Mrs. G. W. Kraker has gone to Wrightsville Beach, N. C., to spend two weeks. Mr. E. W. Dabbs went to Columbia Thursday morning. Mr. G. C. Propst went to Bishopville Thursday morning on business.

Plans For Flight Now Going Forward

Big Seaplane Arrives in New York—To Fly to Rio Janeiro

New York, Aug. 8.—The Sampaio Correo, the hydroaeroplane, which is to attempt a flight from New York to Rio Janeiro, arrived here at 6:30 o'clock tonight from Esington, Pa. The big seaplane, piloted by Lieut. Walter Hinton, trans-Atlantic flier, alighted in the Hudson river opposite Eighty-second street. The flight from Esington was accomplished in 3 hours and 15 minutes. It was the first trial cruise of the Sampaio Correo since she was obtained from the navy department and those in the plane expressed themselves as highly satisfied with its performance. From Esington to Cape May, N. J., a driving rain was encountered, while the second part of the flight was made against strong head winds. While the seaplane is in New York a complete wireless outfit will be installed, new radiators will be put on the two Liberty motors of 400 horse-power each, and the present propellers will be replaced with blades of oak. BENEFIT OF CIVILIANS Washington, Aug. 8.—The bill amending the civil service retirement act so as to provide annuities for civilian employees of the government who have become separated from the service through no fault of their own, before reaching the regular retirement age, was reported favorably to the Senate today by Senator Sterling, of South Dakota, chairman of the civil service committee. As reported by the Senate committee the bill is amended so as to apply benefits to employees who have reached the age of fifty-five instead of sixty, which was the minimum fixed in the bill as it recently passed the House. Perhaps the largest class of employees affected by the bill are those discharged from navy yards as a result of the reduction of the naval program. Senator Sterling hopes to get action on the bill by the Senate at an early date. Maj. Westover Leads Geneva, Aug. 8.—Major Oscar Westover, the American pilot, covered the greatest distance in the James Gordon Bennett cup balloon race, according to unofficial estimates made here tonight. Major Westover who landed at Csoepetnek, ninety miles from Budapest, traversed 940 kilometers. According to the latest figures other contestants are placed in the following order: 2—Maurice Bienaimé, France, 910 kilometers. 3—Major Paul Armbruster, Switzerland, 800 kilometers. 4—Lieut. Labrousse, Belgium, 800 kilometers. 5—Major G. Valle, Italy, 790 kilometers. 6—Capt. H. E. Honeywell, United States, 780 kilometers. 7—A. Guglielmetti, Italy, 700 kilometers. The American pilot, Lieut. Walter Reed, was placed tenth with 475 kilometers. Dies by Own Hand Union, Aug. 8.—E. E. Sanders, a son of the late John W. Sanders, killed himself at his home here this morning about 8:30 o'clock. He shot himself through the temple and died in about an hour afterwards. No motive is known for the rash act. He was about 40 years of age and is survived by his wife and two daughters, his mother, five brothers and three sisters. He was a member of the Masonic lodge here and of the Knights of Pythias. The funeral arrangements have not yet been made awaiting the arrival of several members of the family residing in other sections of the state. Mr. Sanders was held in high esteem by a wide circle of friends and his death has brought sadness to many hearts. THE ALABAMA PRIMARY Birmingham, Ala., Aug. 8 (By the Associated Press).—Unofficial and meager returns from 50 of Alabama's 67 counties in today's Democratic primary indicated that W. W. Brandon of Tuscaloosa had swept the state in his race for governor against Bibb Graves of Montgomery. "Plain Bill," as Brandon is known by his intimates, carried every county heard from and practically every precinct. Newspapers termed it a "landslide." The same returns gave Charles S. McDowell a big lead over Berrien T. Phillips for lieutenant governor. Fitzhugh Lee and Frank P. Morgan of Montgomery maintained a lead for public service commissioners in a field of seven candidates, with two to be nominated. In the five congressional contests early returns indicated that present representatives would retain their seats with the exception of Representative Rainey in the Seventh district, who was not a candidate. In the Seventh, L. L. Hershey of Gadsden was reported leading in four counties of the district. The tariff on California nuts has nothing to do with Hollywood. Some of our millionaires seem to need a check. These are striking times. Even the safety matches are striking.

