PELZER PEOPLE HAD BARBECUE

Annual Meeting of Pelzer Corn Club Was Attended By Crowd Estimated at Over Fifty

When the people of Pelzer make up their minds to do a thing up in proper shape they always do it, according to those people in attendance Wednesday night at the second annual meeting of the Pelzer Corn Club. About 50 people were present when they gathered on the bank of the stream, near Frankville, to make a merry party.

Addresses were delivered by W. J. Sholey, of the Farm Demonstration department of the Southern Railway, Farman Smith, of Anderson; Porter Whaley, of the Anderson chamber of commerce, and Fred M. Burnett, of the Anderson Y. M. C. A. The farmers in attendance brought their wives and the festivities lasted until a late hour. Such a success was scored that from now on the Corn Club will hold these meetings every year.

BETTER SERVICE FROM HERE TO HONEA PATH

OVER THE TELEPHONE LINES

VIA WESTERN UNION

Company Has Promised That New Line Will Be Built During Fall For Anderson's Benefit

The announcement that a new line will be put into operation by the Southern Bell Telephone Company between this city and Honea Path has been received with a great deal of delight in Anderson. For months there has been complaint in this city over the service rendered by the local telephone company to the town of Honea Path. Numbers of business men have protested over the wretched connections and finally James Hammett, chairman of the executive committee of the chamber of commerce, wrote a very strong letter to Morgan B. Spier, of Charlotte, district superintendent of the system, in which Mr. Hammett urged that some steps be taken. The cotton mill manufacturers of this city have occasion to talk to Honea Path very frequently and the same thing is true of the business industries of that city and much annoyance and inconvenience has been occasioned over the poor service.

Following Mr. Hammett's protest, a letter has been received from Mr. Spier in which that gentleman assured Mr. Hammett that a new line will soon be in operation. The letter is in full follows: Charlotte, N. C., Aug. 24, 1914.

"Dear Sir: "Referring to your letter of the above date and subject, I have had some correspondence with Mr. James D. Hammett and on August 22nd, the date on which your letter was written, wrote Mr. Hammett, as follows: "Our service between Anderson and Honea Path, via Belton, is seriously interfered with by trees in the towns of Belton and Honea Path. I would not have you infer from this, however, that our plant is not a good one, but the only right of way we could secure was not as satisfactory as we would have liked. Because of this, we have concluded negotiations with the Western Union Telegraph Company whereby that company will rebuild its line between Anderson and Honea Path this fall, at which time we will transfer our existing circuits to that company's poles, which you will recall are on a clear right of way, paralleling the Southern Railway Company's tracks, and at the same time that this work is done, we will also string an additional circuit between Anderson and Honea Path which will furnish additional facilities to which you refer, and enable us to materially improve your service.

"Our negotiations with the Western Union Telegraph Company have been carried on over a long term of months and were concluded only on the 13th of August.

"I am satisfied that when the work above referred to is completed, the cause of Mr. Hammett's complaint will be removed.

Yours truly,
 MORGAN B. SPIER,
 General Manager."

LAST INSTITUTE HELD YESTERDAY

People of Long Branch Were Much Pleased With Instructive Addresses Delivered

While some of the Farmers' Institutes held in Anderson county this year have not been so very successful, the splendid meeting held at Long Branch yesterday made up for what-over disappointment may have been occasioned before. The meeting yesterday was the last to be held in the state this year as the work comes to a close when the professors and instructors return to their various institutions to resume work.

Prof. R. L. Shields, of Clemson College, spoke to the people of Long Branch yesterday on the subject of "Animal Husbandry" and he made an impression. The people of the Long Branch section have been much interested in raising live stock within recent months and they were therefore glad of the opportunity to hear Prof. Shields.

Prof. F. C. Hare yesterday discussed the subject of "Poultry" and Prof. W. L. Hutchison talked on agronomy or "Cover Crops."

The farmers of the Long Branch section turned out in force and they brought their wives and daughters with them and the picnic manner, served on the grounds, was one of the most pleasant parts of the day.

HONOR JENNINGS

Present Him Handsome Silver Service—Plea for Progress

Anderson, Aug. 27.—The citizens of Sumter tonight presented Mayor L. D. Jennings with a cut glass and silver service as a token of their high regard for him as a citizen.

The presentation was from a temporary stand at the corner of Main and Liberty streets and several hundred men and women were present. S. H. Edmunds made his speech of presentation.

Mayor Jennings' speech was a plea for the men of South Carolina to forget all differences, and get together for the progress of the state.

LOST—A SUBSCRIBER

CAPT. NEWTON A. McCULLY Anderson "Boy" Who is Now in St. Petersburg, Russia.

This war in Europe is going a little mite too far, it has cost The Intelligencer a subscriber. Every now and then we lose a subscriber. The carrier boys get lazy or some fellow just wants to quit—but this is the first time one has quit on account of a war.

Capt. Newton A. McCully, United States Navy, has had to quit taking the paper, because no mail can reach him. He is beyond all lines of fighting, in St. Petersburg.

Capt. McCully distinguished himself and rendered great service to his country during the Russo Japanese war by remaining within the fortifications at Port Arthur. His observations on that war gave this country valuable ideas how to proceed in improving the navy, since that time Capt. McCully has had many distinctions. He commanded the Mayflower and was a member of the official family of President Taft and President Wilson. He built and later was captain of the battleship California. And now he has been sent to represent this government at St. Petersburg, Russia. He was attached to the United States Embassy there when Russia went to war with Japan, and he is well known in Russia.

