HEPPNER WAS VICTORIOUS Won the Game Easily From Lone With a Score of 11 to 3.

Heppner people were very proud of their boys last Sunday when they were lined up on the diamond at Lone. From the first inning it was safe to say that Heppner had the best of the game and would win with a big score. In the first half of the first inning Heppner scored two runs. Ingalls, who made such a hit when our boys played Arlington, was the first out, by taking too many chances. In the second half, Lone came to the bat with the determination of scoring, but soon went out of business with a goose egg. In the third inning neither side scored. The first half of the fourth was the one that counted and Heppner went down the line with five tallies, which were made so quickly that it was difficult to keep track of them. Lone failed to score in the last half of this inning. The fifth and sixth innings resulted in goose eggs for both teams. In the seventh lone scored two runs, their first tallies in the game. The home team again scored in the eighth, while Lone failed to touch the home plate. In the ninth and final inning Heppner made two more circuits of the diamond. In this inning, Dunbar hit the ball for a three bagger, the heaviest hit during the game. In the last half, Lone scored another tally. It was a safe game for Heppner from the start, and when the game was fairly under way it was plain to be seen that Lone was outclassed. Considerable money changed hands on the result of the game. In the betting, Heppner was the favorite by big odds.

It was the general opinion that Lone's imported players did not add much strength to our neighbor city's team. The lone boys could have put up just as good a game. Empire Sharp's decisions were fair and impartial.

WEEKLY CROP BULLETIN.

The week ending Monday, June 10, has been cloudy and showery, but the unseasonably cool weather, with freezing temperatures and general frosts, have been its most marked features. Temperatures several degrees below the freezing point occurred Wednesday and Sunday mornings in Eastern Oregon. Warm, sunny weather is badly needed in all parts of the State, but it is fortunate that no sudden change to warmer took place right after the frosts, as such changes would have added much to the damage already done, and it is believed that the losses will be much less than anticipated because of the following cool weather. The maximum temperatures during the week in Western Oregon ranged between 57 and 64 degrees, and the minimum temperatures between 40 and 49 degrees. In Eastern Oregon the maximum temperatures ranged between 28 and 48 degrees. The most severe frosts occurred in Wasco, Sherman, Morrow, Wallawa, Union, Umatilla, Grant, Baker, Harney and Malheur counties. Correspondents in the wheat districts report that the frost there was very sticky and the greatest damage was done on low ground. A small amount of fall wheat that had started to head has been injured, but to what extent cannot yet be determined. Spring wheat has not been harmed, and the total amount of damage to the wheat crop will probably be very small. Grain in all sections of the state is now remarkably free from insect pests, and is generally in a thrifty and promising condition. Hope are doing well, but high winds in some localities have caused considerable extra work in connection with the training of the vines. Gardens and corn are making a slow growth on account of the cold weather, and in the eastern portion of the state many vegetables were out to the ground by the frosts and will prove a total loss. A good hay crop is now assured and pasturage is abundant in all districts.
