TOWN DIRECTORY.

Mayor—F. H. W. Briggmann.
Clerk—E. J. Oliveros.
Treasurer—Wm. Willcock.
Aldermen—E. J. Oliveros, Wm. Willcock, Geo. Boliver, A. Martin.

The Signums de capito meet to-morrow night, at 9 o'clock.

ATTENTION ALL.—Under this caption, Mr. T. C. Andrews advises all who are indebted to him by open account, note, bond and mortgage, or liens to make payment by the first of October next. "A word to the wise," &c.

WILD CATS.—Several gentlemen of our town, of piscatorial tendencies, were out on a camp fishing-frolic, last week. They spent a night on the banks of the Edisto, among panthers and wild cats, which latter (quasi) caused considerable disquiet to one of our young heroes. He was not hurt, however.

CHEERING.—Since the first of this month, we have added over seventy new subscribers to our subscription list, and they still continue to come in. This is cheering, indeed. We hope to have the **TIMES** in the family of every good citizen in the County, and shall work strenuously to that end.

THANKS.—We are placed under many obligations to Mr. J. J. Salley, Jr., for a basket of excellent "Scuppernong" grapes, sent us on last Monday. They were without an exception, the largest we have ever seen, and we congratulate Mr. Salley upon his success in grape culture.

Those who are fond of this fruit, are advised to call at Charlie Thorn's and secure some of it.

RATTLE-SNAKES.—Mr. Frank Fairry has shown us the rattles from two rattle-snakes, which he killed last week in Edisto Swamp. One of the snakes measured seven and a half feet in length and thirteen inches around the body, and had thirteen rattles. He informs us that he has killed five of these monsters in the last fortnight, and there are still many "more of the same sort" left.

A WORTHY ENTERPRISE.—Several members of the old brass band are making exertions to organize a new band, at this place, and have, so far, been very successful in their undertaking. We certainly can support a good brass band at Orangeburg, and now that the effort is being made to have one, we hope to see our citizens lend their encouragement to this end. We understand that one hundred dollars have been promised for this purpose. Let the ball still roll?

ST. JOHN'S LODGE.—This lodge of the Independent Order of Good Templars celebrated its first anniversary, on last Saturday, at Sardis Church, about one mile from Branchville, with appropriate addresses from Rev. D. J. Simmons, Col. D. R. Barton and others. We understand that the temperance cause in that section is increasing in interest to a very great extent. We wish them much success in their noble work.

CRUMBS.—Captain Wm. Bradley, the gentlemanly and courteous Conductor on the S. C. R. R., was in town Monday afternoon.

A. B. Knowlton, Esq., has returned to Orangeburg. He had a fine trip up North-West.

Our friends are invited to call and peruse our exchanges.

Monday last was an excessively warm and sultry day.

Politics have never been more stagnant in Orangeburg than they were last week.

The youth who wanted to invest two cents in Soda-Water, on Saturday last, had better be cautious how profligately he spends his money.

The By-Laws of the Palmetto Orphan Home have been received.

Mr Geo. H. Cornelson bought the second bale of new cotton brought to this market.

The Orangeburg Agricultural Fair will commence on the 29th of October, and continue till Thursday, the 31st.

Messrs. Moseley, Bull and Lewis left, on Monday night, for the North.

Base Ball on the brain.

Those of our subscribers who have not yet paid their subscription will please give attention to this matter.

Dr. Dukes and Mr. J. H. Wahlers will have their new stock of goods in store in about ten days.

Pay your printers bill.

The boll worm, we learn, has made its appearance in the vicinity of Lewisville.

A. C. Dibble, Esq., of Bamberg, is spending a few days in town.

See the change made in W. M. Sain & Co's advertisement, and govern yourself accordingly.

Considerable noise was created on Russell Street, in front of Court House Square, yesterday afternoon, by the disagreement of two colored men.

BRANCHVILLE ITEMS.—There are several new buildings in course of erection at Branchville.—A "little unpleasantness" occurred at the depot on Monday night, just before the departure of the train for Augusta.—There is a flourishing Lodge of Good Templars at Branchville.—Several members of the Palmetto State Base Ball Club, who have been afflicted with Base Ball fever for some time, have begun to convalesce since Monday afternoon.

