

MAY MAKE PAPER FOR THEMSELVES.

SOUTH CAROLINA NEWSPAPERS MAY BUILD CO-OPERATIVE FACTORY.

At an informal conference of newspaper editors and publishers held in Columbia last Friday it was decided to call a meeting of the South Carolina Press association at which the shortage of news print paper will be considered. The meeting will be held November 10 at 2 p. m., the place of meeting to be announced. The situation concerning news print paper is considered serious by the editors of the State and steps may be taken looking to relief.

A committee was appointed at the conference to confer with officials of the Coker paper mills at Hartsville and J E Kocher, venter manufacturer of Columbia, to see if either might offer relief. It was brought out that a paper famine is expected. H J McLaurin of Sumter has been invited to appear before the association and outline his plans for the establishment of a paper mill in South Carolina. A mill was recently opened in the State of Louisiana.

The editors gave consideration to the organization of a co-operative paper manufacturing company to supply the papers of the State. The plant would cost about \$70,000, it was estimated, and this amount, the proponents say, would be saved in two years.

R C Wright of Columbia told of his investigation into the paper situation. He said that the paper mills are unable to fill their orders.

It is probable that it will be necessary to increase the subscription rates for the county papers. A B Jordan, editor of the Dillon Herald, in a letter to the conference stated that it would be necessary for him to increase the price of his paper from \$1 to \$1.50 a year. It may also be necessary to increase the advertising rates.

A Letter to Little Boys and Girls.

Children, how many of you are counting the days in which you may make something (just any little thing) to help make our county fair a success? Only a few days more, and we hope each and every child in Williamsburg county under the age of fourteen years, will have some exhibit for the child's department, and be sure to bring or send it to Mrs D P Frierson, Mrs B E Clarkson, or to the secretary, Mr George A McElveen. (giving him your age), on or before Monday, November 6, or to the fair ground on Tuesday, November 7, no later than 4:30 p. m. It matters not whether or not the article you make is mentioned in the list of premiums. If you have made something years, months, or weeks past, and have presented to some friend or loved one, go to them and ask that they kindly lend it, that you may exhibit at the fair, and will later return it to them. Every one is interested in the child's department, those articles made by the little fingers. So get busy, little folks, you may win a prize. If not you will have done what you could to make our fair a success, and gladdened the hearts of many. Look over the premium list, if you haven't already, and decide what you will make. If you have anything in the line of canned fruit, vegetables, preserves or jellies, just pick the best of what you have, and only send one specimen of each; more than one article of a kind from the same person will cause confusion. And remember we want the children's department to be the best of all.

MRS B E CLARKSON,
Asst in Children's Dept.

That Clerks of Court and Sheriffs of South Carolina are State officers and should take office on the third Tuesday in January, when the Governor is inaugurated, is the opinion of Attorney General Peebles, in answer to an inquiry from York. It has been customary heretofore to regard Sheriffs and Clerks of Court as county officers and they have assumed the duties of their respective offices on the first Tuesday in January after the general election.

A Clogged System Must Be Cleared.

You will find Dr King's New Life Pills a gentle yet effective laxative for removing impurities from the system. Accumulated waste poisons the blood; dizziness, biliousness and pimply, mucky complexion are the distressing effects. A dose of Dr King's New Life Pills tonight will assure you a free, full bowel movement in the morning. At your druggist's, 25c.

The U S S Olympia, the flagship of Commodore Dewey in the battle of Manila Bay in 1898, was placed in commission at the Charleston navy yard Monday where she had been undergoing repairs for some time past. The Olympia will serve as flagship of the Atlantic Cruiser squadron now in the West Indies under Admiral Pond.

Changing Seasons Bring Colds.

"Stuffed-up head," clogged-up nose, tight chest, sore throat are sure signs of cold, and Dr King's New Discovery is sure relief. A dose of this combination of antiseptic balsams soothes the irritated membrane, clears the head, loosens the phlegm, you breathe easier and realize your cold is broken up. Treat a cold persistently; half-way measures leave a lingering cough. Take Dr King's New Discovery until your cold is gone. For 47 years the favorite remedy for young and old. At your druggist's, 50c.

Magistrate L E Williams, a well known citizen of Charleston, died suddenly Monday morning at his home in that city.

Drives Out Malaria, Builds Up System

Keeping Yourself Well

HOW YOU GET SICK

Sometimes you overload your stomach with rich food. Your life may be an active one, and thus you may care for all you eat. But a few days of inactivity show your system does not call for so much. You awake in the morning tired. Your body feels heavy; you know you are not up to the mark. Your digestion has not cared for the overload. Part of it remains. It generates gas that inflames the delicate linings. They fail to pour out the digestive fluids and neglect to absorb the life-giving elements. You know something is wrong. Your body gets weak, and soon opportunity is offered for some severe illness. Taken in time, the indigestion would not become serious. First remove the overload; then soothe the sore membranes; then build up the weakened body. It's simple to say, but not too easy to do. You need help. A tonic that will quicken digestion, help remove waste, soothe the soreness and arouse the system—that's just what you need. Peruna has an enviable record in this respect. It has aided many thousands in the life-giving elements, and thereby prevented serious sickness. The tablet form is convenient for regular administration.

Manilla Tablets are the ideal laxative and liver tonic. They have no unpleasant effects and form no habits. 10c and 25c. The Peruna Co. Columbus, O.

The State Fair of 1916 passed into history last Friday night as the most successful from every standpoint of any of the fairs in the forty-eight years of its existence. More people visited the State Fair this year than ever before in its history. The exact figures of the attendance for the week are not obtainable, but it is estimated that more than 100,000 people were admitted to the fair grounds during the week.
