Meeting For Farmers At Anderson Oct. 10

There will be four meetings held in the state this fall for the purpose of encouraging the farmers to increase the acreage of fall grains and also the production of hogs.

One of these meetings will be held at Anderson October 10, to which the farmers of Pickens are invited to attend. Senator-elect N. B. Dial and Governor-elect Robert A. Cooper will be present and address the meeting. It is hoped that as many as can will attend the meeting from this county.

The acreage of wheat in this county should be greatly increased over last year, or we will have to resort altogether to corn for bread. All who can should attend this meeting.

J. C. Carpenter of Easley Dead. A Victim of Spanish Influenza.

The second death from Spanish influenza at Easley occurred at an early hour this morning when John C. Carpenter, oldest son of Ex-Senator C. H. Carpenter, proved a victim to the dreadful disease. The first death was on Wednesday night when Mrs. Maud S. Hughes succumbed after an illness of a little more than forty-eight hours.

Mrs. Hughes went to the mill to work on Monday morning but was unable to return that afternoon. Her condition grew rapidly worse from the outset and she passed away Wednesday night.

Mr. Carpenter was a faithful R. F. D. from this place and has held that position for seventeen years. He resided on a farm near here and was only three months ago married to Miss Lucia Cely. He appeared at the post office on Monday morning to make his rounds as usual but had to give up that afternoon and his case became serious from the first.

It is unofficially stated that there are more than two hundred cases of this disease here or what is thought to be. At any rate it is the most peculiar epidemic that the town has ever known. Efforts to check its spread are being put forth and it is hoped that soon conditions will be normal again.

Mr. Carpenter is survived by his wife and five sisters and one brother, Robert D. Carpenter of Greenville. The funeral services will be held at Antioch Saturday afternoon at 4 o'clock.

WOMAN'S LIBERTY LOAN COMMITTEE.

Mrs. J. P. Carey, Jr., Chairman.
Mrs. B. T. Day, Publicity Chmn.

The women all over the county are working hard to raise the quota for the Fourth Liberty Loan. One third of the time is past and we realize that during these next two weeks we must work harder than ever.

It will be well to have some kind of a rally in every one of the forty-six school districts. Now that we can't gather in doors, on account of the influenza, lets plan to have open air meetings. Any district willing to have a meeting of this kind and wishes a speaker etc. the chairman will be only too glad to assist in any way possible.

RALLY AT DACUSVILLE.

The Liberty Loan Rally, under the management of the Women's Liberty Loan committee of Dacusville was a success.

A thousand dollars worth of bonds were sold to farmers who have already invested heavily in bonds and war saving stamps. The program, by the children, consisting of songs, drills and four minute speeches was an enjoyable feature.

Mr. James Carey, Jr. the speaker of the occasion gave an eloquent and forcible appeal straight from the depth of a patriotic heart. A \$50 bond was bought for the local branch of the Red Cross and presented to the treasurer. We hope to report many more bonds as a result of the rally.

RALLY AT FLAT ROCK.

Next Thursday afternoon at 3:30 an open air meeting will be held at Flat Rock. Fine speakers, drills etc. by school children. Everybody is urged to attend.

Report of the Woman's Committee from Sept. 28 to Oct. 5.

Central	\$150.
Dacusville	\$1000.
Easley	\$15,650.
Eastatoe	nothing.
Hurricane	nothing.
Liberty	nothing.
Pumpkintown	\$250.
Pickens	\$24,100.

Have installed more new gins and can take care of all the cotton. Pickens Oil and Fertilizer Co.

HONOR ROLL OF BOND BUYERS

The First List of Those of This Community Who Have Subscribed for Fourth Liberty Loan.

Following the announcement in the Sentinel that we would print the names of all those in Pickens who purchase bonds of the fourth Liberty loan we are now presenting the first list of those entitled to a place on this roll of honor of bond buyers. Before the sale closes and the list has been completed we expect to see every family in Pickens represented, because we do not believe there is a single family in the community that is not 100 per cent American, and because we do not believe there is a single individual in Pickens who does not want his dollars to be used to support Pickens' boys who are to-day fighting the Huns in France.

If you have bought a bond and your name is not in this list be sure that you report the fact to The Sentinel office at once as it would not be fair to you or the community to have the name omitted. We know that in the end it will be a complete roster of the families in Pickens and will in many cases include the names of every member of the family.

