DR. HOOFLAND'S CELEBRATED GERMAN BITTERS,

PREPARED BY DR. C. M. JACKSON, AT THE GERMAN MEDICINE STORE, 120 Arch Street, Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, without, safe, certain and pleasant.

READ AND BE CONVINCED.

Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Hoofland, Jan. 9, 1850, said: "My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock, Va., Jan. 10, 1850, said: "A GREAT MEDICINE"

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among these we consider your notice in the German Bitters, invented by Dr. Hoofland, prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Brabill, of this country, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters and after using it, was so much relieved of his distressing ailment that he procured another bottle, and is restored entirely to health.

READ FURTHER A FEW FACTS.

The "Philadelphia Democrat," the leading German journal of Philadelphia. The editor said, Nov. 24th: "We again call attention to the removal of the German Medicine store, the principal depot for the sale of Dr. Hoofland's German Bitters, from 278 Race to 120 Arch street, one door below Sixth. Owing to the increased demand for this medicine, and for the accommodation of his numerous patients, Dr. Jackson has been compelled to occupy a larger store. We wish him success in his new quarters; he is deserving of it. The Bitters Mixture is without doubt the greatest medicine ever known for diseases of the Liver and Bowels. A stubborn case of Chronic Diarrhoea has come under our notice, wherein the patient had exhausted the Materia Medica of the different schools of medicine with no apparent benefit. He was induced to use these Bitters, and a few bottles of them have entirely cured him. Many such cases we could refer to. We hope our readers will recollect this great remedy, and that they will not fail to procure it as directed. Dr. Jackson possesses the original and authenticated receipt of Dr. Hoofland, and he prepares this medicine with this care. Those purchasing should call at his store, or see that his name is written upon the wrapper outside, and blown in the bottle, as imitations of all good articles are common."

Judge M. M. Noah, a gentleman with great scientific and literary attainments, said in his "New York Weekly Messenger," Jan. 6, 1850: "Dr. Hoofland's GERMAN BITTERS.—Here is a preparation which the leading press in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times, the late Dr. Christopher Wilhelm Hoofland, Professor to the University of Jena, Private Physician to the King of Prussia, and one of the greatest medical writers of Germany has ever produced. He was emphatically the enemy of humbug, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He especially recommended it in liver complaint, dyspepsia, debility, vertigo, acidity of the stomach, constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States, the editor says of it: "It is a medicine which we recommend to our patients, and therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten, but of a medicine which has stood the test of time, and which has met the hearty approval of the Faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is that there is more of it used in the practice of the regular Physicians of Philadelphia than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in their own country.

That this medicine will cure liver complaint and dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate.—They can be administered to female or infant with safety and reliable benefit, at any time.

Beware of Counterfeits.

This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeits to put forth a spurious article at the risk of the lives of those who are imposed upon.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the wrapper and the name blown in the bottle, without which they are spurious.

DR. ROGERS' COMPOUND SYRUP OF LIVERWORT AN TAR, For the cure of Consumption and all Diseases of the Lungs and Breast.

FROM DR. HIRAM COX, Late Professor in Cincinnati Eclectic Medical College

Mr. A. L. Scovill: However reluctant I have been to permit my name to be attached to patent medicine, I consider it a duty to the community to state that in three cases of incipient consumption, viz: Miss Bell, Miss Barger, and Mr. R. H. Cox, one of our City Council, that Dr. Rogers' Liverwort and Tar operated more like a specific than like any other remedy, that I ever used. One of the cases, viz: Miss Bell, pronounced by several Physicians to be laboring under the last stage of Scrophulous Consumption. She is now in good health, from the use of a few bottles of the above syrup.

HIRAM COX, M. D. Cincinnati, Jan. 25, 1847.

FROM THE HON. JUDGE HENRY MORSE. Mr. A. Scovill: I am well acquainted with Dr. Hiram Cox and his practice, he having been my physician for many years, and can cheerfully say that I have as much confidence in his skill as any man living. HENRY MORSE. Cincinnati, Nov. 8th, 1847.

Despair not though your Physicians and Friends give you up to die!!!

Your condition cannot be more helpless than that of Mrs. Rowe.

This is to certify that I was taken with a pain in my side and breast, attended with a distressing cough, and for the space of one year grew rapidly worse. Although I had in attendance three physicians, one of whom was considered very skillful, all of their efforts proved alike unavailing. At last one of the physicians came in, and decided that I could not live more than one day longer! All of my friends believed that a few days at most would end my earthly career.

My brother at this crisis, hearing of the astonishing cures made by Dr. Rogers' Liverwort and Tar, went to Chillicothe, distant thirty miles, to procure the above medicine; and, strange to tell, before I had used half a bottle my cough was entirely cured, and when I had used two bottles I was able to attend to my family vocations as usual. HARRIET ROWE.

Mr. Merriweather writes as follows: Mr. A. L. Scovill, Dear Sir—Dr. Rogers' Liverwort and Tar came safe to hand. I have sold a number of bottles. I have met with great success. A young man of this place, supposed to have the consumption, has been entirely cured. I, MERRIWEATHER. Denmark, Tenn., June 30, 1848.

