Boyville Dots.

There is somewhat of a stir up again over Butler Banks having a number of our good citizens arrested on fictitious charges brought by Jeff Holly. We think it time for that old Smoky Town affair to stop. If the parties that left a year ago are not the guilty ones why did they leave? But the present case will never pass an intelligent grand jury of Newberry County. No good citizen believes the parties charged in the affidavit with an on, guilty of the crime. Mr. Butler Banks has been living peacefully near the writer on Phillip Crotwell's place, and we thought him at peace.

Warehouse Alliance No. 1872 held a good meeting Saturday evening. Two new members were elected—Mr. T. J. Wicker on application, and Bro. J. G. Norris, of Johnston Alliance, by demit. Our next meeting will be on the 19th instant at 2 o'clock sharp. The alliance is to-day stronger than ever. The only ones leaving are the weak fellows, and if they had not left they would have been dismissed. Hurray for the Alliance, and Tillman, and Pope. Boys, never let your flag trail in the dust.

We see that the prohibition bill has passed the House and hope it will get through the Senate with but few amendments. We say for the representative from Newberry who voted against prohibition, that his political career is ended, so far as the Christian voters are concerned. We once thought he had a bright political future, but all has been blasted by that one vote. We don't think he need offer his services any more for they will not be wanted by the party of good government.

We Tillman boys offer our thanks to the legislators who stood by that noble reformer, Gen. Y. J. Pope, and elected him Associate Justice of the Supreme Court.

We perceive that the Newberry Observer says that Judge Wallace would make a good governor. Well, Ben Ryan Tillman is good enough for us two years more. Don't be uneasy, Mr. Observer, Tillman will hold the reins two years more. Judge Wallace has a good office.

The Observer is always throwing out something about the negro in the wood pile. The negro alliance deserves praise for not voting the Haskell-Independent ticket, and we say never pass the separate coach bill, if we Alliance-men can keep the negro in the wood-pile, and he is going to stay there as long as Gen. Humphrey of Texas is at the helm.

Colony Evangelical Lutheran church will celebrate her Christmas tree on the 25th instant at 1 o'clock. Committee on Tree—R. L. Schumpert, Pinckney Paysinger and Lawson Fellers. Committee on Music—Mrs. Carrie Crosson, Miss Oliva Paysinger and Arthur Kibler. Committee on Distribution of Presents are the teachers, assisted by Pinckney Paysinger, Henry Hare, Curtis Fellers, Antine McCullough and C. T. Paysinger. The committee on collecting reported a handsome amount collected. Miss Dora Dominick deserves special mention for her good collection.

A negro child 8 years old was burnt to death last Friday evening on Mr. Levi Q. Fellers' place. The mother had locked the child in and gone away. The house would have been burned down had Mr. Fellers not broken the door. A law should reach such brutal parents. J. T. C.

Central Academy Dots.

Cotton is about gathered and a greater portion of it sold and I guess not many debts paid, cotton being at so low a price. I am proud to say there was a great deal of corn raised this year, more than has been raised for years past.

On account of so much rain farmers are very backwards in sowing their wheat but very little has been sowed up to date.

Also on account of the extreme cold weather, which is anticipated by our weather prophet Mr. Daniel Sease, there has been but very little fall oats sowed. So let's prepare for it.

Miss Mamie Clary, of near Newberry, is teaching for us at the academy this year, we are proud to have her as teacher, she certainly knows what to do in the school room.

The young folks enjoyed themselves at the residence of Mr. A. L. Aull last Friday night. The widows enjoy themselves at socials also.

We must certainly get very pretty young ladies as teachers, for it seems as if the young men fall in love with them immediately, but may be the love do not follow suit all round.

Miss Nettie Suber, and brother of Newberry, were visiting relatives here on last Saturday and Sunday. Their faces look familiar when in our midst.

Miss Mamie Clary accompanied by Mr. Albert Riser spent Saturday and Sunday with her parents near Newberry.

Mr. David M. Cromer visited his sister, Mrs. Crayton Dominick, on last Saturday night.

We hope in the near future to have a new church in our midst, so that we will not have to start to preaching at half past eight a. m., and return at two p. m. We would begin to feel like we were in town. Non.

Important Notice.

All persons indebted to me by note or otherwise must settle the same at once. Take notice and save trouble and expense.

Items from St. Paul's.

