

EASLEY CONTINUES TO MAKE PROGRESS

The progressive little city of Easley will not be downed. If at first she does not succeed her motto is, "try try again."

It will be remembered that a few months ago the question of issuing \$50,000 for improvements and \$30,000 for past indebtedness was voted upon and carried by a substantial majority, but due to a technicality the election was thrown out.

In the very near future this same question will be resubmitted to the qualified voters of Easley, and everything seems to point to an even greater victory for the bonds than on the previous election.

One of the stipulations of this bond issue if carried is that property owners are to pay 50 per cent of the cost of paving.

The bonds are to run for a period of 40 years.

Should this bond issue carry, Easley will probably have more paved streets than any other city of its size in the state.

CHRISTMAS TREE AT GLASSY MOUNTAIN.

On last Friday evening, Dec. 22, a Christmas tree at Glassy Mountain school house was greatly enjoyed by the school children. The school is progressing nicely with Prof. R. T. Hallum of Pickens as principal and Miss Sallie Mae Chamblin of Liberty as assistant. An organ has been bought for this school which is a great help to the children. Prof. Hallum is doing great things for Glassy Mountain and the people deeply appreciate his work. The children are well trained and think there's none like Mr. Hallum—this being the second school he has taught here, and Miss Chamblin, Miss Cleo Hallum, who assists her father in the summer, is also a great favorite with the children.

In the presence of a crowd of patrons and friends the following program was rendered:

Song—America—Sung by all.
Scripture reading by several boys and girls.

Then prayer and an appropriate talk by Prof. Hallum.
Song—While Shepherds watch.
Christmas Greetings—Viola Ferguson.

Season's Joys—Dan Lynch, Hayes Bells, Alma Hayes.
Song—Silent night.
Katie's Wants—Virginia Hendricks.
The night before Christmas—Aldine Pace.

Recitation by four little girls—Viola Simmons, Alma Brown, Lantie Leslie and Tessie Clark.
Santa Claus and the mouse, by Nannie Et Hendricks.
Christmas Dreams—Oscar Atkins.
Song—Jolly, jolly Santa Claus.
Just before Christmas—Irene Freeman.

The Stockings' Christmas by Ethel Clark.
The little one's speech—Lois Ferguson.

Recitation by Lora Brown.
Song—Up on the house-top.

Now came the distribution of gifts and every child was made happy, after which, with best wishes for a merry Christmas and Happy New Year, the crowd was dismissed.

FORD SALES RECORD BROKEN

According to a statement issued by the Ford Motor Company, deliveries of Ford Cars and Trucks to retail buyers during the month of November totalled 106,327. This is a new high sales record that has never before been approached by the company at this season of the year and one which stands out in marked contrast to the November 1921 retail delivery figures which totalled slightly over 58,000 cars and trucks.

For eight consecutive months, beginning with April 1st of this year retail deliveries have exceeded 100,000 Ford Cars and Trucks each month, the accumulated total for the first eleven months of 1922 being approximately 1,200,000. While the Company points out that it is not usual for Ford retail sales to exceed the 100,000 mark during the spring and early summer months when the demand is at its peak, the manner in which business has held up throughout the balance of the year is without precedent.

Credit for this remarkable showing is attributed by the Ford Motor Company to the many improvements which have lately been made on Ford Cars and particularly to the low level of Ford prices, recently put into effect. These new low prices not only broaden the field of prospective Ford purchasers but go still further in making the Ford Car the best value from the standpoint of the retail buyer, that it has ever been.

Although the Ford factories have been operating at capacity for the past eight months, sales have equalled production and judging from the unusual manner in which orders are coming in at this season of the year Ford dealers will be unable to accumulate an adequate stock of cars during the winter months for delivery next spring.

In the opinion of the Ford Motor Company, November sales are an indication that many prospective purchasers, realizing the exceptional value now being offered in Ford cars, are beginning to anticipate an unusual spring demand and are therefore placing orders during the fall and will continue to do so throughout the winter to avoid disappointing delays in delivery later on. While this will relieve the situation to some extent, it is pointed out that the steadily increasing demand for Ford cars is nevertheless sure to create an acute shortage as the season advances.

Accordingly, the Ford sales Organization is urging prospective Ford purchasers to arrange for delivery during the winter months in order that the demand next spring will be relieved as far as possible.

The Sentinel regrets his death and extends to his relatives our deepest sympathy.

STATE DOG TAX LAW CLARIFIED.

County Treasurer O. T. Hinton has received from the comptroller general a circular making plain the state law regarding dog taxes, and it is pointed out that the non-payment of the tax is a misdemeanor, under section 4 of the act levying the tax. Mr. Hinton issued the following information from the circular:

"There seems to be a great deal of confusion concerning the \$1.25 License Tax on dogs, provided for in the Act of 1922, approved March 15, 1922. In order that the law may be uniformly administered over the entire state, you will please handle the collection of this license tax as follows:

1. Tax payable during January of each year February 1st is the last day.

A dog is liable to this license tax if six months old or older on January 1st (a dog born June 30, 1922, is liable to the tax January, 1923.)

2. This tax is in lieu of all other taxes or licenses on dogs, either county, municipal or otherwise.

4. Dog License Tax payable January, 1923.

5. Tax not be charged on auditor's duplicate nor carried on the ordinary tax recently. Separate receipt necessary.

6. Do not turn this tax over to the sheriff for collection. Non-payment a misdemeanor (See section 4 of said Act) and punishable by fine or imprisonment.

7. It is the duty of the school trustees of each district to see that this tax is collected."

There were 16,597 bales of cotton, counting round as half bales, ginned in Pickens county, from the crop of 1922 prior to December 13, 1922, as compared with 21,852 bales ginned to December 13, 1921.

Married, at the residence of Magistrate J. W. Holiday on Dec. 15, 1922, Miss Arkie Orr to Mr. Carney J. Albersohn both of Pickens R5.

USE 13 TRACTORS ON LIBERTY FARMS.

Greenville News.
Liberty.—Thirteen tractors are daily humming on the hills and in the vales about Liberty, according to D. G. O'Dell of the O'Dell Motor Co., of Liberty. Farmers of this section have shown an unusual interest in farming with tractors during the present fall. Mr. O'Dell declared, and much fall plowing has been done with the tractors giving the old grey mule a chance to rest.

The introduction of improved machinery has not been more marked in any way than as regards tractors, it was declared. Pickens county farmers have found them to be more economical than horses and mules, and at the same time have been able to accomplish things with a tractor which no one pair of animals could do. At least one farm in this section will rely on tractors exclusively next year, the mule having been eliminated in the 1923 plans, and it is taken as a possible indication of muleless farms that may develop throughout this section within the next few years.

The friends of Mr. and Mrs. Sam B. Craig will be glad to learn that their son, Lewis, is improving after an attack of scarlet fever.
