

For the Removal and Permanent Cure of all NERVOUS DISEASES.
And of those Complaints which are caused by an impaired, weakened and unhealthy condition of the NERVOUS SYSTEM.

Dr. CHRISTIE'S GALVANIC BELT and MAGNETIC FLUID,
is used with the most perfect and certain success in all cases of
GENERAL DEBILITY,
Strengthening the weakened body, giving tone to the various organs, and vigorizing the entire system. Also in FITS, CHAMP, PARALYSIS and LALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, CUTS and CHRONIC GOUT, EPIDEMIC, LEMBRAGO, DIARRHOEA, NERVOUS TIE, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT and CURVATURE OF THE SPINE, HIP COMPLAINT and DISKASES OF THE KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISTURBANCES, which complaints arise from one simple cause—namely

A Derangement of the Nervous System.
As in NERVOUS COMPLAINTS, Drugs and Medicines increase the disease, for they less the vital energies of the system, and while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, cheerfulness and vigor.

The great peculiarity and excellence of
Dr. Christie's Galvanic Curative,
consists, in the fact that they arrest and cure disease by and without application, in place of the usual mode of drugging and physicizing the patient, till exhaust Nature sinks hopelessly under the infliction.

It strengthens the whole system, equalizes the circulation of the blood, promotes the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than
60,000 Persons

including all ages, classes and conditions, among which was a large number of ladies, who are peculiarly subject to Nervous Complaints,
ENTIRELY AND PERMANENTLY CURED,
when all hope of relief had been given up, and every thing else tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that form of debility, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken which, by their action on the nerves and muscles of the stomach, afford temporary relief, but which leave the patient in a lower state, and with injured localities, after the action has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body, and in a few minutes the patient will feel a relief, and the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, the electric current directed, in a short period throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE.

CERTIFICATES AND TESTIMONIALS
Of the most Unquestioned Character,
From all parts of the Country can be given, sufficient to fill every column in this paper.

AN EXTRAORDINARY CASE,
which conclusively proves that
"Truth is stranger than Fiction."
CURE OF
RHEUMATISM, BRONCHITIS AND DYSPEPSIA.
Rev. Dr. Landis, a Clergyman
of New Jersey, of distinguished attainments and exalted reputation—

Syracuse, N. J., July 12, 1848.
Dear Sir:—You wish to know of me what has been the result in my case, of the application of the GALVANIC BELT and NECKLACE. My reply is as follows:

For about twenty years I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. About fourteen years since, in consequence of frequent exposure to the weather, and the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. Further, in the winter of '45 and '46, in consequence of preaching a great deal in my Church, became worse, so as to render me almost insensible to the application of the GALVANIC BELT and NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. To my great astonishment, in two days my Dyspepsia was cured, in eight days the Rheumatism was removed by PASTORAL LABOR; nor have I SINCE OMITTED A SINGLE SERVICE on account of the BRONCHITIS; and my DYSPEPSIA has never returned. I have since used the GALVANIC BELT and NECKLACE, and the MAGNETIC FLUID, with the most wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Dyspepsia. They have tried them, and have ALL BEEN CURED, in every case.

I am, dear Sir, very respectfully yours,
ROBERT W. LANDIS.

The Dolorous and Neuralgia.
These dreadful and agonizing complaints are immediately relieved by the application of the GALVANIC BELT, NECKLACE and FLUID. The Belt diffuses the Electricity through the system; the Necklace, and the Fluid acts directly upon the affected nerves. In these distressing affections the application NEVER FAILS.

FITS AND CONVULSIONS.
These alarming and terrible complaints are always caused by a derangement of the Nervous System. The Belt and Fluid will cure nearly every case, no matter how young or old the patient, or how confirmed the complaint. Numerous and astonishing proofs are in possession of the proprietor.

The many hundred "certificates from all parts of the country" are the most extraordinary character can be given, if required.

No trouble or inconvenience attends the use of DR. CHRISTIE'S GALVANIC BELT and FLUID, and they may be worn by the most feeble and delicate with perfect ease and safety. In many cases the sensation attending their use is highly pleasant and agreeable. They can be sent to any part of the country.

CAN BE EFFECTUALLY CURED BY

DR. HOOPLAND'S CELEBRATED GERMAN BITTERS,
PREPARED BY
DR. C. M. JACKSON,
AT THE GERMAN MEDICINE STORE,
120 Arch Street, Philadelphia.

Their power over the above diseases is not excelled, equalled, by any other preparation in the United States as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, without fail, safe, certain and pleasant.

