

IF SKIN ICHES AND BREAKS OUT APPLY SULPHUR

Get ounce of bold-sulphur cream and heal Eczema eruptions right up.

For years, common bold-sulphur has occupied a secure position in the treatment of cutaneous affections, by reason of its parasite-destroying property. It is not only parasiticidal, but also antipruritic, antiseptic and remarkably healing in irritable and inflammatory conditions of the skin.

The moment you apply it to an itching or broken out skin the itching stops and the healing begins, says a noted dermatologist. Just common bold-sulphur made into a thick cream effects such prompt and remarkable results, even in aggravated Eczema that it is a never-ending source of amazement to physicians.

While not always establishing a permanent cure it never fails to subdue the angry itching and irritation and heal the Eczema right up and it is often years later before any eruption again appears on the skin.

Any good pharmacist will supply an ounce of bold-sulphur cream which should be applied to the irritated or inflamed parts like the ordinary cold creams. It isn't unpleasant and the prompt relief afforded is very welcome, particularly when the eruption is accompanied with itching.

FINAL SETTLEMENT.

Take notice that on the 16th day of October, I will render a final account of my acts and doings as Administrator of the estate of E. G. Hill, deceased, in the office of the Judge of Probate of Laurens county at 11 o'clock, a. m., and on the same day will apply for a final discharge from my trusts as Administrator.

Any person indebted to said estate are notified and required to make payment on that date; and all persons having claims against said estate will present them on or before said date, duly proven, or be forever barred.

T. T. HILL,
Administrator.

GRAPHIC DESCRIPTION OF CONFLICT

Hospitals Full of Young Men in their Prime. Sights too Terrible to Speak of.

Near Melun, France, Sept. 18.—I have come from Orleans, where the hospitals are full of broken men— young men and men in their prime, who have laid youth and strength upon the blood-drenched altar of freedom.

I have seen sights too terrible to speak of—sights which I cannot describe, which, in the selfishness of his health, man tries to blot from his memory.

I have seen, too, heroism most exalted and splendid; women for whose work of pity and love no praise can ever recompense. I have travelled through the dark forests and witnessed a hundred lonely bivouacs; farm carts with a couple of goats tethered to the wheels, a team of oxen browsing near by, a peasant and his wife and children gathered about their little fire.

I have seen women famished and terrified fleeing with children across long stretches of country, every mile of which held invisible terror.

I have just spoken with a soldier who has returned wounded from the pursuit which will go down with the terrible retreat from Moscow as one of the crowning catastrophes of the world.

"They fled," he declared, "as animals flee who are cornered and know it. Sometimes it became incredible. Imagine a roadway littered with guns, knapsacks, cartridge belts, Maxims and heavy cannon even. There were miles and miles of it. I saw arms and accoutrements of every sort and kind.

"Germany has left her very life blood on these roads and the dead, those piles of horses, those stacks of men—I have seen it again and again. Men were shot so close to one another that they remained standing after death. At night the sight is incredible and horrible beyond words."

Tremendous as the efforts have been to dispose of all these dead bodies it has not yet been possible to accomplish the task completely. One cannot bury whole armies in a day, and over fields of dead carrion birds are gathered, the gray-throated crow, of evil omen and the host of lesser marauders.

Robbers, too, have descended on these fields. I have heard of terrible rummaging among the dead. In villages the dead and wounded make an endless multitude. They lie where they fell. Doctors and nurses are busy all the time bringing back home a measure of hope to these unfortunates of three nations.

FAVOR STATE ACTION.

Southerners Urge Crop be Reduced.

Washington, Sept. 14.—Senators and representatives of the cotton growing States, at a conference tonight, voted to recommend State legislation to curtail the production of cotton next year in order to avert a surplus on the heels of a falling market this year due to the European war.

The action of the congressmen will be communicated to a conference of Southern governors to be held soon to consider the cotton situation. How much the crop next year should be reduced by legislative action was not definitely agreed to at the conference, some urging that the crop should be curtailed one-half and others one-third.

General discussion of the possibility of further federal legislative action in the emergency developed a strong sentiment that the congress had done all it could in providing an emergency currency and means for the cotton growers to take advantage of it.

