

The negroes in Illinois propose to hold a convention to secure their political rights. Illinois has been a Republican State ever since the birth of the Republican party.

There is now living on Capt. A. E. Hutcheson's place in York county, an old colored woman, commonly known as "Aunt Rose," who is said to be one hundred and nine years of age. She was the slave of Mr. Wm. E. White, of Fort Mills, and is still hale and hearty.

The empire of the Muscovite is divided into "Little Russia" (the territory of the Ukraine and Don Cossacks), Red Russia (the western portion), and South Russia, which includes the Black Sea Coasts, and Asiatic Russia, or Siberia and Turkestan, to the original "Great Russia," formed by the vast plain extending from the White Sea to the Dnieper. Hence the term "Czar of all the Russias."

PROFESSOR GREENE, in a recent speech, said he hazarded the statement that the colored people of the South to-day were better fed, better clothed, better housed than any peasantry in Europe. In conclusion the Professor urged the colored people to cease being the sport of politicians. They could better afford to lose the ballot than to lose the respect of the religious, industrious, temperate element; the liberty-loving and God-fearing class, which has made liberty and enfranchisement possible.

The Columbia correspondent of the Augusta Chronicle gives some striking facts in connection with the collection of the poll tax in this State. Charleston, with a population exceeding 50,000, only pays \$1,516 poll tax. And Charleston and Berkeley, that together had in 1880 a population of 21,626 over 21 years old only pay \$3,312 poll tax, so that about three-fourths of the males of voting age escape the payment of this tax altogether. The total population of the State in 1880 over 21 years of age was 205,789, and at the same ratio of increase of population in the past three years as we made for the previous ten years there should now be 239,483 males over 21 years in the State, and only 122,914 have been assessed for poll tax. These figures show how successfully this tax is evaded.

Ex-Chief Justice George Sharswood, of Pennsylvania, died on the morning of the 28th ult., at his residence in Philadelphia. Judge Sharswood was in his seventy-third year, and was for many years one of the most eminent lawyers in Pennsylvania. He was for sixteen years Chief Justice of the State Supreme Court, and his continuous services on the bench embraced a period of thirty-seven years and nine months. He was a consistent Democrat in his views of the relations of the General Government to the States, but seemingly adopted the Jacksonian view of the right of secession, and the primal duty of preserving the Union. He contributed some valuable works to his profession, and edited, among others, "Dickson's Commentaries."

THE STATE AT BOSTON. The Charleston News and Courier makes very nice excuses for the recent action of the Chamber of Commerce in declining to take any steps looking to an organized display of the natural resources of the State at Boston.

The apology is that the "time before the opening of the New England Fair is now so short that even if there were organization, a definite plan of operations and sufficient fund to defray the expenses of the undertaking, it is doubtful whether a creditable exhibition could be prepared."

At this late day this is perhaps true, but every one knows that Charleston and her Chamber of Commerce could have taken action sooner, and to our minds it is a miserable excuse indeed to sluggishly wait until the golden opportunity has passed and then tell the friends of the movement that it is now too late to accomplish anything. With the assurances of the News and Courier, all have anxiously awaited and confidently expected progressive action on the part of the metropolis, but all expectations have been blasted, and the pet enterprise falls to the ground!

THE STATE NORMAL INSTITUTES. The faculties of the two Normal Institutes have now been arranged, only one professor for the white institute remaining to be selected. The faculty of the white institute is as follows: Principal, Prof. Henry E. Shepherd, M. A. (president of the College of Charleston and late superintendent of public instruction of Baltimore), principles of school economy, methods of instruction. Prof. E. S. Joyner, Ph. D. (South Carolina College), philology of the English language, methods of teaching. Prof. H. Means Davis (South Caro-

