Gov in Georgia.

We publish today another breezy and interesting letter from Mr. J. M. Reid, who is at present residing in Savannah. Gov's letters are always read with interest by our subscribers for his letters have pith and point and originality. He is a close observer of men and things and when he reduces his observations to writing there is never absent a charm of style that is all his own and a quaint and subtle humor that appeals to all who appreciate genuine humor that is free from the sting of caustic satire.

Mr. and Mrs. B. Lackamp, Elston, Mo., write: "One Minute Cough Cure saved the life of our little boy when nearly dead with croup."—Hughson-Ligon Co.

Coroner Moses held an investigation today over the dead body of Bossy Cobin, a negro child who died yesterday without having received the proper medical attention. The death was the result of natural causes, and the coroner, therefore, issued a burial permit.

DeWitt's Little Early Risers benefit permanently. They lend gentle assistance to nature, causing no pains or weakness, permanently curing constipation and liver ailments.—Hughson-Ligon Co.

Inquiries are being made as to when the Fourth Regiment Band will begin to give open air concerts. These concerts were promised during the summer and it is hoped that the band will be able to gratify the public before the summer is over.

You can't cure dyspepsia by dieting. Eat good, wholesome food and plenty of it—Kodol Dyspepsia Cure digests food without aid from the stomach, and is made to cure.—Hughson-Ligon Co.

The grading for the Sumter & Wateree R. R. has been completed and as soon as the trestle at Green Swamp is finished the track will be laid from the swamp to the city. There are said to be about three or four days work for the track layers between the swamp and the city, therefore the road will be completed and ready for trains to run over it within a short time.

Mr. John Bevis, editor of the Press, Anthon, Iowa, says: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family for fifteen years, have recommended it to hundreds of others, and have never known it to fail in a single instance. For sale by Dr. A. J. China.

A Mr. Hamlet, a blind book agent, is in Sumter. Of him the American, Ga., Times-Recorder says: "A man bearing the name of Shakespeare's celebrated prince is in the city and will remain for several days, but he is another sort of Hamlet from the melancholy Dane. He is a blind man who is an industrious hard working citizen of Augusta, Ga., and is trying to make an honest living selling standard books. He comes recommended highly by the pastors of the Baptist and Methodist churches, Congressmen Black and others. He is not seeking charity, but only asks a fair chance to give help for what is done for him. He desires help and should receive it when he calls upon our people to buy his books."

Bad management keeps more people in poor circumstances than any other cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftness fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor's bill, besides; one pay out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer. For sale by Dr. A. J. China.

EXTENDING THE TELEPHONE SYSTEM.

Sumter Should Have Connection With the Towns of the Pee Dee Section.

The Secretary of State on Monday issued a commission to a telephone company, the formation of which means the connection of the towns of the Pee Dee section with telephone. The company is to be known as the Home Telephone Company, and the capital stock is to be \$3,000, divided into shares at \$50 each. The incorporators are to be John McSwain, Timmonsville; Bright Williamson, Darlington; W. R. Barringer, Florence; E. L. Moore, Dillon and C. A. Woods, Marion. The company proposes to connect the telephone systems in the various towns forming a general inter city service.

Mr. Moore, who is the prime mover in the enterprise has been working to establish telephone connection between the towns in the eastern section of the State for more than a year and has already met with gratifying success in the Pee Dee section. He has built lines that connect Marion, Dillon, Latta, Olio, McCall, Bennettsville, Oheraw and many other small places, not to mention a network of lines to cross-road stores and private residences in the country lying between the towns mentioned. It is understood to be the purpose of the new company to extend the lines to Darlington, Hartsville, Society Hill, Florence, Timmonsville and other points, in the central portion of the state, and evidently to a connection with the Bell Company's long distance line. A short time ago Mr. Moore visited Charlotte and held a conference with representatives of the Bell Company, but whether or not he succeeded in forming an alliance with the Bell Company has not been announced. Even though no connection is established with the Bell system the system already established by Mr. Moore is a great thing for the Eastern section of the State, and it is to be hoped that the company he has organized will extend a line to make connection with the system in this city. A working agreement could be made with the Sumter Telephone Company, and the gap between Mayesville and Timmonsville could be bridged at small cost, and Cartersville, Lynchburg, Magrovia and Atkins given telephone connection with the outside world. The manager of the Sumter Telephone Company should meet the Home Company half way and secure for Sumter the advantages of direct connection with all of the towns in the Pee Dee country.

Work has been commenced on the platforms at the cotton compress which has been located on the Rowland lot between the tracks of the Sumter & Wateree and Atlantic Coast Line.

Thomas Rhoads, Centerfield, O., writes: "I suffered from piles seven or eight years. No remedy gave me relief until DeWitt's Witch Hazel Salve, less than a box of which permanently cured me." Soothing, healing, perfectly harmless. Beware of counterfeits.—Hughson-Ligon Co.

W. H. Ingram Resigns Office of Master.

W. H. Ingram, Master in equity for this county, sent in his resignation to Gov. McSwain on the 22d. Gov. McSwain will appoint his successor on the recommendation of the county delegation in the legislature. Maj. H. F. Wilson is an applicant for the position and as he has the unanimous endorsement of the bar he will probably be appointed.