School is still increasing in number. Plenty of mud this week.

The fall of the year is just past. The trees are stripped of their foliage, and the forests look bare and dreary. The whistling wind tells us that winter is here.

Several of our citizens are enjoying fresh meat. Some fine porkers have been recently slain. A young man had one to balance 550 pounds. By the by we hear that not only Xmas bells, but also wedding bells will soon chime out merrily.

Mr. A. J. Bedenbaugh's "wild hog" has been captured and killed. It succeeded in getting out of the pasture the latter part of May. Many efforts made to recover it failed; during one of which a hound, that ventured too near, was quickly dispatched by its huge teeth. It had become quite a nice specimen, and evidently had not fasted much of the time.

Xmas will soon be here. The children are already looking forward to the coming of Santa Claus, and telling each other what they want him to bring. Let them not be disappointed. Let each of us endeavor to make it a merry season not only to the children, but to all our friends. It is wonderful how much we can add to the pleasure of those around us with very little effort.

Conference convened at St. Paul's church, Friday before the last fifth Sabbath. Rev. M. J. Epting preached the opening sermon. He spoke of Absalom's erecting a pillar so that his name might not be forgotten and reminded each of us that every day of our lives we were erecting a pillar in the memory of those who know us, which will endure for our eternal honor or dishonor. He entreated each one of us to establish a pillar with a firm foundation, and out of ever lasting materials one with which our heavenly Father will be pleased when we appear before Him at the last day. Saturday morning Rev. T. O. Keister preached a good missionary sermon. We all need more such sermons to remind us of our duty to those "who never heard the name of a Saviour." Important subjects were discussed by the conference both Friday and Saturday. Sabbath, which was looked forward to with so many pleasant anticipations, was a very disagreeable day on account of the rain and snow, and no services were held. C.

Catarrh Can't be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you have to take internal remedies. THE PROHIBITION BILL.

The Iron-Clad, Brass Bound and Copper Fastened Measure of the White Ribbon Army.

[From the State.]

The panacea of the "white ribboners" for the "social evil" in South Carolina is an iron-clad document of some 7,000 words. Its provisions are intended to be as rigid as the backbone of the Sphinx and the thousand and one safeguards against evasion are prepared with superlative care and exactitude and are summarized in the following:

On and after the first day of October, 1892, no person shall manufacture for sale, sell, keep for sale, give away, exchange, barter or dispense any intoxicating liquors, for any purpose whatever, otherwise than as provided in this act. Persons holding permits shall be authorized to sell and dispense intoxicating liquors for pharmaceutical and medical purposes, and alcohol for specific chemical purposes, and wine for sacramental purposes, but no other purposes whatever.

Notice of an application for a permit or renewal thereof must be published for three consecutive weeks in a newspaper regularly published and printed in the English language, and of general circulation in the city or town where the applicant proposes to keep and sell intoxicating liquors.

A VERY SELECT FEW.

Application for permits shall be made by petitions filed in the office of the county commissioners at least ten days before the meeting at which the applications are considered, which petition shall state the applicant's name, residence, business, and in what business he has been engaged two years previous; the place, particularly describing it, where the buying and selling of liquor is to be conducted; that he is a citizen of the United States and of South Carolina; that he is a registered druggist, and now is, and for the last twelve months has been, lawfully conducting a drug store in the city or town wherein he proposes to sell intoxicating liquors under the permit applied for, and as proprietor of such pharmacy, that he has not been adjudged guilty of violating the law, relating to intoxicating liquors, within the last two years; and is not the keeper of a hotel, eating house, saloon, restaurant, or place of public amusement; that he is not addicted to the use of intoxicating liquors as a beverage, and has not, within the last two years, been intoxicated, or directly or indirectly engaged, employed, or interested in the unlawful manufacture, sale, or keeping for sale, of intoxicating liquors, and that he desires a permit to purchase, keep and sell such liquors for lawful purposes only.

The applicant is required to give bond in the sum of \$1,000, conditioned that he will well and truly observe and obey the laws of the State of South Carolina now or hereafter in force in relation to the sale of intoxicating liquors; that he will pay all fines, penalties, damages and costs that may be assessed or recovered against him for a violation of such laws during the term for which said permit or renewal thereof is granted, and will not sell intoxicating liquors under his permit at a charge exceeding fifty (50) per cent. of the cost price excluding carriage and drayage.

