

The Herald and News.

E. H. AULL, EDITOR.

EDITOR GONZALES VS JIM TILLMAN.

The State newspaper is starting its campaign against Jas. H. Tillman early in the game. In yesterday's paper is published about three columns of testimony to prove that Mr. Tillman as presiding officer of the senate made a ruling which was not only against parliamentary law but in the face of all precedent, and in addition to this he made a false statement and had said falsehood spread upon the journal of the senate.

The editor of the State newspaper has taken the matter up and wrote to these two gentlemen to find out if they had sustained Gov. Tillman in the ruling above mentioned. President Frye in his reply says: "I had a telegram from Lieutenant Governor Tillman in relation to the indefinite postponement of a measure and my reply was: 'Jefferson's Manual silent. Motion necessarily debatable. Debatable under rules of senate'."

We sympathize with our friend Mr. Terrell in the loss of the Saluda Sentinel by fire. He had no insurance which makes the loss all the more heavy.

We are glad to see that County Superintendent Werts is urging the teachers of the county and the schools to join with the college in their Charleston trip on April 1. The fact is we believe each school district should have a meeting of the board at once and appropriate out of the public fund a small amount towards the expenses of the school as an inducement to the teacher and the pupils to attend the exposition. From an educational standpoint it would be worth more to the pupils to visit Charleston and the Exposition than a month in attendance upon the school, yes, more than a whole session. Then it is an opportunity which may not come again in a life time.

Treasurer James H. Campbell, of Richland county, who has held that responsible position for several years, died at his home in Columbia on Sunday. He had many acquaintances in Newberry who learn of his death with sorrow.

MISS M'CLINTOCK MADE PRESIDENT.

She Succeeds Dr. Pell at the College for Women, Columbia.

[The State, 23.]

The board of directors of the Presbyterian College for Women has been busy during the past week, since accepting the resignation of Dr. Pell as president, arranging the reorganization of the faculty of the institution for the coming year. The work has resulted in putting women in charge of the institution, as has been done at many of the leading female colleges of the country, with splendid results, and it is believed that there is a great future for the college. Thus far with the faculty practically completed, there is only one male member of the faculty.

Miss Euphemia McClintock, president of the college and professor of the chair of history and economics.

THE NEW PRESIDENT.

Miss Euphemia McClintock, who has just been elected president of the college, has been the lady principal for the past six years. She is a native of Newberry. Her family are of Scotch-Irish ancestry, and have furnished many prominent preachers and teachers. Her grandfather was 40 years professor of mathematics at Eureka college and her father, who is a prominent minister in the Associate Reformed Presbyterian church, is now president of the board of trustees of that institution.

Miss McClintock was a student at the Woman's College in Baltimore where she graduated in 1893 with the highest honors given by that institution. Since then she has taken post graduate work at Harvard university and Chicago university, and also spent one summer studying in Paris. After graduation Miss McClintock settled in her native town where she was engaged in preparing pupils for entrance to college. During that time the Rev. R. P. Pell was the pastor of the Presbyterian church at Newberry. He was in 1896 elected the president of the College for Women in Columbia, and having knowledge of Miss McClintock's work and her eminent fitness for the position brought her to the attention of the board of directors and had her elected as lady principal in the college. Miss McClintock has continued with the college in that capacity, and also as professor of history and economics, and has displayed marked talent, not only as a teacher, but eminent ability in the management of the students.

Miss McClintock has recently been offered by her alma mater, the Woman's College of Baltimore, a fellowship with the privilege either of studying at that institution or of going abroad. This complimentary offer was under consideration by Miss McClintock when she was elected to the presidency of the college—which of course caused her to forego the privilege. Under her management the highest standard of excellence which has characterized this college in the past will be maintained. She is a strong believer in the advantages which grow out of personal contact between teacher and taught; and it will be her purpose in the future, as in the past, to emphasize the great advantage to the young woman of being brought daily in personal contact with her teachers, and so throw around the student all the benefits which belong strictly to the home life. With the limited number of pupils which can be accommodated in the household it will be altogether practicable to give to each member the advantage of personal association with the faculty, and so the aim will be during this critical period in the lives of young women when character is being formed to give to each student all of the benefits which grow out of the social life which surrounds this college.

Convert College has acted wisely in her choice of a successor to Dr. B. F. Wilson as president of that institution. Rev. R. P. Pell has been successful in the management of the Presbyterian College in Columbia and carries with him to his new work an experience which will be of great help to him. He is modest and unassuming, possesses fine executive ability and is a scholar of a high order and withal a Christian gentleman. We feel that he partly belongs to Newberry inasmuch as we furnished him to the college in Columbia. We wish him abundant success in his new field of labor.

In the Saluda fire on Sunday we notice that two Newberry boys, young lawyers, lost heavily. Hon. E. S. Bleas lost his law library valued at \$500 and Mr. C. J. Ramage his library valued at \$300 and neither had any insurance. We extend our sympathies.

A DISASTROUS FIRE AT SALUDA.

Summary of Losses Sustained—Said to be the Most Destructive Conflagration in the History of the Town.

Saluda, March 24.—One of the most disastrous fires which this town has yet experienced occurred here tonight. It originated in Dr. Pitts' office in the second story of the Eber-Edge building. The losses are as follows: Arvin Eber-Edge, a double two-story brick building valued at \$5,000, insurance \$2,500; law library of B. W. Crouch valued at \$500, insurance \$200; law library of C. J. Ramage valued at \$800, no insurance; law library of John Gregory valued at \$500, no insurance; law library of E. W. Able valued at \$1,200, insurance \$800; law library of E. S. Bleas valued at \$500, no insurance; dental instruments of Dr. J. W. Pitts valued at \$1,000, insurance \$300; Sentinel office and contents valued at \$800, no insurance; W. H. White, general merchandise, valued at \$5,000, insurance \$3,500; all but \$1,000 of this stock was saved. S. L. Mathis saved his stock, but sustained considerable damage to his building, partly covered by insurance. J. H. Etheredge's furniture valued at \$500, saved \$30 worth; no insurance. All insurance is in the Aetna.—Special to The State.

