SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell. I tried most every kind of medicine, but none did me any good."

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

Anderson Commercial School and Spartanburg, S. C.

ANDERSON COLLEGE WILL CLOSE TODAY

YOUNG LADIES TO HAVE LENGTHY CHRISTMAS VACATION

SCHOOL CLOSING

City Schools Close Wednesday. College Students Will Come in This Week.

The doors of the Anderson College will close for the Christmas holidays at the conclusion of work this afternoon, according to an announcement yesterday by President J. P. Kinard. Work will be resumed on Tuesday, January 5.

The students of this institution will receive a lengthier vacation than those of any other college or school in this section, as the others will not begin closing before the middle of next week.

Some Leave Today.

The closing of the college for the holidays this afternoon will give the young ladies living at a distance ample time in which to reach their homes by tonight. A few of the students who live too far to reach their homes in so short a while, will be permitted to depart this morning.

Schools Close 23rd.

The city schools, as announced already, will close their doors for the Christmas holidays on next Wednesday, the 23rd. Classes will be resumed Monday morning, January 4, 1915.

The first half of the approaching week will see institutions of learning throughout the country closing for the Christmas holidays. Clemson college students will be dismissed at 1 o'clock Wednesday. Students of Furman University, Greenville, and of Wofford College, Spartanburg, will be at liberty to go home for the holidays when they have finished their periodical examinations, which means that students of these institutions from Anderson will be coming in at various times this week up until Christmas eve. Chocoma College and the Greenville Woman's College, both of Greenville, will close their doors come time during the first half of the approaching week.

INVITED TO ATTEND TWO-DAY CONFERENCE

ON SUBJECTS OF DEVELOPMENT AND SETTLEMENT IN THIS STATE

FEBRUARY 4-5

Secretary Porter A. Whaley is Invited to Attend and Address Meeting.

Special to The Intelligencer.

An invitation to attend a conference on farm development and settlement, and address the same, to be held in Charleston on February 4 and 5, 1915, has been received by Secretary Porter A. Whaley of the chamber of commerce. Mr. Whaley has not yet decided whether he will attend, as the invitation was received only yesterday.

The first day of the conference will be devoted to study of the subjects of development, while the second day will be taken up with discussion of the matter of settlement. The following letter from Managing Secretary A. V. Snell of the chamber of commerce of Charleston, to Secretary Whaley explains in detail the object of the conference:

"A conference to consider farm development and settlement in South Carolina will be held at Charleston on February 4th and 5th, 1915. You are cordially invited to attend this conference and to address the same. It is our purpose to arouse our people at this time to the immediate need of co-operative effort along these two great lines.

"The first day of the conference will be devoted to the subject of development and that of the second to settlement.

"Under development will be considered the various subjects pertaining to country life improvement, highways, taxation, finance, churches and schools, marketing, demonstration work, drainage, etc.

"Under settlement will be considered the classes and character of the immigrants needed for South Carolina, both in America and abroad with special emphasis upon the work of the U. S. Department of Labor. The various sectional and local land development will be considered. The work of the various railroads will be discussed and an attempt will be made to co-ordinate the efforts of these various agencies and a plan of co-operation by all local bodies throughout the State will be formulated.

"We are especially anxious that you will address this conference upon some subject within the above scope and would be glad to receive your suggestions along this line and for your personal influence in interesting other agencies and friends who might be interested and whom we should have with us at this time.

"This is to be a forward movement for the State of South Carolina and cannot too strongly impress its importance for our future development. We believe that the time is ripe and that a start should be made now. We wish to start the year of 1915 with this forward movement and will be glad to hear from you at your earliest convenience relative thereto."

Miss Pearl Garvin of Pendleton was among the shoppers in the city yesterday.

P. R. Doyle of the Lebanon section was in the city yesterday for a short while.

Miss Pearl Foster of Pendleton was among the visitors in the city yesterday.

HAS MADE GOOD ALL PROMISES

Show at the Palmetto Has Been Drawing Card in Spite of the Cold.

Even the cold weather could not keep the crowd away from the Palmetto this week which is ample proof that theatre goers of Anderson appreciate a good show when they see one. The Gardner Lawson Company, which has been furnishing the amusement this week at this popular theatre, has certainly come up to expectations, so to speak. Every bill put on has been clean, funny and as good as many seen in other cities at prices double that charged by the Palmetto. Manager Pinkston in talking to a reporter for The Intelligencer stated that he would positively give the city high class attractions in the future, even though they cost quite a nice little sum of money. And further stated that he has another dandy good bill for the coming week which is said to be better than the one that has shown here this week, if such a thing is possible. If it is just as good it will no doubt be appreciated by the many patrons of this amusement house.
