

SANDS' SASSAPARILLA.
IN QUART BOTTLES.
FOR PURIFYING THE BLOOD, AND FOR THE CURE OF
THE REMOVAL AND PERMANENT CURE OF ALL
DISEASES ARISING FROM AN IMPURE STATE
OF THE BLOOD OR HABIT OF THE
SYSTEM, VIZ:

Serofula or King's Evil, Rheumatism, Obsolete Cutaneous Eruptions, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stomach Ulcers, Syphilitic Symptoms, Scirrhous or Lumbago; and Diseases arising from an Injudicious use of Mercury, Acridities or Dropsy, Exposure or Imprudence in Life; also, Chronic Constitutional Disorders, &c.

The value of this preparation is now widely known, and every day the field of its usefulness is extending. It is approved and highly recommended by Physicians, and is admitted to be the most powerful and searching preparation from the root that has ever been employed in medical practice. The unfortunate victim of hereditary disease, with swollen glands, contracted sinews and bones half carious has been restored to health and vigor. The scrofulous patient, covered with ulcers, loathsome to himself and his attendants, has been made whole. Hundreds of persons, who had groined hopelessly for years, under cutaneous and glandular disorders, rheumatism, and many other complaints springing from a derangement of the secretory organs and the circulation, have been raised as it were from the rack of disease, and now, with regenerated constitutions, gladly testify to the efficacy of this inestimable preparation.

The following certificate from Col. Samuel G. Taylor, a gentleman of high standing and extensive acquaintance through the southern states, and lately appointed consul to New Granada, commends itself to the attention of all.

New York, January 7, 1848.
 Messrs. A. B. & D. Sands—Dear Sir: Having used and witnessed the effects of your valuable preparation of Sarsaparilla on different persons in different parts of the southern country, viz—Virginia, Louisiana, Texas and Mexico, I feel much pleasure in stating the high opinion entertained of its medicinal value. In my own case, it acted almost like a charm, removing speedily, the enervated state of the system, and exciting in the most agreeable manner, a tonic and invigorating influence.

Your Sarsaparilla is highly approved and extensively used by the army in Mexico, and my cousin, Gen. Zachary Taylor, has for the past five years been in the habit of using it, and recommends the same to me, and myself adopted the article at the same time, and it is now considered an almost indispensable article in the army. In conclusion, I would say that the better it is known, the more highly it will be prized, and trust that its health restoring virtues will make it generally known throughout the length and breadth of our widely extended country. You are very respectfully,
 S. G. TAYLOR, U. S. Consul to N. Granada

REMARKABLE CURE OF BRONCHITIS.

New York, Feb. 17, 1848.—Messrs. Sands: Having suffered many years with a disease of my throat, affecting the larynx, during which time I was treated by the most eminent physicians in Europe and the United States, without receiving any permanent benefit, but all the time my general health and strength declining, and the disease making fearful progress; caustic applications were used, and what ever else was thought most efficient for producing a cure; but I am confident the deplorable situation I was in, the larynx being accompanied with phlogia and great difficulty in breathing, would soon have terminated my life, had I not obtained relief through your invaluable Sarsaparilla. I must say, gentlemen, when I commenced using the Sarsaparilla, I did not place much confidence in its virtues; and this will not surprise you when I inform you that I had tried more than fifty different remedies during the past few years without any success; but after taking your Sarsaparilla a few weeks, I was obliged to yield at last to evidence. This marvellous specific has not only relieved, but cured me; and I therefore think it my duty gentlemen, for the benefit of suffering humanity, to give you this attestation of my cure. Yours very truly,
 A. RENT.

Consulate of France in the U. States.
 The above statement and signature were acknowledged in our presence by Mr. D. Parent, as true. For the Consul Gen. of France,
 L. BORG, Vice-consul.

The following interesting case is presented, and the reader invited to its careful perusal—comment on such evidence is unnecessary.

New York, April 26, 1847.
 Messrs. Sands: Gentlemen—Having long been afflicted with general debility, weakness, loss of appetite, &c., receiving no benefit from the various remedies prescribed, I concluded, about three months since, to make use of your Sarsaparilla. I now have the pleasure of informing you that its effects have been attended with the happiest results in restoring my health, and I am induced to add my testimony to the many others you already possess, and those desiring further information, I personally give the particulars of my case, and the effects of this invaluable medicine, by calling 255 Bowery, New York. Yours respectfully,
 JANET MCINTOSH.

This certifies that Miss Janet McIntosh is known to me a member of the church in good standing, and worthy of confidence.

