STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

WILL RENEW FIGHT ON PEACE MOTION

Congress Considers Formal Ending of War. To resubmit Treaty?

Washington, April 4.—The fight in congress over formal termination of the war will be renewed this week.

With the failure of the senate to ratify the peace treaty, the house will vote on a resolution put forward by Republicans, declaring the war ended. There were indications today, however, that this might result in further developments in connection with the treaty, possibly its resubmission to the senate by the president as the administration's counter move.

The peace resolution is to be brought before the house Thursday with a rule calling for a vote Friday. Republicans believe its adoption is assured, while Democrats declare it certainly will be vetoed by President Wilson without prospect of obtaining a two-thirds vote to override the veto.

In many well informed quarters the impression is growing that either before or more probably along with a veto message, the president might return the treaty to the senate with affirmative expressions regarding reservations. Indeed it would not surprise administration spokesmen in touch with the situation should the president return the treaty within a few days.

Although Democrats plan a vigorous fight on the resolution they virtually are without hope of preventing its adoption in both houses. This was indicated by Senator Hitchcock of Nebraska, administration leader, who returned today from a vacation in the South. Senator Hitchcock also differed from views expressed by Senator Lodge of Massachusetts, Republican leader, regarding the length of the senate contest over the house resolution.

"I believe there will be prolonged discussion," said Senator Hitchcock. "There are many new and most important issues presented in the proposal."

Senator Hitchcock decline to confirm or discuss reports that the president was considering return of the treaty to the senate shortly but indicated that he had been in correspondence with the president during his absence from Washington.

RIDDLES OLD FIELD NEWS.

Riddles Old Field, April 5.—A cyclone passed through this section early Friday morning and did much damage to the timber on Warrior Creek, trees were twisted and torn down, upsetting some by the roots, thus destroying thousands of feet of lumber. It was reported that some cattle were killed.

It still continues to rain and those who planned to go visiting Easter had an attack of the blues.

Mr. A. W. Rhodes went to Chick Springs to have his tonsils removed recently. The last news stated he was doing nicely.

Chief Holcombe, wife, daughter and mother, of Easley, were welcome guests Tuesday at Mr. W. L. Garret's.

Mr. P. E. Cooper spent Saturday and Sunday in Greenville.

Mr. Geo. Bagwell was in Laurens on business Thursday.

Mrs. Elvira Holcombe, of Liberty, is on a visit to her son, Ambros Holcombe. They visited Mrs. Jane Owens in Gray Court Sunday.

The teachers and pupils enjoyed an egg hunt on the school grounds Friday and found over a hundred eggs. A nice time was reported.

School will close the latter part of the week and the parents are much pleased with the work that Mrs. Rhodes and Miss Donnon have given during this session.

NOTICE OF ELECTION.
State of South Carolina,
County of Laurens.

Whereas, petitions signed by a legal number of the qualified electors and free-holders residing in Waterloo school district No. 6, Laurens county, South Carolina, asking for an election upon the question of voting an additional 4 mill tax upon the property in said school district, to be used for school purposes, have been filed with the county board of education, an election is hereby ordered upon said question, said election to be held on the 24th day of April, 1920, at public school building in said district, under the management of the trustees of said school district.

Only such electors as return real or personal property for taxation and who exhibit their tax receipts and registration certificates as required in the general election shall be allowed to vote.

Those favoring the 4 mill additional tax shall vote a ballot containing the word "YES" written or printed thereon. Those against the 4 mill additional tax shall vote a ballot containing the word "NO" written or printed thereon. Polls shall open at the hour of 8 o'clock in the forenoon and shall remain open until the hour of 4 o'clock in the afternoon when they shall be closed and the ballots counted.

The trustees shall report the result of the election to the county auditor and county superintendent of education within ten days thereafter.

The part that fine steels play

in a

MAXWELL

There is a definite reason for the brilliant performance of a Maxwell car.

Lift the bonnet and you see the simplest of engines. Examine clutch and gears, and you see supreme simplicity.

The definite reason for Maxwell performance and endurance is the fine steels, those steels built to Maxwell's own formulas, that combine quality and rare strength, that defy time and the repairman.

This is the story of the Maxwell, the real cause for brilliant performance and long endurance. These steels do not burden the engine. They make its tasks easier. They flatten out a hill for the engine.

The combination of light weight and great strength—the ideal of Maxwell construction—is thus achieved.

And to obtain that rare combination of strength with quality means costly steels. So you will find that, pound for pound, the steels in a Maxwell equal those in any car built.

That is why the rise of Maxwell has been so marked; why nearly 400,000 have been built; why 100,000 are being constructed this year; why these will fill but 60% of the demand.