READ AND BE CONVINCED.
Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, Jan. 9, 1850, said—
"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."
"The Tenth Legion," published at Woodstock, Va., Jan. 10, 1850, said—

"A GREAT MEDICINE"
"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice are the German Bitters, invented by Dr. Hooplund, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fallen under our observation. During the last summer, a son of Dr. Abraham Brabill, of this country, was very seriously afflicted with Liver Complaint, and after trying in various remedies, he purchased a bottle of the Bitters, and after using it, he procured another bottle, and is restored entirely to health.

READ FURTHER A FEW FACTS.
The "Philadelphia Democrat," the leading German journal of Philadelphia, The editor said, Nov. 24th—
"We again call attention to the removal of the German Medicine store, the principal depot for the sale of Dr. Hooplund's German Bitters, from 278 Race to 120 Arch street, one door below Sixth. Owing to the increased demand on this medicine, and for the accommodation of his numerous patients, Dr. Jackson has been compelled to occupy a larger store. We wish him success in his new quarters; he is deserving of it. The Bitters Mixture is without doubt the greatest medicine extant for diseases of the Liver and Bowels. A stubborn case of Chronic Diarrhea has come under our notice, wherein the patient had exhausted the Materia Medica of the different schools of medicine, with no apparent benefit. He was induced to use these Bitters, and a few bottles of them have entirely cured him. Many other cases we could refer to. We beg our readers will recollect that this great restorative, should they be so unfortunate as to require its use. Dr. Jackson possesses the original unpublished receipt of Dr. Hooplund, and he prepares this medicine with this care. Those purchasing should call at his store, or see that his name is written upon the wrapper outside, and blown in the bottle, as imitations of all good articles are common."

Dr. Hooplund's German Bitters.—Here is a preparation which the leading process in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times, the late Dr. Christian Wilhelm Hooplund, Professor to the University of Jena, private Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He especially recommended it in liver complaint, dyspepsia, vertigo, acidity of the stomach, constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances we feel warranted not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.
The "Philadelphia Saturday Gazette," the best family newspaper published in the United States, the editor says of DR. HOOPLAND'S GERMAN BITTERS.
"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers, and therefore, when we recommend Dr. Hooplund's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are to be had about for a brief period and then forgotten after they have done their guilty work of mischief, but of a medicine long established, universally prized, and which has met the approval of the Faculty itself."
Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is that there is more of it in use in the practice of the regular Physicians of Philadelphia than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure liver complaint and dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate.—They can be administered to female or infant with safety and reliable benefit, at any time.

Beware of Counterfeits.
This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeits to put forth a spurious article at the risk of the lives of those who are innocently deceived. Look well to the MARKS OF THE GENUINE.
They are the written signatures of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

Consumption can be Cured!
DR. ROGERS' COMPOUND SYRUP OF LIVERWORT AN TAR,
For the cure of Consumption and all Diseases of the Lungs and Breast.
FROM DR. HIRAM COX,
Late Professor in Cincinnati Eclectic Medical College

Mr. A. L. Scovill: However reluctant I have been to permit my name to be attached to patent medicine, I consider it a duty to the community to state to that in three cases of incipient consumption, viz: Miss Bell, Miss Barger, and Mr. R. H. Cox, one of our City Council, that Dr. Rogers' Liverwort and Tar operated more like a specific than like any other remedy that I ever used. One of the cases, viz: Miss Bell, pronounced by several Physicians to be laboring under the last stage of Scrofulous Consumption. She is now in good health, from the use of a few bottles of the above syrup.

Cincinnati, Jan. 25, 1847.
FROM THE HON. JUDGE HENRY MORSE.
Mr. A. Scovill: I am well acquainted with Dr. Hiram Cox and his practice, he having been my physician for many years, and can cheerfully say that I have as much confidence in his skill as any man living.
Cincinnati, Nov. 8th, 1847.

Despair not though your Physicians and Friends give you up to die!!!
Your condition cannot be more helpless than that of Mrs. Rowe.
This is to certify that I was taken with a pain in my side and breast, attended with a distressing cough, and for the space of one year grew rapidly worse. Although I had in attendance three physicians, one of whom was considered very skillful, all of their efforts proved alike unavailing. At last one of the physicians came in, and decided that I could not live more than one day longer! All of my friends believed that a few days at most would end my earthly career.

My brother at this crisis, hearing of the astonishing cures made by Dr. Rodgers' Liverwort and Tar, went to Chillicothe, distant thirty miles, to procure the above medicine; and, strange to tell, before I had used half a bottle my cough was entirely cured, and when I had used two bottles I was able to attend to my family vocations as usual.
HARRIET ROWE.

