The Gordon Light Infantry drill regularly every week, and are making commendable progress in digesting Upton.

A man that won't pay five cents a week for a paper to keep him posted on current events, is in a bad way; and yet there are numbers of such in Fairfield alone.

Can't our friends in different parts of the country send us crop reports? We will gladly publish anything that will benefit the farmers.

We call special attention to our rule that no nominations for any office will be inserted in THE NEWS AND HERALD, without prepayment of FIVE DOLLARS.

A gentleman in town, interested in farming, was congratulating himself on Thursday that his broken leg was paining. It had not pained him before since court week. He predicts speedy rains.

Reports of the crops are conflicting. One farmer of experience says the oats crop is worse than it has been in twelve years. On the other hand, oats in the Monticello country is said to be promising.

We have been requested to state that the sale of tickets for "ye old folks' concert" will commence at A. P. Miller's store on Monday morning next; price twenty-five cents each.

The "old folks" are putting on their finishing touches, and will be ready to receive their friends on Tuesday evening in a most hospitable manner. From the interest taken by the participants we predict the fullest success. We trust the citizens will turn out *en masse*.

A communication, signed "Many Citizens," is on hand and cannot be published: first, because no name is signed to it; and second, because, being a nomination, it should be accompanied with the usual fee. An attention to these small matters will secure a willing publication on our part.

We learn that Prince Martin has so far experienced a change of heart as to vote with the Democrats on nearly every measure of importance that comes before the House. We observe his name in the list of those voting in favor of the impeachment of Associate Justice Wright. "While the lamp holds out to burn," and so forth.

**DENTAL NOTICE.**—Dr. Isaiah Simpson, Surgeon Dentist, Charlotte N. C., respectfully informs the citizens and public generally that he will visit Winnsboro professionally, on the 19th day of June, and remain

ten days or two weeks. Please call early and save confusion at the last. Teeth extracted without pain.—Satisfaction guaranteed.

**FIREMEN'S HOP.**—The committee appointed by the Fairfield Fire Engine Company have determined to give a "Calico Hop" for the benefit of the company on the evening of the 19th instant. The admission fee is fixed at fifty cents, and no gentleman will be admitted without a ticket. Minor details will be given hereafter.

### To the Citizens of Fairfield County.

I announce myself as a candidate for the office of Clerk of the Court for Fairfield county. The following are my reasons for seeking the office: I have a large family to support, and children to educate by my own efforts. I lost an arm in the service of my country, and the office would at least be a great help to a man in my situation. So if no other man offers, whose claims are better, and you will elect me I promise to fill office honestly, and to the best of my ability.

"THE ANSON HARDY CUTTING MACHINES are the best and cheapest low priced machine made, and have a national reputation for utility and durability."—*The Electrotyper, Chicago.*

THE ANSON HARDY PAPER CUTTER is by far the best machine which can be obtained for a less price than one hundred dollars. It is of great strength. These machines have always taken the highest stand. It is the only machine to which is applied the Patent Movable Cutting Board. This device has a reputation of itself; by it, the cutting board can be instantly and accurately moved, so that a perfect cut is insured. This is a very important point in the machine, and one that is possessed by no other. It greatly reduces the labor of preparation in working the paper backward and forward. We cannot too strongly recommend the advantages of this patent movable board. It is worth the price of this machine, and purchasers should fully understand how highly it is to be valued."—*Geo. P. Rowell & Co.'s Newspaper Reporter and Printer's Gazette.*

THE LATEST IMPROVED HARDY CARD CUTTER is pronounced the most desirable Card Cutter in the market, for the general uses of a printing office.

The well known RUGGLES CARD CUTTER, with my latest improvements, is still preferred by many printers, and holds its favoritism over other machines.

None genuine but those having my full address lettered in the casting. Newspapers in want of advertising from first parties should send for my circular.
