J. P. FISHER, NEWSPAPER ADVERTISING AGENT, 21 Merchants' Exchange, San Francisco, is our authorized agent. This paper is kept on file in his office.

Will congress prescribe an antidote to relieve Cuba of its (S) pain?

Editor W. C. BRANK, of the Iconoclast, died yesterday morning from the effects of the shooting scrape between himself and Tom Davis. Davis is not expected to pull through.

The various papers throughout the territory have commenced to put on their political war paint, and beginning to select men suitable for the various county offices. Politics has not yet begun to stir in Cochise county, but when they do our citizens should look out for the county division gang, for they are sure to bob up, as usual.

While exciting news are coming to us from the east we must not forget that we have duties to perform at home. Our city, this valley, the territory are on the eve of a more rapid development, a yet greater era of prosperity.

Copper has advanced in price until now a good margin is left to the country. All the big camps in this territory are active. Bisbee, the largest, being the location of the Copper Queen, works 1200 men.

Henry Bath & Son, of London, say that the scarcity of copper supplies and an increasing demand have led their natural effect. In addition to trade purchases there has been a fair amount of speculative buying, which the position of the article fully warrants.

Mark Hanna censures the American people, or rather those of them who are excited over the Maine disaster, for "talking war." He declares that "not one in 500 has a dollar at stake."

Congressional Delegate, Ferguson from New Mexico has introduced a bill if congress for opening all old Spanish and Mexican land grants in New Mexico to prospectors for the precious metals and valuable minerals.

The house on Friday increased the number of torpedo boats and torpedo boat destroyers provided for in the naval appropriation bill from twelve to twenty-four. The appropriation for them was also doubled.

The Tucson Star has again begun its usual crusade against Mark Smith, our present delegate in congress. Its efforts at the last election were so effective that we should think it might forbear and save the public from this trying ordeal for the next six months.

From the present production of copper in Arizona the territory bids fair to lead all other "geographical" divisions in her output this year. The high grade of our copper and the fact that nearly all the copper producers carry gold or silver, or both, and some of them in sufficient quantities to pay for the cost of mining the ore and converting it into bullion, makes the Arizona copper field preferable to that of any other state or territory.—Star.

"I wish you would publish this," said a young man yesterday handling the Oas reporter the following: "Mothers, when your darling little skinny nosed boy begins to strut around among his fellows rejoicing in the fact that the most atrociously smelling cigarette in the crowd is sticking from his lips, and that he can swear louder and more ferociously than anybody, you had better watch out; for your dear beloved is breeding a large-sized welt on his nose, if not more. A good recipe is: Take your little sunbeam and cultivate a luxuriant bruise on the beam part. This is becoming absolutely necessary if Biebee is to avoid giving some mighty tough customers to the world."

The Yuma Sun which, according to its own testimony, is the most reliable mining journal published in Arizona, contains the following announcement:

"The report is out that the Coulter group of mines, in the Globe district has been purchased by a party of capitalists. The group embraces some fifty-one claims, and the purchase price is estimated to be a satisfactory one."

Had the editor been a little more careful in reading over the article from which he wrote the above, he might have come a little nearer the truth. The Coulter group was composed of only eleven claims, and was purchased by the South Bisbee Copper Mining and Townsite Improvement company.

Of the prospector Sam Davis says in the Chatauquan: "To the brave and rugged prospector, with his cheap outfit of mining tools, his empty stomach and his hopeful heart is due the rapid development of the west. At the tap of his pick the doors of nature's treasure vaults open; but their wealth is not for him. The stock sharks, the speculators and the promoters rob him of his interest, and the snow is no sooner sinking from the slopes of the foothills than the poor fellow is wending his course into new territory. He appears in the rocky fastnesses of the mountains and, with no companions but his pick and frying pan, is lost to memory."

The bones of hundreds of the advance couriers of civilization blaze the path of progress in the west, or moulder in forgotten graves, while in their wake are teeming cities they have founded and the ceaseless murmur of the money-seeking multitude whose fortunes they have built.

The control of the president over the militia is absolute and unlimited in time of necessity, and as he is the sole judge of that necessity there is practically no limit upon his discretion. In speaking of the militia, however, we refer to the national militia and not to the National Guard.

COPPER KING OF ARIZONA.

Is considered by Bisbee people a very promising copper and silver proposition. Proximity to the extensive ore bodies of the Queen mine at Bisbee, Arizona, now a wonderful producer, and assays made from cress found in the King's No. 1 shaft down over 570 feet, warrant small and large investors in purchasing shares of stock fully paid up, non-assessable, at small price, for development. Calumet and Hecla shares are now 465—\$18.60 for a \$1.00 share that cost first 2 cents. Now is the time to invest and get in, a few years from now may be too late. Send for prospectus to C. W. BLACKBURN, Fiscal Agent, Bisbee, Arizona.