GREENWOOD MAN IS BADLY WOUNDED

Oscar Mitchell, Ball Player, Shot—in a Serious Condition

Greenwood, Aug. 7.—Oscar Mitchell, second baseman for the Greenwood baseball team was shot three times through the lungs, arms and legs; it is alleged, by R. Clayton Underwood this afternoon a short time before the game between Greenwood and Anderson began. The shooting occurred in front of Underwood's house in Grendel Mill No. 1 village. Immediately after the shooting Underwood came up town and surrendered to Deputy Sheriff T. W. McMillan. "I've just shot a man and I've come to surrender," he told Mr. McMillan. He was lodged in jail and is being held pending the outcome of Mitchell's wounds. Mitchell was carried to the Greenwood hospital immediately after the shooting and is said to be in a serious condition. After Mitchell had been shot down he is said to have taken Underwood's pistol from him and hit him over the head with it. The cause of the quarrel which precipitated the shooting cannot be learned. Underwood refuses to talk and Mitchell is too seriously injured to make a statement. Members of Underwood's family and neighbors say they do not know what the trouble was about. Enrollment of State Vote in Primary May Reach Total of 200,000 Columbia, Aug. 8.—Enrollment figures for the state reached a total of 161,890 yesterday with 34 counties reported to H. N. Edmonds, secretary of the state democratic executive committee. These 34 counties give an increase over the total enrollment of 1920 of 9,755. The total figure for 1920 was 152,135. Twelve counties are yet to report to Secretary Edmonds and these 12 will carry the enrollment to the 200,000 or very nearly so, it is believed. Requests Change in Highway Route Columbia, Aug. 7.—The State Highway Commission is in receipt of a letter asking that the route of the proposed Stonewall highway from Florence to the North Carolina line be changed. At present the plans call for the road to run by Darlington, Hartsville, Mcbee, Jefferson, Pageland, Monroe, Charlotte King's Mountain and Shelby to Asheville. The request is made to divert it by way of Darlington, Hartsville, Mcbee, Bethune, Kershaw, Lancaster, Fort Lawn, Rock Hill, York, King's Mountain and Shelby to Asheville. The matter will be considered by the commission at its meeting on August 8. Seeks Federal Aid Greenwood, Aug. 7.—Federal assistance for the hail stricken farmers of this section has been asked by W. W. Long, head of the Clemson extension service. In the Algory and Ware Shoals sections of Greenwood county practically every vestige of cotton, corn, garden vegetables and forage crops was wiped out. Dr. Long has requested seed of certain forage crops from the department of agriculture and specialists to advise the farmers as to what can be done. Turning down high prices will make them feel cheap. DOINGS OF THE DUFFS IT DOESN'T LOOK AS THOUGH THIS VACATION WILL MEAN MUCH TO ME! WELL, I'LL BET I GO SOME PLACE, AFTER DRAGGING THIS THING DOWN! I WONDER IF DADDY WILL LET ME TAKE MY BICYCLE ALONG TOO? WILL YOU BE THROUGH IRONING IN A FEW MINUTES, HELEN? YES, AS SOON AS I FINISH THIS!

