MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

Speaking of the Weather

February and March bring weather conditions very trying to most people.

Colds, coughs, sore throat, tonsillitis, catarrh, bronchitis, pneumonia, are all prevalent.

These are all catarrhal conditions. All dependent upon the same cause, climatic changes. Sloppy weather underfoot. High winds, chilling blasts, changing from day to day. Thermometer dancing a jig. Barometer following suit.

All of the acute catarrhal conditions above referred to, call for

PE-RU-NA

They call loudly, too. If Peruna is neglected these catarrhal conditions are liable to become chronic. One bottle of Peruna used at the right time will save months, even years, of suffering and sickness.

JONESVILLE

Jonesville, Feb. 7.—This is a fine February day, but then February is a very treacherous month, can't depend on it for any good weather. All our cyclones have come in February, as well as cold bad weather.

I was walking in a cross street Sunday afternoon and I met a lad and I spoke to him and he spoke to me politely. I said to him, "What is your name?" "John ——" "Where do you live?" "In the mill town." "How long have you been in Jonesville?" "A short time." "Where did you come from?" "Trough schools." "What do you do?" "Work in the mill." "Ever been to school?" "Yes, sir, about two weeks." "Know the A. B. C's?" "No, sir, not all of them." "How old are you?" "Most fifteen." "Why don't you go to school?" "My folks won't let me." "Ever been to Sunday school?" "Yes, sir, a few times." "Ever go to church?" "Sometimes." "Ever go to the baseball game?" "Yes, sir, often." This lad was dressed in a blue dirty suit of overalls. I would guess there are many lads in the towns, especially among the mill population, that would tell about the same sad story that this boy did.

Mr. Reuben Harmon and Miss Virgie Horn of Elford Grove were married Sunday evening by this writer at his home. The young couple are blessed with good looks and industry and the young man has a good little farm and a nice home upon it, where they will begin their honeymoon in real bliss. There were two guests at the marriage of this couple who were rather unusual. They were two ladies, one from London, England, and the other from Canada who offered nice congratulations to the groom and his bride.

Pneumonia and grippe still have many of our people in their grasp. One young man, Mr. Raymond Minton, who lived on Mr. Banks Fowler's place, died with pneumonia Monday after only a few days' illness. Mr. John M. Gault has been quite sick with pneumonia.

Capt. R. W. Scott is laid up with a severe case of grippe.

Monday evening Mr. King Inman and Miss Bell Gregory were married by this writer in his parlor. The young couple are from Mount Tabor and they motored up to Jonesville with three friends and after the marriage they drove away a happy couple to begin life together.

Miss Crissie McWhirter left Saturday for an extended visit to several friends in Georgia, along the Seaboard to Atlanta.

Miss Annie Corkhill of Chester is the guest of her sister, Mrs. Dr. Hames.

Hey Denver paid me a nice compliment in The Times last week, for which I wish to thank him and return the same compliments to him. Telephone.

NEW HOPE

New Hope, Feb. 7.—Our regular services were held Sunday. Mr. Justus delivered a forcible sermon. It seems as if we are going to have some more spring days.

Most all the farmers seem to be busy now preparing for spring, such as dynamiting stumps and pruning orchards.

Mr. J. D. Brown came out successfully in dynamiting stumps near his home. The work was managed and carried out by Mr. W. F. Bishop. So if any one wants their stumps taken up or land dynamited just call on Mr. W. F. Bishop.

Mr. Brown is one of our progressive farmers; has recently set out a fine young orchard and is expecting soon the Clemson demonstration agents to come to make a demonstration in spraying fruit trees, so hope more of the farmers will take up the same work on the fruit line.

The Woodrow Wilson literary society held its regular meeting Saturday night and a good crowd attended. We had several good speeches on education, which were enjoyed by all. Our society is rapidly growing and we urge that more will come out to our meetings.

Lively times soon to be at the Bishop school house. An interesting program is now being prepared by the pupils of the school to be given on Washington's birthday, Feb. 22nd, so please don't forget and everybody come.

Mr. Luther Becknell of Chester spent the week-end with parents, Mr. and Mrs. B. M. Becknell.

Mr. Asbury Goforth of Wilkinsville spent the week-end with daughter, Mrs. J. D. Brown. Vero.

LAME BACK

rheumatism, neuralgia, or kindred pains quickly relieved by

WHITE LINIMENT Should be kept in every home. Sold only by us, 25c, 50c and \$1.00. Glymph's Pharmacy, Union, S. C.

Hurrah! They're Here!

The New Post Toasties—a delicious sweetmeat with all of the true corn flavour! A flake that won't mush down when cream is added—a flake that stays fresh and crisp.

NEW Post Toasties

are made of selected white corn by a new process that brings the fragrance of the sunny corn fields to your table.

Notice the little puffs on every flake, put there by the unique methods of cooking and toasting. It's the only method that gives you the full, rich corn flavour.

To test the taste, try a handful of Toasties direct from the package, without cream or milk. Here are flakes that don't depend upon cream and sugar for flavour.

They're Mighty Good!

HOLD, AN IMPOSTER.

Thursday afternoon of last week, just at dark, a stranger, none too clean, walked into Dr. Walker's office and asked for work; that is, he wrote for work, for he said that he could not hear. Dr. Walker replied on his pad that he doubted his being deaf, but that he would get his electric instrument (?) for testing one's hearing. But the impostor wrote that he was too nervous for any test like that and he would "move on" rather than undergo any test like that. But Dr. Walker insisted with the assistance of our engineer, Mr. Goodwin, that he remain a little longer in his office. Seeing that resistance would be useless he sat down.

Immediately Dr. Walker began drawing the net closer around him and as the net was drawn closer his hearing improved. When he found that the constable was not far away, he announced that he was not deaf but only hard of hearing. When the constable placed him under arrest, his hearing returned and he went away talking as a normal man.

He is now working the roads of our county and will continue to do so for 30 days.

He claimed that he was from Rochester, N. Y., and very probably that was true as he knew how to spell on his hands. We hope Chief Meagher will send a button down this way.—Palmetto Leaf.

Help Us Improve Your Service

Answer the telephone promptly when the bell rings. Don't say "Hello." Give your name or number.

Consult the directory before calling. Speak distinctly and correct the operator if she repeats the number wrong.

Call Complaint when you experience difficulties or annoyances. Call Information for numbers not listed in the directory.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

LOCKHART JUNCTION

Lockhart Junction, Feb. 7.—Well, dear readers, I am able to push the pen again. Last week I had the grippe and was not able to write a letter for The Times. Now I haven't been able to go out to get any news, so I guess this will not be much of a letter.

The grippe has the right name, for it surely grips you and it holds on and it is hard to break its hold on a fellow. Well, I have had the grippe before, but it has been about ten years and I had that loving wife then. I surely thought of her more this time than any time since for I needed her the most to minister to my wants. Moxy.

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of R. W. GROVE. 25c.
