

MUCH LIQUOR SOLD BY DISPENSARIES

Total Amount of Whiskey Sold in State Through Dispensaries Last Month Brought Nearly Three Hundred Thousand Dollars.

Columbia, Nov. 15.—Richland county dispensary sold \$106,942.23 worth of liquor in the month of October. This included fair week when thousands of people visited Columbia from every section of the State. This means that an average of \$3,530 was invested daily in the county of Richland from the dispensary alone in the purchase of whiskey, beer and wines.

For the entire state the sales during October amounted to \$295,977.16. Were this average maintained throughout the year the annual dispensary sales would run to \$3,500,000 for the dispensaries in the several counties.

The sales by counties as shown by the dispensary auditor's report issued today were as follows:

Alken	\$ 35,176.10
Beaufort	16,238.10
Charleston	47,180.03
Bamberg	972.96
Dorchester	3,671.10
Georgetown	13,483.95
Jasper	1,720.55
Richland	106,942.23
Union	17,238.45
Florence	53,353.64

Total .. \$295,977.16

Bamberg had not been long opened and one or two had not gotten things into running shape yet.

In replying to a letter seeking information from the attorney general's office with regard to the sale of paper cap pistols and paper caps Assistant Attorney General Fred H. Dominick rendered an opinion today declaring that the code prohibits the sale of same.

In addition to the prohibition against the sale of paper cap pistols and the paper caps, Mr. Dominick calls attention to the section of the criminal code which defines what sort of fire crackers can be sold in this state.

The information is of especial interest at this time of the year throughout South Carolina in view of the approach of the holiday season when fire crackers and toy pistols have heretofore been sold to such an extent in South Carolina.

CHESHIRE'S HARPOON.

New Anderson Paper Makes Initial Appearance.

Anderson, Nov. 14.—With a nice line of advertisements and a large amount of news matter Cheshire's Harpoon, a semi-weekly newspaper, made its first appearance today. The first issue contained four pages of six columns, but Victor B. Cheshire, the owner and editor, announces that hereafter the paper will contain eight or more pages. In the first issue Mr. Cheshire extends thanks to the public for sending in many subscriptions and to the advertisers of the city, who have made contracts with the paper. The motto of the paper is "Minnows are safe, I am out for whales."

GIRLS! STOP WASHING THE HAIR WITH SOAP

Soap Dries Your Scalp, Causes Dandruff, Then Hair Falls Out—Try this Next Time.

After washing your hair with soap always apply a little Danderine to the scalp to invigorate the hair and prevent dryness. Better still, use soap as sparingly as possible, and instead have a "Danderine Hair Cleanse." Just moisten a cloth with Danderine and draw it carefully through your hair, taking one strand at a time. This will remove dust, dirt and excessive oil in a few moments you will be amazed, your hair will not only be clean, but it will be wavy, fluffy and abundant, and possess an incomparable softness and lustre.

Besides cleansing and beautifying the hair, one application of Danderine dissolves every particle of dandruff; stimulates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.

Men! Ladies! You can surely have lots of charming hair. Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it.

Insatiable Ambition.

"I hope our ambitious friend is satisfied," said the philosophic observer. "He has prospered so that he can do as he pleases." "Yes. But that doesn't content him. While he is doing as he pleases he wants everybody to quit work and applaud him for doing it so nicely."—Washington Star.

A Panama Emergency Dam

Photo by American Press Association.

THIS huge piece of steel work cost a whole lot more than the average man or woman can hope to possess in a lifetime. It was built for use on the Panama canal. Yet even though it does represent a great fortune the time for its actual use may never come. It is an emergency dam and is located on the Panama canal at Gatun. A permanent dam is located at this place, where are also the three twin locks. Under ordinary circumstances if anything should go wrong with the mechanism of the locks the people in the lowlands would be at the mercy of the terrible force of water held back by the permanent dam and the locks. But with this emergency dam no one need worry, for the experts declare that it can be swung into the channel of the canal and block the flow of water within thirty seconds.

Too Good to Lose.

Jack—"Now that your engagement is broken, are you going to make Blanche send back your letters?" Harry—"You bet I am. I worked hard thinking out those letters; they're worth using again."

Declare War on Colds.

A crusade of education which aims "that common colds may become uncommon within the next generation" has been begun by prominent New York Physicians. Here is a list of the "don't" which the doctors say will prevent the annual visitation of the cold:

"Don't sit in a draughty car."
"Don't sleep in hot rooms."
"Don't avoid the fresh air."
"Don't stuff yourself at meal times."

Over-eating reduces your resistance. To which we would add—when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by all dealers.

Law of the Harvest.

The law of the harvest is to reap more than you sow. Sow an act and you reap a habit; sow a habit and you reap a character; sow a character and you reap destiny.—George D. Boardman.
