Just Arrived—J. M. Beaty.
Raise Thoroughbred Horses—
Collins & Jefferies.
Fairfield Fire Engine Company
—E. S. Chandler, Secretary.

Candidates are beginning to multiply upon the face of the earth.

Preserve this paper with the plan of primary elections in it for future reference.

If any man hauls down a bill on you these days, shoot him on the spot.

We have in our possession a valuable and useful article found upon the street, which the owner can have by proving property and paying charges.

Col. James H. Rion and Messrs. A. S. Douglass and Jno. S. Reynolds are in Columbia in attendance on the Supreme Court. The sixth circuit was called on Tuesday.

Prevention is surely better than cure; and to prevent the diseases of babyhood from attacking your child, use in season Dr. Bull's Baby Syrup, the safest and best remedy for children. All Druggists sell it.

Capt. Clowney, who has returned from his prospecting tour in Texas, represents that State as a big thing. He is a keen observer, and what he saw would fill a volume. There is more life there in one small town, than in all South Carolina. It is not a place for any one but live, energetic men. Mr. Erwin has not yet returned. Mr. Wolfe is at present in Dallas.

AROUND TOWN.—Strawberries are selling at fifteen cents a quart.

It is about time the base ballists were coming to the front.

The vegetable gardens are looking well since the recent rains.

The Gordon Light Infantry drill every Tuesday and Thursday evening.

Since the fence law has been put in force, grass is getting a start on the streets.

The flower gardens at the lower end of town present a beautiful appearance.

Mr. J. O. Boag has had the front of his store repainted, which is quite an improvement.

The top of the cistern by the court-house is said to be rather shaky. This should be looked after.

The railroad well at the freight depot is being dug deeper, and will soon furnish an abundant supply of water.

To-day is the anniversary of the Fairfield Fire Engine Company. There will be a parade and election of officers this evening, and an anniversary supper to-night.

White Oak Democratic Club.

WHITE OAK, April 27.—The White Oak Club met this day pursuant to adjournment, and was called to order by the president. The minutes of the last meeting were read and adopted. The president then requested that all persons desiring to join this club would come forward and sign their names, which resulted in the enrollment of fifty-nine members. The club then went into an election for two delegates to represent this club in the County Convention, in order to be in readiness should the convention be called before our next regular meeting. R. A. Patrick and S. R. Johnston were elected.

A registering and an executive committee being necessary to complete our organization, the following named gentlemen were elected by ballot: W. W. Brice, W. B. Wood, and S. R. Johnston.

mer, and Col. F. J. Cameron, Jno. Vinson and T. G. Patrick for the latter committee. The executive committee was then instructed to draw up by-laws for the government of this club, and submit them at our next meeting.

The following resolutions, submitted by Mr. John Vinson, were then unanimously adopted:

Resolved, 1. That we unquestionably endorse the entire administration of Governor Wade Hampton, and urge upon the convention his re-nomination.

2. That the course of our distinguished member, Gen. John Bratton, as county chairman, meets with our approval, and in our opinion Fairfield county would but honor herself by honoring him with the highest office at her disposal.

3. That Messrs. H. A. Gaillard and Thos. S. Brice worthily represented us in the Legislature, and that they are cordially invited to address us at our next meeting.

4. That the minutes of this meeting be forwarded to THE NEWS AND HERALD, with the request that they be published.

The club then adjourned to meet again at 7:30, p. m., on the 11th day of May.

T. G. PATRICK,
Sec. and Treas.

The club, as constituted, has the following officers: S. R. Johnston, president; John Vinson, W. W. Brice, R. A. Patrick, vice-presidents; T. G. Patrick secretary and treasurer. S. R. Johnston, member of the County Executive Committee.

Attention! Fairfield Fire Engine Company.

YOU will assemble at your Engine House this (Thursday) afternoon at 4 o'clock, in full Winter Uniform, (black pants) for anniversary parade. A full turnout is requested.

By order: E. S. CHANDLER,
Secretary.

Raise Thorough-Bred Horses! YOUNG GLENCOE

WAS bred by Wyatt Lipscomb, of Spartanburg, S. C. Sired by Col. Taylor's celebrated Horse; grandsire, Imported Glenoe, winner of the "gold cup" at Goodwood and Ascot, admitted the finest horse ever brought from England, his dam same as Thicketty and Monarch, too well known for further mention. Full pedigree can be obtained from Turf Register. Size, 15½ hands high; color, rich bay; mane, tail and legs well formed, no fetlocks. Gait, walk and trot equal to any elegant style.

