

L. T. COOPER TO PROVE HIS FAMOUS THEORIES

Renowned Lecturer and Scientist Will Prove Famous Health Theories—Man Who Electrified Larger Cities to Give People of This Section Benefits of Study and Medicine—Many Thousands are Benefitted.

AS WAS announced in last week's paper, Mr. L. T. Cooper, the Mil-lionaire Philanthropist who electrified the larger cities of the country with his demonstration of practical philanthropy, health theories and celebrated medicine, Tanlac, has been invited to visit Denver and other West-ern cities.

Thousands of the most prominent people in St. Louis, Cincinnati, Dallas, Memphis, Atlanta, Birmingham, Louis-ville, Nashville and even the larger cities of the North and East, where his celebrated medicine has been ac-complishing such remarkable results, are even more enthusiastic over Tan-lac than Mr. Cooper himself.

It is Mr. Cooper's theory that nine-tenths of the diseases and ill-health of the average person is due to a cat-arrhal inflammation of the mucous membrane which produces faulty di-gestion and improper assimilation of the food.

In a recent interview, Mr. Cooper was asked if Tanlac would relieve Kidney trouble, Liver complaint and a dozen other ailments and in this connection, said:

"As I have repeatedly said, my med-icine acts directly on the mucous membrane, stomach and blood, expel-ling from them the impurities and toxic poisons, and rendering to them a strong, healthy condition.

"I am convinced that the stomach regulates the condition of the blood, and is the fountainhead of health or disease, as the case may be. My medicine is intended primarily for the regulation of the stomach and cat-arrhal inflammation, but it is no uncom-mon thing for persons who have used it to come to me and explain that it has relieved them of rheumatism and many other ailments not generally recognized as having their origin in stomach trouble.

"Most of the so-called stomach, liver and kidney troubles," continued Mr. Cooper, "are due almost entirely to a catarrhal inflammation of these organs and it is believed that Tanlac is the first actually direct specific thereof.

"Catarrh of the stomach, liver and kidneys is the most frequent cause of dyspepsia and kidney disorders and a catarrhal condition of the nose and throat often leads to deafness. Fre-quently the lungs become diseased by the extension of the catarrhal inflam-mation by way of the bronchial tubes to the lung substance. The mental and physical state of the chronic cat-arrh sufferers is indeed very unfortu-nate.

"Tanlac has overcome this condition in its most obstinate stages, and the preparation, therefore, must be, as I have always contended, the one great

Backache

In spite of the best care one takes of oneself, any part of the human machine is liable to become out of order. The most important organs are the stomach, heart and kidneys.

The kidneys are the scavengers and they work day and night in separating the poisons from the blood. Their signals of distress are easily recognized and in-clude such symptoms as backache, de-pression, drowsiness, irritability, head-aches, dizziness, rheumatic twinges, dropsy, gout.

"The very best way to restore the kidneys to their normal state of health," says Dr. Pierce, of Buffalo, N. Y., "is to drink plenty of pure water and obtain from your favorite pharmacy a small amount of Anuric, which is dispensed by almost every druggist." Anuric is inex-pensive and should be taken before meals. You will find Anuric more potent than lithia, dissolves uric acid as water does sugar.

Help Straighten the World.

The world is topsy-turvy today, but a normal and permanent equilibrium must and will be restored in time. It is going to be a big task to accomplish this. Whether this restoration be what it should be, the new order of things will affect every country in the world, every nation, every man, every individual, you. It is incumbent upon you to be a factor, an influence, in the right result, no matter whether as human values are rated you are small or great. And the time to begin is now, now, now; for the way is long, the problems ahead are almost insuperable, and the world is in a sorry need of the combined thought and wisdom of all.—The Three Partners.

Luminous Reducing Paint.

A luminous compound containing radium has been developed by an American manufacturer for use in locating electric-light switches in the dark, marking watch dials, etc. In powder form the compound is of about the same fineness as ordinary talcum powder, and is nearly as white, says Electrical Merchandising. This powder may be mixed with adhesives or varnishes and used as a paint. The compound is also furnished in flexible sheets which can be cut and shaped as desired, and can be applied to uneven or broken surfaces. This form can be used in making self-contained brass-backed buttons to clip on electric switches already installed and for manufacturers to fit into the hard rubber portions of new switch buttons. The enamel is said to be water-proof and immune to damage from vibration, and may be applied to watch dials and indicating devices of all sorts.

