miss Lulle Ellis Becomes Bride of J. Cliff King.

Abbeville, July 27.—Miss Lulle Ellis and Mr. J. Cliff King were married on Wednesday afternoon, July 22, at 3 o'clock, at the country home of the bride's parents, Mr. and Mrs. W. R. Ellis. The Rev. R. E. Telford performed the ceremony. Only the immediate families of the contracting parties were present to witness the ceremony. After a delightful refreshment, were served the bride and groom left for Hendersonville, N. C.

The bride is the oldest daughter of Mr. and Mrs. W. R. Ellis and has many friends throughout the county and state. The groom is a young business man of the firm of Parker & Reese. The young couple have the best wishes of their many friends.

Time and Money.
