It is said that County Com missioner Bagwell is undecided as to whether he will ask for reelection this year or not on account of the arrival of a competitor at his home last Sunday morning who was brought there by the stork. No doubt the junior aspirant can even now excel his father in the exhibition of lung power.

One of the best entertainments seen in Pickens will be given on the evening of Friday the 17th inst. at the school house. It will consist of music and comedy and promises to be simply fine. A small entrance fee will be charged and the proceeds applied to buying a stage curtain. Everyone knows that anything given under the supervision of Miss Knight is worth seeing. Don't miss it!

In other columns will be found an advertisement of the Hetrick hosiery mills, of Walhalla. This enterprise manufactures various kinds of knit goods, and has existed for six years or more. The principal owner of the plant up to three years ago was Mr. R. T. Jaynes, one of the leading lawyers of Walhalla, but in 1909 he associated with him the Messrs. Ketrick, of Philadelphia, and since that time has met with gratifying success. Their plant affords clean, high and desirable employment to young men and women who work for a living. Since last October they have been working day and night, using two sets of hands. On our first page cuts and descriptive reading matter of this plant will be found, and young people seeking employment will do well to confer with these gentlemen.

The announcement of Mr. J. D. Aiken of Central for County treasurer appears in this issue. Mr. Aiken is well known to the people of Pickens County and if he is elected will doubtless make an efficient officer.

The Liberty Cotton Mill was sold Tuesday and purchased by Mr. J. M. Geer. Price not known, but thought to be about \$90,000. The mill will resume operation at an early date.

**For a Clean Town**

Mr. Editor:—Please allow me space to say a few words in regard to civic improvement of our town. We do not doubt that the city council do the best they can with the limited supply of funds, and do not intend this article as a reproach in any way. There is, however, a lack of neatness and cleanliness apparent in numerous places and we would emphasize the importance of individual property owners doing all in their power to have unsightly obstructions made to look better or to be entirely removed. There are sheds, shanties and ugly buildings on Main street. There are placards and posters out of date which ought to be torn down. About some places are old tin cans, banana peels, loose paper and other trash. Some of the old worn out buggies, wagons etc. might be taken away. Lets have a clean-up day. We ought to have a clean, healthy, beautiful town. The council would do well to insist on a civic organization and these two working hand-in-hand, would make these hills look like an eden whose beauty would cause men to want to live in keeping with their surroundings.

Citizen.

**News From Catechee**

I have been requested by Mr. E. H. Galloway of Norris, to announce that he expects to have a family re-union next Sunday the 12th inst., which is Mr. Galloway's 58th birth day. He anticipates having a nice time and wants all his kindred and as many of his friends as will to come and partake of the many good things he may have to eat and help him to make it a day long to be remembered.

Three years ago on the 12th inst. the writer was one among a good number who enjoyed a like occasion at the hospitable domicile of this same gentleman and as we have often remarked since we never enjoyed a better day.

Since then an Allwise Ruler saw fit to leave an empty chair at his residence and as Mr. Galloway is three year nearer meeting that loved one we hope he may live to see many more birth days yet and that when he is called to that great re-union beyond that father and mother may meet to part no more.

J. Alonzo Brown.

**AVOID HARSH DRUG.**

Many Cathartics Tend to Cause Injury to the Bowels.

If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact. We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called Rexall Orderlies. These are prompt, soothing and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless, and colorless. Combined with other well-known in-

gredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of them causing any inconvenience whatever. They do not gripe, purge, nor cause nausea. They act without pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons, and aged people, as well as for the most hearty person.

They come in three size packages, 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Remember, you can obtain them only at our store—The Rexall Store. Pickens Drug Co.

**County Democratic Convention**

The County convention met in the court house Monday morning, at 11 o'clock, and was called to order by Mr. I. M. Mauldin, chairman of the county executive committee.

On motion Mr. W. C. Smith, of Easley, was elected temporary chairman, and Mr. W. E. Findley, temporary secretary.

On motion the chairman appointed Fred Williams, E. P. McCravy and B. H. Williams a committee on enrolment of delegates. The committee retired and shortly made their report, which was adopted. On motion the temporary organization was made permanent.

Mr. I. M. Mauldin, as chairman of the county executive committee, made a lengthy and full statement of the funds received and disbursed by the county executive committee from the various candidates for election expenses two years ago. After some discussion, Mr. B. Lewis offered the following resolution, which was adopted:

Resolved, That the report of the county executive committee submitted by the chairman of the same, showing the actions and doings of said committee, and the reasons and authority therefor, for the two years ending with the organization of this convention, be received as information, and that the same be adopted and filed with the records of the party.

