WISHED SHE COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering, from womanly troubles. I could not get up, without pulling at something to help me, and stayed in bed most of the time. I could not do my housework."

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more, and I don't have to go to bed. In fact, I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you. At all druggists.

Paramount

Elegant New Motion Picture House Opens Today.

Announcement was made last night that everything was in readiness for the opening of the Paramount motion picture theatre this morning at 10 o'clock. The pictures to be shown today, "On Belgian Battlefields," is the only bona fide motion picture of scenes on the battlefields of Europe in existence. The picture was made by the staff photographer of the Chicago Tribune, with consent of the Belgian government.

The proceeds of the forenoon performance and 50 per cent of the afternoon and night performance at the new theatre will be given to the Belgian Relief Fund, which is being raised by local citizens. The forenoon show today is intended primarily for children. The showing of the war picture, together with the fact that a large portion of the proceeds is to be given to the Belgian sufferers, has been widely advertised. It is probable that the new amusement house will be packed at all hours today.

Boys' Corn Club Hold Contest Today.
 Several samples of corn for the Boys' Corn Club contest, which will be held at the Chamber of Commerce today, were in place yesterday. The decisions in the contest will be made by two experts from Clemson College, who have been detailed by W. W. Long, in charge of the Farmers Cooperative Demonstration Work in this State. An attractive list of prizes awaits those who are so fortunate as to be adjudged winners in the several classes. While no hour has been announced for the contest, it is presumed that it will be about noon.

Deicide Matter of Grain Elevator.
 The business men and farmers' grain elevator committee of the chamber of commerce will meet at the chamber of commerce at 11 o'clock this morning, at which time it will be determined whether efforts to raise funds for erecting a grain elevator here will be continued. If the committee decides that the time is opportune for inaugurating a movement looking to the erection of an elevator here, committee will be appointed to canvass the county for subscriptions to the capital stock of the proposed company.

Cotton Considerably Off Here Yesterday.
 Cotton was quoted on the streets of Anderson yesterday at prices ranging from 3-1/4 to 6-5/8 cents. A considerable amount of the staple was offered for sale. Early in the morning wagons were to be observed coming in from the country with cotton. Those selling were either afraid that the prices would go lower or were in need of cash with which to meet obligations or purchase the necessities of life. Cotton seed were selling for \$20 per ton, and a considerable quantity of these were bought.

Almost Unanimous On Xmas Closing.

C. C. Langston, the staunch friend of the clerks of the city, who for the past quarter of a century has interested himself in the matter of getting business houses to close on holidays in order that the employees might have a rest, stated yesterday that the merchants and other business men of the city were about unanimous on the plan of closing Friday and Saturday, December 25 and 26. The drug stores will observe Sunday hours. The banks and county public offices will close for both days. The post office will observe the usual holiday hours.

Won Second Prize In Guessing Contest.
 An unintentional error was committed in stating yesterday that Mrs. J. C. Marshall had been awarded \$500 by W. H. Keese and Company as a prize for making the nearest guess as to the number of watches entered in the contest conducted by this firm. The \$500 prize was to have been given one guessing the exact number of watches, but as Mrs. Marshall missed the correct number by one watch she won only the second prize, which was \$250.

County Officers Are Being Moved.
 County Clerk of Court James N. Pearman, is engaged at present in having the records of his office transferred to his new quarters on the east side of the court house, and Sheriff Ashley is moving his effects from his old office to the one being vacated by the clerk. The transfer will be completed in a few days.

Khaki Uniforms Are Suggested.
 Members of the Cotton Consumers League of Greensboro, N. C., are much elated over a letter which they have received from prominent railroad officials, stating that the railroads are contemplating having their employees dressed in khaki uniforms for summer wear.

It is figured by statisticians that if the same idea were adopted by the railroads throughout the United States it would mean that no less than 300,000 bales of cotton would thus be consumed. It is stated that the plan for making the uniforms from khaki cloth is entirely plausible and as a matter of fact the uniforms would be far more comfortable and much less expensive than those now being worn. From what can be learned of the change would be welcome by the trainmen, for to most of them it is necessary to keep their coats on throughout the summer months, and some of the uniforms are of such style that is also necessary to keep them buttoned. It has been suggested also that municipalities might aid in the cotton consumption movement by having all policemen's and firemen's uniforms made of the same material.