The Great Cough Remedy.

VAYER'S CHERRY PECTORAL
 For the Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA and CONSUMPTION

The annals of medical science, affording as they do ample proof of the power and value of many medical agents, have furnished no examples to compare with the salutary effects produced by "VAYER'S CHERRY PECTORAL."

The remarkable cures of the disease of the Lungs which have been realized by its use, attested as they are by many prominent professors and physicians in this and foreign lands, should encourage the afflicted to persevere with it, with a strong assurance that the use of the "Cherry Pectoral" will relieve and ultimately cure them.

We present to the public unsolicited testimonials from some of the first men in our country, upon whose judgement and experience implicit confidence may be placed.

Dr. PERKINS, President of Medical College, one of the most learned and intelligent physicians in the country, considers it a "composition of rare excellence for the cure of that formidable disease, Consumption."

Norwich, April 26, 1846.
 Dr. J. C. AYER—Dear Sir:—Agreeable to the request of your agent, we will cheerfully state what we have known of the effects of your CHERRY PECTORAL and they have been astonishing indeed.

Mrs. Betsey Streeter had been afflicted with a severe and relentless cough, which reduced her very low; so low that little hope could be entertained of her recovery. Numerous remedies had been tried without effect, before the Cherry Pectoral. And that has cured her. George Watkinson Esq., had to our knowledge been afflicted with asthma, for eleven years, and grown yearly worse, until the Cherry Pectoral has now removed the disease and he is free from any of its symptoms as we are. The Rev. Mark Dane had been so severely attacked with the Bronchitis, as to disable him from his duties, and nothing had afforded him relief until 1 (Mr. Thorning) carried him a bottle of your Pectoral, which cured him at once, and he now officiates as usual in his place.

These are three of the cases in which we have known it successful, but never fail. We have great pleasure in certifying to these facts; and are respected sir, your humble servants.
 R. D. THORNING.
 HON. J. BATTLES.

Among the distinguished authorities who have given their names to recommend "Cherry Pectoral," as the best remedy that is known for the Affections of the Lungs, are "London Lancet," "Canadian Journal of Medical Science," "Boston Medical and Surgical Journal," "Charleston (S. S.) Medical Review," "New Jersey Medical Reporter," Prof. Webster, Harvard College, Prof. Bartlett, Transylvania University of medicine, President Perkins, Vermont Medical College, Dr. Valentine Mott, New York City, Parker Cleveland, Bowdoin College, Prof. Butterfield, Willoughby College, Ohio, Prof. Braithwaite, Leeds (Eng.) Medical School, Sir Richard Kane, Queen's College, Ireland, Prof. Rosenbaum, Leipzig.

The public have but to know the virtues and astonishing success of the "Cherry Pectoral," in curing diseases of the lungs, when they will feel sure from these dangers, whenever this remedy can be obtained.

FEMALE PILLS,

For Females only,
 Invaluable to young, married and single.
DR. LEIDY'S
Restorative and Monthly Pills.
 Price 25 cts. a Box.

ACCOMPANIED with a small pamphlet, containing full directions, useful hints, information and advice to females from youth or puberty to old age.

Nature will be much assisted by their use, in anticipation of certain periods, where there is irregularity, suppression, or loss of the natural changes, and will relieve suffering, pain and distress common to many use periods. There are other times, also, when the married and single will find them useful.

Mothers do not mistake the ailings of your daughters; when afflicted with Head-ache, Dizziness, Pain, Loss of Appetite, Sickness of the Stomach, Pains in the Sides or Breasts, Pains along the Back, Spine or across the Loins, Hysterical or Nervous feeling, Depression or Lowness of the Spirits, Melancholy Dislike to exercise and society, Palpitation of Heart, Bleeding at the nose &c. Too often are medicines given them for Liver complaints, Dyspepsia, Consumption, &c., when the real cause is not suspected; and through improper medicines and treatment their constitutions are destroyed; and they become miserable during life.

Thousands of Females in Philadelphia, New York, Boston, Baltimore and elsewhere know the efficacy of these Pills, and many could be referred to, but delicacy and respect to the sex forbids it.

Sold wholesale and retail at Dr. Leidy's Dispensary, No. 114 North Fourth Street, Philadelphia—also by J. R. McKain, Camden; Toland & Curtis, Columbia; Black & Chry, Orangeburg; Dr. P. M. Cohen and Dr. J. A. Cleveland, Charleston; and by Druggists and Storekeepers generally.

