An Editor's Life Saved by Chamberlain's Cough Remedy.

During the early part of October, 1896, I contracted a bad cold which settled on my lungs and was neglected until I feared that consumption had appeared in an incipient state. I was constantly coughing and trying to expect something which I could not. I became alarmed and after giving the local doctor a trial bought a bottle of Chamberlain's Cough Remedy and the result was immediate improvement, and after I had used three bottles my lungs were restored to their healthy state.—R. S. Edwards, Publisher of the Review, Wyant, Ill. For sale by all druggists.

The latest advice from the Canaan informs us that the Mexican soldiers have been ordered to quit the premises and leave W. C. Greene in full possession. Antonio Martinez, the Canaan commissariat who was thrown into jail by the Mexican judge because of his faithful service to Greene, has been released. The mine is resuming its wonted activity and will shortly regain its former prosperity.

Harry Wetherapoon left today for a group of mines lately purchased by a dew company at San Miguel, this side of Naco. His object is to supervise the remodeling and extension of the mill attached to the mines. This company have also purchased a mill from the Kirk Brothers, south of that locality, and will remove it to this group, making use of it as an addition to the mill above mentioned.

Bisbee Bank Failure.

Mr. Cantrell, a pleasant young man who, until a few days ago, was the proprietor of a lunch wagon, came to grief the other evening. He had disposed of his hash dispensary, and looking around for a good opening for a young man of capitalistic tendencies he hit upon the novel plan of opening what gamblers call a "snap"; that is a game with a limited bank roll. The game Cantrell chose was craps. The sporting fraternity substituted "fixed" dice for those he had in stock. Thus heeled their only chance of losing was the possibility of dropping their money through a crack. As there were no cracks in the layout, Cantrell lost his entire capital.

An Astonishing But True Story

"My home is in Sidney, Ohio. I have been nearer death with consumption than any other living person in the world, and I want you to read this, so you can tell others. I took a severe cold and neglected it. I grew worse all the time, and at the end of two years I had run into consumption. I coughed terribly, lost flesh, could not sleep, and became so dreadfully weak that I had to take to bed. In the following eighteen months I gradually reached the last stages of consumption. Not less than seven physicians treated me and all gave me up saying I was incurable. I was absolutely helpless. The whole family wore themselves out caring for me. One day mother and sister came to my bedside, and said I had but a day or two more to live. Tears rolled down their cheeks as they sobbed the news. The doctors had declared I was in the last stage, and no human being could save me. I was willing to die, but before going to the cruel grave, I wanted to go out and see my dearly beloved town of Sidney once more. They told me such a thing was impossible—that I would surely die before I got back. But I insisted, and to gratify my dying wish, a carriage was fitted up with a bed of pillows, and to this I was carried and slowly driven around Court House Square. I got home more dead than alive. Through the mercy of Providence, someone brought a trial bottle of medicine said to be a consumption cure. No one imagined for an instant it was worth trying. But as a drowning person grasps at a straw, so I tried this medicine. I was better after taking two doses. Mother got more of the medicine and I took it, improving all the time. Today I am as well as any reader of this paper, and the medicine that cured me was Acker's English Remedy for Consumption. I declare before God and man that every word here printed is true."

This remarkable testimonial, on file in the office of Messrs. W. H. Hooker & Co., New York, proprietors of Dr. Acker's Celebrated English Remedy, is vouched for by them, as well as by prominent druggists of Sidney, Ohio. Acker's English Remedy is sold by all druggists under a positive guarantee that your money will be refunded in case of failure. 25c, 50c and \$1 a bottle in U. S. and Canada. In England 1s. 6d., 2s. 6d., and 5s. 6d.

His Life Was Saved.

Mr. J. F. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and am now well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest world for all throat and lung trouble. Regular size 50 cents and \$1.00 Trial bottle free at Copper Queen store and Bisbee Drug Co.; every bottle guaranteed.