lina College), history, geography, methods of teaching. Prof. J. J. Vance, LL. D., education, methods of teaching. Prof. W. H. Withering, Curricular (Chestnut Graded School), music, methods of teaching. Prof. B. Shinn (South Carolina College), lectures on physics. Prof. A. N. Phillips (of Columbia), lectures on physiology and school hygiene. Prof. L. B. Hayes (Columbia Female College), secretary. Dr. J. L. M. Curry, the general agent of the Peabody fund, has been invited to address the institute on the subject of educational work, but on account of his temporary absence from his home he has not yet been heard from. Governor Thompson, at the request of Colonel Coward, the State Superintendent of Education, has promised to make the opening addresses at both institutes. His vast experience as superintendent of education and director of several of these annual institutes eminently qualifies him for his task. The faculty of the colored institute will be as follows: Principal, Prof. H. P. Montgomery, of Washington, history and methods of instruction. Mrs. E. B. Montgomery, language, grammar and phonetic spelling. Miss L. E. Moten, perspective drawing and map drawing. Miss M. E. Gibbs, arithmetic and grammar. W. Montgomery, algebra, advanced arithmetic and advanced grammar. Thos. J. Gregory, of Columbia, secretary.

After They Went Fishing. They didn't catch many fish, although they had a great deal of fun and got themselves wet all over when the log they had been sitting on rolled over and dropped them into the water. The biggest catch of the day was the severe cold they caught from not being properly dried when came out. A summer cold is quite as dangerous as one in winter, but Perry Davis's Pain Killer is the sovereign remedy in case of either.

TAX RETURNS.

OFFICE OF COUNTY AUDITOR, FAIRFIELD COUNTY. WINNSBORO, S. C., May 1, 1883.

THIS Office will be open from June 1st to July 20th, 1883, for the purpose of receiving Tax Returns of all personal property owned on the first of June, 1883. All persons owning personal property of any description are required to list the same, under oath, for taxation. All new buildings erected since the first of June, 1882, must be reported, and all purchases or sales of real estate, within the same period, must be noted.

All male persons between the ages of twenty-one and fifty years are liable to Poll Tax, except school teachers and those physically unable to earn a support.

The term "personal property," as here used, is held to mean and include "all things, other than real estate, which have any pecuniary value, and money, credits, investments in bonds, stocks, joint stock companies, or otherwise."

For the convenience of taxpayers, I will attend in person, or by deputy, at the following places on the day specified, for the purpose of receiving Tax Returns, viz:

- Castroville, Tuesday, June 19. Brickfield, Wednesday, June 20. Monticello, Thursday, June 21. Smithville, Friday, June 22. Jennings Store, Saturday, June 23. Woodville, Sunday, June 24. Winnsboro, Monday, June 25. Ridgeley, Wednesday, June 27. Hyllewood, Thursday, June 28. Bear Creek, Friday, June 29. Gladden's Grove, Monday, July 2. Boulware's Store, Tuesday, July 3. I. N. THE VERDICT. THE PEOPLE. BUY THE BEST! Mr. J. O. Boag—Dear Sir: I bought the first Davis Machine sold by you over five years ago for my wife, who has given it a long and fair trial. I am well pleased with it. It never gives any trouble, and is as good as when first bought. Winnsboro, S. C., April 1883. Mr. Boag: You wish to know what I have to say in regard to the Davis Machine I bought of you three years ago. I feel I can't say too much in its favor. I made about \$60.00 worth in five months, at times given me any rest and the needle would get perfectly hot from friction. I feel confident I could not have done the same work with any other machine. No time lost in adjusting attachments. The lightest running machine I have ever attended. Brother Jones and Williams families are as much pleased with their Davis Machines as I am. I want no better machine. As I said before, I don't think too much can be said for the Davis Machine. Respectfully, E. L. STEVENSON. Fairfield county, April, 1883. Mr. Boag: My machine gives me perfect satisfaction. I find no fault with it. The attachments are so simple. I wish for no better than the Davis Vertical Feed. Respectfully, Mrs. R. MILLING. Fairfield county, April, 1883. Mr. Boag: I bought a Davis Vertical Feed Sewing Machine from you four years ago. I am delighted with it. It never refuses to work, and has never been the least out of order, and has never been in any way injured. It is as good as when I first bought it. I can cheerfully recommend it. Respectfully, Mrs. M. J. KIRKLAND. Monticello, April 30, 1883. This is to certify that I have been using a Davis Vertical Feed Sewing Machine for over five years, purchased of Mr. J. O. Boag. I haven't found it possessed of any fault—all the attachments are so simple, it never refuses to work, and is certainly the lightest running in the market. I consider it a first-class machine. Very respectfully, MRS. M. WILKINSON. Oakland, Fairfield county, S. C. Mr. Boag: I am well pleased in every particular with the Davis Machine bought of you in every respect. You know you sold several machines of the same make to different members of our families, all of whom, as far as I know, are well pleased with them. Respectfully, Mrs. M. H. MOBLEY. Fairfield county, April, 1883. This is to certify we have had in constant use the Davis Machine bought of you about three years ago. As we take in work, and have made the most of it several times over, and don't want any better machine. It is always ready to do any kind of work we have to do. No puckering or skipping stitches. We can only say we are well pleased, and wish no better machine. CATHERINE WYLLIE and Sister. April 25, 1883. I have no fault to find with my machine, and don't want any better. I have made the price of it several times by taking in sewing. It is always ready to do its work. I think it a first-class machine. I feel I can't say too much for the Davis Vertical Feed Machine. Mrs. THOMAS SMITH. Fairfield county, April, 1883. Mr. J. O. Boag—Dear Sir: It gives me most pleasing testimony to the merits of the Davis Vertical Feed Sewing Machine. The machine I got of you about five years ago, has been almost in constant use ever since that time. I cannot see that it is worn any, and has not cost me one cent for repairs since we have had it. Am well pleased and don't wish for any better. Yours truly, RONY CHAWFORD. Granite Quarry, near Winnsboro, S. C. We have used the Davis Vertical Feed Sewing Machine for the last five years. We would not have any other make at any price. The machine has given us unbounded satisfaction. Very respectfully, Mrs. W. K. TURNER and Daughters. Fairfield county, S. C., Jan. 27, 1883. Having bought a Davis Vertical Feed Sewing Machine from Mr. J. O. Boag some three years ago, and having given me perfect satisfaction in every respect as a family machine, both for heavy and light sewing, and never needed the least repair in any way, I can cheerfully recommend it to any one as a first-class machine in every particular, and think it second to none. It is one of the simplest machines I ever saw, and I can use it with all ease. The attachments are more easily adjusted and it does a greater range of work by means of its Vertical Feed than any other machine I have ever seen or used. Mrs. THOMAS OWINGS. Winnsboro, Fairfield county, S. C. We have had one of the Davis Machines about four years and have always found it ready to do all kinds of work we have had occasion to do. Can't see that the machine is worn any, and works as well as when I first bought it. Mrs. W. J. CHAWFORD. Jackson's Creek, Fairfield county, S. C. My wife is highly pleased with the Davis Machine bought of you. She says she would like double what she gave for it. The machine has not been out of order since she had it, and she can do any kind of work on it. Very respectfully, JAS. F. FREE. Monticello, Fairfield county, S. C. The Davis Sewing Machine is simply a treasure. Mrs. J. A. GOODWIN. Ridgeley, N. C., Jan. 10, 1883. J. O. Boag, Esq., Agent—Dear Sir: My wife has been using a Davis Sewing Machine constantly for the past four years, and it has never needed any repairs and works just as well as when first bought. She says it will do a greater range of practical work and do it easier and better than any machine she has ever used. We cheerfully recommend it as a No. 1 family machine. Yours truly, J. O. DAVIS. Winnsboro, S. C., Jan. 3, 1883.