 CAN BE EFFECTUALLY CURED BY

DR. HOOFLAND'S CELEBRATED GERMAN BITTERS,
 PREPARED BY
DR. C. M. JACKSON,
 AT THE GERMAN MEDICINE STORE,
 120 Arch Street, Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, without safe, certain and pleasant.

READ AND BE CONVINCED.
 Chas. Robinson Esq., Easton, Md., in a letter to Dr. Jackson, Jan. 9, 1850, said—
 "My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Teagh Legion," published at Woodstock, Va., Jan. 10, 1850, said—
 "A GREAT MEDICINE"

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider of the most merit is the German Bitters, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Brill, of this country, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters and after using it, he was so much relieved of his distressing malady that he procured another bottle, and is restored entirely to health."

READ FURTHER A FEW FACTS.
 The "Philadelphia Democrat," the leading German journal of Philadelphia. The editor said, Nov. 24th—
 "We again call attention to the removal of the German Medicine Store, the principal depot for the sale of Dr. Hoofland's German Bitters, from 278 Race to 120 Arch Street, one door below Sixth. Owing to the increased demand for this medicine, and for the accommodation of his numerous patients, Dr. Jackson has been compelled to occupy a larger store. We wish him success in his new quarters; he is deserving of it. The Bitters Mixture is without doubt the greatest medicine extant for diseases of the Liver and Bowels. A stubborn case of Chronic Diarrhoea has come under our notice, wherein the patient had exhausted the Materia Medica of the different schools of medicine with no apparent benefit. Dr. Jackson has been tried, and a few bottles of them have entirely cured him. Many such cases we could refer to. We hope our readers will recollect this great restorative, should they be so unfortunate as to require its use. Dr. Jackson possesses the original unpublished receipt of Dr. Hoofland, and he prepares this medicine with this care. Those purchasing should call at his store, or see that his name is written upon the wrapper around and blown in the bottle, as imitations of all good articles are common in the United States."

Dr. Hoofland's GERMAN BITTERS.—Here is a preparation which the leading process in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription handed down by one of the celebrated physicians of modern times, the late Dr. Christian Hoofland, Professor to the University of Jena, Private Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in liver complaint, dyspepsia, debility, vertigo, acidity of the stomach, constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances we feel warranted not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.
 The "Philadelphia Saturday Gazette," the best family newspaper published in the United States, the editor says of DR. HOOFLAND'S GERMAN BITTERS.
 "It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers, and therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are used for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the Faculty itself."

Evidence upon evidence has been received (like the foregoing) from all portions of the Union, the last three years, and the strongest testimony in its favor is, that there is more of its use in the practice of the regular Physicians of Philadelphia than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

"That this medicine will cure liver complaint and dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver, it is preferable to all other remedies, and the effect is immediate. It can be administered to female or infant with safety and reliable benefit, at any time."

BEWARE OF COUNTERFEITS.
 This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeits to put forth a spurious article at the risk of the lives of those who are innocently deceived.

LOOK WELL TO THE MARKS OF THE GENUINE.
 They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

Consumption can be Cured!
DR. ROGERS' COMPOUND SYRUP OF LIVERWORTAN TAR,
 For the cure of Consumption and all Diseases of the Lungs and Breast.
 FROM DR. HIRAM COX.
 Late Professor in Cincinnati Eclectic Medical College.

Mr. A. L. Scovill: However reluctant I have been to permit my name to be attached to patent medicine, I consider it a duty to the community to state that in three cases of incipient consumption, viz: Miss Dell, Miss Barger, and Mr. R. H. Cox, one of our City Council, that Dr. Rogers' Liverwort and Tar operated more like a specific than like any other remedy that I ever used. One of the cases, viz: Miss Bell, pronounced by several Physicians to be laboring under the last stage of Scrofulous Consumption. She is now in good health, from the use of a few bottles of the above syrup.
 HIRAM COX, M. D.
 Cincinnati, Jan. 25, 1847.

FROM THE HON. JUDGE HENRY MORSE.

Mr. A. Scovill: I am well acquainted with Dr. Hiram Cox and his practice, he having been my physician for many years, and can cheerfully say that I have as much confidence in his skill as any man living.
 HENRY MORSE.
 Cincinnati, Nov. 8th, 1847.

Do not think your Physicians and Friends give you up to die!!!

Your condition cannot be more helpless than that of Mrs. Rowe.