COPPER - IS - KING

The South Bisbee Copper Mining and Townsite Improvement Co. CAPITAL STOCK - \$5,000,000 Non-Assessable and Carrying no Personal Liability to the Holder

THE group of mines recently purchased by the SOUTH BISBEE COPPER MINING AND TOWNSITE IMPROVEMENT COMPANY are situated on the southwest side of this copper basin, and extend from the top of the mountain on the west to the center of the basin on the east. Few people have any conception of the size of the basin or the unlimited amount of mineral that lies in this basin. The Copper Queen Company has been operating here for eighteen years and are down only 500 feet, simply because they found sufficient ore between there and the surface, to keep them in constant operation.

Every dollar of the proceeds from the sale of shares of stock and from the sale of the Company's town lots and blocks, which we estimate will be a large sum, will be invested in sinking shafts, development work, the erection of hoisting works and modern smelters, and all necessary improvements, to make this enterprise successful in every way. We can deliver our coke supplies directly from the railroad cars to the smelters; and can also deliver our bullion directly to the cars. We have no salaried officers—hence every dollar will be used for developing the property of this Company. The books of the Company will be open for inspection at all times, and at the annual meeting of the Company, full and exhaustive reports will be submitted to the stockholders, for their approval.

ARTICLES OF INCORPORATION

OF THE Cochise Copper Mining Company OF BISBEE, ARIZONA.

KNOW ALL MEN BY THESE PRESENTS: That we, the undersigned, Joseph Muhlem, Charles Montgomery, John H. Mathias, G. W. Hill, W. B. Hosmer, Frank C. Perley, Albert Perley, S. K. Williams, L. C. Shattuck, Antonio Muhlem and Peter C. Hansen, propose to organize a corporation under the laws of the Territory of Arizona, and for that purpose do make, sign and acknowledge according to law, and adopt the following articles of incorporation:

ARTICLE I. The name of this corporation shall be The Cochise Copper Mining Company, and its principal place of transacting business shall be at Bisbee, Arizona and in the City of New York, in the State of New York, with offices at such other places to be designated by the Board of Directors of said Company.

ARTICLE II. The nature of the business to be transacted is, to purchase, acquire, lease, own, control, mine, operate or sell, transfer or dispose of mines, mining property and mining rights, also, to purchase, acquire, own, lease, control, sell, transfer, or dispose of water and water rights, ores, minerals metals or oils, also to manufacture, purchase, lease, acquire, own, control or operate reduction works, smelter or smelters and all other mining machinery and appliances necessary thereto, and gas, electric light and power plants, and all patent or patent rights and licenses thereto appertaining, also to refine ores; also to purchase, acquire, lease, own, control, improve, manage, subdivide or dispose of lands, townships and franchises, and all kinds of property, real, personal or mixed; also to manufacture, buy or sell all kinds of merchandise, and to perform all things necessary to carry out the purposes aforesaid, within or without the Territory of Arizona; and to purchase, acquire, own and sell its own stock and the stock of other corporations.

ARTICLE III. The amount of the capital stock shall be Five Million (5,000,000) Dollars, divided into Five Million (5,000,000) Shares, of the par value of one dollar (\$1.00) each, which capital stock shall be paid in upon the call of the Board of Directors of this corporation, and it shall be forever non-assessable, and each certificate, when issued, shall state, upon its face the number of shares represented thereby, and that the same is fully paid and forever non-assessable.

ARTICLE IV. The time of the commencement of this corporation shall be the date of the filing of these articles of incorporation in the Recorder's office, of Cochise County, Arizona, and its term thereon shall be twenty (20) years thereafter.

ARTICLE V. The highest amount of indebtedness or liability to which this corporation shall at any time subject itself shall be the sum of Three Million Dollars (\$3,000,000).

ARTICLE VI. The affairs of this corporation shall be conducted by a Board of five (5) Directors, to be elected by the stockholders at the corporation, at its annual stockholders' meeting, which shall be held in the office of the Company on the first Monday after the first Tuesday in July of each year. After the next annual meeting the stockholders shall be elected by the following Board of Directors: Joseph Muhlem, L. C. Shattuck, G. W. Hill, Albert Perley and W. B. Hosmer, who shall hold office until their successors shall be duly elected and qualified.

ARTICLE VII. The officers of this corporation shall be a President, Vice-President, General Manager, Secretary and Treasurer, and such other officers as may be provided for by the Board of Directors.

ARTICLE VIII. The private property of the stockholders of this corporation shall be exempt from liabilities for its corporate debts. IN WITNESS WHEREOF, the parties hereto have hereunto set their hands and seals, this 18th day of March, A. D. 1906. JOSEPH MUHELM, [SEAL] CHARLES MONTGOMERY, [SEAL] J. H.