WORLD NEWS IN BRIEF

St. Louis, Aug. 8.—Breckinridge Long, who was defeated by Senator Reed for democratic senatorial nomination in last Tuesday's primary, stated today he would neither ask a recount nor file a contest, but declared, however, he considered himself the choice of Missouri democrats for the senatorial toga, claiming that forty or fifty thousand Republicans voted. London, Aug. 9.—Premier Poincare and Lloyd George apparently are farther apart on what is to be done with Germany than before their meeting and the conference of allied statesmen are in danger of breaking up with the Franco-British relations worse than they were with no decision of moment on the reparations question. Premier Poincare has indicated to Lloyd George that things cannot continue as they are, and that France may be compelled to take independent action. Cleveland, Aug. 9.—A virtual decision was reached today by union leaders to conclude a settlement of the soft coal strike with operators gathered here for a peace conference. Operators are also expected of an agreement affecting practically all the Ohio mines and others scattered through Illinois, Indiana and Pennsylvania. Final decision on the settlement rests with the union's policy committee. It's members have been informed by President Lewis they had the assurance of operators outside the four states of their willingness to reach an agreement based on the one negotiated at the conference here. London, Aug. 9.—As a result of a three hour conversation between Premier Poincare and Lloyd George it was decided today to refer back to the committee of experts Poincare's plan for the control of German finances, with a request that the points upon which the British and French differ, be reexamined. Washington, Aug. 8.—The shop crafts committee of the Southern Mobile and Ohio railroads told officials of those lines at the conference here today that strikers would make no adjustment with the roads, asserting the strike was national and must be settled nationally. Washington, Aug. 8.—Secretary Hoover announced today that federal investigators will be sent into western Kentucky to fix the final fair price for coal during the strike emergency for coal produced in that field. Washington, Aug. 8.—The shop crafts committee of the Southern Mobile and Ohio railroads told officials of those lines at the conference here today that strikers would make no adjustment with the roads, asserting the strike was national and must be settled nationally. Washington, Aug. 8.—President Harding's second proposal for the immediate termination of the railroad work stoppage, which called upon the strikers to return to work and both sides to submit their differences to the railroad labor board for settlement, awaited today formal action by both sides in the controversy, but a rejection by the unions is foreshadowed in statements made by their leaders here. Washington, Aug. 8.—President Harding is understood today to have informed Representative Mondell and other House leaders that in view of the troubled industrial situation it was desirable there be a full attendance of members next Tuesday when the house reconvened after its six weeks adjournment. The president feels, it was learned, that the house should be prepared to enact such legislation as the situation, especially the rail strike, might necessitate. Louisiana, Aug. 8.—Herbert Buckley, of Louisiana county, a lumberman, one of eight men charged with shooting up the home of Rev. J. R. Glenn, of Pendleton, Va., on the night of June 9th, went on trial today in the circuit court here. Buckley, five white men, and two negroes, were indicted yesterday by a special grand jury charging them with feloniously shooting into the minister's home with intent to kill. Washington, Aug. 9.—The Republican old guard retained its stronghold in Ohio and Democrats in the Buckeye state gave substantial pluralities to organization candidates. Governor McRae of Arkansas, held a lead of more than two to one over Judge E. P. Toney, for renomination by the Democrats. Judge W. W. Brandon is apparently the Democratic nominee for governor of Alabama, the result of yesterday's primaries in three states. Incomplete returns from Ohio indicated that Carmi Thompson, backed by Harding forces and supported by the anti-Saloon League, would be nominated by a wide margin. New York, Aug. 9.—Twenty-five thousand rail shop craftsmen through David Williams, secretary of the eastern strike committee, today telegraphed E. M. Jewell at Washington, they refused to accept President Harding's proposal for submitting the seniority question to the railroad labor board. Paris, Aug. 9.—Miss Flora Batson, of New Orleans, captain of the American Girls' Athletic team here, for competition in the international games, and champion girl hurdler of America sprained her left ankle and was badly bruised in taking the hurdles at Colombes stadium today, during the opening practice. Cleveland, Aug. 9.—Chief executives of the big four transportation brotherhoods have taken action regarding endangering the lives of brotherhood members through alleged actions of armed guards in connection with the shopmen's strike. They have telegraphed members to remain away from company property as their lives were endangered. Chicago, Aug. 9.—Six companies of the Illinois National Guardsmen entrained today for the Joliet strike duty. The officers did not know whether or not troops already there had been relieved or whether additional soldiers were sent in connection with the walk-out last night of thirteen hundred members of the big four brotherhoods who refused to work under troop protection. London, Aug. 9.—A reprieve was refused by Home Secretary Shortt to Joseph O'Sullivan and Reginald Dunn, sentenced to hang tomorrow for the assassination of Field Marshal Wilson. Washington, Aug. 9.—The proposed tariff on hides would increase the nation's shoe and leather bill a hundred and ten million dollars a year, Senator Walsh, Democrat of Massachusetts, declared.

FOR CONGRESS

JOHN J. McMAHAN

They have invented a quicker way to have the batteries charged, now all we need is a place where we can have the gasoline charged. I hereby announce myself a candidate for Congress from the Seventh Congressional District, subject to the rules of the Democratic party. I also wish to take this opportunity to say that if elected I shall endeavor to faithfully discharge the duties of the office and to merit the confidence and support of the people. ANDREW J. BEVIER, Candidate for Congress. For House of Representatives. I hereby announce that I am a candidate for the House of Representatives subject to the rules of the Democratic Party. E. W. DABBS, JR.

666 Cures Malaria, Chills and Fever, Dengue or Bilious Fever. It kills the germs. Candidates Cards FOR CONGRESS. I hereby announce myself a candidate for Congress from the Seventh Congressional District, subject to the rules of the Democratic party.
