Dan Murphy, the Needles merchant, invested \$20,000 in Fullerton oil lands a few months ago. The lands are now said to be worth half a million dollars. A few days ago a big gusher was struck in one of the wells on the best belt in the state. The flow is rated at 1,000 barrels per day.—Mohave Miner.

The Ray Copper Mining Company, operating in Pinal county, are using a traction engine for a portion of their freighting between Red Rock and Kelvin, a distance of fifty miles, Red Rock being on the Southern Pacific railroad and the reduction works of the company being at Kelvin, which is six and a half miles from their mines. The engine is exceedingly simple in point of operation, burns wood for fuel and hauls the three cars loaded with thirty tons of freight over a rock road at the rate of four miles an hour. It has been under test for almost two months and has given such high satisfaction that it is more than probable that the company will soon buy two more traction engines and six cars and do all of their freight-

Attention is called to the advertisement of the Cananea Consolidated Mining Company, calling for two hundred laborers to work at grading for the construction of the new line of railroad from Naco to the company's mines in the Cananea mountains. The survey for this road has been completed and the work of grading will be commenced just as soon as the laborers and equipment for doing such work can be had, and as soon as the road is completed the entire business of the company, as well as that of all that mining section along the northern line of Sonora, will be done through Naco, instead of by way of Nogales, as at present and in the past. This, of course, will make of Naco a good business point, and those of our people who have had the foresight and wisdom to invest in Naco real estate made no mistake. This, added to the boom that the Nacosari road will give in the matter of opening up other rich mineral districts in northern Sonora, will make the year 1900 prolific of good results in this quarter of the mining world.

SURE CURE FOR CROUP.

Twenty-five Years' Constant Use Without a Failure.

The first indication of croup is hoarseness, and in a child subject to that disease it may be taken as a sign of the approach of an attack. Following this hoarseness is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack. It is used in many thousands of homes in this broad land and never disappoints the anxious mothers. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record—twenty-five years' constant use without a failure. For sale by all druggists. D

Eczema! The Only Cure.

Eczema is more than a skin disease, and no skin remedies can cure it. The doctors are unable to effect a cure, and their mineral mixtures are damaging to the most powerful constitution. The whole trouble is in the blood, and Swift's Specific is the only remedy which can reach such deep-seated blood diseases.

Eczema broke out on my daughter, and continued to spread until her head was entirely covered. She was treated by several good doctors, but grew worse, and the dreadful disease spread to her face. She was taken to two celebrated health springs, but received no benefit. Many patent medicines were taken, but without result, until we decided to try S. S. S., and by the time the first bottle was finished, her head began to heal. A dozen bottles cured her completely and left her skin perfectly smooth. She is now sixteen years old, and has a magnificent growth of hair. Not a sign of the dreadful disease has ever returned.

Don't expect local applications of soaps and salves to cure Eczema. They reach only the surface, while the disease comes from within. Swift's Specific

S.S.S. For Blood

is the only cure and will reach the most obstinate case. It is far ahead of all similar remedies, because it cures cases which are beyond their reach. S. S. S. is purely vegetable, and is the only blood remedy guaranteed to contain no poison, mercury or other mineral.