This is to certify that I was taken with a pain in my side and breast, attended with a distressing cough, and for the space of one year grew rapidly worse. Although I had in attendance three physicians, one of whom was considered very skillful, all of their efforts proved alike unavailing. At last one of the physicians came in, and decided that I could not live more than one day longer! All of my friends believed that a few days at most would end my earthly career.

My brother at this crisis, hearing of the astonishing cures made by Dr. Rodgers' Liverwort and Tar, went to Chillicothe, distant thirty miles, to procure the above medicine; and, strange to tell, before I had used half a bottle my cough was entirely cured, and when I had used two bottles I was able to attend to my family vocations as usual.
 HARRIET ROWE.

Mr. Merrivether writes as follows:

Mr. A. L. Scovill, Dear Sir—Dr. Rogers' Liverwort and Tar came dear to hand. I have sold a number of bottles. I met with great success. A young man of this place, supposed to have the consumption, has been entirely cured.
 D. MERRIVETHER.

Denmark, Tenn., June 30, 1848.

The following certificate from one of the most distinguished Physicians in Cincinnati is entitled to great credit: I feel constrained from a sense of duty to make the following statement, conscious that it may appear professional. Mr. Charles Wade, of this city, was quite low with Pulmonary Consumption, for which I had been treating with less than usual success. At his request, and that of his friends, I permitted him to try Dr. Rogers' Liverwort and Tar; and I must confess that its effects were really surprising. After using the second bottle my vigor was disconcerted, and he was soon restored to health. I do conscientiously recommend my brother practitioners to prescribe this remedy in all pulmonary complaints which baffle the ordinary mode of treatment.

WILLIAM J. RICHARDS, M. D.
 Cincinnati, Oct. 18, 1844

Extract from a letter dated to Jackson, Tenn. Oct. 26, 1848.
 Mr. A. L. Scovill, Cincinnati:—I was sent me one gross of Dr. Rogers' Liverwort and Tar. I am entirely cured of it, and have constant faith in it. The remarkable cures that it has made here, has made a great demand for it.
 Yours, &c., R. W. HITTINGTON, Druggist.

A RESCUE TO THE AFFLICTED.

THE CELEBRATED

JEW DAVID'S HEBREW PLASTER.

A certain remedy for all fixed pains in the Side, Chest, Loins, Back, Bowels, Muscles, Rheumatism in all its varied forms, Nervous Affections, Lung and Liver Complaints, Spinal Affections, Female Weaknesses, &c. &c. For the above complaints this plaster has no equal. The great celebrity which it has already acquired, not only in the old, but in the new world—the extraordinary cures it has performed in the most extreme cases of suffering, have acquired for it such a reputation, that the practitioner has not—and rarely—been able to supply his mediocrity.

The sales throughout every city, town and village in the United States, are without a parallel! A circumstance not surprising, when the vast amount of human suffering relieved by its use is considered. In spinal defects, the benefit usually is of the most decided character. In Nervous Complaints, nineteen cases out of twenty yield to the penetrating stimulus combined in this valuable preparation.

In Rheumatism, either acute or chronic, the claims of the Hebrew Plaster have long since been universally acknowledged. Those who are laboring under weak limbs, no matter from what cause the weakness may have originated—even if such persons have been misguided in previous applications—in the use of the Hebrew Plaster they will find the afflicted part suddenly restored to its original soundness.

As a supporter in cases of constitutional weakness it will be found of great advantage. It is particularly recommended to females who are suffering from sudden weakness, or general debility. In short, it embraces all the virtues which the most scientific mind was capable of compounding from valuable substances found in the old world and will be found entirely free from those objections which are a source of complaint with the numerous practitioners now before the public.

Where this Plaster is applied, pain cannot exist.

These Plasters possess the advantage of being put up in air-tight boxes, hence they retain their full virtues in all climates. We have just received the following testimonial from C. C. Sellers, an eminent lawyer in successful practice in Wilcox county, Alabama. He is a gentleman in high standing, and one whose influence has great weight:

Camden, Ala., Nov. 21, 1848.
 Messrs. Scovill & Mead: Gentlemen—Having been requested to state what has been the result of my experience by the use of your Hebrew Plaster, I cheerfully comply, by saying that I have found it to be as heretofore recommended an invaluable medicine. In different cases of my family I have applied the Plaster to chronic sores, tumors, and pains, and it has never failed to afford instant relief. I have also used it with good effect upon my own person, in the cure of ulcers, with which I have been severely afflicted.
 Respectfully, &c.
 C. C. SELLERS.

Beware of Counterfeits and Base Imitations.