Senator Simmons was emphatic in urging that the public be brought to realize that congress had given all the assistance it could.

DON'T TAKE

WRONG MEDICINE

If your liver gets lazy you need a liver tonic, not merely a laxative for the bowels. Many people take a simple laxative when the liver gets sluggish rather than take calomel, which they know to be dangerous. But a mere laxative will not start a sluggish liver. What is needed is a tonic that will liven up the liver without forcing you to stay at home and lose a day from your work.

You have such a tonic in Dodson's Liver Tonic. Dodson's Liver Tonic is all that is claimed for it, because the druggists who sell it agree to hand back the money with a smile, to any person not satisfied with the relief Dodson's gives.

Dodson's Liver Tonic is a vegetable liquid with a very pleasant taste and is a prompt and reliable remedy for constipation, biliousness, sour stomach and torpid liver.

The Laurens Drug Co. gives its personal guarantee. Large bottle of Dodson's Liver Tonic is only 50 cents. For children or grown people it is the ideal medicine. Try it on the guarantee.

HOME MARKET FOR GRAIN.

Mountain City Milling Co. Will Buy All That is Raised in Greenville.

Greenville Sept. 14.—In an interview with a reporter of The Daily Piedmont this morning Mr. Ebaugh of the Mountain City Milling Co., states that his company will take all of the wheat raised in Greenville, Spartanburg and Anderson counties for the next year. He will pay for strictly No. 2 what the prices quoted by the St. Louis market plus one half the freight to Greenville. For example if the St. Louis market was \$1.20 today and the freight to Greenville is 29 cents per hundred, which would be approximately 17 cents per bushel, he would pay for wheat delivered to his place of business about \$1.29. This is because of the fact that he can get wheat from St. Louis to his factory, manufacture it into flour and to his customer by railroad for only about 2 cents more cost in freight, which represents the difference in the cost in the freight on the flour which comes under a separate classification from wheat. If the wheat is not No. 2 he will take any grade at a lower price, which of course will be the regular market price of that particular grade, plus half the freight.

He will take all the corn raised in Greenville and Pickens counties in bulk, shelled or on the cob, at the regular St. Louis market price and the same freight allowance as on the wheat.

He will take all the oats raised in Greenville county, if they are clean and not musty. They must be sacked in even weights bags, four and one-half to five bushels to a bag and in sound sacks. If the farmer should have any trouble in finding that kind of bags he will furnish them at a reasonable price. The price paid for the oats will be governed by the same rules that are mentioned in connection with the wheat and corn.

Mr. Ebaugh states that he is making arrangements to add to his plant one of the most modern corn shellers made, and he hopes to have it in operation in the next 30 days. This sheller will clean the corn of the silks and small pieces of the cob and any other trash that may be in it. It will be so equipped that the cobs will be conducted straight from the sheller to his furnace and will be disposed of in making steam to supply his boilers.

The plant of the Mountain City Milling Co., is known to be the best equipped in the state. They have the only elevator system, and with their modern equipment are in position to handle in grain at a very low cost. Mr. Ebaugh says that he has the capacity of storing one hundred thousand bushels of grain with no inconvenience to himself. It is very evident from the above article that the farmer has a market for his grain now that he has never had before.

Card of Thanks.

I wish in this way to express to the voters of Laurens county my sincere thanks for the handsome vote given me in the recent primaries in which I was nominated as one of the county commissioners from this county. I deeply appreciate the honor. I repeat here the promise made in the campaign that I would be county commissioner of all the people, serving the whole county to the best of my ability.

Yours truly,
J. B. Hitt.

Only One "BROMO QUININE"

IMPORTANT TO ALL WOMEN READERS OF THIS PAPER

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, bearing-down feelings, headache and loss of ambition.

Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

A good kidney medicine, possessing real healing and curative value, should be a blessing to thousands of nervous, over-worked women.

Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., may receive sample size bottle by Parcel Post. You can purchase the regular fifty-cent and one-dollar size bottles at all drug stores.

Get rid of summer's poisoning—Brace up for Autumn—here the thing New 15c for 3-oz. bottle, (used to be 25c). 25c for 7-oz. bottle (used to be 50c.)