Resolved further, That the acts of the said county executive committee, and of the county chairman, be and the same are hereby approved and the thanks of this Convention, tendered to said committee.

To dispose of the money expended now in the hands of the executive committee, the following resolution, offered by C. E. Robinson, was adopted:

"Resolved, That the funds now in the hands of the county executive committee received from candidates for election purposes of two years ago, to-wit: \$111.75, with accumulated interest, be refunded by said committee, or their successors, to the several candidates in proportion to the amount each candidate paid the same to said committee."

The following reported from the clubs represented are members of the county executive committee for the ensuing two years: Easley, Dr. R. F. Smith; Pickens, W. T. Bates; Liberty, A. F. Riser; Calhoun, L. C. Martin; Central, B. J. Johnson; Crosswell, H. W. Garrison; Fetters Creek, J. E. Singleton; Isaquena Will, R. P. Gaines; Dacusville, J. R. Latham; Catechee, G. F. Norris. These were the only clubs reporting a member of the county executive committee.

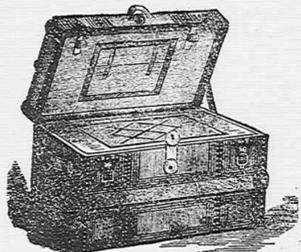

On motion Mr. J. T. Richey was elected chairman of the county executive committee by acclamation.

Mr. Fred Williams introduced a resolution to the effect that nothing should be done by the State convention to in any way change the rule in reference to restricting voters in the primary elections by requiring them to qualify to vote in the primary as in the general election. Mr. Laban Mauldin offered as a substitute that such restrictions and requirements be made. After considerable discussion, Mr. B. Lewis offered as a substitute for both resolutions that delegates elected to the State convention go uninstructed on this and all other questions. The resolution was adopted.

Dr. R. F. Smith was elected without opposition as a member of the State executive committee from this county.

On motion the chairman appointed a committee consisting of C. E. Robinson, T. J. Mauldin, B. J. Johnston, J. N. Morgan and W. T. Bates to nominate six delegates to the State convention. It was agreed and

understood, however, that any other nominations might be made from the floor in addition to the ones suggested by this committee. The committee retired and shortly reported by way of nomination the following six: O. R. Doyle, Dr. R. F. Smith, I. M. Mauldin, J. N. Morgan, E. P. McCravy and G. F. Norris. As soon as these names were read, Mr. B. B. LaBoon nominated Mr. J. A. Hinton and Mr. Hinton nominated Mr. LaBoon. Nominations closed and a ballot was taken which resulted in the election of the six first named.

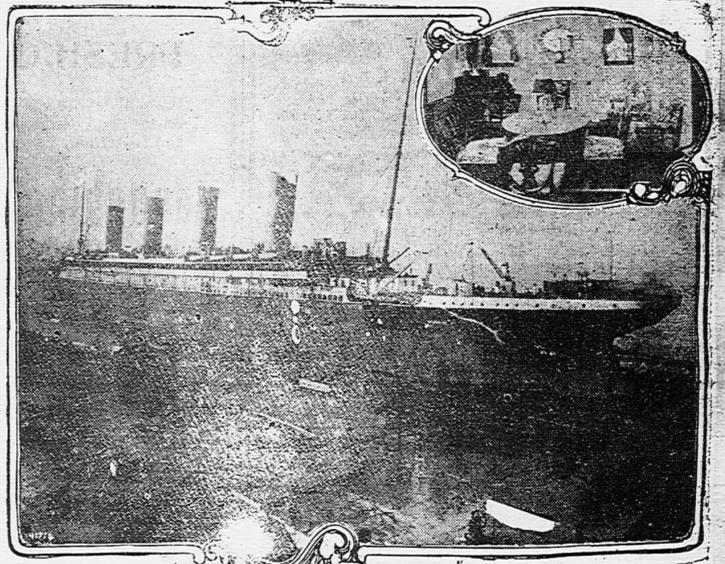

Mr. Fred Williams procured the passage of a resolution calling upon our members in congress to secure the enactment of a parcels post law.

The convention was, generally speaking, quiet and harmonious. While there were some spirited debates, everybody kept their equilibrium and staid in a good humor. Blease and Jones were mentioned casually in some of the debates, but nothing was said or done on either side to mar the feelings of the friends of either or to draw the lines.

No effort was made by either side to commit the convention by endorsement of anyone's candidacy. It was generally conceded, however, that more than a majority of the members of the convention favored the candidacy of Judge Jones. The strongest evidence of this fact is in the election of delegates to the State convention, at least five of them, it is generally conceded, being Jones men.