Dinner for Judge and the Lawyers.
 Mr. Frank Watkins, one of the most prominent young attorneys of the South Carolina bar, was host last night at a dinner party given in compliment to Judge H. Withers Manning, of Charleston, who is presiding over the court of Common Pleas, which is in session here for two weeks. Members of the Anderson bar were also numbered among the guests, and the affair was in every way a most delightful one.

Street Car Runs Into a Buggy.
 A street car coming from North Anderson yesterday morning shortly before 9:30 o'clock bumped into the rear of a buggy in which J. H. Bussey, a well known farmer of the county, was riding. The rear wheels of the vehicle were crushed and Mr. Bussey was thrown out on the ground, but escaped without injury. The accident occurred just north of Crayton street.

Obtained Whiskey By Misrepresentation.
 Lewis Smith, of colored denomination, went to the local express office some days ago armed with a money order receipt for funds sent off to a whiskey house, and, representing himself as Ben Anderson, the real sender of the whiskey order, obtained two gallons of liquor. Lewis went off with his booze and had a hilarious time, much to the upsetting of the temperance of his fellow citizens of Darktown. The result of Lewis' prank was that he was hauled up before Magistrate Broadwell yesterday and sent to the chain gang for a period of 30 days.

Negro Is Accused Of Housebreaking.
 Flumer Turner, a negro of about 25 years of age, was surprised late Thursday night after he had broken into the cellar of Rubenstein's store. Patrolman Clam of the local police force was apprized of the negro's act by A. B. Driscoll, of the Palmetto theatre, who was on his way home at the time and heard the sounds made by the negro as he forced his way into the cellar. Turner was arrested after he had entered the elevator shaft. The negro was taken from the city guard house yesterday and placed in the county jail, where he will be held for trial at the court of general sessions.

Trying to Get Program Changed.
 Secretary Porter A. Whaley of the chamber of commerce yesterday wired C. H. Bleich, secretary and manager of the Bleich Amusement company, advising him to substitute some other attraction for "The Trovatore," the grand opera selection which is scheduled for the opening night of the new amusement house. Mr. Whaley believes that a popular musical comedy or a good drama would appeal to the theatre going public of Anderson more than grand opera, or at least for the opening night of the theatre. Mr. Whaley had not heard from Mr. Bleich up until a late hour last night.

Auto Bodies are Made in State.
 Archie L. Todd, local representative of the Ford automobile, in receipt of a letter from Manager J. W. Anderson of the Rock Hill Buggy company stating that this plant is now manufacturing a complete line of delivery bodies for Ford cars. Mr. Anderson writes that owing to the excellent facilities of the Rock Hill plant these bodies are selling cheaply. A pamphlet is being prepared by the company showing a complete line of the bodies.

Get Insurance From Fire Chief.
 Fire Chief Jackson is in receipt of the following self-explanatory letter from State Insurance Commissioner F. H. McMaster:
 "For public information and for the benefit of those who may be uninformed on the subject, the Insurance Commissioner warns all persons who sell fire works that they should see to it that they have a special permit attached to their insurance policies, covering the sale of fire works. If this be not done, the policy is voided and in case of loss there will be no possibility of the assured being enabled to recover on his insurance. The same applies to the storage of benzine, gasoline, or other inflammable substances; but particularly attention is directed to the fire works at this season of the year."

Will Improve Their Street.
 Owners of property on Anderson avenue, North Main street and North avenue, in North Anderson, have awarded a contract to W. W. Johnson for 2,500 lineal feet of concrete curb-

ing, 2,500 lineal feet concrete drains and 1,200 square yards of cement sidewalk. The pavement will be four feet in width. Work will begin on the improvement within the near future.

Negro Boy Said to Have Insulted Girl.
 A negro boy, Teddy Robinson, probably 15 years of age, was arrested early yesterday morning by Sheriff Ashley and placed in the county jail as a result of charges that he had insulted a young white girl of the West Side as she was en route to her work at a local cotton mill. The incident created little interest, which was probably due to the quiet manner in which the investigation and arrest was carried out.

Members City Council Dined.
 Alderman J. E. Barton was host last night at a delightful dinner party to which members of city council and the heads of the city departments were invited. The affair was declared to be one of the most delightful functions of the kind that has been given in this city in quite a while. Various members of city council and heads of departments have been entertaining the city fathers at dinner parties this fall. The affairs are purely of a social nature and are greatly enjoyed. Those partaking of Mr. Barton's hospitality last night were unanimous in acclaiming him an ideal host.