Mr. Merriweather writes as Follows:
Mr. A. L. Scovill, Dear Sir—Dr. Rogers' Liverwort and Tar came safe to hand. I have sold a number of bottles. I have met with great success. A young man of this place, supposed to have the consumption, has been entirely cured.

Denmark, Tenn., June 30, 1848.
The following certificate from one of the most distinguished physicians in Cincinnati, is entitled to great credit. It is a testimonial from a source of duty to make the following statement, conscious that it may appear unprofessional. Mr. Charles Wade, of this city, was quite low with Pulmonary Consumption, for which I had been treating with less than usual success. At his request, and that of his friends, I permitted him to try Dr. Rogers' Liverwort and Tar; and I must confess that its effects were really surprising. After using the second bottle my cough was discontinued, and he was soon restored to health. I do not hesitate to recommend my brother practitioners to prescribe this remedy in all pulmonary complaints which baffle the ordinary mode of treatment.

WILLIAM J. R. HARRIS, M. D.
Cincinnati, Oct. 1st, 1844.
Extract from a letter dated Jackson, Tenn. Oct. 26, 1848.
Mr. A. L. Scovill, Cincinnati:
Dear Sir—I want you to send me one gross of Dr. Rogers' Liverwort and Tar. I am entirely out of it, and have constant calls for it. The remarkable cures that it has made here, has made a great demand for it.

A RESCUE TO THE AFFLICTED.
THE CELEBRATED
JEW DAVID'S HEBREW PLASTER

A certain remedy for all fixed pains in the Side, Chest, Loin, Back, Bowels, Muscles, Rheumatism in all its varied forms, Nervous Affections, Lung and Liver Complaints, Spinal Affections, Female Weakness, &c. &c. For the relief of the afflicted, this plaster has no equal. The great celebrity which it has already acquired, not only in the old, but in the new world—the extraordinary cures it has performed in the most extreme cases of suffering, have acquired for it such a reputation, that the proprietor has not—until recently—been able to supply his demand.

The sales throughout every city, town and village in the United States, are without a parallel! A circumstance not surprising, when the vast amount of human suffering relieved by its use is considered. In spinal defects, the benefit usually is of the most decided character. In Nervous Complaints, nineteen cases out of twenty readily yield to the penetrating stimulus combined in this valuable preparation.

In Rheumatism, either acute or chronic, the claims of the Hebrew Plaster have long since been universally acknowledged. Those who are laboring under weak backs, no matter from what cause the weakness may have originated—even if such persons have been misguided in preference to the medicine—the use of the Hebrew Plaster they will find the afflicted part suddenly restored to its original soundness.

As a supporter in cases of constitutional weakness it will be found of great advantage. It is particularly recommended to females who are suffering from sudden weakness, or general debility. In short, it embraces all the virtues which the most scientific mind was capable of accomplishing from valuable substances found in the old world, and will be found entirely free from those objections which are a source of complaint with the numerous spread-plasters now before the public.

Where this Plaster is applied, pain cannot exist. These Plasters possess the advantage of being put up in all-right boxes, hence they retain their full virtues in all climates. We have just received the following testimonial from C. C. Sellers, an eminent lawyer in successful practice in Wilcox county, Alabama. He is a gentleman in high standing, and one whose influence has great weight:

Camden, Ala., Nov. 21, 1848.
Messrs. Scovill & Mead: Gentlemen—Having been requested to state what has been the result of my experience by the use of your Hebrew Plaster, I cheerfully comply, by saying that I have found it to be as heretofore recommended, an invaluable medicine. In different cases of my family I have applied the Plaster to chronic sores, tumors, and pains, and it has never failed to afford instant relief. I have also used it with good effect upon my own person, in the cure of ulcers, with which I have been severely afflicted.
Respectfully, &c.,
C. C. SELLERS.

Dr. Keeler's Cordial and Carminative, is certainly a valuable desideratum in every family, to the young and to adult, but particularly where there are children. We speak advisedly, because we have thoroughly tried it, and proved its healing and efficacious properties in our family. We would most cordially recommend the public to give it a fair trial, which is only waiting to appropriate its value.

From the North American and United States Gazette, Sept. 4th 1847.
In these days, abounding in fruit, it behoves every one equipped with a remedy for the evil effects, which it sometimes produces—we have been told by those who know and who have tried it—that Keeler's Cordial is an article which has been used in some of the severest cases of Summer Complaint, both in infants and grown persons. The Cordial can be procured at the corner of Third and South Streets.