Can't Keep It Secret.

The splendid work of Dr. King's New Life Pills is daily coming to light. No such grand remedy for Liver and Bowel troubles was ever known before. Thousands bless them for curing Constipation, Sick Headache, Biliousness, Jaundice and Indigestion. Try them. 25c. at all druggists.

A Tribute of Respect.

Mr. Hoyt King was a member of the Freshman class of Newberry College during this college year, having entered at the beginning of the session and continued until a few days ago. The announcement of his fearful death at Toccoa, Ga., on Tuesday, March 18, 1902, was a great shock to his former friends and class-mates and must have been heartrending to his mother. Of a happy and cheerful disposition, he had made many warm friends among his college and class-mates to whom his sudden and unexpected death was the occasion of a deep sorrow. This death should be a lesson to his associates of only a little while ago. For in the midst of life truly are we in death. The hour nor the time no man knoweth. Our hearts are bowed with grief and we feel keenly the loss we have sustained.

Resolved, That the Freshman class of Newberry College extends its deepest and most heartfelt sympathy to the mother in this hour of grief, and also to the other members of the family.

Resolved, That a copy of these resolutions be sent to the family of our deceased comrade and copies be furnished The Stylus, The Visitor and the county papers with the request that they be published.

Practically Starving.

"After using a few bottles of Kodol Dyspepsia Cure my wife received perfect and permanent relief from a severe and chronic case of stomach trouble," says J. H. Holly, real estate, insurance and loan agent, of Macomb, Ill. "Before using Kodol Dyspepsia Cure she could not eat an ordinary meal without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief. You don't have to diet. Eat any good food you want, but don't overload the stomach. Kodol Dyspepsia Cure will always digest it for you. Mother's Friend.

A Promoter of Health.

Mother's Friend puts comfort and ease in a married woman's back and limbs. She applies it externally—on dosing and swallowing of nasty drugs—to internal treatment at all. This liniment strengthens, invigorates, toughens and freshens the muscular tissues, gives them elasticity, makes the joints pliant, and stimulates the sinews. It is intended only for expectant mothers. It is applied regularly throughout the whole period of pregnancy, morning sickness is escaped. It is soothing, and quiets the nerves.

Labor is quickly and almost painlessly passed. Bright sweet, healthy babies are born under the condition wrought by Mother's Friend, and the mother's strength soon rallies. Women who dread the pains and terrors attendant on the birth of a child who give toward assisting nature, in this event where the mother's life is of equal importance to that of the child who is born. All reliable druggists have Mother's Friend, and the price is 50c per bottle.

A worthy book "Motherhood" will be sent free on application to THE BEADFIELD REGULATOR CO., ATLANTA, GA.

Raw or Inflamed Lungs.

Yield rapidly to the wonderful curative and healing qualities of Foley's Honey and Tar. It prevents pneumonia and consumption from a hard cold settled on the lungs. Gilder & Weeks.

Too many things are done well that are not worth doing at all.

Foley's Kidney Cure makes the kidneys and bladder right. Contains nothing injurious. Gilder & Weeks.

Many of the flights of genius are from a high bluff downward.

Cough Settled on her Lungs.

"My daughter had a terrible cough which settled on her lungs," says N. Jackson, of Danville, Ill. "We tried a great many remedies without relief, until we gave her Foley's Honey and Tar which cured her." Refuse substitutes. Gilder & Weeks.

It's usually the man who shakes the tree that gets the least fruit.

Pneumonia Follows a Cold.

but never follows the use of Foley's Honey and Tar. It stops the cough, heals and strengthens the lungs and affords perfect security from an attack of pneumonia. Refuse substitutes. Gilder & Weeks.

Nothing so effectually cures a man of the flattery habit as marriage.

Foley's Honey and Tar.

Cures coughs and colds. Cures bronchitis and asthma. Cures croup and whooping cough. Cures hoarseness and bronchial troubles. Cures pneumonia and la grippe. Gilder & Weeks.

Just when a girl thinks she is marrying happily all her relations shed tears.

Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. Gilder & Weeks.

White lies require a great deal of white washing to keep them from turning black.

LaGrippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." Gilder & Weeks.

Every man's reputation would be above par if he could get credit for his good intentions.

A Severe Cold For Three Months.

The following letter from A. J. Nussbaum, of Batesville, Ind., tells its own story. "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me." Refuse substitutes. Gilder & Weeks.

To Teachers.

AT THE CLOSE OF THE SCHOOL session the teachers' register, properly kept, must be delivered to me as the teacher's final report. Please bring these registers along with your last pay warrant.

Very respectfully, EUG. S. WERTS, Co. Sup't. Ed.

A WONDERFUL SUCCESS!

People are going wild over our new Spring stock I have made up my mind to do the Dry Goods business of Newberry this Spring I am going to do the business, make or break. All our energies and endeavors are bent toward making this store the very best in South Carolina.

We are not building business for a season but for the time to come. If it's the longest pole that gets the persimmon we will certainly have it this Spring. I am a price maker--If the price is not right, if you have been paying too much it's part of my business to make it right and this is where I come in as price maker.