Had Brought Up Many.

The port lift-boy in the big hotel was airing his views to a passenger on the proper conduct of children.

"What do you know about it?" laughed the passenger. "You're not married, are you?"

"Well, no," replied the boy, as he flung open the gate on the top floor for his passenger to step out, "but I brought a good many families up in my time."

Canadian Farmers Profit From Wheat

The war's devastation of European crops has caused an unusual demand for grain from the American Continent. The people of the world must be fed and wheat near \$2 a bushel offers great profits to the farmer. Canada's invitation is therefore especially attractive. She wants settlers to make money, land happy, prosperous homes for themselves by helping her raise immense wheat crops.

You can get a Rembrandt of 160 acres FREE and other lands at remarkably low prices. During many years the Canadian lands have averaged 20 bushels to the acre many yields as high as 40 bushels to the acre. Wonderful crops also of Oats, Barley and Flax.

Being farming as profitable an industry as grain raising, the Canadian lands are well suited for the man who desires a home and a business. Good schools, churches, markets convenient, climate excellent.

There is an extra demand for farm labor to produce the cheap young men who have volunteered for the war. We want settlers to make money, land happy, prosperous homes for themselves by helping her raise immense wheat crops.

BROKEN DOWN IN HEALTH

Women Tell How \$5 Worth of Pinkham's Compound Made Her Well.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sensitive Wash. I began taking your remedies and took \$5.00 worth and in two months was a well woman again for seven years and I recommended the Vegetable Compound to every woman I take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."

—Mrs. JIMMIE MOYER, 342 E. North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, nervousness, backache, or bearing-down pains, need the tonic properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

NOTABLES ON PRISON LIST

Caesar, Richard Wagner, Bryan, Cleveland and Washington Appear on Registry at Leavenworth.

Did Julius Caesar conceive the plan under which he later ruled Rome while serving a prison sentence at Leavenworth? Did the famous prize fighters, John L. Sullivan and Jack Johnson, prepare for the battles which won them the championship of the world while sojourning within these walls? Did Richard Wagner, the celebrated musician and composer of "Parsifal," and other great operas, find the inspirations for his masterpieces in Uncle Sam's largest prison?

Students of history may not find it recorded so. Neither do their names appear on the visitors' register of this institution, but rather on the prisoners' record of those who have been confined here, says a writer in the New Era, published at the Federal penitentiary at Leavenworth. Among the names appear many former presidents, orators, generals and musicians of note, besides that of the Roman emperor. Whether these names represent merely that many aliases of persons desirous of keeping their real identity secret, or whether the namesakes of these famous men told the truth when first registered into the institutional records, is not known, but the following entries of notable names are recorded here:

Julius Caesar, Richard Wagner, George Washington, Grover Cleveland, Robert Lee, John Adams, John Jay, Carter Harrison, William Jennings Bryan, John L. Sullivan, Jack Johnson and Stonewall Jackson.

Government Issues Warning Against Fly Poisons

Following is an extract from "The Transmission of Disease by Flies," Supplement No. 20 to the Public Health Reports, April, 1916.

"Of other fly poisons mentioned, mention should be made, merely for a purpose of condemnation, of those composed of arsenic. Fatal cases of poisoning of children through the use of such compounds are far too frequent, and owing to the resemblance of arsenical poisoning to summer diarrhea and cholera infantum, it is believed that the cases reported do not, by any means, comprise the total. Arsenical fly-destrorying devices must be rated as extremely dangerous, and should never be used, even if other measures are not at hand."

100 fly poisoning cases have been reported by the press within the last three years. As stated above this number is but a fraction of the real number. Protect your children by using the safe, efficient, non-poisonous fly catcher

ANY CORN LIFTS OUT, DOESN'T HURT A BIT!

No foolishness! Lift your corns and calluses off with fingers—It's like magic!

Sore corns, hard corns, soft corns or any kind of a corn, can harmlessly be lifted right out with the fingers if you apply upon the corn a few drops of freestone, says a Cincinnati authority.

For little cost one can get a small bottle of freestone at any drug store, which will positively rid one's feet of every corn or callus without pain.

This simple drug dries the moment it is applied and does not even irritate the surrounding skin while applying it or afterwards.

This announcement will interest many of our readers. If your druggist hasn't any freestone tell him to surely get a small bottle for you from his wholesale drug house.—adv.