THE MATCH GAME ON MONDAY AFTERNOON.—According to previous announcement the Palmetto State and Orange Base Ball Clubs met on Monday afternoon, at 3 o'clock, on the old Muster Field, in rear of Rigg's Shop, to engage in a friendly game of base ball. Mr. Edward Carroli, of Branchville, was selected as umpire, and Messrs. E. M. Carroll and J. S. Albertotti acted as scorers for their respective clubs. Time was called, and the contestants entered fairly into the fight, both with sanguine expectations of victory.—The battle lasted for several hours, with unabated interest. At the end of the fifth inning, the game was called and the score stood as follows:

PALMETTO STATE.			ORANGE.		
BATSMEN	R.	O.	BATSMEN	R.	O.
Phillips	2	4	G. Walker	6	3
Rooney	5	1	M. G. Salley	6	2
Reeves	4	2	Hall	6	3
Easterlin	6	0	Lewis Wannamaker	8	1
Fairry	6	0	A. C. Walker	7	2
Henton	6	0	L. H. Wannamaker	9	0
Dukes	2	3	Vose	8	1
Loryca	2	4	Cannon	8	0
Berry	3	1	E. L. Salley	5	3
Total	36	15	Total	63	15

FLIES.—Easterlin, of Palmetto State, one. A. C. Walker and Lewis Wannamaker, of Orange, one each.

HOME RUNS.—Were made by Dukes and Heaton of Palmetto State, and E. L. Salley, of Orange.

The Palmettos were thus beaten in a square fight with a club of much younger age, and of much smaller men, by an overwhelming score. They deserve great

credit, however, for the heroic manner in which they bore defeat. It is supposed that all idea of their challenging the Charleston and Augusta clubs has been given up and that they will await further developments.

The Orange boys have cause of feelings of pride at the happy result of this, their first match game, and our readers should not be surprised to hear, at no distant day, that they had challenged the Manhattan or the Knickerbockers, of New York.

About 8 o'clock, in the evening, the two clubs, together with a few invited guests met at the Engine House to pass a few hours in social chat, and to refresh themselves with a bountiful supply of the good things of this life. Short speeches were made and the evening passed off in a most pleasant manner.

The Palmetto boys returned home on the 10:55 train, much fatigued with their afternoon's exercise.

NOTICE

THE BOARD OF HEALTH appointed under an ordinance of June 20th, give notice that it is their intention to commence a general inspection of the premises of the citizens, on the 27th of August, and invite the co-operation of all in cleansing and purifying their yards and lots, so as to render any compulsory course unnecessary. Regarding the health of the Community as of special importance, and having the power to enforce an observance of the "Health Ordinance," they hope that all the citizens will assist in securing the aim of the Board.

By order of DR. A. S. SALLY, Chairman.
J. A. HAMILTON, Clerk.
(News copy once.)

DR. R. B. HEWITT,
34 WENTWORTH STREET.
CHARLESTON, S. C.

Can be consulted on the following diseases, and diseases of a kindred nature, free of charge and in strict confidence.

Charges moderate, and within the reach of all. Office hours from 9 a. m. to 7 p. m.

RHEUMATISM and NEURALGIA.

In all arthritic complaints, as rheumatism, gout, neuralgia, etc., this practice is almost perfect. The most intense pains are almost instantly relieved—enormous swellings are reduced—limbs which have been contracted and stiff for years are relaxed. Cases of twenty, thirty and forty years' standing have been cured by me, after all other means have failed.

A great accomplishment if my triumph over pain, by which I can often, in a few moments, relieve and carry off the most excruciating sufferings.

If this system did nothing more than to relieve pain, it would stand superior to any other system extant.

CATARRH.

Stopped-up Head, Running of the Nose, constant hawking and spitting, constant Blowing of the Nose.

Thousands suffer from that most annoying disagreeable complaint—Catarrh, without knowing what it is.