Those who have bought bonds are as follows:

- G. T. Mauldin
- Mrs. G. T. Mauldin
- J. W. Grant
- J. R. J. Anthony
- Annie Newton
- Grace Porter

Lieut. F. H. Smith Killed in Texas

Splendid Young Man, Beloved In Easley, Dies in Aeroplane Collision.

A telegram received here Saturday conveyed the distressing news that Lieut. Frank H. Smith was killed in a collision of two aeroplanes at Port Worth, Texas, at 9:45 this morning. Two other lieutenants were killed at the same time and a fourth injured.

Lieutenant Smith enlisted just a year ago and went to Port Worth after training at Georgia Tech. He had been flying for four months. He was a 1916 graduate of Davidson College, and taught last year in McCallie School, Tenn. Lieut. Smith was an extremely fine young man, of high moral character, very popular in Easley where he had hundreds of friends. The news of his death has cast heavy sorrow over Easley, because he was so well known and loved here. The funeral will take place here on arrival of the body, probably Monday or Tuesday. Lieut. Smith is survived by his mother, Mrs. Ida H. Smith, three brothers, Lloyd H., Ralph and Hugh; two sisters Misses Velma and Gladys. He has a large connection in this county. Lieut. Smith's 21st birthday was last Sunday. He was a member of the Presbyterian church.

FT. WORTH, Texas, Oct. 5.—Three aviation lieutenants were killed and a fourth injured about noon to-day when two planes collided near Kellar. The dead are:

Theo. Marrs, of Washington, D. C.
Roy J. McNaught, of Onaria, Ill., and
Frank H. Smith of Easley, S. C.

FROM CAMP HILL. Newport News, Va., Sept. 13, 1918.

Dear Homefolks:

As I am in a new camp I will write you a short letter to let you hear from me, and the news from Camp Hill. We arrived at camp September 12th, after having a pleasant trip from Camp Johnston, Fla. I like Virginia fine; it is nice and cool, and more pleasant than Florida. We have large barracks here and everything is arranged conveniently. We came by way of Savannah, Ga., Columbia, S. C., Raleigh, N. C., and Richmond, Va., and to Newport News. Three squadrons stopped over in Raleigh, N. C., and paraded thru the city for awhile. We enjoyed our stay very much. The Red Cross ladies as usual were at the station to make us happy. We made our trip without any accident, except the pulling off of one of the couplings between the coaches at Denmark, S. C., about 2 o'clock at night, were delayed about two hours and one-half. We had fifteen cars counting cooks' cars and baggage; had our meals at the regular hours, but the sleeping wasn't so regular.

Camp Sevier is a toy when compared with these camps here. There are three camps—Camp Hill, Morrison and Stewart. There is an aviation camp here and the aeroplanes fly around like birds.

Our squadron, Number 335, took a hike this A. M.; went to Newport News. We have some fine scenery here; our barracks are built right on the banks of the James River. I'm sitting here on my bunk writing, and I can look out of the window right into the river. It's a big thing, believe me. The waters of the James River flow into what is known as Hampton Roads where the great battle between the first ironclad battleships was fought on March 9th, 1862. Hampton Roads is between Newport News and Old Point Comfort; and just to our right is Chesapeake Bay which is near us. My barracks is about thirty yards from the water, and all kinds of boats up to the largest vessels are continually passing in and out.

All Camp Sevier boys are here, but are located in different parts of the camp.

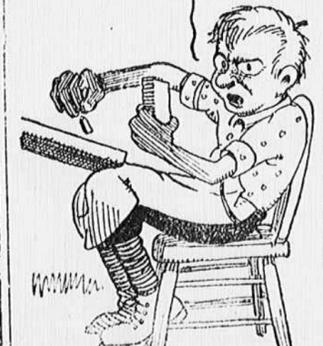

Well, I could write more, but they are calling us out now to issue something, so I must close.

Remember me to all of my friends and write me a long letter soon.

Much love from your son,
Robert M. Welborn.

You don't have to wait to get your cotton ginned now. We have fixed for you. Pickens Oil and Fertilizer Co.

Public Places Ordered Closed

Columbia, S. C.
Oct. 7, 1918.

To Sheriff R. R. Roark,
Pickens, S. C.

Under authority of section 1614 of the civil code, you are directed to close all schools and all other institutions of learning, churches, Picture shows, and all other places of public gathering in your county. See that there is no crowding in stores and public conveyances.

Signed, James A Hayne
State Health Officer.

Central Items.

