No Worms in a Healthy Child
 All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

PRESIDENT VISITS WOUNDED SOLDIERS
 Government to be Mindful of Sacrifices, Delivers Two Talks
 Washington, March 20.—President Harding combined an errand of mercy with first hand study of one of his administrative problems today by spending more than two hours among the wounded soldiers at Walter Reed hospital.
 Accompanied by Mrs. Harding and Dr. C. E. Sawyer, his personal physician whom he has charged with an investigation of the general problem of public health and social welfare, the president looked through the wards and entertainment rooms of the hospital, greeting scores of the patients and asking them what could be done to make them more comfortable.
 In a short talk from the front steps of the administration building, he told an assemblage of patients and nurses that he wanted to see a government policy that should fully recognize what the soldiers of the great war gave to their country, and later at the Red Cross hut he made a speech praising the services of women in the winning of the war.
 The question of proper hospital facilities and medical attention for wounded soldiers is one which has been much in Mr. Harding's mind since his election and during today's visit he asked about many details of hospital administration. Among other things he studied the vocational training system for the wounded, and Mrs. Harding brought away as a souvenir of the vocational plant a hammered silver jewel case made and presented by her by Private Joseph Yurkunski.
 To all of the wounded men with whom they talked the president and Mrs. Harding extended the hospitality of the White House, suggesting that those from Ohio arrange to come in a body soon to call on them.
 In his talk from the hospital steps, Mr. Harding recalled the example of a Confederate war veteran he had known, who despite the loss of both arms and one leg always kept talking cheerfully of the future and of the opportunities it might bring.
 "I offer to you men," continued Mr. Harding, "that same compensation. Look forward always to the morrow. I am sorry the burden has come so hard to you but you may be sure the government never will be unmindful of you and your condition."
 At the Red Cross hut the president declared the work of women in the war and the aftermath of war ranked as the greatest service ever rendered by the sex to humanity.
 "The greatest thing women has done in history," he said, "was the fulfillment of her part in the winning of the war for civilization. When I bring that tribute to you I know it is the tribute that has been in the hearts of the men in the armed forces who felt that you ministered unto them as only angles of God Almighty could minister."

FOR MORE MILK AND BETTER HEALTH
 Greenville, March 18.—There is a movement now on in Greenville City and county which holds interesting features for every family in the state, viz., a movement to use more milk. The scientific reasons for the necessity of more milk in the diet of Southern people, especially children, are being fully demonstrated and illustrated by a corps of specialists under the leadership of Miss Hoover, of the Dairy Division, U. S. Department of Agriculture, who has been assigned to this state at the request of the State Board of Health. Despite the fact that it is just before Easter, the Greenville merchants are giving freely their window space to be used by the Home Demonstration Agents of Winthrop and the Dairy Specialists from Clemson, who are assisting Miss Hoover in the many demonstrations and exhibits, which are on for the entire week.
 Surveys Show Low Consumption
 A preliminary survey of Greenville county in which 3,114 school children were examined showed that 598 children, or 19.2 per cent were 10 per cent underweight. Of the 1,987 white children examined 437, or 21.5 per cent were 10 per cent under weight, while of the 1,127 negro children examined 116, or 14.3 per cent were underweight to a similar degree.
 In a dietary survey by the Winthrop agents it was found that 44 per cent of the white children drink some milk daily, while the same percentage also drink tea or coffee. Only 32 per cent, however drink as much as a pint of milk a day. As many as 607 children, or 17.3 per cent, drink no milk whatever. These figures are perhaps fairly typical of the whole state.
 The estimate on the present use of milk in Greenville county is 3-4 of a cup per person each day. It is the opinion of the best authorities that 25 per cent of the children of Greenville county (and this probably holds good for the whole state) are underweight, and that by giving a child a quart of milk per day normal weight would be obtained in most cases.

TAKE MILLIONAIRE UNDER LIQUOR LAW
 Prohibition Officers Raid Pullman Car, Bankers Go On Bond.
 Tampa, Fla., March 20.—Charges of conspiracy to violate the Volstead act will be pressed against Harry S. Black, New York millionaire and his two negro employees before the federal grand jury, United States Attorney Herbert S. Phillips for the Southern district of Florida, said here today. According to Mr. Phillips, the grand jury will meet in Miami the last Monday in April to take up the case.
 Miami, Fla., March 20.—Harry St. Francis Black, New York multi-millionaire, rearrested last night in West Palm Beach under the state liquor laws on orders from Gov. Carey A. Hardee, was released today when Edward C. Romfh, president of the First National bank of Miami, and Theodore G. Houser, trustee of the same bank, appeared and gave their personal bond of \$1,000 for Black and \$1,000 for the negro porter employed on Black's private Pullman car.
 Black, who was taken into custody early last Thursday morning after local and federal authorities had raided his private car and seized 55 cases of liquor stored in it, was released Friday by United States Commissioner John M. Graham. J. R. Mandley, the negro porter, testified at the hearing that he had placed the liquor aboard without Black's knowledge.
 Although Black was still under \$500 bond to appear in Coconut Grove police court tomorrow, he left immediately after his hearing here.
 Yesterday Governor Hardee telegraphed Sheriff Allen of Dade county asking information as to the disposition of the case and in a later message informed the sheriff that Black's release by federal authorities did not exonerate him under the state laws. The sheriff at once swore out warrants for Black and his porter, J. R. Mandley, and wired the West Palm Beach authorities to hold the millionaire. Black supplied a cash bond of \$2,000 for himself and porter. This bond will be returned to him today, being automatically cancelled by that of the Miami bankers.
 Black and his car returned to Miami this morning.
 When Black appeared in Coconut Grove police court he also will face a charge of storing liquor in a shack near here on Miscayne Bay, said to be owned by him.

MT. OLIVE NEWS
 Mt. Olive, March 21.—The death of Mr. Travis Baldwin, Thursday evening, March 10, left a vacancy in the home and in the community, the grief of which still lingers in the hearts of our people. Though taken at the age of 17 he was a young man of such lovable qualities that he had already endeared himself to all who knew him best. The funeral was held at Mt. Olive church, of which he was a member, Friday afternoon, conducted by Dr. J. O. Martin, and the burial was in the cemetery at that place.
 A considerable number of our people attended the funeral of Mr. J. Wallace Godfrey at Union church last Thursday. Mr. Godfrey was well known throughout this section and was one of the best men we ever knew. He was 55 years of age and had lived an humble Christian life. The funeral services were conducted by his pastor, Rev. J. P. Coleman, and the body was laid to rest with Masonic honors. Mrs. Emma Mahon of the Rabun Creek section is visiting her people in this community.
 Mr. W. W. Culbertson and family, and Master Jack Hamilton, of Ekum, and Henry G. Culbertson and family of Cross Hill were visitors here Sunday.
 Uncle John Knight and Mr. Ed. Teague have been right sick several days.
 Miss Sinclair Tinsley, one of the teachers in the Mt. Olive school, spent last week end with her home people near Donalds.
 The Bethel Grove school, taught by Dr. J. O. Martin, was closed last Friday.

Card of Thanks
 Mr. Laurens Baldwin and family desire to extend their heartfelt thanks to their neighbors and friends for the many kindnesses so generously given during the sickness and death of their son and brother, Travis Baldwin. They can never forget either the untiring efforts and faithful attendance of Drs. Workman and Dennon in their behalf. That the Lord may abundantly repay them all with continued Divine blessings is their most earnest prayer.
