

# HOSIERY!

We again call attention to this department. Goods of foreign make have become scarce while domestic manufacturers find it impossible to secure fast dye. Anticipating this trouble we doubled up on the most desirable lines and for the present the stock remains unbroken in quality, sizes and price, where immediate wants can be supplied. The scissors are kept busy on the nice shear printed fabrics---just the goods for hot weather wear.

## Saved Girl's Life

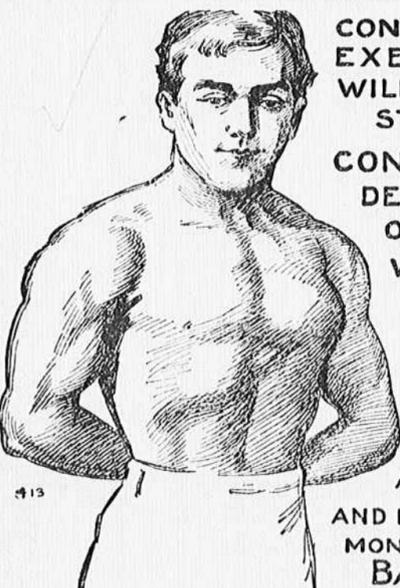

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

### Princeton and Her Social Organizations.

Princeton is located in the northwestern part of Laurens county, Sullivan Township. In former times it was known as Triangle but dreams of a city and a railroad cut caused its name to be changed to Princeton. We think the older settlers made a mistake by starting it on the Williamson plan and we have made the same mistake by keeping up the process.

Despite her smallness, she has always boasted of a school and church, both of which are kept in a flourishing condition. Many noble men and women have gone out from here to fill positions of honor and trust, while others of the nobility have stayed in the community and are engaged in farming, merchandising and other pursuits of happiness. All are deeply interested in the affairs of state and community. We have no chamber of commerce or other trade organization, but we can boast of a brotherhood that means much to the community at large. This organization may be called "The Sons of Rest," "White Pine Club," or "The Business Committee". Meetings are held each day throughout the week in the winter season, and on wet days and Saturday evenings throughout the summer. At each meeting fires are spit out, boxes carved to pieces, Europe's battles are fought and won, armies are rushed into Mexico, important laws are enacted, Presidents nominated, elections held, votes tabulated, and each candidate declared elected or in the second race. If some brother is unable to attend one of our regular meetings, we always take an interest in attending to any little business that he might chance to have.

The Secretary.

invited into the parlor. A very pleasant hour was spent in laughing and talking. After that a few interesting games were played and then some splendid music was given by Misses Marie Mahon and Vera Baldwin. About nine-thirty the guests were invited out into the yard where a beautifully decorated table was set and a delicious course of cream and cake served. Those present were Mr. and Mrs. Smith Martin, Misses Marie Mahon, Maye Roper, Vera and Allene Baldwin, Cora Teague, Eula and Geneva Pitts; Messrs Haskell, Furman and Conway Bolt, Alton Baldwin, Nesbit Mahon, Gillie and Culver Sumerel, Devault and Ralph Teague, Felton Roper, Laurens Knight, Ludie Abercrombie, John Thomason and Dr. Welborn Todd. Others were invited but were kept away on account of threatening rain.

In noticing Mr. George L. Pitts' letter in the Advertiser, we can hardly keep up with him. The last time we heard of him he was rabbit hunting and now he has gone to catching those little 410 pound turtles.

Mr. Pitts would not tell about the fish he saw, being afraid that he would be churched. I think if he isn't churched for telling the little tale, he need not be uneasy about telling anything else.

Mr. Earl Gray and family, of Eden section and Mr. Eugene Wasson and wife, of Friendship section, visited Mr. Claud Wasson Sunday.

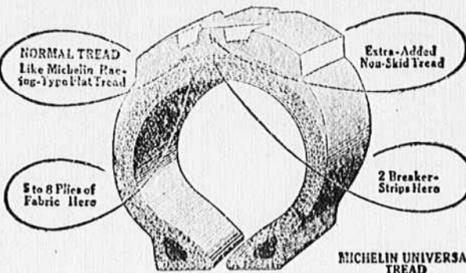

Mr. Milam Hellams and Mr. J. M. Sumerel motored down to the Tylersville section last Thursday and while there they saw Mr. Tom Poole's corn. They say it is a fine patch of about 50 acres.

Miss Maye Roper was the welcome guest of Miss Eula and Geneva Pitts Sunday.

# MICHELIN

12 to 15% Extra Weight

When you buy your next tire make this simple test. Let us weigh a Michelin Universal Tire in comparison with any other non-skid of the same size.

You will find the Michelin 12 to 15% heavier than the average, the exact percentage depending on the size of the tires used in the test.

This extra weight represents extra rubber and fabric, which means extra service.