Last Monday was a red letter day for Central. Monday afternoon the Wesleyan College students and faculty and the high school students and faculty paraded the streets flying banners, with appropriate verses on them, and also carrying large U. S. flags. Some of the small children were dressed like red cross nurses. This great procession was led by Lieut. Marvin Lawrence who was mounted. Ward Bedford represented Uncle Sam and carried a German flag dragging in the dust. Dr. Bedford and his faithful faculty at each school deserve much credit for the arrangement of this parade. The climax of Monday's efforts was reached Monday night when Dr. John E. White delivered one of his masterful, patriotic addresses. Dr. White carried every one in the audience right up to the place of owning a Liberty bond or being so marked by society that whatever else we might do it would never erase the black mark put on us by failing to buy a Liberty bond. Dr. White was interrupted many times in his discourse by prolonged applause.

The big drive for the Fourth Liberty loan is on and Central will "go over the top" with her apportionment. We have some as loyal and patriotic men and women as ever trod American soil. We may have some who have not done anything for either the Red Cross or the Liberty loan drives, but if we have such we frankly say we are ashamed of them.

Walter Madden, who was stationed at Camp Sevier, was buried at Mt. Zion cemetery. He was a victim of Spanish influenza.

Lieut. Graves Duckett visited his wife and parents last week. He is stationed at Jacksonville Fla. where Mrs. Duckett will go in the near future.

It was quite a shock to the people here to get the news of the death of Lieut. Frank H. Smith, of Easley, as he has relatives here as well as many friends.

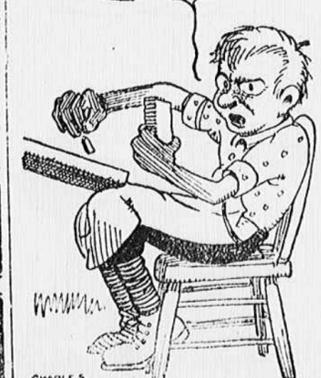

Notice of Sale

On the 15th day of November, 1918, at 2 p. m., at Rigdon's store, near Alice Mill, Easley, S. C., by a written agreement of the heirs, I will sell for cash all the store furniture belonging to the late A. L. Pace, containing shelves, counters, shoe cases, scales, lamps, refrigerators and other things.

A. J. PACE.

PICKENS CHAPTER RED CROSS NOTES

Don't forget to fend in your eggs to the Red Cross on Friday.

Your own boy may be in a hospital in France. Help send articles to make him more comfortable.

Tell your neighbors about the egg gathering.

The government needs tin. Save your tinfoil and tooth paste tubes. The Red Cross will take care of it.

Lieut. Harry Clyde Horton, who was killed in action in France September 13 has many relatives in Pickens county who will regret to hear of his death. His mother, who was from this county and lived in Pickens at one time, was Miss Josie Boggs, a sister of the late Hon. Julius C. Boggs and the late Rev. W. K. Boggs.

The U. S. government, thru the American Red Cross, is asking for sheets, towels, handkerchiefs and napkins, to be used for our wounded soldiers in the hospitals in France. This appeal will find a most hearty response in South Carolina at this time, as our own boys of the Thirtieth Division have been for a week in the thick of the great struggle. If you have any of these articles, new or in good condition, divide with the Pickens county chapter. The various branches are responding beautifully, and the excellent work of the committee in charge is to be commended.

Every person in Pickens county can help in the great work for our wounded soldiers. On next Friday the chapter will have an egg gathering. Let every family send in one egg for each member of its household and let the children help, and the eggs will be sold to buy sheets. Have the eggs well packed and give to your rural carrier as he comes along. These gentlemen have kindly consented to collect the eggs for the Red Cross. It is government work, therefore no violation of the law. If you are on a star route send your eggs to your nearest post office. If you are coming to town yourself bring your eggs and leave them at the Red Cross rooms.

Let every branch send in its quota of linen at once.

Notice from Pickens Circuit.

On next Saturday Oct. 12th the 4th quarterly conference will be held at Salem church, 11 a. m. All the officers are expected to be present. I hope to be able to report all conference claims subscribed. The officers of several of the churches have made the statement that they will have a full report at this meeting. Brethren lets have a full report from all the churches.

On Sunday Oct. 13th at 3:30 p. m. our elder Bro. R. E. Turnipseed will preach at Salem after which the Lord's supper will be observed.

Samuel C. Dunlap, Pastor in charge.

Notice to Debtors and Creditors

All persons holding claims against the estate of Jesse Arter, deceased, late of Pickens county, must present the same, duly proven, on or before the 1st day of November, 1918, or be barred payment, and all persons indebted to said estate must make payment on or before the above date to the undersigned.

NORMAN ARTER,
Administrator.