CAUTION—The subscribers are the only General Agents in the Southern States for the sale of this truly valuable Plaster; and in order to prevent purchasers being imposed upon by a counterfeit article, sold in this city and elsewhere for the genuine, they invite particular attention to the following marks of the genuine:

1. The genuine is put up in a smooth, engine-turned bottomed box, not soldered in the middle.
 2. The genuine has the engraved head of Jew David on the directions around the box, with accompanying Record of Court, to E. Taylor, Rochester.

Mothers, Read This Attentively.

DR. KEELER'S CORDIAL AND CARMINATIVE.
 For the speedy and permanent cure of Diarrhoea, Spasmodic Cholera, Infantum, Cholera Morbus, Cholera, Summer Complaints, Flatulency Pains in the Stomach, &c., and from all derangements of stomach and bowels from Teething.

The time has again arrived, when disease of the stomach and bowels carries its thousands to a premature grave. Is there no remedy to stay the march of death? We answer, YES—the Cordial will cure and prevent nine-tenths of all cases of disease affecting the organs more than five thousand cases of disease were cured by it during the past year. All families desiring the welfare of their children and selves, will act wisely to have this article by them. In all cases of falling the money will cheerfully be returned, and to those who are unable to purchase, it will be cheerfully bestowed.

"THAT IT WILL, AND HAS CURED, THE WORST FORMS OF DISEASE OF THE STOMACH AND BOWELS READ THE FOLLOWING EVIDENCES FROM THE SPIRIT OF THE TIMES."

Dr. Keeler's Cordial and Carminative, is certainly a valuable desideratum in every family, to the young and to adult, but particularly where there are children. We speak advisedly, because we have thoroughly tried it, and proved its leading and efficacious properties in our family. We would most cordially recommend the public to give it a fair trial, which is only wanting to appreciate its value.

From the North American and United States Gazette, Sept. 18, 1847.

In these days, abstaining in fruit, it follows every one to be prepared with a remedy for the evil effects which it sometimes produces—we have been told by those that knew and who have tried it—that Keeler's Cordial is an article which has been used in some of the severest cases of Summer Complaint, both in infants and grown persons. The Cordial can be procured at the corner of Third and South Streets.

From Neal's Saturday Gazette August 23rd, 1847.

Dr. Keeler's Cordial.—We would call the attention of our readers to this invaluable medicine, which will be found advertised at length in our columns. As a corrective in cases of Diarrhoea, a disease very prevalent at the present time, it is highly spoken of by all who have used it. It is perfectly safe in its nature, and we speak experimentally, when we say that it affords immediate relief.

From the Pennsylvania Inquirer, Sept. 1st, 1847.

Dr. Keeler's Cordial and Carminative.—This article is advertised in another part of our paper, it is warmly recommended by families who have tried it. It is especially useful among children, and has effected hundreds of cures. The doctor is abundantly supplied with testimony upon the subject, and has not only cured the Cordial is not in our stock, but a carefully prepared medicine, and perfectly free from any thing injurious.

From the Daily Pennsylvania Inquirer, Sept. 16th, 1847.

We are constrained to say that the "Carminative" of Dr. Keeler, has been extensively used in this city, and is making its way to public favor. Its ingredients are of a course known, but it is mild in its operation, pleasant to the taste, and a remedy quite as good, as any now used for the same complaints.

From the Daily News, July 15th, 1850.

Summer Complaint.—The season which this complaint exists is now here. If anyone having it in their families would only purchase a bottle of Dr. Keeler's Carminative Cordial, they would save much expense and trouble. We speak of the virtues of this medicine knowing it.

From the Spirit of the Times, Kutztown, July 18, 1848.

We wish to direct the attention of the readers of this paper to Dr. Keeler's Cordial and Carminative, advertised in another column. It is a medicine highly esteemed by every one that has used it. Diarrhoea, Dysentery, Cholera infantum, &c., which at this season are so prevalent, are perfectly innocent medicine and gives immediate relief.

Prepared and sold 294 Market-st., Philadelphia, by Dr. KEELER'S CORDIAL AND CARMINATIVE. It is a celebrated remedy in all Scrofula and Constitutional Disorders. It is without stain, the cleanest and best remedy for Chronic Diseases of the Chest, Stomach, Liver, and skin known—and admirably adapted for all derangements arising from impurities of the blood. Females suffering from the Loss of Appetite, Nervous Debility, Irregularities, Pains, Pimples, Blisters, Sallow Complexion, Constipation, &c., will find the