ANDERSON GETS GENUINE TREAT

Coming Chautauqua Will Draw Well Says The Man Behind the Movement

It is understood that Anderson parties have closed a contract with a Chautauqua system for a winter chautauqua to be brought to this city and the promoters of the attraction said yesterday that they expected it to be fully as successful as was the Redpath chautauqua, held in this city last May.

The winter chautauqua is a new idea and just how well it will take in Anderson remains to be seen. It differs from the spring or summer chautauquas in that it will last for only three days instead of an entire week. However, during that time nothing but the best attractions will be presented and it is believed that the coming affair will merit the approval of Anderson's public.

An advance agent of the chautauqua was in the city yesterday and while here he made all arrangements for bringing his attraction here in February. He says that he can assure Anderson people that they will not be disappointed when his dates in Anderson arrive.

DANIEL HAS WON A SCHOLARSHIP

Will Go To Citadel At Charleston As Winner From Anderson County

A telegram was received in Anderson last night from Columbia which said that Charles E. Daniel of this city has been awarded the scholarship from Anderson county to the South Carolina Military Academy or the "Citadel" at Charleston. This is a four year scholarship and gives free tuition and board for the entire four years.

Mr. Daniel is a popular young man of this city. He was graduated last June from the Anderson High School, and is said to be an industrious student. He was prominent in athletics during his last year at the Anderson High School, being a member of the fast track team and captain of the basketball team. He was being congratulated last night on winning out for the scholarship.

CHICAGO GRAIN

Chicago, Aug. 27.—Wheat today registered the highest prices since 1910, but the price did not hold owing to profit taking and the close was 2.8 to 5.8c under yesterday. May touched \$1.25. Oats closed 1-8c higher to 5-8c lower; corn 3-8c higher to 1-2c lower and provisions from 72 1-2 higher to \$1 lower.

ANDERSON STOCK WILL BE EXHIBITED HERE

MANY PRIZES ARE TO BE AWARDED

FINE HORSES SEEN

Expected That Exhibit of Stock and Animals Will Result In Anderson Entering Circuit

If all the present plans are carried out, and it seems that they will be, Anderson county will have a better exhibit of live stock and fine horses for the next trade day than this city ever saw before. For the last two weeks Secretary Whaley has been hard at work on his plans for this day and he said yesterday that everything was practically complete and in readiness for the day to arrive.

It is planned to have a large number of different classes for the contest and to award some very valuable prizes for the best animals brought here on that day. All told, the plans call for eight fine prizes and it is understood that a great part of these have already been secured. Only one or two more remain to be given by the merchants and then Secretary Whaley will be ready to announce the program for the week.

It is understood that the McKlaney lot on Sharpe street will probably be secured as a place to exhibit the animals and it is planned to utilize the porch of the Elks' home on McDuffie street as a reviewing stand. The horses will be trotted up and down that that street and the judges will have a splendid location from which to observe the animals, provided the Elks can be induced to permit it.

Prizes will be offered for the best horse, for the best mule, for the best stallion and in several other classes as well while one particular feature of the day will be the prize for the best horse ridden by a young lady of this county under 18 years old. A similar prize will be offered for the best horse ridden by a young man under 18 years of age. It is believed that this class will excite a great deal of interest and that there will be a number of entries.

The principal purpose of this exhibit is to sound out the sentiment of Anderson regarding this city's entrance into the South Carolina horse show circuit. It is believed that the Anderson people will be enthusiastic over the invitation which has been extended for this city to join with the other foremost cities of the state in such a show and that Anderson will accept the invitation and go in next Spring. If that is not the case, plans will at least be made for the live stock feature of the county fair.

A meeting of the principal live stock dealers of the county has been called for Saturday, at which time all plans for the approaching exhibit will be completed.

PUTTING AN END TO FACTIONALISM

Statement Issued By Senator E. D. Smith With Reference To the Recent Election

Columbia, Aug. 27.—Senator E. D. Smith at his home in Lynchburg on Thursday gave out the following statement: "I owe my election to the farmers of South Carolina. They believed that the work I have done was done in their interest and through them for the best interests of the state.

"The farmers in this connection proved conclusively by their vote that they were broader than any faction or any division that might be created among the people; that they believe that I have for the past five years represented the people of South Carolina through the farmer, to the best of my ability, regardless of any faction and division. For the next six years I promise that I will continue to do the same.

"I look upon this election as putting an end to factional strife and division in South Carolina and all the people are to be congratulated on the outcome."

FRENCH REPULSED

Berlin, Aug. 27.—All the forts of Namur have fallen and Longwy near the Luxembourg border has been captured after a resolute defense. The French forces which attacked the German crown prince's army have been repulsed.

JAPS COMMENCE HOSTILITIES

Tsing Tau, Aug. 27.—Admiral Sadaichi Kato from his flagship, the battleship Suwo, sent a wireless message to Governor Meyer Waldeck this morning declaring a blockade of the leased territory of Kiao-Chow. Later the Japanese warships appeared outside the harbor and shelled a small island off the coast which was not occupied by the Germans.

RUSSIANS DESTROY CRUISER

Amsterdam, Aug. 27.—An official dispatch from Berlin says that the light German cruiser Madenburg while ashore on the Isle of Odenburg, in the Gulf of Finland, was fired upon by Russian ships. Seventeen of the cruiser's crew were killed and five wounded. The others of the crew were rescued by a torpedo boat while under fire. The Madenburg was also blown up. The survivors reached Odenburg today.

A minor engagement by the German admiralty says that 55 members of the crew of the Madenburg, including the captain, are missing.