Often the secreted mucous flowing down the throat clogs up the lungs and lays the foundation for consumption.

The most skillful physicians fail to cure it. I cure any case of obstruction—stopped-up head—discharges of greenish, thick, thin or glairy mucus from the nose, internal or external—pain or fullness between the eyes—constant blowing of the nose—inflammation of the nasal passages, ulceration of Schneiderian membrane, etc., in the course of a few days.

DEAFNESS.

Nervous Deafness, Noises in the Head, Otorrhea—Otitis (discharge from Ear), Paralysis of Auditory Nerve.

I am daily treating all affections of the ear with the most gratifying results. Some who had paid upwards nearly \$1,000 without benefit, have been cured by me in a few weeks at moderate expense.

MERCURIAL DISEASES.

Mercury, injudiciously used, has filled the earth with wrecks of humanity. Thousands suffer from its effects who have been unconsciously dragged by their physician. It is vain to attempt the cure of the majority of diseases while it remains in the body.

Although I have heard of several so-called antidotes for mercury in the human body, I have never yet seen a physician who could eliminate it from the system.

I can satisfy any patient or physician that I can absolutely extract mercury, lead, zinc, and other mineral poisons, in every case.

CANCERS.

Noli-ma-Tangere, Lupus, or Wolf Cancer, Scirrhus Cancer—Fungous Cancer, Rose Cancer—Spider Cancer.

I make a great specialty in the treatment of every description of cancer and tumors. How many cancers and tumors are wrongfully treated by certain Charlatans styling themselves "Cancer Doctors."

After being pronounced incurable, I will take any one of these cases in hand, and make a permanent cure.

My terms for treating cancers, etc., will be based on the age and condition of the patient, and the positive certainty of cure.

ORANGEBURG ACADEMY.

The undersigned have this day formed a Partnership for the purpose of uniting their separate Schools into one, under the name of the

ORANGEBURG ACADEMY.

Having individually enjoyed a liberal patronage at the hands of the Community, together they beg a continuance of it to them under the present arrangement, promising unabated energy and industry together with the further advantage of being enabled, under the changed circumstances, to devote themselves more exclusively each to his own particular branches.

Terms payable as heretofore, at the end of each month.

PER MONTH:
Classics, - - - \$4.00
English, - - - 3.00

Next term will commence on the first Monday in (being the second day of) September next.

Board can be obtained, in private families, at very moderate rates.

THE SINGER STILL TRIUMPHANT!

THE NEW FAMILY SINGER SEWING MACHINE.

WITH ATTACHMENTS FOR ALL KINDS OF WORK is fast winning favor in the household, as shown by the rapidly increasing sales.

This NEW FAMILY SEWING MACHINE is capable of a range and variety of work such as was once thought impossible to perform by machinery. We claim and can show that it is the cheapest, most beautiful, delicately arranged, nicely adjusted, easily operated, and smooth-running of all the Family Sewing Machines.

It is remarkable not only for the range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the interlocked-elastic-stitch, alike on both sides of the fabric sewn. Thus, heavier cloth, or leather may be sewn with great strength and uniformity of stitch; and, in a moment, this willing and never wearying instrument may be adjusted for fine work or gauze or gossamer tissue, or the ticking of tarlatan, or ruffling, or almost any other work which delicate fingers have been known to perform.

At the world's fair it received the grand award of the highest sales!

Moise's
Fever and Ague Pills
are warranted to cure
in every instance
Dowie, Moise & Davis
Charleston, S. C.

THEY ARE WARRANTED ENTIRELY VEGETABLE.

They contain no arsenic or poisonous ingredients of any kind—nothing in the least degree injurious to the system under any circumstances—and may be administered with perfect safety to an infant.

They never fail to cure the most obstinate case when taken as directed.

The cure is immediate. In no case will the patient have more than one chill after the first dose, and in the majority of cases not even that.

They are an effectual preventive, neutralizing the malarious poison in the system, and thus averting its consequences.

They are warranted in every instance. If they do not cure the money will be refunded. For sale all over the South,