Young Glenoe will be let to mares on the following conditions, viz: Single visit, \$15.00; Season, \$25.00; insure, \$35.00. All money due at the end of the season, except those insured, which is due as early as the mare is known to be in foal. Any one trading mare will be held responsible for season money. In all cases, the mare and colt will be bound for price of colt. Every pains will be taken to prevent accidents; should any occur, we are not responsible. Glenoe will stand at Winstonsboro, Season commencing 1st of April, and ending 1st of July.

SPECIAL NOTICES.

Boon to Suffering Females.

LA GRANGE, GA., March 29, 1870.
Bradfield & Co., Atlanta, Ga.—Dear Sirs:—I take pleasure in stating that I have used for the last twenty years the medicine you are putting up, known as Dr. J. Bradfield's FEMALE REGULATOR, and consider it the best combination ever gotten together for the disease for which it is recommended. I have been familiar with the preparation both for as a practitioner of medicine and in domestic practice, and can honestly say that I consider it a boon to suffering females, and can but hope that every lady in our land, who may be suffering in any way peculiar to their sex, may be able to procure a bottle, and their sufferings may not only be relieved, but they may be restored to health and strength.
With my kindest regards,
I am, respectfully,
may 2-2w W. B. FERRELL, M. D.

THE Scientific American. THIRTY-THIRD YEAR.

The Most Popular Scientific Paper in the World.

Only \$3.20 a Year, Including Postage. Weekly.

52 NUMBERS A YEAR. 4,000 BOOK PAGES.

THE SCIENTIFIC AMERICAN is a large first-class weekly newspaper of sixteen pages, printed in the most beautiful style, profusely illustrated with splendid engravings, representing the newest inventions and the most recent advances in the arts and sciences; including mechanics and engineering, steam engineering, railway, mining, civil, gas and Hydraulic engineering, mill work, iron, steel and metal work; chemistry and chemical processes: Electricity, light, heat, sound; Technology, photography, printing, new machinery, new processes, new recipes, improvements pertaining to textile industry, weaving, dyeing, coloring, new industrial products, animal vegetable and mineral; new and interesting facts in agriculture, horticulture, the home, health, medical process, social science, natural history, geology, astronomy, etc.

The most valuable practical papers, by eminent writers in all departments of science, will be found in the Scientific American; the whole presented in popular language, free from technical terms, illustrated with engravings, and so arranged as to interest and inform all classes of readers old and young. The Scientific American is promotive of knowledge and progress in every community where it circulates. It should have a place in every family, reading room, library, college or school. Terms, \$3.20 per year, \$1.60 half year, which includes prepayment of postage. Discount to Clubs and Agents. Single copies ten cents. Sold by all Newsdealers. Remit by postal order to MUNN & CO., Publishers, 37 Park Row, New York.

PATENTS. In connection with the Scientific American, Messrs. MUNN & Co. are Solicitors of American and Foreign Patents, and have the largest establishment in the world. Patents are obtained on the best terms. Models of new inventions and sketches examined, and advice free. A special notice is made in the Scientific American of all inventions patented through this agency, with the name and residence of the patentee. Public attention is thus directed to the merits of the new patent, and sales or introduction often effected.

Any person who has made a new discovery or invention, can ascertain, free of charge, whether a patent can probably be obtained, by writing to the undersigned. Address for the Paper, or concerning Patents, MUNN & CO., 37 Park Row, New York.

Branch Office, Corner F and 7th Streets, Jan 8-tf Washington, D. C.

A NATIONAL STANDARD.

Webster's Unabridged.

3000 Engravings. 1540 Pages Quarto.

10,000 Words and Meanings not in other DICTIONARIES.

Four Pages Colored Plates. A Whole Library in Itself. Invaluable in any Family. And in any School.

Published by G. & C. MERRIAM, Springfield Massachusetts.

—WARMLY INDORSED BY—

Bancroft, Prescott, George P. Marsh, Motley, Fitz-Greene Halleck, John G. Whittier, N. P. Willis, John G. Saxe, Elihu Burritt, Daniel Webster, Rufus Choate, J. Corlidge, Smart, Horace Mann, President.

More than fifty College Presidents. And the best American and European Scholars. Contains one-fifth more matter than any other, the smaller type giving much more on a page.

Contains 3000 Illustrations, nearly three times as many as any other Dictionary.

LOOK at the three pictures of a SHIP, on page 1761.—these alone illustrate the meaning of more than 100 words and terms far better than they can be defined in words.

More than 30,000 copies have been placed in the public schools of the United States. Recommended by 34 State Superintendents of Schools, and more than 50 College Presidents.

Has about 10,000 words and meanings not in other Dictionaries.

Embodies about 100 years of literary labor. Is several years later than and other large Dictionary.

The sale of Webster's Dictionaries is 20 times as great as the sale of any other series of Dictionaries.

"August 4, 1877. The Dictionary used in the Government Printing Office is Webster's Unabridged."

Is it not rightly claimed that Webster is
