## COMMITTEE CHOSEN FOR LIVESTOCK DAY

WORK DIVIDED UP INTO SECTIONS

### PLANS COMPLETE

It Is Believed That Between 1,000 and 1,500 Farmers Will Come To Anderson for Big Event

The committee on arrangements, the chamber of commerce in the plans for the holding of livestock exhibit day in Anderson, yesterday had printed a large number of placards which are to be posted all over Anderson county, two at each cross roads, making a total of 250 all told and another 100 will be placed in prominent places around town. These cards are a part of the advertising campaign to boost the celebration which is to be held here next Saturday. It is believed that this will be decidedly the biggest thing of its kind ever attempted in Anderson county.

John M. Davis yesterday gave out the final official program for the day and it will be seen that several changes have been made in different events. The program is printed in this issue of The Intelligencer, and it will be well for those interested in the movement to cut out this program since it gives a complete list of the prizes, explains the method of entry and names the managers and officers of the undertaking.

Mr. Davis said it has been decided to start the racing at 3 o'clock in the afternoon as hundreds of people have telephoned him from different parts of the county asking that this feature be begun at an early hour. He also points out that the entire celebration is open to all the people of the city and county and it will pay any one in the city to attend the entire celebration including the peaking and other exercises but nevertheless the racing has been arranged more especially for the city people. The committee is expecting that there will be a tremendous crowd in the city for the day but every possible arrangement is being made to provide plenty of room and make all the visitors comfortable.

Chairman Davis held a conference yesterday with Dr. Snyder, manager of the racing department, who has advised that he will have the race course put in splendid shape and smoothed off before the event opens. He expects between 25 and 40 entries in the races and he says that interest is increasing every day.

Considerable interest is also being evidenced in the latest prize to be announced, which is known as prize X and is for the best donkey to be exhibited.

The general committee of arrangements has announced the following appointments: Dr. J. C. Mitchell, manager of the hog and livestock exhibit department; Sidney C. Kay, prize secretary; F. M. Burnett, prize secretary; T. T. Wakefield, assistant chairman; Raymond Fretwell, assistant chairman of racing department; Prof. W. A. Hagood of Greenwood, judge of horse, mule and pony departments; Dr. Walter Sorrell of Greensboro, N. C., assistant judge.  
 When asked yesterday as to his estimate of the probable attendance, I. W. Rothrock says he expects 1,000 or 1500 people to be here for the day since it is understood that an effort will be made toward rehabilitating the livestock and grain production in Anderson county and since the European war began there has been great interest in this work here.

## ARTHUR GREER WAS KILLED TUESDAY

**While Unloading Car, Knocked From Trestle and Sustained Fatal Injury**

Anderson people learned yesterday with much regret that Arthur Greer was killed Tuesday while unloading a car on the Southern railway. Mr. Greer was a native of this county and had many friends and relatives in this section. The following from the Greenville News of yesterday tells of the deplorable accident:  
 "While assisting in the unloading of a car of coal at the plant of the Piedmont Manufacturing Co. at Piedmont yesterday afternoon, W. Arthur Greer, age 43 years, was knocked from the trestle on which the car was standing at the time and fell to the ground, a distance of about 14 feet, and as a result of the injuries received from the fall died several hours later.

The coal car which was being unloaded was of the common type which is discharged from the bottom. Some trouble was experienced in getting the trap to open, and in the effort to drop the coal Mr. Greer was thrown from the trestle work. The coal was released as he fell and some fell on him causing fatal injury. He was immediately removed to his home and was given all possible attention, but death ensued several hours afterwards.

Mr. Greer was born in Anderson county. He has been a resident of Piedmont for the past fifteen years, at least. He is survived by his wife and nine children. He is also survived by his father, R. A. Greer, and one sister, Mrs. Lewis Land, both of Anderson. Mrs. Land resides on Glenn street; her husband being overseer in the Twine mill. They lost their infant son on Sunday.