Mr. P. Ketcham of Pike City, Cal., says: "During my brother's late sickness from sciatic rheumatism, Chamberlain's Pain Balm was the only remedy that gave him any relief." Many others have testified to the prompt relief from pain which this liniment affords. For sale by Dr. A. J. China.

Special Order.

Headquarters Camp Dick Anderson, No. 334, U. C. V. There will be a meeting of Camp Dick Anderson U. C. V., No. 334, at 12 m., at the Court House, in Sumter, on Monday, the 3d day of July, 1899, for the purpose of electing delegates to the State Reunion to be held at Chester, S. C., and a member to serve on the special committee to be raised in reference to pensions, and for such other business as may be brought up for consideration. Members of the camp are requested to be present.

By order J. Harvey Wilson, Adjutant. H. C. Moses, Commandant. Sumter, June 26

I was seriously afflicted with a cough for several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor widow, gave it to me, I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for twenty years. I give this certificate without solicitation, simply in appreciation of the gratitude felt for the cure effected.—Respectfully, Mrs. Mary A. Beard, Claremore, Ark. For sale by Dr. A. J. China.

MAYOR'S COURT.

Two White Boys Up for Fighting. Dan Davis and Donald White got into a fight in front of the Postal Telegraph office Thursday and Dan struck White on the head with a heavy slung shot, inflicting a wound that put him out of the fight and sent him to a physician for repairs. The fight is said to have been started by Dan who went into the Postal office and cursed White. When he was ordered out, he dared White to come out and fight him. Then he got in his knock out blow.

They were arrested and next morning faced Mayor Wilson. They were found guilty of fighting on the street and Dan Davis was sentenced to 20 days in jail or \$10 fine and Donald White was given 10 days or \$2.

For Infants and Children. The Kind You Have Always Bought Bears the Signature of

Chas. H. Hitchcock

ORDAINED TO THE PRIESTHOOD.

An unusual, it may be said almost a unique event, in the history of the Episcopal Church in the diocese of South Carolina occurred yesterday in the ordination of three young men in deacon's orders to the priesthood at the Church of the Holy Communion in this city. These young men are the Rev. Messrs. H. J. Mikell, J. Cash Waring and J. H. Brown, who have been at work since last November, when they together with the Rev. Dr. F. L. Frost, were ordained deacons at St. Michael's Church. Mr. Mikell has been assisting Dr. Porter at the Holy Communion Church; Mr. Brown has been working under the Rev. Mr. Cornish, city missionary, and at Pinopolis, and also on James Island, while the Rev. Mr. Waring has had charge of the two parishes on Santee, near McClellanville, and that across the river also.

The service began with morning prayer at 11 o'clock, the Rt. Rev. E. Capers, D. D., Bishop of the diocese; the Rev. A. Toomer Porter, D. D.; the Rev. A. F. Cornish being present, besides the three ordinands, the Rev. Messrs. Mikell, Waring and Brown, who occupied seats in the middle aisle of the church, near the steps leading to the choir. The usual vested choir was reinforced yesterday by several well-known soloists and a cornetist, and the music rendered was of a higher order of excellence.

After morning prayer the Bishop preached, his text being 2 Timothy, 4: 5: "Make full proof of thy ministry," and the sermon being an earnest setting forth of the duties and responsibilities of Christian ministry, and an affectionate exhortation to the ordinands to be faithful and consecrated in their solemn office. His address to the young men was particularly fervent and full of fatherly love and counsel, and touched a tender chord in the hearts of many.

After the sermon the Rev. Dr. Porter presented Messrs. Mikell and Waring and the Rev. Mr. Cornish presented Mr. Brown. The Bishop then proceeded in the regular ordination service, as prescribed in the Book of Common Prayer.

In the meantime the Rev. Drs. Johnson and Wilson and the Rev. Mr. Kershaw had entered and taken their place in the sanctuary to assist in the laying on of hands. After intoning "Veni Creator Spiritus" the solemn act of ordination was performed. The Bishop first imposing his hands upon the head of each of the ordinands, and the five priests present also joining with him in the act, he spoke the words that conferred the authority to them to exercise the office of priests in the Church of God. After the imposition of hands a copy of the Holy Scriptures was delivered to each of them and the authority conferred to preach the word and minister the holy sacraments ordained by Christ himself. The Bishop then delivered to each of them a certificate, or testimonial, of their ordination, and invested them with the stole, the symbol of their willing assumption of the yoke of Christ's service. The Bishop then proceeded with the Communion office, at which many who were present received; and the whole service came to an end with the blessing of peace. The chancel was beautiful with flowers and lights, and all the vestings were white, in keeping with the festive nature of the occasion. A very large congregation attended the service, and every available seat seemed to be occupied. Taken altogether the service was solemn, dignified and imposing, well calculated to impress and instruct all who were privileged to attend it.

It is understood that the Rev. Mr. Mikell is to retain his connection with the Church of the Holy Communion, where he has served with great acceptability since his ordination to the diaconate. The Rev. Mr. Brown will in a few weeks remove to Pinopolis, where he will have charge of the church there and at Strawberry. The Rev. Mr. Waring returns to his work on Santee, where his people are about to build a church on the site of the former one, destroyed by fire several years ago. Since last November these four young men have been ordained by Bishop Capers, and there are three others awaiting ordination, all South Carolinians, and all educated at St. Luke's, the theological department of the University of the South, Sewanee, Tennessee.—News and Courier.