From Neal's Saturday Gazette August 23rd, 1847.
Dr. Keeler's Cordial.—We would call the attention of our readers to this invaluable medicine, which will be found advertised at length in our columns. As a corrective in cases of Diarrhea, a disease very prevalent at the present time, it is highly spoken of by all who have used it. It is perfectly safe in its nature, and we speak experimentally, when we say that it affords immediate relief.

From the Pennsylvania Inquirer, Sep. 1st, 1847.
Dr. Keeler's Cordial and Carminative.—This article is advertised in another part of our paper, it is warmly recommended by families who have tried it. It is especially useful among children, and has effected hundreds of cures. The doctor is abundantly supplied with testimony upon the subject some of which is very strong. The Cordial is a safe and powerful, but a carefully prepared medicine, and perfectly free from any thing injurious.

From the Daily Pennsylvania, Sept. 16th 1847.
We are constrained to say that the "Carminative" of Dr. Keeler's now extensively used in this City, is rapidly making its way to public favor. Its ingredients are of a nature unknown, but it is mild in its operation, pleasant to the taste, and a remedy quite as good as any now used for the same complaints.

From the Daily News, July 15th, 1850.
Summer Complaint.—The season when this complaint exists is now here. If persons having it in their families would only purchase a bottle of Dr. Keeler's Carminative Cordial, they would save much expense and trouble. The Cordial is a safe and powerful medicine, and is the best of the virtues of this medicine known.

From the Spirit of the Times, July 13, 1848.

For the Removal and Permanent Cure of all Diseases arising from an Impure state of the Blood or habit of the System, viz:
Scrofula or King's Evil, Rheumatism, Obsolete Cutaneous Eruptions, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pains of the Bones and Joints, Straborn Ulcers, Syphilitic Symptoms, Stricture or Lumbago, and Diseases arising from an Injudicious use of Mercury, Acidity or Dropsy, Exposure or Superinduced in Life; also, Chronic Constitutional Disorders, &c.

The value of this preparation is now widely known, and every day the field of its usefulness is extending. It is approved and highly recommended by Physicians, and is admitted to be the most powerful and searching preparation from the root that has ever been employed in medical practice. The unfortunate victim of hereditary disease, with swollen glands, contracted sinews, and limbs half-carious has been restored to health and vigor.

The scrofulous patient, covered with ulcers, and whose system to himself and his attendants, has been made whole. Hundreds of persons, who had groined hopelessly for years, under cutaneous and glandular disorders, rheumatism, and many other complaints springing from a derangement of the secretory organs and the circulation, have been raised as it were from the rack of disease, and now, with regenerated constitutions, gladly testify to the efficacy of this inestimable preparation.

The following certificate from Col. Samuel G. Taylor, a gentleman of high standing and extensive acquaintance through the southern states, and lately appointed consul to New Grenada, commends itself to the attention of all.

New York, January 7, 1848.
Messrs. A. B. & D. Sands—Owl lemon: Having used and witnessed the effects of your valuable preparation of Sarsaparilla on different persons in different parts of the southern coast, viz—Virginia, Louisiana, Texas and Mexico, I can most pleasure in stating the high opinion entertained of its medicinal value. In my own case, it acted almost like a charm, removing speedily, the enervated state of the system, and expelling in the most agreeable manner, a toxic and invigorating influence.

Your Sarsaparilla is highly approved and extensively used by the army in Mexico, and my cousin, Gen. Zachary Taylor, has for the past five years been in the habit of using it, and recommending the same; he and myself adopted the article at the same time, and it is now considered an almost indispensable article in the army. In conclusion, I would say that the better it is known, the more highly it will be prized, and trust that its health restoring virtues will make it generally known throughout the length and breadth of our widely extended country. You are very respectfully,
S. G. TAYLOR, U. S. Consul to N. Grenada.

REMARKABLE CURE OF BRONCHITIS.
New York, Feb. 17, 1848.—Messrs Sands: Having suffered many years with a disease of my throat, affecting the larynx, during which time I was treated by the most eminent physicians in Europe and the United States, without receiving any permanent benefit, but all the time my general health and strength declining, and the disease making fearful progress; caustic applications were used, and what ever else was thought most efficient for producing a cure; but I am confident the deplorable situation I was in, the laryngitis being accompanied with phthisis and great difficulty in breathing, would soon have terminated my life, had I not obtained relief through your invaluable Sarsaparilla. I must say, gentlemen, when I commenced using the Sarsaparilla, I did not place much confidence in its virtues; and this will not surprise you when I inform you that I had tried more than fifty different remedies during the past four years without any success; but after taking your Sarsaparilla a few weeks, I was obliged to yield at last to evidence. This marvellous specific has not only relieved, but cured me; and I therefore think it my duty gentlemen, for the benefit of suffering humanity, to give you
