Denver, July 18.—The supreme court has decided unanimously that the 8-hour law was unconstitutional. The 8-hour law, which was enacted at the late session of the legislature, applied only to mines, smelters and to the construction of new. The refusal of the American Smelting and Refining company to pay the same wages for eight hours, as had been paid for ten hours, caused the smelter to be closed on June 15, when the new law became operative. The company known as the Smelter Trust will now endeavor to reach an agreement with its former employees as to wages and hours of labor and to reopen the smelters as soon as possible. The officers of the Smelter Men's Union say the furnace men who formerly worked twelve hours a day will work but eight hours in the future.

South Bisbee Copper Co.

The regular monthly meeting of the directors of the South Bisbee Copper Company was held at the offices of the company in this city in the Bryson Block on Tuesday evening, June 11. All the directors of the company were present, Mr. John A. Fairchild, president of the company, in the chair.

At the regular annual meeting of the stockholders in the company, held last January, a resolution was adopted empowering the directors to increase the number of directors from seven to nine. In pursuance with that resolution the directors appointed Mr. W. F. Botsford, president of the California Bank, and Mr. Lynn Helm, president of one of the city's divisions of the South Bisbee Copper Company.

Some reports from the superintendent of the mine at Naco, which is a direct result of the annual meeting, were read and approved. The reports state that the mine is in a very good condition and has begun to produce. The directors state that the reports received were of the most satisfactory character. IS IT RIGHT?

For an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.:—It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by all druggists.

A diseased stomach surely undermines health. It sours the brain, kills energy, destroys the nervous system, and predisposes to insanity and fatal diseases. All dyspeptic troubles are quickly cured by Kodol Dyspepsia Cure. It has cured thousands of cases and is curing them every day. Its ingredients are such that it can't be counterfeited. Copy the name and address.

The Ball Game.

There was a good turnout at the base ball park, Carlo's garden, Sunday to witness the game between the Tucson team. The crowd manifested considerable enthusiasm over the good game played and gave evidence that the city will give satisfactory support to a good team.

The game Sunday was interesting, neither side gained lead enough in the score to tell how the contest would end until the last inning was played. The Tucson team led in the first two innings, the second and fifth. The Tucson team, in a steady game, could not have been for errors at critical points they would have won. The work of the Tucson battery was excellent. Captain Drachman took the pitcher's box as White was unable to get here. While Drachman was a little out of practice, he held the Bisbee team in good shape. It is doubtful if Tucson could have made a better showing with any other man in the box. Lopez, as usual, was almost perfect in his work and made many wonderful stops. Below we give the score:

24. Stock Clearing Time Here Now—House cleaning time—the thrifty housewife comes in more regularly or is in more imperative than stock-clearing to a progressive store.

Goods come to be reasonable here months before your need of them has expired. Hence here are goods you're wanting now and will want for some time yet, at greatly reduced prices:

- The new prices on shirt waists are worth telling of again: 50c for percale waist, made carefully and well. "Four bits" never before bought such shirt waist goodness. \$1.00 and \$1.25 for waists you didn't hesitate to pay \$1.25 to \$1.75 for only a week or so ago. The highest grades waists we carried this season, made with fronts of clustered tucks running straight or diagonally, of fine lawns, dimities and madras, \$1.75 and \$2.00—\$2.25 to \$3.00 heretofore.
- CHILDRENS' DRESSES—only sixty some odd left. A few of the smaller sizes at 50c, and a limited number of the exquisitely trimmed gingham dresses at \$3.50 are still here. The balance consists of dresses for \$1.00 to 14 year old girls at \$1.50 to \$1.75.
- SUMMER SKIRT MATERIALS—Cotton covers, 28 inches wide, two shades—of green and a 1 1/2 inch texture for \$1.00.
- MENS' STRAW HATS—The \$2.00, \$2.25 and \$2.50 kind are all marked now at \$1.50. A good time to replace the hat that has become a little dingy. Naturally the better ones will go first.
- MENS' CRASH SUITS—From \$5.00 to \$10.00—and this is only July, with August and September, both hot months, still to come.
- BOYS' WASH SUITS—at \$2.00, \$2.50, \$2.75 and \$3.50 were the previous prices. Two dollars wouldn't be much to pay for any sort of a suit. Our suits are not "any sort"—they are the best.
- MENS' SOX — The reliable and steadfast blacks, 15c to 35c a pair; tans, 15c to 35c a pair. Perhaps you want to vary the monotony of the sombre quiet shades. Here are fancy Sox—as fancy as you could wish—25c to 50c a pair.
- BOYS' WAISTS—of dress or play—light or dark colors, knitted or non-knitted, also of all detached collars. You can't wear all these for \$1.00 each.
