Finally I tried PARISIAN SAGE, and after using one bottle my hair started to grow, and has grown three or four inches inside of two months. I advise every woman who wants beautiful hair to use PARISIAN SAGE." Miss Meta M. Kruger, Browntown, Minn.

**Dr. Wm. E. Barked Makes a Remarkable Statement After Travelling from the Atlantic to the Pacific.**

As he secured some of the most notable endorsements to his theory, he does not hesitate in saying that he will positively guarantee bloodline to cure stone in the bladder or any kidney or bladder trouble, no matter how long you have been suffering. Ninety-seven per cent. of the entire population of the United States are afflicted with kidney or bladder trouble. In the last seven years bloodline has cured 98 per cent of the cases that have been treated with it.

Hundreds of cases of hemorrhage of the bladder have been cured after treatment in some of the leading hospitals have failed to even relieve the patient. We are therefore confident that our theory of treating these cases with bloodline, is the only possible manner in which such a large percentage of cases can be cured, that we do not hesitate to guarantee the efficiency of bloodline.

Mr. Hanson, the business manager, of the Postal Telegraph and Cable Co., of Biddeford, Maine, had a stone in the bladder removed with six and one-half bottles of bloodline, after being told by all of the leading physicians in his vicinity that the only way it could possibly be removed was by an operation. We stand ready to furnish positive proof of the above statement to any one doubting the truth of the same.

More than five million bottles of bloodline were sold in America last year. Can there be any greater evidence of merit than this unparalleled sale of a scientific product. No other product has ever met with such astounding sales in so short a period, and from a conservative estimate the sales this year will reach ten million bottles. 2880 bottles were sold in a single day in Cleveland, Ohio; 2160 bottles were sold in Rochester, N. Y., at the first day's introductory sale, and 1400 bottles in Paterson, N. J., in one day. No scientific treatment has ever attained such success in America. We are now supplying druggists with bloodline, for the convenience of those wishing to convince themselves of its merits. If your druggist does not have it, The Bloodline Laboratory, Boston, Mass., will supply you with a six weeks' treatment (six bottles) for \$2.50; 50c a bottle, trial sample and booklet 10c.

(7.) Verses 60-63—What should be our chief consideration in naming a child?

(8.) Why did they name this child John?

(10.) Why did they all marvel so much when the name of John was given to this babe?

(11.) Verse 64—What were the circumstances in connection with Zacharias losing his speech?

(12.) To what extent, if any, does doubt take away the speech of a good man today?

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

**SUNDAY DESECRATION.**

Editor The Laurens Advertiser:

Will you allow me a little space in your valuable paper. I have some questions I would like to ask. Do we really and truly live in a civilized land? Do men respect the law of the land? Are we making any progress along moral lines? Now if this is truly a civilized land, I would like for some one to explain some things to me. To make myself clear, as a few of us gathered at Chestnut Ridge for Sunday school you could hear shot after shot all over the country. I say it's a shame and an outrage that men should so forget themselves as to take Sunday for a day to hunt rabbits and so disturb the peace and quietness of this day set apart for God's services.

I dare say others besides colored people were doing the shooting. What say you all?