The following certificate from one of the most distinguished physicians in Cincinnati, is entitled to great credit. I feel constrained from a sense of duty to make the following statement, conscious that it may appear unprofessional. Mr. Charles Wade, of this city, was quite low with Pulmonary Consumption, for which I had been treating with less than usual success. At his request, and that of his friends, I permitted him to try Dr. Rogers' Liverwort and Tar; and I must confess that its effects were really surprising. After using the second bottle my visits were discontinued, and he was soon restored to health. I do conscientiously recommend my brother practitioners to prescribe this remedy in all pulmonary complaints which baffle the ordinary mode of treatment. WILLIAM J. RICHARDS, M. D. Cincinnati, Oct. 1st, 1844.

Extract from a letter dated Jackson, Tenn. Oct. 26, 1848. Mr. A. L. Scovill, Cincinnati: Dear Sir—I want you to send me one gross of Dr. Rogers' Liverwort and Tar. I am entirely out of it, and has made here, has made a great demand for it. Yours, &c., J. W. HITTINGTON, Druggist.

A RESCUE TO THE AFFLICTED. THE CELEBRATED JEW DAVID'S HEBREW PLASTER.

A certain remedy, for all fixed pains in the Side, Chest, Loins, Back, Bowels, Muscles, rheumatism in all its varied forms, Nervous Affections, Lame and Rigid Limbs, Comblis, Stiff Joints, Female Weaknesses, &c., etc. For the above complaints this plaster has no EQUAL. The great celebrity which it has already acquired, not only in the old, but in the new world—the extraordinary cures it has performed in the most extreme cases of suffering, have acquired for it such a reputation, that the proprietor has not—until recently—been able to supply his demand.

The sales throughout every city, town and village in the United States, are without a parallel! A circumstance not surprising, when we consider the vast amount of human suffering which is daily considered. In plain language, the benefit usually is of the most decided character. In Nervous Complaints, nine-tenths cases out of twenty readily yield to the penetrating stimulus combined in this valuable preparation.

In Rheumatism, either acute or chronic, the claims of the Hebrew Plaster have long since been universally acknowledged. Those who are laboring under weak backs, no matter from what cause the weakness may have originated, even if such persons have been misguided in previous applications—in the use of the Hebrew Plaster they will find the affected part suddenly restored to its original soundness.

As a supporter in cases of constitutional weakness it will be found of great advantage. It is particularly recommended to females who are suffering from sudden weakness, or general debility. It has the most scientific mind capable of comprehending from valuable substances found in the old world and will be found entirely free from those objections which are a source of complaint with the numerous spread-plasters now before the public.

Where this Plaster is applied, pain cannot exist. These Plasters possess the advantage of being put up in air-tight boxes, hence they retain their full virtues in all climates. We have just received the following testimonial from C. C. Sellers, an eminent lawyer in successful practice in Wilcox county, Alabama. He is a gentleman in high standing, and one whose influence has great weight: Camden, Ala., Nov. 21, 1848.

Messrs. Scovill & Mead: Gentlemen—Having been requested to state what has been the result of my experience by the use of your Hebrew Plaster, I cheerfully comply, by saying that I have found it to be as heretofore recommended, an invaluable medicine. In different cases of my family I have applied the plaster, and in every case all the various pains which it has never failed to afford instant relief, and in the cure of ulcers, with which I have been severely afflicted. Respectfully, etc. C. C. SELLERS.

Beware of Counterfeits and Base Imitations. CAUTION—The subscribers are the only General Agents in the Southern States for the sale of this truly valuable Plaster; and in order to prevent purchases being imposed upon by a counterfeit article, sold in this city and elsewhere for the genuine, they invite particular attention to the following marks of the genuine: 1. The genuine is put up in smooth, engine-turned bottomed boxes, not soldered in. 2. The genuine has the engraved head of Jew David on the directions around the box, with accompanying Record of Court, to E. Taylor, Rochester.

Dr. Keeler's Cordial—We would call the attention of our readers to this invaluable medicine, which we have found advertised at length in our columns. As a corrective of Diarrhoea, a disease very prevalent at the present time, it is highly spoken of by all who have used it. From the Pennsylvania Inquirer, Sep. 1st, 1847.

Dr. Keeler's Cordial and Carminative.—This article is advertised in another part of our paper, it is warmly recommended by families who have tried it. It is especially useful among children, and has effected hundreds of cures. The doctor is abundantly supplied with testimony upon the subject, and we are confident that the Cordial is not a quack nostrum, but a carefully prepared medicine, and perfectly free from any thing injurious.

From the Daily Pennsylvania, Sept. 16th 1847.

We are constrained to say that the "Carmenative" of Dr. Keeler is a very valuable medicine, its ingredients are of a course unknown, but it is mild in its operation, pleasant to the taste, and a remedy quite as good as any now used for the same complaints.

From the Daily News, July 15th, 1850.

Summer Complaint.—The season when this complaint exists is now here. If persons having it in their families would only purchase a bottle of Dr. Keeler's Cordial and Carminative, they would save much expense and trouble. A peak of the virtues of this medicine kindly.
