ADMISSION - 5c and 10c

Our Orchestra has no equal in Anderson.

FIRST WEEK OF CIVIL COURT COMES TO END

TESTIMONY IN INSURANCE CASE COMPLETED SATURDAY AT 1 O'CLOCK

FINISH MONDAY

Lawyers Will Argue Whether the Arbitration Should Stand. Case's Future Hangs

The taking of testimony in the case of Judge Fowler against the Globe and Rutgers Insurance company, which has been on trial in the court of common pleas for Anderson county since 3 o'clock last Wednesday afternoon, was completed Saturday afternoon at 1 o'clock, when recess until 1 o'clock Monday morning was taken by the court.

Monday morning Judge Gary will hear arguments as to whether or not the arbitration in this case shall stand, and on the decision Judge Gary will render in the matter depends whether the case goes to the jury.

This is one of six cases which Judge Fowler has brought against various insurance companies that carried insurance on his large garage on West Market street, which was burned several months ago, entailing a loss claimed to amount to \$31,000. Through failure to reach a settlement in the case, Judge Fowler instituted suit for \$22,000 against the several companies. The amount being sued for in the case now on trial is \$2,000.

The outcome of this case is being awaited with considerable interest. Trial of the matter has developed one of the greatest legal battles of any term of civil court held in months in this county.

Jurors summoned for the second week of the court of common pleas will report Monday morning at 10 o'clock, they being as follows:

- M. F. McGee, Savannah.
- J. Will Bannister, Belton.
- Guy Parker, Martin.
- H. E. McDonald, Varennes.
- B. Harris, Jr., Pendleton.
- J. L. Bryant, Garvin.
- W. L. Garvin, Pendleton.
- J. A. Bowie, Honea Path.
- J. L. Purdy, Hall.
- S. E. Leyerett, Corner.
- J. M. Knox, Centerville.
- J. R. Bolt, Centerville.
- J. R. Bolt, Centerville.
- W. L. Dobbins, Fork.
- J. W. Knight, Hopewell.
- J. D. Browa, Corner.
- L. B. Robbins, Broadway.
- J. Wister Cooper, Honea Path.
- C. M. Dalrymple, Honea Path.
- W. F. Skelton, Savannah.
- T. R. Harbin, Fock Mills.
- L. A. Merritt, Brushy Creek.
- Lee Hughes, Varennes.
- F. B. Brooks, Martin.
- Furman Smith, Anderson.
- O. G. Burris, Anderson.
- O. R. Roberts, Varennes.
- A. P. Warnick, Belton.
- M. W. Sloan, Anderson.
- Joe Frazer, Williamston.
- Bond Anderson, Anderson.
- Joel C. Kay, Belton.
- H. W. Holcombe, Fork.
- J. B. Putman, Belton.
- J. E. Beeks, Williamston.
- J. F. Drake, Williamston.

"SOUTHLAND GIRLS" MAKE HIT AT THE BIJOU

Tommy and Gertie Grimes' "Southland Girls" and comedians presented "Follies of the Day" at four performances yesterday at the Bijou to large and enthusiastic audiences, all of whom seemed to be greatly enjoying themselves and the girls, judging by the hearty encores and the frequency of them.

The play is a musical comedy farce, a medley of catchy tunes, pleasingly sung, interspersed with attractive dancing to a display of fingerie and twinkling toes of "ye dainty miss," with a galaxy of comical climaxes and hilarious scenes.

The Grimes are good and every member of the company is good. They are an exceptionally well trained bunch, and oh! well, it's a cracker-jack good show—that's all.

"Follies of the Day" will be played again today—that's your chance.

Also a three-reel feature moving picture and Audonegul's music—Greenville News.

NEW STATION WILL BE OPENED ON TUESDAY

BLUE RIDGE DEPOT INSPECTED AND ACCEPTED BY THE SOUTHERN RAILWAY

PUBLIC INSPECTION

Will Be In Order Monday Afternoon and Evening—It is an Elegant Structure.

Assistant Engineer Lacy Moore of the Southern Railway having inspected and accepted from the contractors the new passenger station of the Blue Ridge Railroad, the new depot will be put into use next Tuesday morning. The new station will be open to public inspection on Monday afternoon and evening, and the public generally are cordially invited to inspect the elegant new structure.

The first train to depart from the new station will be the gas-electric car, which will depart Tuesday morning at 7:55 o'clock for Walhalla.

No announcement could be made yesterday by Blue Ridge Railroad officials as to whether the Charleston & Western Carolina Railway trains will make use of the new station. Officers of the C. & W. C. have been wired about the matter, but as yet no reply has been received from them.

The offices of the Blue Ridge were established on the second floor of the building several weeks ago, but on account of certain concrete work being unfinished the passenger department of the new depot had to remain unopened.

CREAM ROUTE WORK HIGHLY SUCCESSFUL

EIGHTY GALLONS CREAM BEING GATHERED EACH WEEK

45 DOZEN EGGS

Sales of Creamery Butter on Local Market Increases From 20 to 50 Lbs. Week

That cream route started out of Anderson some three weeks ago is the best that has been organized in the Piedmont section of the State, is the opinion voiced by Prof. D. W. Watkins, dairy agent of Clemson College, who superintends the work in this section of the country.

As generally known, on February 19 cream route work was started in this community, a route being established in the north-east section of the county, with its base at Anderson. D. W. Greer, who lives near the city, has charge of the collecting and shipping of the cream, on this route. To a representative of The Intelligencer yesterday Prof. Watkins stated that about 80 gallons of cream are being gathered every week on the route. Mr. Greer goes over the route twice a week, and brings upwards of 40 gallons of cream a trip. Prof. Watkins declared that this is more cream than was gathered on the route out of Liberty after it had been in operation over three months.

26 Patrons on Route. There are some 26 patrons of the cream route, Prof. Watkins stated, and each one furnishes an average of 4 gallons of cream a week. Others along the route are considering going into the work, he stated, and particularly one well known farmer who is considering buying some 10 cows, building a silo, modern barns and other up to date equipment and going into the business in a thorough manner.

The driver of the cream wagon, Mr. Greer, leaves out of Anderson about 6 o'clock and gets back in time to ship his cream on the 6 o'clock train over the Blue Ridge for Clemson College.

Eggs Gathered Too. Eggs are also gathered along the

Church News.

The Woman's Missionary Society of the First Baptist church will not meet on Monday afternoon as announced but on the following Monday, March 22. This change has been made in order not to conflict with Dr. Gordons' lecture.

For this same reason the class in Parliamentary Law will not meet on Tuesday afternoon but one week later on Tuesday, March the 23rd.

Royal Ambassador Party.

The boys of the Royal Ambassadors had a delightful party in the basement of the church Friday night. There has been a membership contest for some time and the losing side entertained the winners. There were about one hundred boys and girls present. Music and games were enjoyed during the evening and chocolate and cake were served by the boys. Mr. Charles Sullivan, Jr., is Chief Counsellor of this organization.

The Ford is lighter than any other car of its size and power. Yet stronger, sturdier, longer lasting. Vanadium steel, that's why. Vanadium is the hardest, strongest, toughest steel made. It is the only steel that is hard and tough at the same time. It is the highest priced steel that is used in automobile construction. Yet the Ford is very low in price. Its quality, terms, price and small cost of operation and upkeep, less than two cents a mile, have made it the universal necessity in town and country.

Buyers will share in profits if we sell at retail 300,000 new Ford cars between August 1914 and August 1915. Runabout, \$140; Touring Car, \$490; Town Car \$690; Coupelet, \$750; Sedan, \$975, f. o. b. Detroit with all equipment.