The petition must be signed by three-fourths of the freehold voters of the place and each person shall state that he understands the petition, knows the applicant to be what he has certified to, and that the permit is necessary for the convenience and accommodation of the people.

Up to 9 a. m. of the day of the meeting at which the application is considered, any resident of the county may file a remonstrance against granting the permit applied for. Provision is made for argument of the matter with or without counsel, and it shall be decided "as the public good may require."

ONE LICENSE TO TWO THOUSAND PERSONS.

There shall not be more than one permit granted to every 2,000 inhabitants, and no permit shall be granted to any druggist whose place of business is outside of an incorporated town or city.

CONDITIONS OF SALE.

The applicant shall endorse on his bond that he "will not sell, give, or furnish to any person any intoxicating liquors otherwise as provided by law, and especially will not sell or furnish intoxicating liquors to any person who is not known to him personally, or duly identified, nor to any minor, intoxicated person, or persons who are in the habit of becoming intoxicated; and he will make true, full, and accurate returns of all certificates and requests made to or received by him, as required by law; and said returns shall show every sale and delivery of such liquors made by or for him during the month embraced therein, and the true signature to every request received and granted; and such returns shall show all the intoxicating liquors sold or delivered to any and every person as returned.

Every permit so granted shall specify the building, giving street and number, or location, in which intoxicating liquors may be sold for twelve months.

PERMITS MAY BE REVOKED.

Permits granted under this act shall be deemed trusts reposed in the recipients thereof, not as a matter of right, but of confidence, and may be revoked upon sufficient showing by order of the county commissioners. Provision is made for revoking a petition on the proven charges made in a complaint, signed by three citizens of the county, showing that the holder has abused the trust.

HOW DEALERS WILL PURCHASE LIQUOR.

When any person holding a permit

In full force desires to purchase liquors, the county auditor shall, upon the written or printed application of the permit-holder, specifying the kind and quantity of liquors desired, issue, under seal of his office, a certificate authorizing him to purchase, and cause to be transported from the place of purchase to his place of business described in his permit, the kind and quantity of liquors mentioned in such certificate. Said certificate shall be dated as to its true date when issued and attached to the waybill accompanying the shipment, and when so attached shall be the authority for the common carriers in whose hands it may be to transport and deliver the package or packages containing the liquors therein described and in packages therein designated, according to the direction of the certificate.

A penalty of \$500 is provided for bringing liquor into the State in any other manner.

CONDITIONS OF BUYING LIQUOR.

In order for a person to purchase liquor he must fill out and sign a blank stating age, residence, for whose use, amount and kind, and neither applicant nor person for whose use it is requested habitually uses intoxicating liquors as a beverage to excess. The permit-holder shall refuse the request if he has reason to believe it untrue. If the applicant is not known to him he shall require identification. The druggist shall keep the printed blanks on hand, and they shall be purchased from the county auditor in lots of one hundred. He shall preserve them and book them to be returned to the auditor.

The auditor shall publish quarterly a report of the aggregate amount of liquors sold by each and every permit holder.

All places where intoxicating liquors are manufactured, sold, bartered or given away in violation of any of the provisions of this act, shall be directed to be shut up and the constituted authorities shall abate such place by taking possession thereof and destroying all intoxicating liquors found therein, together with all signs, screens, bars, bottles, glasses and other property used in keeping and maintaining said nuisance; and the owner or keeper shall, upon conviction, be adjudged guilty, and shall be punished by a fine of not less than one hundred (\$100) dollars, nor more than five hundred (\$500) dollars, and by imprisonment in the county jail not less than thirty days nor more than ninety days.

To Our Subscribers—Important.

During the five years that we have conducted The Herald and News we have only once or twice, through the columns of the paper, asked our subscribers for money, and we have rarely sent out bills.

But now, dear friends, we need money to meet our obligations, and we need it badly. The amount each one owes us is very small, but suppose 1,000 subscribers would pay us in the next ten days one year's subscription, you perceive it would be a considerable item to us. Even \$1 from each subscriber would greatly help us. We hope you will consider this, and if you owe us anything come forward and help us. You will never miss the small amount you are due us and by paying it promptly you will greatly aid us in our efforts to furnish you a first-class newspaper.

We appreciate your kindness in the past and hope to deserve it in the future.

Please heed this request and heed it at once as we need money now.
