## U. S. WOOLEN MILLS CO.

### COMPETITION

We do not fear the man who sells coal cheaper than we can. However if we had to meet a competitor who could sell a better coal we would grow quite this from worry.

### TOWNVILLE SCHOOL SENDS FIRST GIFT

FOR BELGIAN RELIEF UNDER  
NEW PLAN OF TRANSPORTATION

### NO CHARGES

Are Made of the Sender of Pack-  
ages by Southern Express  
Company.

The Townville high school, c' which Prof. C. H. Witt is principal, is the first shipper in Anderson County of a package for the Belgians under the plan recently announced by the Southern Express Company, through The Intelligencer, for transporting foodstuffs or clothing for these people free of charge, that is, so far as the shipper was concerned.

The package from the Townville high school arrived at the express office yesterday morning and was consigned to the Belgian relief committee at Greenville.

As announced in The Intelligencer some days ago, the Southern Express Company will carry free of charge to the sender any package of clothing or foodstuffs for the Belgians. The packages are carried at two-thirds of the regular commercial rates, but the charges are collected from headquarters of the Belgian relief committee, in New York City.

There are two cities in South Carolina that serve as points of collection for these donations for the Belgians, Greenville being the city in this section where packages are collected.

### TOWNVILLE OIL MILL WILL NOT BE REBUILT

OR AT LEAST THERE IS NO  
PRESENT INTENTION OF  
REPLACING IT

### MODERN GINNERY

Will Be Built However—Last  
Policy For Insurance Has Been  
Paid Up.

Fork Township Oil Mill Company will not rebuild the oil plant at Townville which was burned last November, or at least have no present intention of replacing the mill, according to an announcement made yesterday morning by an officer of the company. A modern ginnery, however, will be erected, plans for this structure having been under consideration for some time.

Last Policy Paid.  
The last policy for insurance carried on the burned structure has been paid, the company now having received every cent of the \$22,000 insurance on the property. Within a short while after the structure was burned adjusters were put to work determining the extent of the loss. There was no delay nor friction in arriving at the loss, and within a short while the companies which carried insurance on the property began paying up the policies.

Was Big Plant.  
The oil mill at Townville was one of the largest in the county and did good business during its career. The large and modern structure was destroyed by fire between midnight and daylight of a morning last November. The origin of the fire was never learned.
